

First Option : -

To use the eduroam WiFi facility, please follow the below procedures for android user

Network SSID : eduroam

Security Type : WPA2/WPA3 Enterprise / 802.1x EAP

EAP method : PEAP

Phase 2 authentication : MSCHAPV2

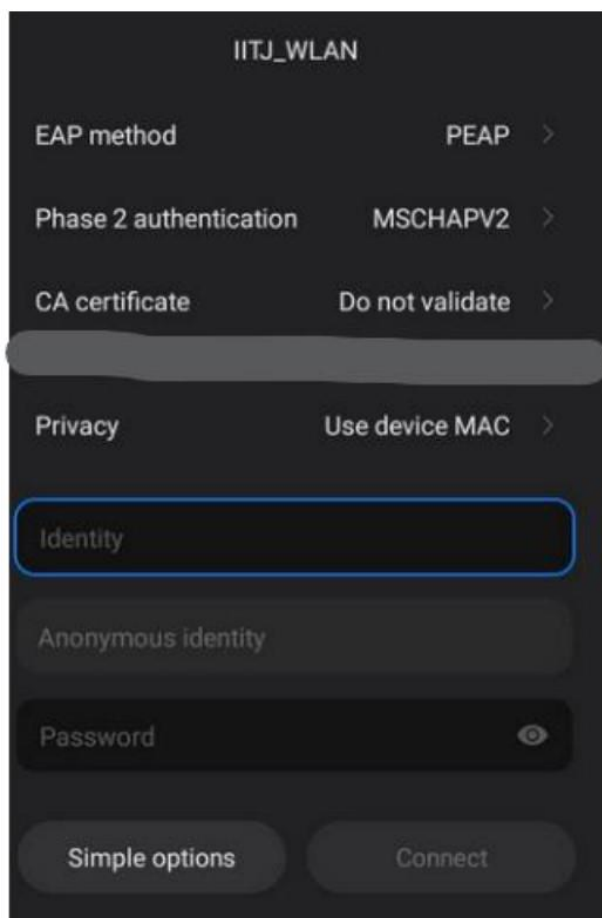

CA Certificate : Do not validate

(If your device don't support "CA Certificate : Do not validate" look for 2nd option below)

Identity : yourusername@ad.iitj.ac.in

Anonymous ID: leave it blank

Password : (Your Internet access password)

At last Click on the connect to access internet

2nd option

If your device don't support **"CA Certificate : Do not validate"**

In Some higher version of android, CA certificate is required, and we do not have "Do not validate" option in those androids

Use the following settings

Network SSID : eduroam

Security Type : WPA2/WPA3 Enterprise / 802.1x EAP

EAP method : PEAP

Phase 2 authentication : MSCHAPV2

CA Certificate : Use system certificate

Online certificate status : Do not validate or request certificate status

Domain : iitj.ac.in

Identity : yourusername@ad.iitj.ac.in

Anonymous ID: leave it blank

Password : (Your Internet access password)

At last, click on the connect to access internet
