The Department of Computer Science and Engineering at IIT Jodhpur invites applications for faculty positions at all levels. Candidates should have a PhD degree in CSE, or a related field. The candidates are expected to have excellent research track record and commitment towards teaching. While we encourage candidates from all areas of CSE to apply, special emphasis will be given to the following areas: Algorithms, Quantum Computation, Information Security, Database Systems, Data Engineering, Cloud Technologies, Edge and Fog Computing, Computer Graphics, Animation, Augmented and Virtual Reality, Data Visualisation, Computer Vision, Human Machine Interface, Information Retrieval, Artificial Intelligence and Machine Learning, Natural Language Understanding, DNA Computing, Software Systems and Engineering, Programming Languages and Compilers, Social and Complex Networks, Autonomous Systems, High Performance Computing, Parallel Programming, GPU Programming, Distributed Systems, OS and Networking, 5G and 5G+ Systems, Sensors and IoT.

About IIT Jodhpur: IITJ has a sprawling campus of over 850+ acres with 2600 students and 220+ faculty members. The department of CSE coordinates the BTech, MTech and MTech-PhD programs in CSE and AI, along with PhD in CSE. More details about the department can be found at http://cse.iitj.ac.in/. The institute also houses the Technology and Innovation Hub on CV, AR and VR and recently launched AIDE school (http://aide.iitj.ac.in/).

We offer salary and benefits as per the norms of the central government. Benefits include relocation expenses, maternity/paternity leaves, a generous initiation grant, PhD student support, on campus housing (if available), access to on-campus medical facilities, access to on-campus sports facilities etc. In case of any clarification, candidates may reach out to head_cse@iitj.ac.in. Interested candidates are encouraged to apply via https://oa.iitj.ac.in/OA_REC_Faculty/.
