

**Manual for Procurement
of
Consultancy services
(Second Edition, 2024)**

Beta Draft 25022024

Government of India
Ministry of Finance
Department of Expenditure

FOREWORD

(Notes for 2024 Edition)

Model Tender Documents (MTD) for Procurement of Goods, Consultancy Services and Non-consultancy Services were issued in 2019. These complement the respective manuals of procurement, since the MTD contain more details in many topics, than the Manuals can accommodate. Therefore, Procuring Officials are urged to read both Manuals and MTDs in tandem, for better understanding.

The Manual for Procurement of Goods is written to be a comprehensive reference. Other Manuals (Works, Consultancy and Non-consultancy Services) are self-sufficient from the point of carrying out a procurement, however topics relevant for understanding of the fundamentals of procurement are included in brief, giving reference to relevant details in Manual for Procurement of Goods.

To maintain an uninterrupted flow of text in a topic, voluminous details from various orders/ websites are relegated to annexures. Since these orders/ websites undergo revision, it would be easier to update the annexures than the body of the Manual.

Attempt has been made in this edition of Manuals to illustrate some topics with relevant examples.

FOREWORD

(for updated version of Manual issued in 2022)

The Manual for Procurement of Consultancy & Other Services was comprehensively revised and issued in 2017. The manual, over a period of time, has become a standard reference document for officials involved in Public Procurement across all Ministries/ Departments/ Attached and Sub-ordinate bodies/ Central Public Sector Enterprises, etc. The Manual is also a resource material for institutes providing training on Public Procurement.

2. Public Procurement is a dynamic field where policies are constantly reviewed to help Government achieve its socio-economic or strategic goals. Hence, there is a need to keep reference documents, like manuals, updated to ensure their continued relevance.

3. Instructions on procurement issued by Department of Expenditure from time to time, since issuance of the last Manual, have been incorporated in the current edition. **Further, all procurement related instructions issued by Central Vigilance Commission have been subsumed into the Manual, in collaboration with the Commission.**

I would like to acknowledge the hard work of the concerned officers not only in this Department but in other Organisations, Ministries and Departments; the role of Shri Vikram Rajvanshi, Consultant (Public Procurement) is also specifically acknowledged.

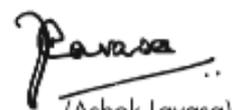

4. I hope that this updated Manual will help procuring officials working in various Ministries/ Departments and Public Enterprises as a guiding template, deepen the impact of policy initiatives and improve the ease of doing business with the Government.

(Dr. T. V. Somanathan)
Finance Secretary

FOREWORD

1. Government organizations procure a wide variety of goods and services and undertake execution of works in pursuance of their duties and responsibilities. With a view to improving transparency in decision making in public procurement and reducing the scope for subjectivity, Department of Expenditure in 2006 had prepared a set of three Manuals on Policies and Procedures for Procurement of Goods, Works and hiring of Consultants, in conformity with the General Financial Rules (GFR), 2005. Over the years, these Manuals have served as a guide book for procurement.
2. In the last few years, the Government of India has issued new instructions in the domain of public procurement. Some of these important changes include introduction of Central Public Procurement Portal (CPPP), Government e-Marketplace (GeM), preferential market access for micro and small enterprises, inclusion of integrity pact, etc. The GFR has been revised comprehensively in March 2017 covering inter-alia these set of new instructions. Consequently the Manual of Procurement too has been revised after a decade and within a month of the release of GFR 2017.
3. The new Manual on Procurement of Consultancy & other Services has been extensively revised in keeping with GFR 2017 and in consonance with the fundamental principles of transparency, fairness, competition, economy, efficiency and accountability. Efforts have been made to cover all major aspects of procurement in this Manual in a user-friendly manner. The manual is the outcome of extensive consultations in two stages with Ministries/Departments/PSUs and other organizations over a period of six months.
4. Manuals issued by this Department are to be taken as generic guidelines, which have to be necessarily broad in nature. Ministries/Departments are advised to supplement this manual to suit their local/specialized needs, by issuing their own detailed manuals (including customized formats); Standard Bidding Documents and Schedule of Procurement Powers to serve as detailed instructions for their own procuring officers.
5. I would like to acknowledge the lead taken by Dr. Vivek Joshi, Joint Secretary, DoE and dedicated efforts of Shri Sanjay Aggarwal, Director (PPD), Shri Vinayak T. Likhari, Under Secretary (PPD) and Shri Girish Bhatnagar, Consultant (Public Procurement) in revision of this Manual. I would also like to thank Ministries, Departments, other organisations and individuals who reviewed the drafts of the Manual and provided their valuable inputs.
6. I hope that this Manual would be useful to procuring officials working in various Ministries/Departments as operating instructions and will bring about greater transparency and predictability in Government procedures and help in improving the ease of doing Business with Government.

Date : 18.04.2017

(Ashok Lavasa)
Finance Secretary

Disclaimer

Every care has been taken to ensure that the contents of this Manual is in conformity with provisions of relevant laws, GFR and clarifications and OM's issued regarding public procurement from the Ministry of Finance, Department of Expenditure, Public Procurement Division ('this Ministry') till January 2024. While in case of differences between this Manual and prevailing laws or GFR, the provisions contained in the extant law and GFR shall prevail, but in case of such differences from the clarifications and OM's issued by 'This Ministry', the provisions of the Manual shall prevail. Procuring entities are advised to keep track of any further changes in provisions of extant law, GFR and clarifications/ OMs from 'this Ministry'.

Procurement Glossary

In this Manual and in the 'Procurement Guidelines', unless the context otherwise requires¹:

1. "Agent" is a person employed to do any act for another or represent another in dealings with a third person. In the context of public procurement, an Agent is a representative participating in the Tender Process or Execution of a Contract for and on behalf of its principals.
2. "Allied firms" (including the term 'affiliates'/ 'affiliated firm', 'sister concern', 'associated firm', 'related party' in different contexts) of a bidder/ contractor (Principal firm, includes Joint Venture Company) is a firm/ concern that comes within the sphere of effective influence of the principal firm, based on – i) Principal Firm being a proprietary firm owns it, ii) Principal firm being a partnership firm, has common (all or majority of) partners, or any one of partners having profit share of 20% or more iii) Common Management (say majority of director) with the Principal firm; iv) Partners or directors of the principal firm have a majority interest in the management; v) Principal firm has a controlling voice by owning substantial or majority (20% or more) shares; vi) Principal firm directly or indirectly controls or is controlled by or is under common control, by way of any agreement/ MoU or otherwise, v) is a successor/ subsidiary to the principal firm or vice-a-versa; vii) have common offices/ manufacturing facilities.
3. "Bid" (including the term 'tender', 'offer', 'quotation' or 'proposal' in certain contexts) means an offer to supply goods, services or execution of works made in accordance with the terms and conditions set out in a document inviting such offers;
4. "Bidder" (including the term 'tenderer', 'consultant' or 'service provider' in certain contexts) means any eligible person or firm or company, including a consortium (that is an association of several persons, or firms or companies), participating in a procurement process with a Procuring Entity;
5. "Bidder registration document" means a document issued by a Procuring Entity, including any amendment thereto, that sets out the terms and conditions of registration proceedings and includes the invitation to register;
6. "Bid security" (including the term 'Earnest Money Deposit'(EMD), in certain contexts) means a security from a bidder securing obligations resulting from a prospective contract award with the intention to avoid: the withdrawal or modification of an offer within the validity of the bid, after the deadline for submission of such documents; failure to sign the contract or failure to provide the required security for the performance of the contract after an offer has been accepted; or failure to comply with any other condition precedent to signing the contract specified in the solicitation documents.;
7. "Bill of Quantities" (including the term Price Schedule or BOQ) means the priced and completed Bill of Quantities forming part of the bid.
8. "Central Public sector enterprise" means a body incorporated under the Companies Act or established under any other Act and in which the Central Government or a Central enterprise owns more than 50 (fifty) per cent of the issued share capital;

¹ The main preferred term is within the inverted commas. Alternative equivalent terms used in certain contexts, if any, are listed in the brackets. Text within brackets is not considered for sort-order of terms.

9. "Class-I local supplier" means a supplier or service provider, whose goods, services or works offered for procurement, meets the minimum local content as prescribed for 'Class-I local supplier' under the Public Procurement (Preference to Make in India), Order 20172;
10. "Class-II local supplier" means a supplier or service provider, whose goods, services or works offered for procurement, meets the minimum local content as prescribed for 'Class-II local supplier' but less than that prescribed for 'Class-I local supplier' under the Public Procurement (Preference to Make in India), Order 20173;
11. "Competent authority" means the officer(s) who finally approves the decision.
12. "Contract" (including the terms 'procurement Contract' or 'Purchase Order' or 'Supply Order' or 'Withdrawal Order' or 'Work Order' or 'Consultancy Contract' or 'Contract for Services', 'rate contract' or 'framework contract' or 'Letter of Award – LoA' (letter or memorandum communicating to the contractor the acceptance of his bid) or 'Agreement' or a 'repeat order' accepted/ acted upon by the contractor or a 'formal agreement', under specific contexts), means a formal legal agreement in writing relating to the subject matter of procurement, entered into between the Procuring Entity and the supplier, service provider or contractor on mutually acceptable terms and conditions and which are in compliance with all the relevant provisions of the laws of the country;
13. "Contractor" (including the terms 'Supplier' or 'Service Provider' or 'Consultant' or 'Firm' or 'Vendor' or 'Manufacturer' or 'Successful Bidder' under specific contexts) means the person, firm, company, or a Joint Venture with whom the contract is entered into and shall be deemed to include the contractor's successors (approved by the Procuring Entity), agents, subcontractor, representatives, heirs, executors, and administrators as the case may be unless excluded by the terms of the contract.;
14. "Consultancy services" covers a range of services that are of an advisory or professional nature and are provided by consultants. These Services typically involve providing expert or strategic advice e.g., management consultants, policy consultants or communications consultants. Advisory and project related Consultancy Services which include, for example: feasibility studies, project management, engineering services, Architectural Services, finance accounting and taxation services, training and development. It may include small works or supply of goods or Non-consultancy services which are incidental or consequential to such services;
15. "e-Procurement" means the use of information and communication technology (specially the internet) by the Procuring Entity in conducting its procurement processes with bidders for the acquisition of goods (supplies), works and services with the aim of open, non-discriminatory and efficient procurement through transparent procedures;
16. "Goods" (including the terms 'Stores', 'Material(s)' in specific contexts) includes all articles, material, commodity, livestock, medicines, furniture, fixtures, raw material, consumables, spare parts, instruments, hardware, machinery, equipment, industrial plant, vehicles, aircrafts, ships, railway rolling stock assemblies, sub-assemblies, accessories, a group of machines comprising an integrated production process or such other categories of goods or intangibles, products like technology transfer, licenses, patents, software or other intellectual properties (but excludes books, publications, periodicals, etc., for a library),

2 Notified vide Order No. P-45021/2/2017-PP (BE-II) issued by Department for Promotion of Industry and Internal Trade dated 16.09.2020

3 Notified vide Order No. P-45021/2/2017-PP (BE-II) issued by Department for Promotion of Industry and Internal Trade dated 16.09.2020

procured or otherwise acquired by a procuring entity. Procurement of goods may include certain small work or some services, which are incidental or consequential to the supply of such goods, such as transportation, insurance, installation, commissioning, training, and maintenance etc. (Rule 143 of GFR 2017).;

17. "Invitation to (pre-)qualify" means a document including any amendment thereto published by the Procuring Entity inviting offers for pre-qualification from prospective bidders;

18. "Invitation to register" means a document including any amendment thereto published by the Procuring Entity inviting offers for bidder registration from prospective bidders;

19. "Local Content" means the amount of value added in India which shall, unless otherwise prescribed by the Nodal Ministry, be the total value of the item procured (excluding net domestic indirect taxes) minus the value of imported content in the item (including all customs duties) as a proportion of the total value, in percent.

20. "Model Tender (Bidding) Document(s)" (including the term 'tender (enquiry) documents' or 'Request for Proposal Documents' – RfP documents, or 'Standard Bidding Documents' - SBD in certain contexts) means a document issued by the procuring entity, including any amendment thereto, that sets out the terms, conditions of the given procurement, and includes the invitation to bid. A Model (Standard) Tender (Bidding) Document is the model template to be used for preparing Tender Document after making suitable changes for specific procurement;

21. "Non-consultancy services" (including the term 'Outsourcing of Services' in specific contexts) are defined by exclusion as those services that cannot be classified as Consultancy Services. These involve routine, repetitive physical, procedural, and non-intellectual outcomes for which quantum and performance standards can be clearly identified and consistently applied and are bid and contracted on such basis e.g., drilling, aerial photography, satellite imagery, mapping, and similar operations. It may include small works or supply of goods or consultancy, which are incidental or consequential to such services; Any reference to Services shall be deemed to include the supply of goods or performance of consultancy service or small works, which are incidental or consequential to such services;

22. "Non-Local supplier" means a supplier or service provider, whose goods, services or works offered for procurement, has local content less than that prescribed for 'Class-II local supplier' under the Public Procurement (Preference to Make in India), Order 20174;

23. "Notice inviting tenders" (including the term 'Invitation to bid' or 'request for proposals' in certain contexts) means a document and any amendment thereto published or notified by the Procuring Entity, which informs the potential bidders that it intends to procure goods, services and/or works.;

24. "Outsourcing of Services" means deployment of outside agencies on a sustained long-term (for one year or more) for performance of Non-consultancy services which were traditionally being done in-house by the employees of Ministries/ departments (e.g. Security Services, Horticultural Services, Janitor/ Cooking/ Catering/ Management Services for Hostels and Guest Houses, Cleaning/ Housekeeping Services, Errand/ Messenger Services,

and so forth). Besides outsourcing, Non-consultancy services also include procurement of short-term stand-alone services.

25. "Parties": The parties to the contract are the "Contractor" and the Procuring Entity, as defined in this clause;

26. "Performance Security" (includes the terms 'Security Deposit' or 'Performance Bond' or 'Performance Bank Guarantee' or other specified financial instruments in specific contexts) means a monetary guarantee to be furnished by the successful Bidder or Contractor in the form prescribed for the due performance of the contract;

27. "Pre-qualification (bidding) procedure" means the procedure set out to identify, prior to inviting bids, the bidders that are qualified to participate in the procurement;

28. "Pre-qualification document" means the document including any amendment thereto issued by a Procuring Entity, which sets out the terms and conditions of the pre-qualification bidding and includes the invitation to pre-qualify;

29. "Procurement" or "public procurement" (or 'Purchase', or 'Government Procurement/ Purchase' in certain contexts) means acquisition by way of purchase, lease, license or otherwise, either using public funds or any other source of funds (e.g. grant, loans, gifts, private investment etc.) of goods, works or services or any combination thereof, including award of Public Private Partnership projects, by a Procuring Entity, whether directly or through an agency with which a contract for procurement services is entered into, but does not include any acquisition of goods, works or services without consideration, and the term "procure" or "procured" shall be construed accordingly;

30. "Procurement contract" (including the terms 'Purchase Order' or 'Supply Order' or 'Withdrawal Order' or 'Work Order' or 'Consultancy Contract' or 'Contract for Non-consultancy services' under certain contexts), means a formal legal agreement in writing relating to the subject matter of procurement, entered into between the Procuring Entity and the supplier, service provider or contractor on mutually acceptable terms and conditions and which are in compliance with all the relevant provisions of the laws of the country. The term "contract" will also include "rate contract" and "framework contract";

31. "Procurement Officer" means the officer signing the Letter of Award (LoA) and/or the contract on behalf of the Procuring Entity;

32. "(Public) Procurement Guidelines" means guidelines applicable to Public Procurement, consisting of under relevant context a set of – i) Statutory Provisions (The Constitution of India; Indian Contract Act, 1872; Sales of Goods Act, 1930; and other laws as relevant to the context); ii) Rules & Regulations (General Financial Rules, 2017; Delegation of Financial Power Rules and any other regulation so declared by the Government); iii) Manuals of Policies and Procedures for Procurement (of Goods; Works; Consultancy Services or any for other category) promulgated by the Ministry of Finance and iv) Procuring Entity's Documents relevant to the context (Codes, Manuals and Standard/ Model Tender Documents);

33. "Procurement process" means the process of procurement extending from the assessment of need; issue of invitation to pre-qualify or to register or to bid, as the case may be; the award of the procurement contract; execution of contract till closure of the contract;

34. "Procuring authority" means any Ministry or Department of the Central Government or a unit thereof or its attached or subordinate office to which powers of procurement have been delegated;

35. "Procuring Entity" (including the term Procuring Entity and including Associated/ integrated Finance, technical departments, besides any other) means all the entities involved in one way or another, in various stages of the process, starting from need assessment to the closure of contract;
36. "Prospective bidder" means anyone likely or desirous to be a bidder;
37. "Public Private Partnership" means an arrangement between the central, a statutory entity or any other government-owned entity, on one side, and a private sector entity, on the other, for the provision of public assets or public services or both, or a combination thereof, through investments being made or management being undertaken by the private sector entity, for a specified period of time, where there is predefined allocation of risk between the private sector and the public entity and the private entity receives performance-linked payments that conform (or are benchmarked) to specified and predetermined performance standards, deliverables or Service Level agreements measurable by the public entity or its representative;
38. "Rate contract " (or the term 'framework agreement' in certain contexts) means an agreement between a Central Purchase Organisation or Procuring Entity with one or more bidders, valid for a specified period of time, which sets out terms and conditions under which specific procurements can be made during the term of the agreement and may include an agreement on prices which may be either predetermined or be determined at the stage of actual procurement through competition or a predefined process allowing their revision without further competition;
39. "Registering authority" means an authority which registers bidders for different categories of procurement.
40. "Registered Supplier" means any supplier who is on a list of registered suppliers of the Procuring Entity or a Central Purchase Organisation;
41. "Reverse auction" (or the term 'Electronic reverse auction' in certain contexts) means an online real-time purchasing technique utilised by the Procuring Entity to select the successful bid, which involves presentation by bidders of successively more favourable bids during a scheduled period of time and automatic evaluation of bids;
42. "service" is defined by exception as any subject matter of procurement other than goods or works, except those incidental or consequential to the service, and includes physical, maintenance, professional, intellectual, training, consultancy and advisory services or any other service classified or declared as such by a Procuring Entity but does not include appointment of an individual made under any law, rules, regulations or order issued in this behalf. It includes 'Consultancy Services' and 'Other (Non-consultancy) Services';
43. "Special Conditions" means Special Conditions of Contract, which override the General Conditions, also referred to as SCC.
44. "Subject matter of procurement" means any item of procurement whether in the form of goods, services or works or a combination thereof;
45. "Tender;" "Tender Document;" "Tender Enquiry" or "Tender Process": 'Tender Process' is the entire process from the publishing of the Tender Document till the resultant award of the contract. 'Tender Document' means the document (including all its sections, appendices, forms, formats, etc. and including various terms prevalent for such documents) published by the Procuring Entity to invite bids in a Tender Process. The Tender Document and Tender Process may be generically referred to as "Tender" or "Tender Enquiry", which would be clear from context without ambiguity.

46. "Works" refer to any activity, sufficient in itself to fulfil an economic or technical function, involving construction, fabrication, repair, overhaul, renovation, decoration, installation, erection, excavation, dredging, and so on, which make use of a combination of one or more of engineering design, architectural design, material and technology, labour, machinery and equipment. Supply of some materials or certain services may be incidental or consequential to and part of such works. The term "Works" includes (i) civil works for the purposes of roads, railway, airports, shipping-ports, bridges, buildings, irrigation systems, water supply, sewerage facilities, dams, tunnels and earthworks; and so on, and (ii) mechanical and electrical works involving fabrication, installation, erection, repair and maintenance of a mechanical or electrical nature relating to machinery and plants.

Chapter 1: Introduction to Procurement of Consultancy/ services

1.1. Procurement Rules and Regulations; and this Manual

1. Various ministries, departments, attached and subordinate offices, local urban bodies, public sector enterprises and other government (including autonomous) bodies (hereinafter referred as 'Procuring Entities') spend a sizeable amount of their budget on procurement of goods, works and services (consultancy and non-consultancy services – both inclusively called services) to discharge the duties and responsibilities assigned to them.

2. The Ministries / Departments have been delegated full powers to make their own arrangements for procurement of goods and services, that are not available⁵ on Government e-Marketplace (GeM). These powers have to be exercised as per the Delegation of Financial Power Rules and in conformity with the 'Procurement Guidelines' described below. Common use Goods and Services available on GeM are required to be procured mandatorily through GeM as per Rule 149 of GFR, 2017

3. To ensure that these procurements are made by following a uniform, systematic, efficient, and cost-effective procedure and also to ensure fair and equitable treatment of suppliers, there is a hierarchy of statutory provisions, rules, financial, vigilance, security, safety, counter- trade and other regulations; orders and guidelines of the Government about public procurement (hereinafter referred as 'Procurement Guidelines', please see Annexure 1 of Manual for Procurement of Goods, 2004 (hereinafter called the Goods manual), which details the hierarchy of such guidelines.

4. At the apex of the Statutory framework governing public procurement is Article 299 of the Constitution of India, which stipulates that contracts legally binding on the Government must be executed in writing by officers specifically authorized to do so. The Constitution also enshrines Fundamental Rights (In particular Articles 14 – Right to Equality before Law and 19 (1) (g) – Right to practice any profession, or to carry on any occupation, trade, or business) which have implications for Public Procurement. Further, the Indian Contract Act, 1872 and the Sale of Goods Act, 1930 are major legislations governing contracts of sale/ purchase of goods in general. There are other mercantile laws (Arbitration and Conciliation Act, 1996; Competition Act, 2002; Information Technology Act, 2000 etc), which may be attracted in Public Procurement Transactions.

5. There is no law exclusively governing public procurement. However, comprehensive Rules and Regulations in this regard are available in the General Financial Rules (GFR), 2017, especially chapter 6 to 9; Delegation of Financial Powers Rules (DFPR); Government orders regarding purchase preference/ restrictions like Public Procurement (Preference to Make in India), Order 2017, facilities to Micro and Small Enterprises and Startups,

⁵ Rule 147 of GFR, 2017 amended vide OM No. F.1/26/2018-PPD dated 02.04.2019

Restrictions on Entities from a Class of Countries (Rule 144 (xi), GFR 2017) etc., to increase transparency and objectivity in public procurement.

6. Without purporting to be a comprehensive compendium of all such 'Procurement Guidelines', this Manual is intended to serve as a portal to enter this vast area and draw attention to basic norms and practices governing public procurement.

1.2. Clarification, Amendments and Revision of this Manual

For revision, interpretation, clarification, and issues relating to this manual, the Procurement Policy Division, Department of Expenditure, Ministry of Finance would be the nodal authority.

1.3. Applicability of this Manual

1. "Services" are defined by exclusion as any subject matter of procurement that cannot be classified as goods or works, except those incidental or consequential to the service, and includes two distinctly separate categories - 'Consultancy Services' and 'Non-consultancy Services' (hereinafter referred as NC Services). Any service that meets the criteria mentioned in sub-para 3 below is identified as 'Consultancy Service. NC Services are identified by exclusion as any service that cannot be classified as 'Consultancy Service', except those incidental or consequential to the NC service.

2. This manual is applicable to procurement of "Consultancy Services" as defined below.

3. "Consultancy services" (Rule 177 of GFR 2017) means any subject matter of procurement (which as distinguished from 'Non- Consultancy Services') involves primarily non-physical project-specific, intellectual and procedural processes where outcomes/ deliverables would vary from one consultant to another, other than goods or works, except those incidental or consequential to the service, and includes professional, intellectual, training and advisory services or any other service classified or declared as such by a Procuring Entity but does not include direct engagement of a retired Government servant. These Services typically involve providing expert or strategic advice e.g., management consultants, policy consultants, communications consultants, Advisory and project related Consulting Services which include, feasibility studies, project management, engineering services, finance, accounting and taxation services, training, and development etc.

4. Non-consultancy services (which as distinguished from 'Consultancy Services') involve routine repetitive physical or procedural non-intellectual outcomes for which quantum and performance standards can be tangibly identified and consistently applied and are bid and contracted on such basis. It may include small works, supply of goods or consultancy service, which are incidental or consequential to such services. Non-consultancy services may include transport services; logistics; clearing and forwarding; courier services; upkeep and maintenance of office/ buildings/ estates (other than Civil & Electrical Works etc.); drilling, aerial photography, satellite imagery, mapping, and similar operations etc.

5. The 'Procurement Entities' who can benefit from this manual include Ministries, Departments, or a unit thereof, or an attached or subordinate offices/units and any other body (including autonomous bodies) substantially owned or controlled by or receiving substantial financial assistance from the Central Government (including inter-alia Central Public Sector Enterprises (CPSEs) or undertakings (including their subsidiary companies/ Ventures); Public Sector Banks (PSBs); Public Sector Insurance Companies (PSICs) and

Financial Institutions (FIs)). These procurement guidelines would continue to apply if these procurement entities outsource the procurement process or bundle the procurement process with other contractual arrangements or utilise the services of procurement support agency or procurement agents to carry out the procurement on their behalf. But these procurement guidelines would not apply to procurements by these procuring entities for their own use (but not for purpose of trading/ sale) from their subsidiary companies including Joint Ventures in which they have controlling share. GePNIC portal (eproc.gov.in), GeM portal and various such platforms of different Organisations carry out large proportion of Public procurement, hence the procedures of such platforms should generally conform to these 'Procurement Guidelines'.

6. However, by a general or special notification, the government may permit certain 'Procuring Entities' mentioned in sub-para above, considering unique conditions under which they operate, for all or certain categories of procurements, to adopt detailed approved guidelines for procurement, which may deviate in some respects but conform with all other essential aspects of 'Procurement Guidelines'.

7. This Manual is to be taken as generic guidelines, which have to be necessarily broad in nature. Subject to the observance of these generic guidelines, the initiation, authorization, procurement, and execution of contracts undertaken by a particular Ministry or Department shall be regulated by detailed rules and orders contained in the respective departmental regulations and by other special orders applicable to them. Ministries/ Departments are advised to supplement these manuals to suit local/ specialized needs, by issuing their own detailed Manuals (including customized formats); Model Tender Documents; Schedule of Procurement Powers and Checklists to serve as practical instructions for their officers and to ensure completeness of examination of cases. Major Consultancy Services procuring Ministries/Departments may be having their own detailed guidelines tailored to unique individual requirements, e.g. Manuals or Procedure Orders. Many other Ministries/ Departments as well as CPSEs also have their own Procurement Manuals. For these Procuring Entities, this Manual would serve as a generic guidance.

8. **For procurements financed by Loans/Grants extended by International Agencies:** The Articles of Agreement with the International Agencies like the World Bank, Asian Development Bank etc. stipulate specific procurement procedures to be followed by the borrower. The procurement procedures, as finalized and incorporated in the Agreements after consideration and approval of the Ministry of Finance are to be followed accordingly.

1.4. Categorisation of procurements

1. Categorisation of Procurements helps in preparing guidelines for Procurements and Model Tender Documents, which cater to peculiar contractual conditions of the categories of procurements. Following are the categories of procurements (please refer to the definition in procurement Glossary):

- a) Goods.
- b) Services
 - i) Consultancy Services and
 - ii) Non-consultancy services (NC services)
- c) Works

2. Normally such categorisation is clear as per their definition and procurement should be done accordingly, following the relevant guidelines and Model Tender Documents.

3. Procurement in cases of doubts about categorisation may be done as follows:
- a) The boundaries between such categorisation may not be clear cut and may overlap. It may neither be possible nor necessary to precisely distinguish between the categories in overlapping areas. In case of blurred border-lines and grey areas, a simpler procedure of procurement should be followed. In case of doubt between:
 - i) Goods and works/ NC services/ consultancy, it should be processed as procurement of goods.
 - ii) Works and NC service/ consultancy, it should be processed as procurement of works.
 - iii) Non-consultancy and Consultancy services, it should be processed as procurement of non-consultancy services.
 - b) There may be composite contracts involving mixed elements of Goods, Works, and NC/ Consultancy Services. For example, in procurement of complex services (Consultancy or Non-consultancy), some works, and supply of Goods may be incidental to the assignment. The relationship of primacy between the Service element and the Works/ Goods element may be examined, irrespective of the relative values. If the main intention is procurement of services with works/ goods being incidental to it, it may be processed as such. However, if the primary intention is procurement of Works/ Goods with Service element being incidental, then it should be processed as procurement of works/ Goods (as the case may be).
 - c) Procurement of IT Projects should normally be carried out as Procurement of Consultancy services, as the outcomes/deliverables vary from one service provider to another. The IT Projects may include:
 - i) bespoke software development;
 - ii) cloud based services and
 - iii) composite IT system integration services involving design, development, deployment, commissioning of IT system including supply of hardware, development of software, bandwidth, and operation/maintenance of the system for a define period after go-live etc.
 - d) If the NC services involve construction, fabrication, repair, maintenance, overhaul, renovation, decoration, installation, erection, excavation, dredging, and so on, of Civil assets, then it should be handled as procurement of Works. In case of fabrication, repair, maintenance, overhaul, renovation, decoration, installation, erection and so on, of mechanical, electrical or ICT assets – e.g. Annual Maintenance Contracts or installation/ commissioning of Machinery and Plant and so on, it may be handled as Procurement of Goods rather than procurement of services.
 - e) It is possible that, depending on the nature and complexity of the assignment, a task could be dealt with either as a consultancy or non-consultancy service. In essence, if the intellectual and advisory part of services dominates (and the physical part being incidental), the selection needs to be dealt with in Consultancy mode. For example, if the task is looking at the condition of a dam (for dam safety) by physically inspecting a dam through underwater observation, this task is collection of data using technologies and photography, but the actual analysis is an intellectual and advisory task and is the crux of the assignment. Therefore, the entire task needs to be dealt with as selection of a consultant.

1.5. Authorities Competent to incur Expenditure on a Procurement

1. The first step in procurement to procure goods, services or works involves a formal decision to procure something along with the exact or approximate expenditure to be incurred. A Competent authority which is competent to incur expenditure may accord administrative sanction/ approval to incur expenditure on a specific procurement in accordance with the Delegation of Financial Rules (DFPR – extracted in Annexures 1 and 2) by following the ‘Procurement Guidelines’ described in this Manual (*Rule 145 of GFR 2017*). Each ‘Procuring Entity’ may issue a Schedule of Procurement Powers (SoPP) adding further details to the broad delegations in the DFPR, based on the assessment of risks involved in different decisions/ approvals at various stages of Procurement Cycle. A suggested structure of such SoPP is enclosed as Annexure 3.

2. Being a decision with a financial bearing and hence invariably requires consultation of the Financial Adviser (unless validly re-delegated within permissible limits or otherwise permitted by DoE through specific orders). The extent of involvement of the Financial Adviser and the Integrated Finance (IFD) in subsequent stages of procurement matters may be based on one of the following procedures (Para 19, Charter for FA, 2023):

- a) **Normal Procedure:** Under this procedure, the concurrence of the Financial Adviser/ IFD shall be required on all procurement matters, except for matters where re-delegation has been done within the limits permissible under the rules/ general orders/ general instructions of DoE. Unless a special procedure is approved by the Secretary of the Department with concurrence of DoE, this procedure shall be followed.
- b) **Special Procedure:** The Secretary of the Department may, with the prior concurrence of Secretary Expenditure, decide on a different level of involvement of the Financial Adviser /IFD specific to the Department. The procedure will lay out the types/ classes of cases where the Financial Adviser/ Integrated Finance Division’s (IFD) consultation would be required which may be in terms of threshold financial limits, stages in procurement or types of procurement and contracts viz. consultancy, goods and works contracts etc. or any permutation thereof.

3. In all procedures, payments under approved contracts shall not require IFD consultation except in cases where the payments are in relaxation/variation to approved contract conditions.

1.6. Basic Aims of Procurement – Five R’s of Procurement

In every procurement, public or private, the basic aim is to achieve just the right balance between costs and requirements concerning five parameters called the five ‘R’s of procurement. The entire process of procurement (from the time that need for an item, facility or services is identified till the need is satisfied) is designed to achieve such a right balance. Although couched in jargon of procurement of Goods, it’s equally applicable to procurement of Consultancy services. The term ‘Right’ is used here in the sense of being ‘optimal balance’:

1. Right quality;
2. Right quantity;
3. Right price;
4. Right time and place; and
5. Right source.

(For more details on basic aims of procurement, please refer to Chapter 1 and 'Appendix 1: Advanced Concepts of Value for Money' of the Manual for Procurement of Goods).

1.7. Fundamental Principles of Public Procurement

General Financial Rules, 2017 (*Rule 144*) lay down the Fundamental Principles of Public Procurement. These principles and other additional obligations of procuring authorities in public procurement can be organised into five fundamental principles of public procurement, which all procuring authorities must abide by and be accountable for:

1. Transparency principle;
2. Professionalism principle;
3. Broader obligations principle;
4. Extrinsic legal principle; and
5. Public accountability principle.

(For more details on fundamental principles of public procurement, please refer to Chapter 1 and 'Appendix 1: Advanced Concepts of Value for Money' of the Manual for Procurement of Goods).

1.8. Public Procurement Infrastructure at the Centre

1.8.1. Procurement Policy Division

Procurement Policy Division (PPD) in Department of Expenditure; Ministry of Finance has been created to encourage uniformity and harmonisation in public procurement processes by dissemination of best practices, provision of guidance, oversight and capacity building and issuing of procurement manuals. However, Centralisation of procurement or involvement in procurement processes is not the intended purpose of creation of PPD.

1.8.2. Central Public Procurement Portal

Central Public Procurement Portal (CPPP) has been designed, developed, and hosted by National Informatics Centre (NIC, Ministry of Electronics & Information Technology) in association with Dept. of Expenditure to ensure transparency in the public procurement process. The primary objective of the Central Public Procurement portal is to provide a single point access to the information on procurements made across various Ministries and the Departments. The CPPP has e-publishing and e-procurement modules. It is mandatory for all Ministries/ Departments of the Central Government, Central Public Sector Enterprises (CPSEs) and Autonomous and Statutory Bodies to publish on the CPPP all their tender enquiries and information about the resulting contracts. CPPP provides access to information such as documents relating to pre-qualification, Bidders' registration, Bidding documents; details of bidders, their pre-qualification, registration, exclusions/ debarments; decisions taken regarding prequalification and selection of successful bid (*Rule 159 of GFR 2017*). It is also now mandatory to implement end-to-end e-Procurement for all procurements either through CPPP portal or any other suitable portal.

1.9. Preferential/Mandatory Purchase from certain sources

The Central Government may, by notification, provide for mandatory procurement of any goods or services from any category of bidders, or provide for preference to bidders on the grounds of promotion of locally manufactured goods or locally provided services. (General and Financial Rules, 2014, Rule 153).

Note: Before considering any Purchase Preference mentioned below, the Procuring Entity should check the latest directives in this regard for necessary action. Purchase Preference provision shall invariably be part of the Notice Inviting Tender (NIT) and Instructions to Bidders/ Consultants (ITB/ ITC).

1.9.1. Public Procurement Policy for Micro and Small Enterprises (MSEs)-Rule 153 (ii) of GFR 2017

1. From time to time, the Government of India (Procuring Entity) lays down procurement policies to help inclusive national economic growth by providing long-term support to small and medium enterprises and disadvantaged sections of society and to address environmental concerns. The Procurement Policy for Micro and Small Enterprises, 2012 [amended 2018 and 2021] has been notified by the Government in exercise of the powers conferred in Section 11 of the Micro, Small and Medium Enterprises Development (MSMED) Act, 2006. Details of the policy along with the amendments issued in 2018 and 2021 are available on the MSME website⁶.
2. Micro and Small Enterprises (MSEs) registered under Udyam Registration are eligible to avail the benefits under the policy.
3. The Policy is applicable to all the Central Government Ministries / Departments / CPSUs, irrespective of the volume and nature of procurement. However, the policy is not applicable to State Government Ministries/ Departments/ PSUs.
 - a) To reduce transaction cost of doing business, MSEs are facilitated by providing them tender documents free of cost, exempting from payment of earnest money deposit, adopting e-procurement to bring transparency in tendering process. However, exemption from paying Performance Bank Guarantee is not covered under the policy.
 - b) Chapter V of the MSMED Act, 2006 also has provision for ensuring timely payments to the MSE suppliers. The period agreed upon for payment must not exceed forty-five days after the supplies. For delays in payment the buyer shall be liable to pay compound interest to the supplier on the delayed amount at three times of the bank rate notified by the Reserve Bank. For arbitration and conciliation regarding recovery of such payments and interests, Micro and Small Enterprises Facilitation Council has been setup in states.
 - c) In tender, participating Micro and Small Enterprises (MSE) quoting price within price band of L1+15 (fifteen) per cent shall also be allowed to supply a portion of requirement by bringing down their price to L1 price in a situation where L1 price is from someone other than a MSE and such MSE shall be allowed to supply up to 25 (twenty-five) per cent of total tendered value. The 25 (twenty-five) per cent quantity

⁶ <http://dcmsme.gov.in/pppm.htm.aspx>

is to be distributed proportionately among these bidders, in case there are more than one MSMEs within such price band.

- d) Within this 25% (Twenty Five Percent) quantity, a purchase preference of four (4) per cent [that is, 16 (sixteen) per cent out of 25 (twenty five) per cent] is reserved for MSEs owned by Scheduled Caste (SC)/ Scheduled Tribe (ST) entrepreneurs (if they participate in the tender process and match the L1 price). However, in event of failure of such MSEs to participate in tender process or meet tender requirements and L1 price, four percent sub-target for procurement earmarked for MSEs owned by SC/ST entrepreneurs and three percent earmarked to women entrepreneur will be met from other MSEs.. MSEs would be treated as owned by SC/ ST entrepreneurs:

- i) In case of proprietary MSE, proprietor(s) shall be SC/ ST;
- ii) In case of partnership MSE, the SC/ ST partners shall be holding at least 51% (fifty-one percent) shares in the unit;
- iii) In case of Private Limited Companies, at least 51% (fifty-one percent) share shall be held by SC/ ST promoters.

4. If subcontract is given to MSEs, it will be considered as procurement from MSEs.

5. In case of tender item cannot be split or divided, etc. the MSE quoting a price within the band L1+15% may be awarded for full/ complete supply of total tendered value to MSE, considering the spirit of the Policy for enhancing Govt. Procurement from MSEs

6. To develop MSE vendors so as to achieve their targets for MSEs procurement, Central Government Ministries /Departments /PSUs shall take necessary steps to develop appropriate vendors by organizing Vendor Development Programmes (VDPs) or Buyer-Seller Meets focused on developing MSEs for procurement through the Government e-Marketplace (GeM) portal. In order to develop vendors belonging to MSEs for Public Procurement Policy, the Ministry of MSME is regularly organizing State Level VDPs and National Level VDPs under the Procurement and Marketing Support Scheme. For enhancing participation of MSEs owned by SCs /STs/ Women in Government procurement, Central Government Ministries/ Departments/ CPSUs have to take the following steps:

- a) Special Vendor Development Programmes/ Buyer-Seller Meets would be conducted by Departments/ CPSUs for SC/STs and Women.
- b) Outreach programmes will be conducted by National Small Industries Corporation (NSIC) to cover more and more MSEs from SC/STs under its schemes of consortia formation; and
- c) NSIC would open a special window for SCs/ STs under its Single Point Registration Scheme (SPRS).
- d) A National SC/ST hub scheme was launched in October 2016, for providing handholding support to SC/ST entrepreneur which is being coordinated / implemented by the NSIC under this Ministry.

7. Where any Aggregator has been appointed by the Ministry of MSME, themselves quote on behalf of some MSE units, such offers will be considered as offers from MSE units and all such facilities would be extended to these also.

8. This Policy is meant for procurement of only goods produced and services rendered by MSEs. However, traders/ distributors/ sole agent/ Works Contract are excluded from the purview of the policy.

9. Exemptions from the policy: Given their unique nature, defence armament imports shall not be included in computing 20 (twenty) per cent goal for Ministry of Defence. In

addition, defence equipments like weapon systems, missiles, etc. shall remain out of purview of such Policy of reservation. Monitoring of goals set under the policy will be done, in so far as they related to Defence sector, by Ministry of Defence itself in accordance with suitable procedures to be established by them.

10. A Review Committee has been constituted under the Chairmanship of Secretary, Ministry of MSME for monitoring and reviewing of Public Procurement Policy for MSEs. M/O MSME will review and/or modify the composition of the Committee as and when required. This Committee will, inter alia, review the list of 358 items reserved for exclusive purchase from MSEs on a continuous basis, consider requests from Central Government Departments, CPSUs for exemption from 25 (twenty-five) percent target on a case-to-case basis and monitor achievements under the Policy.

11. To monitor the progress of procurement by Central Government Ministries/ Departments and CPSUs from MSEs, Ministry of MSME has launched the MSME 'Sambandh'⁷ Portal on 8th December 2017 for uploading procurement details by all CPSUs on a monthly and an annual basis which is regularly monitored by the Ministry.

12. To redress the grievances of MSEs related to non-compliance of the Policy a Grievance cell named "CHAMPION Portal" has been set up in the Ministry of MSME.

13. Office of Development Commissioner (Micro, Small & Medium Enterprises) issued FAQs⁸ on Public Procurement Policy for MSE Order, 2012, placed at Annexure-20.

14. ⁹In case of an upward change in terms of investment in plant and machinery or equipment or turnover or both, and consequent re-classification, an enterprise shall continue to avail of all nontax benefits of the category (micro or small or medium) it was in before the re-classification, for a period of three years from the date of such upward change.

1.9.2. Procurement Preference to Make in India-Rule 153 (iii) of GFR, 2017

1. To encourage 'Make in India' and promote manufacturing and production of goods and services in India with a view to enhancing income and employment, Department for Promotion of Industry, and Internal Trade (DPIIT), Ministry of Commerce and Industry, Government of India, issued Public Procurement (Preference to Make in India), Order 2017¹⁰. The order is issued pursuant to Rule 153 (iii) of GFR, 2017. The Order is applicable on the procurement of Goods, Works, and Services. For the purpose of this Order: -

- a) '*L1*' means the lowest tender or lowest bid, or the lowest quotation received in a tender, bidding process or other procurement solicitation as adjudged in the evaluation process as per the tender or other procurement solicitation.
- b) '*Margin of purchase preference*' means the maximum extent to which the price quoted by a "Class-I local supplier" may be above the L1 for the purpose of purchase preference. It has been fixed as 20 (twenty) percent.
- c) '*Nodal Ministry*' means the Ministry or Department identified pursuant to this order in respect of a particular item of goods or services or works.

⁷ https://sambandh.msme.gov.in/PPP_Index.aspx

⁸ Issued Vide OM F.No 1(3)/2018-MA, Part III dated 25.03.2022.

⁹ Notified by MSME Ministry vide S.O. 4926(E) dt 18/10/2022

¹⁰ Latest revision to the Order notified vide OM No. P-45021/2/2017-PP (BE-II) issued by DPIIT, dated 16.09.2020

- d) *'Procuring entity'* means a Ministry or department or attached or subordinate office of, or autonomous body controlled by, the Government of India and includes Government companies as defined in the Companies Act.
- e) *'Works'* means all works as per Rule 130 of GFR- 2017, and will also include *'turnkey works'*.

2. Eligibility of 'Class-I local supplier' / 'Class-II local supplier' / 'Non-local suppliers' for different types of procurement

- a) In procurement of all goods, services or works in respect of which the Nodal Ministry / Department has communicated that there is sufficient local capacity and local competition, only 'Class-I local supplier', shall be eligible to bid irrespective of purchase value.
- b) Only 'Class-I local supplier' and 'Class-II local supplier', shall be eligible to bid in procurements undertaken by procuring entities, except when Global tender enquiry has been issued. In global tender enquiries, 'Non-local suppliers' shall also be eligible to bid along with 'Class-I local suppliers' and 'Class-II local suppliers'. In procurement of all goods, services or works, not covered by sub-para 2-a) above, and with estimated value of purchases less than Rs. 200 Crore, in accordance with Rule 161(iv) of GFR, 2017, Global tender enquiry shall not be issued except with the approval of competent authority as designated by Department of Expenditure.
- c) For the purpose of this Order, works includes Engineering, Procurement and Construction (EPC) contracts and services include System Integrator (SI) contracts.

3. Purchase Preference

- a) Subject to the provisions of the Order and to any specific instructions issued by the Nodal Ministry or in pursuance of the Order, purchase preference shall be given to 'Class-I local supplier' in procurements undertaken by procuring entities in the manner specified here under.
- b) In the procurements of goods or works, which are covered by para 2-b) above and which are divisible in nature, the 'Class-I local supplier' shall get purchase preference over 'Class-II local supplier' as well as 'Non-local supplier', as per following procedure:
 - i) Among all qualified bids, the lowest bid will be termed as L1. If L1 is 'Class-I local supplier', the contract for full quantity will be awarded to L1.
 - ii) If L1 bid is not a 'Class-I local supplier', 50 (fifty) percent of the order quantity shall be awarded to L1. Thereafter, the lowest bidder among the 'Class-I local supplier' will be invited to match the L1 price for the remaining 50 (fifty) percent quantity subject to the Class-I local supplier's quoted price falling within the margin of purchase preference, and contract for that quantity shall be awarded to such 'Class-I local supplier' subject to matching the L1 price. In case such lowest eligible 'Class-I local supplier' fails to match the L1 price or accepts less than the offered quantity, the next higher 'Class-I local supplier' within the margin of purchase preference shall be invited to match the L1 price for remaining quantity and so on, and contract shall be awarded accordingly. In case some quantity is still left uncovered on Class-I local suppliers, then such balance quantity may also be ordered on the L1 bidder.
 - iii) In the procurements of goods or works, which are covered by para 2-b) above and which are not divisible in nature, and in procurement of services where the bid is evaluated on price alone, the 'Class-I local supplier' shall get purchase

preference over 'Class-II local supplier' as well as 'Non-local supplier', as per following procedure:

- iv) Among all qualified bids, the lowest bid will be termed as L1. If L1 is 'Class-I local supplier', the contract will be awarded to L1.
 - v) If L1 is not 'Class-I local supplier', the lowest bidder among the 'Class-I local supplier', will be invited to match the L1 price subject to Class-I local supplier's quoted price falling within the margin of purchase preference, and the contract shall be awarded to such 'Class-I local supplier' subject to matching the L1 price.
 - vi) In case such lowest eligible 'Class-I local supplier' fails to match the L1 price, the 'Class-I local supplier' with the next higher bid within the margin of purchase preference shall be invited to match the L1 price and so on and contract shall be awarded accordingly. In case none of the 'Class-I local supplier' within the margin of purchase preference matches the L1 price, the contract may be awarded to the L1 bidder.
 - vii) "Class-II local supplier" will not get purchase preference in any procurement, undertaken by procuring entities.
- c) **Applicability in tenders where contract is to be awarded to multiple bidders:**
In tenders where contract is awarded to multiple bidders subject to matching of L1 rates or otherwise, the 'Class-I local supplier' shall get purchase preference over 'Class-II local supplier' as well as 'Non-local supplier', as per following procedure:
- i) In case there is sufficient local capacity and competition for the item to be procured, as notified by the nodal Ministry, only Class I local suppliers shall be eligible to bid. As such, the multiple suppliers, who would be awarded the contract, should be all and only 'Class I Local suppliers'.
 - ii) In other cases, 'Class II local suppliers' and 'Non local suppliers' may also participate in the bidding process along with 'Class I Local suppliers' as per provisions of the Order.
 - iii) If 'Class I Local suppliers' qualify for award of contract for at least 50 (fifty) percent of the tendered quantity in any tender, the contract may be awarded to all the qualified bidders as per award criteria stipulated in the bid documents.
 - iv) However, in case 'Class I Local suppliers' do not qualify for award of contract for at least 50 (fifty) percent of the tendered quantity, purchase preference should be given to the 'Class I local supplier' over 'Class II local suppliers'/ 'Non local suppliers' provided that their quoted rate falls within 20 (twenty) percent margin of purchase preference of the highest quoted bidder considered for award of contract so as to ensure that the 'Class I Local suppliers' taken in totality are considered for award of contract for at least 50 (fifty) percent of the tendered quantity.
 - v) Only those 'Class-I local supplier' would be eligible for purchase preference whose quoted rates fall within 20 (twenty) percent margin of purchase preference, subject to its meeting the prescribed criteria for award of contract as also the constraint of maximum quantity that can be sourced from any single supplier. First purchase preference must be given to the lowest quoting eligible 'Class-I local supplier'. If the lowest quoting 'Class-I local supplier,' does not qualify for purchase preference because of aforesaid constraints or does not accept the offered quantity, an opportunity may be given to next higher eligible

'Class-I local supplier,' and so on. In case quantity thus allocated to eligible 'Class-I local suppliers' is short of 50% of the tendered quantity, then this shortfall quantity may be distributed among all other qualified bidders as per award criteria stipulated in the tender documents.

- vi) To avoid any ambiguity during bid evaluation process, the procuring entities may stipulate its own tender specific criteria for award of contract amongst different bidders including the procedure for purchase preference to 'Class-I local supplier' within the broad policy guidelines stipulated in sub-paras above.

4. **Exemption of small purchases:** Notwithstanding anything contained in paragraph 1 above, procurements where the estimated value to be procured is less than Rs. 5 lakhs shall be exempt from the Order. However, it shall be ensured by procuring entities that procurement is not split for the purpose of avoiding the provisions of this Order.

5. **Minimum local content:** The 'local content' requirement to categorize a supplier as 'Class-I local supplier' is minimum 50 (fifty) percent. For 'Class-II local supplier', the 'local content' requirement is minimum 20 (twenty) percent. Nodal Ministry/ Department may prescribe only a higher percentage of minimum local content requirement to categorize a supplier as 'Class-I local supplier'/ 'Class-II local supplier'. For the items, for which Nodal Ministry/ Department has not prescribed higher minimum local content notification under the Order, it shall be 50 (fifty) percent and 20 (twenty) percent for 'Class-I local supplier'/ 'Class-II local supplier' respectively.

6. **Requirement for specification in advance:** The minimum local content, the margin of purchase preference and the procedure for preference to Make in India shall be specified in the notice inviting tenders or other form of procurement solicitation and shall not be varied during a particular procurement transaction.

7. **Government E-marketplace:** In respect of procurement through the Government E-marketplace (GeM) shall, as far as possible, specifically mark the items which meet the minimum local content while registering the item for display, and shall, wherever feasible, make provision for automated comparison with purchase preference and without purchase preference and for obtaining consent of the local supplier in those cases where purchase preference is to be exercised.

8. **Verification of local content:**

- a) The 'Class-I local supplier'/ 'Class-II local supplier' at the time of tender, bidding or solicitation shall be required to indicate percentage of local content and provide self-certification that the item offered meets the local content requirement for 'Class-I local supplier'/ 'Class-II local supplier', as the case may be. They shall also give details of the location(s) at which the local value addition is made.
- b) In cases of procurement for a value in excess of Rs. 10 crores, the 'Class-I local supplier'/ 'Class-II local supplier' shall be required to provide a certificate from the statutory auditor or cost auditor of the company (in the case of companies) or from a practicing cost accountant or practicing chartered accountant (in respect of suppliers other than companies) giving the percentage of local content.
- c) Decisions on complaints relating to implementation of this Order shall be taken by the competent authority which is empowered to look into procurement-related complaints relating to the procuring entity.
- d) Nodal Ministries may constitute committees with internal and external experts for independent verification of self-declarations and auditor's/ accountant's certificates on random basis and in the case of complaints.

- e) Nodal Ministries and procuring entities may prescribe fees for such complaints.
- f) False declarations will be in breach of the Code of Integrity under Rule 175(1)(i)(h) of the General Financial Rules for which a bidder or its successors can be debarred for up to two years as per Rule 151 (iii) of the General Financial Rules along with such other actions as may be permissible under law.
- g) The Department of Expenditure shall issue suitable instructions (please refer to para 3.6 of this manual) for the effective and smooth operation of this process, so that:
 - i) The fact and duration of debarment for violation of the Order by any procuring entity are promptly brought to the notice of the Member-Convenor of the Standing Committee and the Department of Expenditure through the concerned Ministry /Department or in some other manner;
 - ii) on a periodical basis such cases are consolidated and a centralized list or decentralized lists of such suppliers with the period of debarment is maintained and displayed on website(s);
 - iii) in respect of procuring entities other than the one which has carried out the debarment, the debarment takes effect prospectively from the date of uploading on the website(s) in such a manner that ongoing procurements are not disrupted.
 - iv) A supplier who has been debarred by any procuring entity for violation of the Order shall not be eligible for preference under the Order for procurement by any other procuring entity for the duration of the debarment. The debarment for such other procuring entities shall take effect prospectively from the date on which it comes to the notice of other procurement entities, in the manner prescribed above.

9. **Specifications in Tenders and other procurement solicitations:**

- a) Every procuring entity shall ensure that the eligibility conditions in respect of previous experience fixed in any tender or solicitation do not require proof of supply in other countries or proof of exports.
- b) Procuring entities shall endeavour to see that eligibility conditions, including on matters like turnover, production capability and financial strength do not result in unreasonable exclusion of 'Class-I local supplier'/ 'Class-II local supplier' who would otherwise be eligible, beyond what is essential for ensuring quality or creditworthiness of the supplier.
- c) Procuring entities shall review all existing eligibility norms and conditions with reference to sub-paragraphs (a) and (b) above.
- d) Specifying foreign certifications/ unreasonable technical specifications/ brands/ models in the bid document is restrictive and discriminatory practice against local suppliers. If foreign certification is required to be stipulated because of non-availability of Indian Standards and/or for any other reason, the same shall be done only after written approval of Secretary of the Department concerned or any other Authority having been designated such power by the Secretary of the Department concerned.

10. **Reciprocity Clause**

- a) When a Nodal Ministry/Department *identifies* that Indian suppliers of an item are not allowed to participate and/ or compete in procurement by any foreign government, due to restrictive tender conditions which have direct or indirect effect

of barring Indian companies such as registration in the procuring country, execution of projects of specific value in the procuring country etc., it shall provide such details to all its procuring entities including CMDs/CEOs of PSEs/PSUs, State Governments and other procurement agencies under their administrative control and GeM *for appropriate reciprocal action*.

- b) Entities of countries which have been identified by the nodal Ministry/Department as not allowing Indian companies to participate in their Government procurement for any item related to that nodal Ministry shall not be allowed to participate in Government procurement in India for all items related to that nodal Ministry/ Department, except for the list of items published by the Ministry/ Department permitting their participation.
 - c) The stipulation in (b) above shall be part of all tenders invited by the Central Government procuring entities stated in (1) above. All purchases on GeM shall also necessarily have the above provisions for items identified by nodal Ministry/ Department.
 - d) State Governments should be encouraged to incorporate similar provisions in their respective tenders.
 - e) The term 'entity' of a country shall have the same meaning as under the FDI Policy of DPIIT as amended from time to time.
11. **Action for non-compliance of the Provisions of the Order**
- a) In case restrictive or discriminatory conditions against domestic suppliers are included in bid documents, an inquiry shall be conducted by the Administrative Department undertaking the procurement (including procurement by any entity under its administrative control) to fix responsibility for the same. Thereafter, appropriate action, administrative or otherwise, shall be taken against erring officials of procurement entities under relevant provisions. Intimation on all such actions shall be sent to the Standing Committee.
 - b) "All administrative Ministries/Departments whose procurement exceeds Rs. 1000 Crore per annum shall notify/ update their procurement projections every year, including those of the PSEs/PSUs, for the next 5 years on their respective website."
12. **Assessment of supply base by Nodal Ministries:**
- a) "All administrative Ministries/Departments **whose procurement exceeds Rs. 1000 Crore per annum** shall notify/ update their procurement projections every year, including those of the PSEs/PSUs, for the next 5 years on their respective website."
 - b) The Nodal Ministry shall keep in view the domestic manufacturing / supply base and assess the available capacity and the extent of local competition while identifying items and prescribing the higher minimum local content or the manner of its calculation, with a view to avoiding cost increase from the operation of this Order.
 - c) **Increase in minimum local content:** The Nodal Ministry may annually review the local content requirements with a view to increasing them, subject to availability of sufficient local competition with adequate quality.
13. **Manufacture under license/ technology collaboration agreements with phased indigenization**
- a) While notifying the minimum local content, Nodal Ministries may make special provisions for exempting suppliers from meeting the stipulated local content if the product is being manufactured in India under a license from a foreign manufacturer who holds intellectual property rights and where there is a technology collaboration

agreement / transfer of technology agreement for indigenous manufacture of a product developed abroad with clear phasing of increase in local content.

- b) In procurement of all goods, services or works in respect of which there is substantial quantity of public procurement and for which the nodal ministry has not notified that there is sufficient local capacity and local competition, the concerned nodal ministry shall notify an upper threshold value of procurement beyond which foreign companies shall enter into a joint venture with an Indian company to participate in the tender. Procuring entities, while procuring such items beyond the notified threshold value, shall prescribe in their respective tenders that foreign companies may enter into a joint venture with an Indian company to participate in the tender. The procuring Ministries/Departments shall also make special provisions for exempting such joint ventures from meeting the stipulated minimum local content requirement, which shall be increased in a phased manner.

14. Powers to grant exemption and to reduce minimum local content:

- a) The administrative Department undertaking the procurement (including procurement by any entity under its administrative control), with the approval of their Minister-in-charge, may by written order, for reasons to be recorded in writing,
- i) reduce the minimum local content below the prescribed level; or
 - ii) reduce the margin of purchase preference below 20 (twenty) percent; or
 - iii) exempt any particular item or supplying entities from the operation of this Order or any part of the Order.
- b) A copy of every such order shall be provided to the Standing Committee and concerned Nodal Ministry / Department. The Nodal Ministry / Department concerned will continue to have the power to vary its notification on Minimum Local Content.

15. Directions to Government companies: In respect of Government companies and other procuring entities not governed by the General Financial Rules, the administrative Ministry or Department shall issue policy directions requiring compliance with this Order.

16. Standing Committee.

- a) A standing committee is hereby constituted with the following membership:
- i) Secretary, Department for Promotion of Industry and Internal Trade-Chairman
 - ii) Secretary, Commerce-Member
 - iii) Secretary, Ministry of Electronics and Information Technology-Member
 - iv) Joint Secretary (Public Procurement), Department of Expenditure-Member
 - v) Joint Secretary (DPIIT)-Member-Convenor
- b) The Secretary of the Department concerned with a particular item shall be a member in respect of issues relating to such item. The Chairman of the Committee may co-opt technical experts as relevant to any issue or class of issues under its consideration.

17. Functions of the Standing Committee: The Standing Committee shall meet as often as necessary, but not less than once in six months. The Committee

- a) shall oversee the implementation of this order and issues arising therefrom and make recommendations to Nodal Ministries and procuring entities.
- b) shall annually assess and periodically monitor compliance with this Order.
- c) shall identify Nodal Ministries and the allocation of items among them for issue of notifications on minimum local content.

- d) may require furnishing of details or returns regarding compliance with this Order and related matters.
- e) may, during the annual review or otherwise, assess issues, if any, where it is felt that the manner of implementation of the order results in any restrictive practices, cartelization or increase in public expenditure and suggest remedial measures.
- f) may examine cases covered by paragraph (xiii) above relating to manufacture under license/ technology transfer agreements with a view to satisfying itself that adequate mechanisms exist for enforcement of such agreements and for attaining the underlying objective of progressive indigenization.
- g) may consider any other issue relating to this Order which may arise.

18. **Removal of difficulties:** Ministries /Departments and the Boards of Directors of Government companies may issue such clarifications and instructions as may be necessary for the removal of any difficulties arising in the implementation of the Order.

19. **Ministries having existing policies:** Where any Ministry or Department has its own policy for preference to local content approved by the Cabinet after 1st January 2015, such policies will prevail over the provisions of the Order. All other existing orders on preference to local content shall be reviewed by the Nodal Ministries and revised as needed to conform to this Order, within two months of the issue of this Order.

20. **Transitional provision:** The Order shall not apply to any tender or procurement for which notice inviting tender or other form of procurement solicitation has been issued before the issue of this Order.

1.9.3. Restrictions/ Prior Registration on Entities from a Class of Countries (Rule 144 (xi), GFR 2017)

1. **Requirement of registration:** Rule 144 of GFR, 2017, has been amended to include a new sub-para (xi) as follows:

“Notwithstanding anything contained in these Rules, Department of Expenditure may, by order in writing, impose restrictions, including prior registration and/ or screening, on procurement from bidders from, or bidders having commercial arrangements with an entity from, a country or countries, or a class of countries, on grounds of defence of India, or matters directly or indirectly related thereto including national security; no procurement shall be made in violation of such restrictions.”

2. Detailed provisions in this regard have been notified by the Department of Expenditure's OM No. F.7/10/2021-PPD (1) dated 23.02.2023, are as follows.

- a) Any bidder from a country which shares a land border with India will be eligible to bid in any procurement, whether of goods, services (including consultancy services and non-consultancy services) or works (including turnkey projects) only if the bidder is registered with the Competent Authority. The information on Competent Authority is given in sub-para 10 below.
- b) Any bidder (including an Indian bidder) who has a Specified Transfer of Technology (ToT) arrangement with an entity from a country which shares a land border with India will be eligible to bid in any procurement, whether of goods, services (including consultancy services and non-consultancy services) or works (including turnkey projects) only if the bidder is registered with the Competent Authority, specified in para 10 below.

- c) The requirement of registration for cases covered by para (a) above has been applicable since 23.07.2020. The requirement of registration for bidders covered by para (b) above will be applicable for all procurements where tenders are issued/ published after 01.04.2023.
- d) In tenders issued after 23.07.2020 or 01.04.2023, as the case may be, the provisions of requirement of registration of bidders and of other relevant provisions of this Order shall be incorporated in the tender conditions.

3. **Applicability**

Apart from Ministries/Departments, attached and subordinate bodies, notwithstanding anything contained in Rule 1 of the GFRs 2017, the Order shall also be applicable.

- a) to all Autonomous Bodies;
- b) to public sector banks and public sector financial institutions;
- c) to all Central Public Sector Enterprises;
- d) to all procurement in Public Private Partnership projects receiving financial support from the Government or public sector enterprises/ undertakings; and
- e) Union Territories, National Capital Territory of Delhi, and all agencies/ undertakings thereof.
- f) The Order is not applicable:
 - i) In projects which receive international funding with the approval of the Department of Economic Affairs (DEA), Ministry of Finance, the procurement guidelines applicable to the project shall normally be followed, notwithstanding anything contained in this order and without reference to the Competent Authority. Exceptions to this shall be decided in consultation with DEA.
 - ii) On procurements made by Indian missions and by offices of government agencies/ undertakings located outside India.
 - iii) On bidders (or entities) from those countries (even if sharing a land border with India) to which the Government of India has extended lines of credit or in which the Government of India is engaged in development projects. Updated lists of countries to which lines of credit have been extended or in which development projects are undertaken are given on the website of the Ministry of External Affairs¹¹.
 - iv) On procurement of spare parts and other essential service support like Annual Maintenance Contract (AMC)/ Comprehensive Maintenance Contract (CMC), including consumables for closed systems, from Original Equipment Manufacturers (OEMs) or their authorized agents, shall be exempted from the requirement of registration.

4. **Definitions**

- a) "Bidder" for the purpose of the Order (including the term 'bidder', 'consultant' 'vendor' or 'service provider' in certain contexts) means any person or firm or company, including any member of a consortium or joint venture (that is an association of several persons, or firms or companies), every artificial juridical person not falling in any of the descriptions of bidders stated hereinbefore, including any agency, branch or office controlled by such person, participating in a procurement process.

¹¹<https://mea.gov.in/Lines-of-Credit-for-Development-Projects.htm>

Chapter 1: Introduction to Procurement of Consultancy Services

- b) “Tender” for the purpose of the Order will include other forms of procurement, except where the context requires otherwise.
- c) “Transfer of Technology” means dissemination and transfer of all forms of commercially usable knowledge such as transfer of know-how, skills, technical expertise, designs, processes and procedures, trade secrets, which enables the acquirer of such technology to perform activities using the transferred technology independently. (Matters of interpretation of this term shall be referred to the Registration Committee constituted by the Department for Promotion of Industry and Internal Trade, and the interpretation of the Committee shall be final.)
- d) “Specified Transfer of Technology” means a transfer of technology in the sectors and/ or technologies, specified in sub-para 4 below, occurring on or after 23.07.2020.
- e) “Bidder (or entity) from a country which shares a land border with India” for the purpose of the Order means:
 - i) An entity incorporated, established, or registered in such a country; or
 - ii) A subsidiary of an entity incorporated, established, or registered in such a country; or
 - iii) An entity substantially controlled through entities incorporated, established, or registered in such a country; or
 - iv) An entity whose beneficial owner is situated in such a country; or
 - v) An Indian (or other) agent of such an entity; or
 - vi) A natural person who is a citizen of such a country; or
 - vii) A consortium or joint venture where any member of the consortium or joint venture falls under any of the above
- f) “Agent” for the purpose of the Order is a person employed to do any act for another, or to represent another in dealings with third persons.

Note

- i) A person who procures and supplies finished goods from an entity from a country which shares a land border with India will, regardless of the nature of his legal or commercial relationship with the producer of the goods, be deemed to be an Agent for the purpose of this Order.
 - ii) However, a bidder who only procures raw material, components etc. from an entity from a country which shares a land border with India and then manufactures or converts them into other goods will not be treated as an Agent.
- g) Beneficial owner for the purposes of point e(iv) will be as under:
- i) In case of a company or Limited Liability Partnership, the beneficial owner is the natural person(s), who, whether acting alone or together, or through one or more juridical person(s), has a controlling ownership interest or who exercises control through other means.

Explanation: -

- 1) “Controlling ownership interest” means ownership of, or entitlement to, more than twenty-five per cent of shares or capital or profits of the company;
- 2) “Control” shall include the right to appoint the majority of the directors or to control the management or policy decisions, including by virtue of their

shareholding or management rights or shareholders agreements or voting agreements;

- ii) In case of a partnership firm, the beneficial owner is the natural person(s) who, whether acting alone or together, or through one or more juridical person, has ownership of entitlement to more than fifteen percent of capital or profits of the partnership;
- iii) In case of an unincorporated association or body of individuals, the beneficial owner is the natural person(s), who, whether acting alone or together, or through one or more juridical person, has ownership of or entitlement to more than fifteen percent of the property or capital or profits of such association or body of individuals;
- iv) Where no natural person is identified under (4) (a) or (4) (b) or (4) (c) above, the beneficial owner is the relevant natural person who holds the position of senior managing official;
- v) In case of a trust, the identification of beneficial owner(s) shall include identification of the author of the trust, the trustee, the beneficiaries with fifteen percent or more interest in the trust and any other natural person exercising ultimate effective control over the trust through a chain of control or ownership.
- vi) For determining nationality while assessing the beneficial ownership of the bidder, the nationality as mentioned in the Passport of the beneficiary owner should be considered. In case of the possibility of dual citizenship, nationality on all the passports should be considered, through a suitable declaration. If, nationality in any of the passports of the person, whose beneficial ownership is being assessed, is recorded to be from a country sharing land border with India, the provisions contained under this Order shall apply.

5. Sensitive Sectors/ Technologies (relevant only for the provisions on ToT arrangements):

- a) Certain sectors and technologies have been identified as sensitive from the national security point of view. The sectors listed in Schedule I to this Order are considered Category-I sensitive sectors. The sectors listed in Schedule II to this Order are considered Category-II sensitive sectors. The technologies listed in Schedule III are considered sensitive technologies.

List of Category-I Sensitive sectors (Schedule-I)

S. No	Sectors
1	Atomic Energy
2	Broadcasting/ Print and Digital Media
3	Defence
4	Space
5	Telecommunications

List of Category-II Sensitive sectors (Schedule-II)

S. No	Sectors
1	Power and Energy (including exploration/ generation/ transmission/ distribution/ pipeline)
2	Banking and Finance including Insurance
3	Civil Aviation
4	Construction of ports and dams & river valley projects
5	Electronics and Microelectronics
6	Meteorology and Ocean Observation
7	Mining and extraction (including deep sea projects)
8	Railways
9	Pharmaceuticals & Medical Devices
10	Agriculture
11	Health
12	Urban Transportation

List of Sensitive Technologies (Schedule-III)

S. No	Sectors
1	Additive Manufacturing (e.g., 3D Printing)
2	Any equipment having electronic programmable components or autonomous systems (e.g., SCADA systems)
3	Any technology used for uploading and streaming of data including broadcasting, satellite communication etc.
4	Chemical Technologies
5	Biotechnologies including Genetic Engineering and Biological Technologies
6	Information and Communication Technologies
7	Software

- b) For Category-I sensitive sectors, bidders with ToT arrangement in any technology with an entity from a country which shares a land border with India shall require registration.
- c) For Category-II sensitive sectors, bidders with ToT arrangement in the sensitive technologies listed in Schedule III, with an entity from a country which shares a land border with India shall require registration.
- d) In Category-II sensitive sectors, the Secretary (or an officer not below the rank of Joint Secretary to Government of India, so authorized by the Secretary) of the Ministry/ Department of the Government of India is empowered, after due consideration, to waive the requirement of registration for a particular item/ application or a class of items/ applications from the requirement of registration,

even if included in Schedule III. The Ministry/ Department concerned shall intimate the Department for Promotion of Industry and Internal Trade (DPIIT) and National Security Council Secretariat (NSCS) of their decision to waive the requirement of registration. Ministries/ Departments of the Government of India are not required to consult the DPIIT/ NSCS before deciding and are only required to intimate the decision to DPIIT/ NSCS. If any point is raised by DPIIT/ NSCS, it should be considered in future procurements; ongoing procurement for which the waiver was granted need not be interrupted or altered.

- e) Based on security considerations, a Ministry/ Department in a Category II sensitive sector or other Ministries/ Departments may recommend to DPIIT inclusion of any other technology in the list of sensitive technologies, either generally or for their Ministry/ Department.

6. Sub-contracting in works contracts

In works contracts, including turnkey contracts, contractors shall not be allowed to sub-contract works to any contractor from a country which shares a land border with India unless such contractor is registered with the Competent Authority. The definition of “contractor from a country which shares a land border with India” shall be as in sub-para 4-e) above. This shall not apply to sub-contracts already awarded on or before the date of the Order (i.e., 23rd July 2020).

[Note: Procurement of raw material, components, etc. does not constitute sub-contracting]

7. Model Clauses/ Certificate regarding compliance

An undertaking shall be taken from bidders that the extant guidelines for participation in the tenders (which should include conditions for implementation of this Order) have been complied with. If such certificate given by a bidder whose bid accepted is found to be false, this would be a ground for debarment and further legal action in accordance with law. Model Clauses and Model Certificates which may be inserted in tenders / obtained from Bidders are given at Annexure-18. While adhering to the substance of the Order, procuring entities are free to appropriately modify the wording of these clauses based on their past experience, local needs etc.

8. Validity of registration

In respect of tenders, registration should be valid at the time of submission of bids and at the time of acceptance of bids. In respect of supply otherwise than by tender, registration should be valid at the time of placement of order. If the bidder was validly registered at the time of acceptance / placement of order, registration shall not be a relevant consideration during contract execution.

9. Government e-Marketplace

GeM shall remove non-compliant entities from GeM unless/ until they are registered in accordance with this Order.

10. Competent Authority and Procedure for Registration

- a) The Competent Authority for the purpose of registration under this Order shall be the Registration Committee constituted by the Department for Promotion of Industry

and Internal Trade (DPIIT)¹² [Notified vide OM No. F.6/18/2019-PPD issued by Department of Expenditure dated 23.07.2020]

- b) The Registration Committee shall have the following members:
- i) An officer, not below the rank of Joint Secretary, designated for this purpose by DPIIT, who shall be the Chairperson;
 - ii) Officers (ordinarily not below the rank of Joint Secretary) representing the Ministry of Home Affairs, Ministry of External Affairs, and of those Departments whose sectors are covered by applications under consideration;
 - iii) Any other officer whose presence is deemed necessary by the Chairperson of the Committee.
- c) DPIIT has laid down the method of application, format etc. for such bidders as covered by the Order.
- d) On receipt of an application seeking registration from a bidder covered by sub-para 2-a) and 2-b) above, the Competent Authority shall first seek political and security clearances from the Ministry of External Affairs and Ministry of Home Affairs, as per guidelines issued from time to time. registration shall not be given unless political and security clearance have both been received.
- e) The Ministry of External Affairs and Ministry of Home Affairs may issue guidelines for internal use regarding the procedure for scrutiny of such application by them.
- f) The decision of the Competent Authority, to register such bidder may be for all kinds of tenders or for a specified type(s) of goods or services and may be for a specified or unspecified duration of time, as deemed fit. The decision of the Competent Authority shall be final.
- g) Registration granted by the Competent Authority of the Government of India shall be valid not only for procurement by the Central Government and its bodies specified in sub-para 3 above, but also for procurement by State Governments and their agencies/ public enterprises etc. No fresh registration at the State level shall be required.
- h) The Competent Authority is empowered to cancel the registration already granted if it determines that there is sufficient cause. Such cancellation by itself, however, will not affect the execution of contracts already awarded. Pending cancellation, it may also suspend the registration of a bidder, and the bidder shall not be eligible to bid in any further tenders during the period of suspension.
- i) For national security reasons, the Competent Authority shall not be required to give reasons for rejection/cancellation of registration of a bidder.

¹² (i) In respect of application of the Order to procurement by/ under State Governments, all functions assigned to DPIIT shall be carried out by the State Government concerned through a specific department or authority designated by it. The composition of the Registration Committee shall be as decided by the State Government. However, the requirement of political and security clearance as per para 10 (d) above shall remain and no registration shall be granted without such clearance.

(ii) Registration granted by State Governments shall be valid only for procurement by the State Government and its agencies/ public enterprises etc. and shall not be valid for procurement in other states or by the Government of India and their agencies/ public enterprises etc.

11. Special Cases [In reference to para 2-b) above]

- a) Bona fide procurements made through GeM without knowing the country of the bidder till the date fixed by GeM for this purpose, shall not be invalidated by the Order.
- b) Bona fide small procurements, made without knowing the country of the bidder, shall not be invalidated by the Order.
- c) In projects which receive international funding with the approval of the Department of Economic Affairs (DEA), Ministry of Finance, the procurement guidelines applicable to the project shall normally be followed, notwithstanding anything contained in the Order and without reference to the Competent Authority. Exceptions to this shall be decided in consultation with DEA.
- d) The Order shall not apply to procurement by Indian missions and by offices of government agencies/ undertakings located outside India.
- e) The Order will not apply to bidders from those countries (even if sharing a land border with India) to which the Government of India has extended lines of credit or in which the Government of India is engaged in development projects. Updated lists of countries to which lines of credit have been extended or in which development projects are undertaken are given in the website of the Ministry of External Affairs¹³.
- f) A bidder is permitted to procure raw material, components, sub-assemblies etc. from the vendors from countries which shares a land border with India. Such vendors will not be required to be registered with the Competent Authority, as it is not regarded as “sub-contracting.” However, in case a bidder has proposed to supply finished goods procured directly/ indirectly from the vendors from the countries sharing land border with India, such vendor will be required to be registered with the Competent Authority¹⁴.
- g) Procurement of spare parts and other essential service support like Annual Maintenance Contract (AMC)/ Comprehensive Maintenance Contract (CMC), including consumables for closed systems, from Original Equipment Manufacturers (OEMs) or their authorized agents, shall be exempted from the requirement of registration as mandated under Rule 144(xi) of GFR, 2017 and Public Procurement orders issued in this regard¹⁵.

12. Clarifications regarding the applicability of the restrictions under Rule 144 (xi) of the GFRs.

- a) The proprietary purchases are not excluded from the provisions of the Rule 144 (xi) of GFR, 2017.
- b) The rule is applicable on all the purchases irrespective of the order value.
- c) The provisions of Rule 144 (xi) are not applicable in case of selling of raw materials by a Government agency (like a CPSE/ Autonomous Bodies etc.).
- d) The provisions of Rule 144 (xi) are not applicable on the export to the countries sharing land border with India.
- e) Sub-contracting is not permitted to any contractor from a country sharing land border with India, unless registered with the competent authority. However, it is to

¹³Notified through Order (Public Procurement No. 2) vide F.No.6/18/2019-PPD issued by Department of Expenditure dated 23.07.2020.

¹⁴ Notified vide OM No. F.18/37/2020-PPD issued by Department of Expenditure dated 08.02.2021.

¹⁵ Notified vide OM No. F.12/1/2021-PPD(Pt.) issued by Department of Expenditure dated 02.03.2021.

be noted that procurement of raw material, components, etc. does not constitute sub-contracting. In case, a bidder has proposed to supply finished goods, procured directly/ indirectly from the vendors from the countries which shares land border with India, such vendor will be required to be registered with the Competent Authority as per the provisions of Rule 144 (xi) of GFR, 2017.

- f) **Hiring of Services:** Suppose, a Bidder (Indian/Foreign), who is not from a country sharing land border with India, offers services to a procuring entity by arranging equipment from another company then the following scenarios may appear:

S. No	Scenario	Applicability of Rule 144 (xi)
a)	<i>The equipment/ goods have been purchased or will be purchased from company (manufacturer) from country which shares a land border with India</i>	<i>The bidder has procured certain goods to offer the requisite services to a procuring entity. In such case, the bidder does not fall within the definition of the terms “bidder” as defined under sub-para 4-e) above. Hence, the provisions of the Rule 144 (xi) of GFR, 2017 do not apply to this case.</i>
b)	<i>By entering into a MOU/ lease agreement with the company (who owns the equipment/ goods) from country which shares a land border with India</i>	<i>Here, the bidding vendor proposes to hire the services from a company that belongs to a country sharing land border with India. This, prima facie, becomes the case of indirect supply of services by a company that owns the equipment/ goods by introducing an intermediary. The intermediary merely acts as an agent to the company providing services of the equipment. In such a case registration of company owning the equipment and indirectly supplying the services shall require to be registered with the competent authority, thereby requiring the need to fulfil the provisions of Rule 144 (xi).</i>
c)	<i>By entering into a MOU/ lease agreement with the company (say ‘X’ who is the present owner of the equipment) from country which does not share a land border with India. The equipment has been purchased from the manufacturer of the company (say ‘Y’) which is from country that shares a land border with India.</i>	<i>In this case, the actual supplier of services, prima facie, shall be ‘X.’ Status of ‘X’ in this case does not attract the provisions of Rule 144 (xi).</i>

g) Illustrative examples on the applicability of the Restrictions under Rule 144 (xi) of GFR 2017

i) A vendor say, 'Party A' from India, is procuring an item from their sister company say, 'Party B,' which is registered in a country not sharing land border with India. Both the parties, Party A and B are owned by an entity say, 'Party C.' Party C does not belong to a country sharing land border with India. However, Party B has its production facility in a Country sharing land border with India, and the manufactured item will be procured by Party A from its sister concern i.e., Party B from the above-mentioned production facility. The production unit is wholly owned by Party B. The Party A now claims that the provisions of Rule 144 (xi) of GFR 2017 do not apply on it because both the Party A and B are not:

- 1) An entity incorporated, established, or registered in such a country, as Party A is registered in India and Party B is registered in a Country not sharing land border with India;
- 2) A subsidiary of an entity incorporated, established, or registered in such a country as they are 100% owned subsidiary of Party C, which is incorporated, registered, and established in a country not sharing land border with India;
- 3) An entity controlled through entities incorporated, established, or registered in such a country as they are 100% owned by Party C which is registered and established in a country not sharing land border with India;
- 4) An entity whose beneficial owner is situated in such a country as their beneficial owner is Party C;
- 5) An Indian (or other) agent of such an entity;
- 6) A natural person who is a citizen of such a country;
- 7) A consortium or joint venture where any member of the consortium or joint venture falls under any of the above. Though it has a wholly owned subsidiary in a country which shares land border with India but not a JV or consortium (subsidiary does not qualify as JV or consortium)
- 8) In addition to above, Party A claims that they are not procuring finished goods directly/ indirectly from the vendors from the countries sharing land border with India as the item is being manufactured in their own production units.

With the above facts put into light and the claims put forth by Party A, it is to bring to the clarity to the procurers, that Party A requires to get itself registered with the competent authority as per the provisions of Rule 144 (xi) of GFR 2017, since the procured item is a finished product, that is being procured by Party A from its sister organization Party B from the manufacturing unit situated in the country sharing land border with India.

ii) Taking an example of IT goods and services:

1. if the contractor is only supplying the servers as it is from an OEM, that belongs to a country sharing land border with India, and there is no value addition done by the contractor, then the contractor acts as an agent for the OEM and registration of the OEM and the agent (contractor) both are required as per the provisions of Rule 144 (xi) of GFR 2017.

2. In case the contractor supplies value added services on a hardware, the contractor outsources, in that case the registration of OEM is not required.
3. Where there is deployment of IT services that includes both hardware and software customization, and the contractor has sourced hardware, which is made in the country sharing land border with India, the requirement of registration as per the provisions of Rule 144 (xi) are not applicable.

1.9.4. Support to Start-up Enterprises

1. Definition of Start-up Enterprises

- a) As defined by DPIIT, an entity shall be considered as a 'Start-up':
 - i) Upto a period of ten years from the date of incorporation/ registration, if it is incorporated as a private limited company (as defined in the Companies Act, 2013) or registered as a partnership firm (registered under section 59 of the Partnership Act, 1932) or a limited liability partnership (under the Limited Liability Partnership Act, 2008) in India, and
 - ii) Turnover of the entity for any of the financial years since incorporation/ registration has not exceeded one hundred crore rupees, and
 - iii) The entity works towards innovation, development or improvement of products or processes or services or a scalable business model with a high potential for employment generation or wealth creation.
- b) Provided that an entity formed by splitting up or reconstructing an existing business shall not be considered a 'Start-up'.
- c) A Start-up so identified under the above definition shall be required to obtain and submit along with his bid a certificate of an eligible Start-up from the inter-Ministerial Board of Certification to obtain support.

2. Support to Start-ups

The Government of India has ordered the following support to Start-ups (as defined by the Department for Promotion of Industrial and Internal Trade - DPIIT).

- a) Exemption from submission of Bid Security: Such Start-ups shall be exempted from payment of Earnest Money.
- b) Relaxation in Prior Turnover and Experience: The Procuring Entity reserves its right to relax the condition of prior turnover and prior experience for start-up enterprises recognized by Department for Industry & Internal Trade (DPIIT), subject to meeting of quality & technical specifications. Startups may be MSMEs or otherwise. The decision of the Procuring Entity in this regard shall be final. Startups may be MSMEs or otherwise. ((Rule 173 (i) of GFR 2017).
- c) However, there may be circumstances (like procurement of items related to public safety, health, critical security operations and equipment, etc.) where procuring entity may prefer the vendor to have prior experience rather than giving orders to new entities¹⁶.

1.10. When is Procurement of Consultancy Services justified

Rule 178 & 180 of GFR 2017, permits Ministries/ Departments to hire external professionals, consultancy firms or consultants (referred to as consultant hereinafter) for a specific job, which

¹⁶ Notified vide OM No.F.20/2/2014-PPD(Pt.) issued by Department of Expenditure dated 29.09.2016.

is well defined in terms of content and time frame for its completion. Engagement of consultants may be resorted to in situations requiring high quality services for which the Procuring Entity does not have requisite expertise. Approval of the competent authority should be obtained before engaging consultant(s). We may justify need for Procurement of Consultancy Services on consideration of:-

- a) The inadequacy of Capability or Capacity of required expertise in-house;
- b) The need to have qualified consultants for providing a specialized high quality service;
- c) Need for impartial advice from a consultant (acting independently from any affiliation The need to have qualified consultant for providing a specialized high quality, economic or otherwise) to avoid conflicts of interest;
- d) The need in some cases for Transfer of Knowledge/ Training/ Capacity and capability building as a by-product of such engagement;
- e) Need to acquire information about/ identifying and implementing new methods and systems;
- f) Need for planning and implementing organizational change
- g) There may be internal capacity/ capability to do the job but there are considerations of economy, speed, and efficiency in relation to additional requirement/ commitment/ usage of;
 - i) Staff/ Management/ Organization;
 - ii) Technological and Material Resources;
 - iii) Money, and
 - iv) Time/ Speed of execution.

1.11. Principles for Public Procurement of Consultancy Services

1. Other principles of Public Procurement as mentioned in 1.7 above are also equally applicable to Procurement of consultancy services. To ensure value for money during procurement of consultancy services, the following additional principles shall be considered:

- a) Services to be procured should be justifiable in accordance with Para 1.10 above;
- b) Terms of Reference (a document covering well-defined scope of work/ description of services and the time frame for which services are to be availed of) should be consistent with the overall objectives of Procuring Entity;
- c) Equal opportunity to all qualified service providers to compete should be ensured;
- d) Engagements should be economical and efficient. (*Rule 182 of GFR 2017*);
- e) Transparency and integrity in the selection process (that is, proposed, awarded, administered, and executed according to highest ethical standards) and;
- f) Additionally, in procurement of consultancy services, consultants should be of high quality, in line with justification as per para 1.10 above.

(Rule 179 of GFR 2017)

2. In Procurement of Consultancy, these considerations can be best addressed through unrestricted competition among qualified shortlisted firms or individuals in which selection is based on the quality of the proposal and, where appropriate, on the cost of services to be provided. Hence Procurement of Consultancy needs to be done in a two-stage process.

1.12. The Law of Agency – applicable to Procurement of Consultancy services

Laws which are applicable to Public Procurement of goods equally apply to Procurement of consultancy services. These are detailed in Appendix 2 in Goods manual. Legally speaking service provider would be an Agent of the Principal/ Client/ Procuring Entity – Procuring Entity, to carry out the service on its behalf. Such a relationship is covered by The Law of Agency (Section 182 to section 238, of the Indian Contract Act, 1872) and hence there exists a Principal/ Procuring Entity and Agent relationship between Procuring Entity and such consultant/ service provider. As per this law, the Procuring Entity is vicariously legally and financially liable for actions of its Agents. For example, a violation of certain labour laws in deputing staff for Procuring Entity's contract by the service provider may render the Procuring Entity legally and financially answerable for such violations, under certain circumstances. There is a need to be aware of such eventualities. Model tender Documents take care of this aspect.

1.13. Public Procurement Cycle in Procurement of Consultancy Services

The entire process of procurement and implementation of Consultancy services shall include the following steps:

1. **Need Assessment:**
 - a) Preparation of Procurement Proposal (Concept Paper) and obtaining in principle approvals;
 - b) Preparation of the Terms of Reference (ToR), cost estimate and seeking administrative and budgetary approval;
 - c) Developing a Procurement Plan
2. **Shortlisting of Qualified Consultants – EOI process**
3. **RfP Invitation Process:** Preparing 'Request for Proposal (RfP) Document', publication, receipt and opening of bids;
4. **Bid Evaluation and Award of Contract:**
 - a) **Evaluation and Award of Contract**
 - i) Preliminary Examination and Evaluation of technical proposals: consideration of quality;
 - ii) Evaluation of financial proposals;
 - iii) Selection of winning proposal; Negotiations and award of the contract to the selected firm; and
5. **Monitoring of Assignments.**

Details and procedures of various stages of the procurement cycle would be described in following Chapters of the manuals.

1.14. Nomenclature Conundrum

1. There is no standardised nomenclature in Public Procurement in India, and a mix of American, European, and British/ Indian nomenclature has become common. 'Tender' is

taken to mean (i) 'Tender Document' or 'Tender Process' as well as (ii) the 'Bid' submitted by the 'bidders.' The Tender Document floated by Procuring Entity is also called a Bid (or Bidding) Document. Similarly, participants in a 'tender' are alternatively called bidders and tenderers. This duality is reflected in "Notice Inviting Tenders' and 'Instructions to Bidders' etc.

2. An attempt is made to standardise the term 'Tender' for 'Tender Document' (document prepared and published by the Procuring Entity, instead of bid/ bidding document) or 'Tender Process' and Bid for the 'bid' submitted by the 'bidders' and hence 'bidder' is used instead of tenderer. Similar attempts are made to standardise other nomenclature in this document without disturbing the nomenclature (e.g., Pre-qualification Bidding) embedded in the CPPP or GeM portals.

Chapter 2: Need assessment, Formulation of Terms of Reference, and Procurement Planning

2.1. Need Assessment

1. A critical part of the procurement of Consultancy Services process is preparing an appropriately staffed and budgeted Procurement Proposal/ Concept Paper (which serve the function that an Indent serves in procurement of Goods). The authority in the user Department initiating the procurement proposal shall first determine the need (including anticipated quantum) for the subject matter of the procurement. Purpose/ Objective Statement of Services, Service Outcome Statement, and justification for the procurement of Consultancy Services are important parts of the procurement proposal.
2. Terms of Reference containing Scope of Work, Time-frame, Key Staff, Deliverables/ Milestones is of fundamental importance in ensuring value for money, transparency, competition, and level playing field in procurement of Consultancy Services. The user Department shall maintain all documents relating to the determination and technical/financial/budgetary approvals of the need for procurement. During need assessments, the following matters are decided to comply with the 'Procurement Guidelines':

2.2. Procurement Proposal (Concept Paper) for Consultancy services

2.2.1. Preparing Procurement Proposal/ Concept Paper

As a first step towards procurement of services, a formal written brief Proposal and Justification for the Services should be prepared (*Please see a suggested format in Annexure 4: Format of Procurement Proposal*). It is akin to the Indent for Materials/ Material Requisition in case of Procurement of Goods. The User should prepare in simple and concise language the requirement, purpose/ objectives and the scope/ outcomes of the assignment and justify the procurement based on analysis of in-house available capacity/ capability. The eligibility and pre-qualification criteria to be met by the service providers should also be clearly identified at this stage. Justifications for procurement of Consultancy Services as given in para 1.10 may be kept in view. It is the basic document for initiating procurement of services. It is also the document from which the subsequent detailing of Terms of Reference (ToR) for consultancy services is drawn up. A procurement proposal should contain:

1. **Purpose/ Objective Statement of Services:** "Purpose/ Objective Statement of Services" should be prepared by the user. One of the important contents of this statement is description of service to describe the subject matter of procurement which would be used in all subsequent documents. Bringing out the background and context, this should justify how the proposed procurement of services would fit in with short-term and strategic goals of Procuring Entity. Making such a statement is important to put the need for services in clear

perspective. It may seem elementary or academic but is a necessary and critical first step in properly designing a procurement proposal.

2. **Service Outcome Statement:** Once the "Purpose/ Objective of Services" has been clearly defined, the next step is to formulate a 'Service Outcome Statement'. This should list out qualitatively and quantitatively the outcomes expected from the Procurement of Services, as well as the expected Time-frame and a rough estimate of cost of Procurement of services (including related costs to be incurred by the organization). At this stage, it is not necessary go into details of all the activities required to achieve the service outcomes, but it should list at least the broad activities, would help in putting a rough estimate to the cost of the assignment. A 'Service Outcome Statement' should provide a concrete basis for subsequently defining the type and amount of work that needs to be done by the Consultant and the time-frame within which the output needs to be received by the user. The estimated cost is needed to ascertain the level of approval necessary as per SoPP.

3. **Justification for the procurement of Services:** The Concept Paper/ Procurement proposal should analyse the capabilities/ capacities required to carry out the assignment. It should also analyse the available in-house capabilities/ capacities and compare these with the ones required for the assignment. Based on this assessment the Procurement should be justified in the light of para 1.10.

2.2.2. In-principle Approval for initiating procurement of Services

Based on the justification contained in the Procurement Proposal, in-principle administrative approval and budgetary sanction for initiating procurement of such services should be accorded by the Competent Authority (CA) as laid down in SoPP. Further stages may be proceeded with, only after such approvals. (Rule 181 of GFR 2017)

2.3. Preparation of Terms of Reference (ToR)

1. ToR is akin to Description, Quantity and Technical Specification in Procurement of Goods. This is the first step in the selection of the consultants once a need has been identified. It explains the purpose/ objectives of the assignment, scope of work, activities, tasks to be performed, respective responsibilities of the Procuring Entity and consultant, expected results, and deliverables of the assignment. It is important for an understanding of the assignment and its correct execution to ensure that the objectives of assignment are achieved. It reduces the risk for the Procuring Entity of unnecessary extra work, delays, and additional expenses. In addition, it helps reduce for the bidders the risk of ambiguities during the preparation of bidder's proposals, contract negotiation, and execution of Consultancy.

2. Hence ToR should be comprehensive and unambiguous. However, it should not be too detailed and inflexible, so that competing consultants may be in a position to propose their own methodology and staffing. Bidders shall be encouraged to comment on the ToR in their proposals. The ToR shall include:

- a) Procuring Entity's organisation background and Project background;
- b) Purpose and Service Outcomes Statement of the assignment; (refer to chapter 1)
- c) Detailed scope of work Statement including schedule for completing the assignment;
- d) Expected requirement of key professionals and kind of expertise;
- e) Capacity-building programme and transfer of knowledge, if any;

- f) Deliverables - List of reports (or documents, data, maps, surveys, designs, drawings), schedule of deliveries, and period of performance;
 - g) Background material, Data, reports, records of previous surveys, and so on, available and to be provided to the consultant;
 - h) Facilities such as local conveyance, office space, office machines, secretarial assistance, utilities, local services, etc., which would be provided to the consultant by the Procuring Entity;
 - i) Institutional and organisational arrangement; and
 - j) Procedure for review of the work of consultant after award of contract
3. A template for developing a ToR is given at Annexure 5. It should cover following aspects:
- a) **Detailed Scope of Work:** As part of the ToR, at its simplest, the 'Detailed Scope of Work ' will contain the type and volume of activity to be undertaken and the time-frame of activity involved to achieve the Purpose and Service Outcomes as envisage in the 'Brief proposal and Justification of the Services' (refer chapter 1). Starting from end-outcomes backwards, the process to achieve the outcomes is broken down into a discrete number of interrelated tasks, which the consultant will have to undertake. In consultancy Services, the 'Detailed Scope of Work' should describe only the activities, not the approach or methodology by which the results are to be achieved, since these are the task of the consultants. However, suggestions may be provided on the approach or the methodology that the consultants could or should use to execute the assignment. After the tasks are identified, a logical sequencing of the tasks must be determined. Usually a simple bar chart (or Gantt-chart) is the best way to illustrate required outputs over time and their relationship to each other. The 'Detailed Scope of Work ' contains such a sequence of tasks over a timeline and also tangible outputs and activities such as reports, workshops, or seminars.
 - b) **Expected requirement of key professionals and kind of expertise”** Except in very complex Consultancies, it is desirable to not to distinguish the tasks of individual experts but instead to prepare a longer and more detailed description of what the Consultancy team, as a whole, will provide without splitting up tasks. These are generally known as “activity based” ToR as opposed to “position-based” ToR. The ToR would list a range of tasks without regard to who will have the responsibility to undertake them. In most of the cases, where the number of experts is small, the work to be done is not clearly defined, and a degree of flexibility is required— this is acceptable. In Consultancy services, Key professionals are usually named and their credentials carry weightage in technical evaluation.
 - c) **Deliverables and Reports Requirements:** The assignments deliverables and reporting should be clearly specified. In particular, for inception and progress reports, there should be a balance between keeping the Procuring Entity well informed and not forcing consultants to spend an excessive amount of time preparing minor reports. The ToR should indicate the format, frequency, and content of reports as well as the number of copies, the language, and the names of the prospective recipients of the reports. For all major reports, an executive summary is recommended as a separate section. Depending on the assignment, the following reports are usually required;

- i) **Inception Report:** This report should be submitted about six weeks after the commencement date. Any major inconsistency in the ToR, staffing problems, or deficiency in Procuring Entity's assistance that have become apparent during this period should be included. The inception report is designed to give the Procuring Entity confidence that the assignment can be carried out as planned and as agreed upon in the contract, and should bring to its attention major problems that might affect the direction and progress of the work.
 - ii) **Progress Reports:** These reports keep the Procuring Entity regularly informed about the progress of the assignment. They may also provide warnings of anticipated problems or serve as a reminder for payment of invoices due. Depending on the assignment, progress reports may be delivered monthly or bimonthly. For feasibility studies and design assignments, delivery of progress reports at two-month intervals is satisfactory. For technical assistance and implementation supervision, for instance, construction, progress reports are best submitted monthly. Progress reports may include a bar chart showing details of progress and any changes in the assignment schedule. Photographs with time-stamping are a quick and easy way of conveying the status of a project, and their use in progress reports should be encouraged. For technical assistance services, progress reports also serve as a means of setting out the work program for the following months. Each team member usually contributes to the preparation of the monthly report.
 - iii) **Interim Reports:** If the assignment is phased, interim reports are required to inform the Procuring Entity of preliminary results, alternative solutions, and major decisions that need to be made. Since the recommendations of an interim report may affect later phases of the assignment and even influence the results of the project, the Procuring Entity should discuss the draft interim reports with consultants in the field. The Procuring Entity should not take more than 15 (fifteen) days to review and approve draft interim reports.
 - iv) **Final Report:** The final report is due at the completion of the assignment. The Procuring Entity and consultants should discuss the report while it is still in draft form. The consultants alone are responsible for their findings; although changes may be suggested in the course of the discussions, consultants should not be forced to make such changes. If the consultants do not accept comments or recommendations from the Procuring Entity, these should be noted in the report. The consultants should include in the report the reasons for not accepting such changes.
- d) Background material, records of previous surveys etc. available and to be provided to the consultant. This would vary from project to project, but transparency demands that such information should be transparently and equitably shared with all prospective bidders.
 - e) Facilities such as local conveyance, office space, secretarial assistance etc., which can be provided to the consultant. This aspect has a great bearing on the cost that will be quoted by the bidders. This can have implications in vitiating the selection process either way – a facility to be provided may not get declared or a declared facility may not be provided ultimately. So, great care and reality check is necessary, while preparing this statement.

- f) Procedure for review of the consultancy after award of contract: In consultancy services, the Consultancy Monitoring Committee (CMC), and procedure for review and approval of work of the consultant after the award of contract should also be declared and adhered to.

(Rule 185 of GFR 2017)

2.4. Estimating Costs, Setting the Budget, and Seeking Approval

1. Preparation of a well-thought-through cost estimate is essential if realistic budgetary resources are to be earmarked.

- a) **Categories:** Costs shall be divided into two broad categories: (a) fee or remuneration (according to the type of contract used); and (b) reimbursable costs. Depending on the nature of the assignment, cost estimates may be prepared either in local currency or with a combination of local plus foreign currencies. Cost estimate should provide for forecast of inflation during the period of assignment.
- b) **Estimated Resources:** The cost estimate shall be based on the Procuring Entity's assessment of the resources needed to carry out the assignment:
 - i) Staff time
 - ii) logistical support (City, National and International Travels/ Trips and durations), and
 - iii) physical inputs (for example, vehicles, laboratory equipment)
 - iv) Miscellaneous (Support services, contingencies and Profit element, taxes and duties)
- c) **Rates:** Costs are normally estimated using unit rates (staff remuneration rates, reimbursable expenses) and quantities (exceptionally some items may be estimated on the lump-sum basis or percentage basis – Contingencies and support services). Rates of payment should be identified (including applicable taxes if any) in local and foreign currency for Staff Time, Logistics Costs and Costs of various physical inputs/ support services.
- d) **Staff Costs:** The estimate of staff cost is based on an estimate of the personnel time (staff-months or staff-hours) required for carrying out the assignment taking into account the time required by each expert, his or her billing rate, and the related direct cost component. In general, staff remuneration rates include basic salary, social charges, overheads, fees or profit and allowances. It is useful to prepare a bar chart indicating the duration of each main activity (work schedule) and time to be spent by different members of the consultancy team (staffing schedule) distinguishing tasks to be carried out by foreign and local consultants. Due consideration should be given to the expected breakdown of a consultant's time in the home office and client's countries and away from home office allowance.
- e) **Logistic Costs:** Number of trips required should be estimated as required to carry out various activities. Travel costs may be included for city travel, National and International travel and stay.
- f) **Physical Inputs Costs:** Assessment of such costs would depend on the technical requirements of equipment.
- g) **Miscellaneous costs:** Support services may be taken as a percentage of staff costs. Contingencies and Profit elements are usually taken as a percentage of the

total cost of the Consultancy. To this would be added the taxes and duties likely to be incurred by the consultants.

2. Although assignments vary in size, length and nature, it is possible to make a cost estimate by breaking down the assignment's activities into the following cost categories:

- a) Professional and support staff;
- b) Travel, Hotel, and transport;
- c) Mobilisation and demobilisation;
- d) Office rent, Furniture/ Equipment, supplies, Utilities, IT equipment and communication;
- e) Assignment related surveys, training programmes;
- f) Translation, report printing;
- g) Contingencies: miscellaneous, insurance, shipping; and
- h) Indirect local taxes and duties in connection with carrying out the services.

3. A mismatch between the cost estimate and the ToR is likely to mislead consultants on the desired scope, depth, and details of service required, and this could lead to serious problems during contract negotiations or during implementation of the assignment.

2.5. Final Administrative and Budgetary Approvals

1. The scope of the work described in the ToR shall be compatible with the available budget. The most important step is to determine whether all tasks required to achieve the desired output have been included in the ToR. The next step is to determine whether adequate budget has been allocated to implement the ToR as designed. Since the budget may be fixed or limited, a series of iterations may be required before a final, acceptable ToR is formulated. CA's (Competent Authority) approval may be taken for the ToR before proceeding ahead. After administrative approval provision may be made in the Budget or if that is not feasible, additional confirmation at the time of seeking Administrative approval may be taken from the CA for inclusion in the Revised Estimate stage of Budget. Procurement may be initiated only after such budgetary provisions/ confirmations.

2. Procuring Entities may lay down a schedule of powers for administrative and budgetary approval of procurement proposals for services. Before granting such approvals, it should be certified that funds in the budget are available and liability for this procurement proposal is noted against the total available budget.

2.6. Developing a Procurement Plan

2.6.1. Planning the Procurement

1. The Consultancy Services may be part of a larger project/ works in which there be other components of work, Goods or Non-consultancy services. Once a project or a program is identified, the Procuring Entity needs to develop synchronised procurement plan for all the various components of the project/programme. This will also require planning of the sequence and contents of the different components including this Consultancy Service, adoption of the most appropriate method of selection and type of contract and ensuring that selection of service provider is initiated and completed to in timely manner to meet the overall requirements of project implementation. For example, if a consultant is required for a large road project construction supervision, the entire sequence of preparation of the

feasibility report, detailed design and bidding document, time required for inviting bids for construction work, and award of contract has to be considered so that the construction supervision consultant is mobilised before the award of the construction contract.

Procurement planning is a crucial stage of decision-making in procurement planning for a better outcome and for VfM considerations.

2. **Packaging, Bundling and Slicing:** The procuring authority shall normally neither package nor divide its procurement or take any other action to limit competition among bidders or to avoid the necessity of obtaining the sanction of higher authority required with reference to the estimated value of the total demand (*Rule 157 of GFR 2017*). Provided that in the interest of efficiency, economy, timely completion or supply, wider competition, or access to MSEs, a procuring authority may, for reasons to be recorded in writing, divide its procurement into appropriate packages, or club requirements of other users for procurement. Packaging of the contract and procurement planning should be done keeping in view the availability and possibility of eliciting the interest of the qualified firms; effective competition for the type and size of the contract; and access to MSEs. For example, for a particular contract, material to be procured may constitute more than 50 (fifty) per cent of the total cost of works or there are services which are a mix of consultancy services with substantial element of goods, such as procurement of an IT system. Such procurement could be done as a single composite contract comprising all components or divided into separate procurements for each category of procurement. In all such situations, the dominant aspect of the requirement and value for money aspects of a composite all-inclusive contract versus dividing the contract into respective categories should be carefully examined at the time of Need assessment/ Procurement Planning.

3. **Eligibility for Participation in Tender:** Determine and declare in documents, any limitation on participation of bidders as per the Government's procurement policy regarding preference to certain sections of industry, if any. The procuring entity shall not establish any requirement aimed at limiting participation of bidders in the procurement process that discriminates against or amongst bidders or against any category thereof except to lay down a reasonable and justifiable eligibility or pre-qualification criteria for the bidders;

4. **System of Tendering and Mode of procurement:**

- a) Selection of a system of tendering (single/two stage; single/two bids; suitability for e-procurement or reverse auction);
- b) Select the mode of procurement (open tenders, limited tenders, single tenders, and so on);

5. **Time Frame:** Decisions on the timeframe for completing various stages of procurement, which should be declared in the pre-qualification/bidder registration or tender documents. The procuring entity should endeavour to adhere to the time limit so decided and record reasons for any modification of such limits; and

6. **Annual Procurement plans:** Integrated annual procurement plan should be prepared for goods, works and services for the ensuing financial year based on the latest cost estimates, and realistic time schedule for procurement activities and contract implementation and thus schedule and stagger the procurements over the year with a view to ensure an even load on the procuring entity and the market and to co-ordinate matching procurements of Goods, Works, and Services for a project. The procuring entity may publish information regarding the planned procurement activities for the forthcoming year or years on the central public procurement portal and website/ e-Procurement portal used by the procuring entity with a caveat that such publication shall not be construed as initiation of a procurement process and

cast any obligation on the procuring entity to issue the tender document or confer any right on prospective bidders.

2.6.2. Need assessment, Formulation of Terms of Reference, and Procurement Planning - Risks and Mitigations

Risk	Mitigation
<p>Need is either artificially created or exaggerated, with the intention to channel benefits to an individual or an organisation. For example, demand is created for a good that is not needed simply to benefit the company's owner.</p>	<p>Keep records and involve stakeholders: Records of decision making, and data used should be kept. Involve procurement and finance functions at this stage also. End user and stakeholder consultations should be part of the process.</p>
<p>Delays in Assessment of Need and generation of Purchase Proposal for Procurement may lead to shortcut procurement procedures that dilutes transparency and prevent achievement of value for money. It may also lead to delays in delivery of goods.</p>	<p>Need assessment should be done sufficiently in advance of the time when goods are required. In case of urgent requirements, the urgency certificate should be approved by authority empowered to grant administrative approval for the indent, recording justification – why the need could not be formulated earlier.</p>
<p>The estimate of the costs may be inadequate. This may lead to inadequate response from the bidders and may delay finalisation of procurement. It may also adversely affect the quality of supplies.</p>	<p>Estimates of procurement should be prepared with due diligence, keeping in view inflation, technology changes, profit margins etc.</p>
<p>Need Description/ Specifications/ Activity Schedule are disproportionate to the need identified or made to tilt in favour one or a group of vendor(s) or contractor(s) to artificially restrict competition.</p>	<p>Use a formal market discovery tool: Pre-bid conference and/ or well publicised EoI may be used for discovery of the market. Otherwise, encourage and invite comments on the technical and commercial conditions in the tender document or hold pre-bid conference.</p>
<p>Asymmetric dissemination of vital need information: Dialogue for determining solutions available in the market is held only with selected prospective bidders, giving them undue advantage in preparing for the bidding. Selected prospective bidders get access to inside information not disclosed or disclosed late to others.</p>	

Chapter 3: Participation of Bidders and Governance Issues

3.1. Eligibility Criteria for Participation in Tender Process

1. Normally participation in Tender Process should be open to all bidders. However, procuring entity should lay down 'Eligibility' criteria, based on requirement of the procurement and Government Policies. 'Eligibility' and 'Qualification' criteria (Experience; Performance and Financial Capabilities), are entirely different criteria and should not be mixed up. 'Eligibility' criteria regulate the participation of bidders in the Tender process, while 'Qualification' criteria are for evaluation of bidders for award of the contract. Bidder should meet the eligibility criteria as of the date of his bid submission (and should continue to meet these till the award of the contract) otherwise his bid would be rejected as non-responsive and would not be evaluated for award of contract.. Bidder shall be required to declare fulfilment of Eligibility Criteria in his bid document. Some of the eligibility criteria is related to following issues (for details refer to relevant Model Tender Documents):

- a) **Legal status of the bidder:** a natural person or a private entity or a public entity (State-owned enterprise or institution), a Joint Venture/ Consortium (an association of several persons, firms, or companies - hereinafter referred to as JV/C).
- b) Requirement of various registrations/ licences from various statutory authorities, required for the subject matter of procurement: GSTIN, PAN, EPF, ESI, Labour, Private Security Agencies (PASARA), etc.
- c) Submission of requisite Bid Security (or Bid Security Declaration, if allowed) or proof of exemption therefrom
- d) free from Financial insolvency, Debarment or Convictions;
- e) A consistent history of litigation or arbitration by the bidder may result in disqualification;
- f) free from 'Conflict of Interest' with other bidders, which may affect fair competition.
- g) Restriction on participation as per Government Policies:
 - i) For Class-II Local Suppliers and Non-Local bidders as per the Make-in-India policy.
 - ii) Bidders from specified countries having land borders with India (but not in development partnership with India) shall be eligible subject to certain conditions.

3.2. Legal Status of Bidders

3.2.1. Natural Persons

1. Individual consultants

Individual consultants are recruited for similar activities as Consultancy firms when a full team is not considered necessary. They may be independent experts not permanently associated with any particular firm, or they may be employees of a firm recruited on an individual basis. They may also be employees of an agency, institution, or university. They are normally recruited for project implementation supervision, training, provision of specific expert advice on a highly technical subject, policy guidance, special studies, compliance

supervision, or implementation monitoring. Individual consultants are not normally recruited for project preparation unless the proposed project is simple and, generally, a repeat of an already established and successful project. If more than three experts are required, then the assignment should normally be undertaken by a team from a firm. As with firms, individual consultants are classed as either international or national, depending on their level of expertise and their international experience and exposure.

2. Retired Government Servants

Rule 177 of GFR, 2017, says that the consulting services do not include direct engagement of retired Government servants. They should not be engaged as consultants against regular vacant posts under this rule. Such engagements should be handled as a personnel matter. As Consultants, retired Government servants can be hired/ engaged only for the specific task and for specific duration. They should be assigned clear output related goals. For such engagements on full-time basis (when they are not allowed to concurrently do any other assignment) on monthly basis, their remuneration should be fixed as last pay drawn minus pension, as per extant DOPT guidelines. However, for part-time non-exclusive engagements, Procuring Ministry/ department may fix remuneration on per day/ month or lump-sum basis.

3.2.2. Private and Public Entities:

1. Consultancy Firms

The main source of consultants is Consultancy firms of diverse specializations that provide consultancy. Such firms are normally classified as either international – firms that have international experience and are capable of undertaking work at international level at international rates; or national – firms that may not have international exposure and normally undertake assignments only within that country, usually at significantly lower rates.

2. Non-governmental Organizations (NGO)

There may be distinct advantage in use of Non-governmental organizations (NGOs) in Projects which emphasize experience in community participation and in-depth local knowledge – for example, Projects related to Corporate Social Responsibility (CSR) or Government Social Initiatives like 'Swatch Bharat Abhiyan' etc.

3. Specialized Agencies and Institutions

Specialized agencies or institutions (including Government/ Semi-Government agencies, universities, research, and professional institutions) may also from time to time be recruited to provide Consultancy services. These services may be provided by individuals (as discussed above) or by teams. Nonetheless, there are at times distinct advantages to using such agencies. Experts and teams from such agencies and institutions may undertake a variety of roles across the whole field of possible Consultancy services. These may range from project preparation through project supervision and policy advice to project benefit monitoring and evaluation.

3.2.3. Association of several Bidders

1. Sub-contracting: A bidder who is capable of being selected for award of contract on his own credentials, may propose to sub-contract a part of the contract for specialised items of services, as a financial or technical strategy. The names and details of the sub-contracts are to be clearly stated in the bid submitted by Bidder, provided further that such sub-contractor should not circumvent the eligibility criteria. Qualifications of these sub-contractors

shall not be considered in evaluation of qualification criteria for the bid. Despite any approval granted by the Procuring Entity for such arrangements, the Bidder/ Contractor shall be solely and directly responsible for executing sub-contracted portions of the contract. The total value of the sub-contracting portion of services must not exceed the per cent of the contract price as specified in the Tender Document/ Contract (if not so specified 25 (twenty-five) percent). Sub-contracting by the contractor without the approval of the Procuring Entity shall be a breach of contract.

2. **Consortium of consultants:** In large and complex assignments consultants may associate with each other to form a consortium to complement their respective areas of expertise, to increase the technical responsiveness of their proposal, and make larger pools of experts available or for other reasons. Such an association may be for the long term (independent of any particular assignment) or for a specific assignment. The consortium may take the form of a Joint Venture (JV). In case of a JV, all members of the JV shall sign the contract and shall be jointly and severally liable for the entire assignment. After the short list is finalised, and the Request for Proposal (RfP) is issued, any association in the form of a JV or sub consultancy among the short-listed firms shall be permissible in accordance with provisions stated in the RfP. Under such circumstance, one of the shortlisted consultants/ service providers must become the lead member of the consortium. The Procuring Entity only deals with the lead member of consortiums for all the purposes. Bid documents should clearly specify whether JVs are allowed to bid (in case of complex and large assignments, say above certain values (say - Rs. 5 (Rupees five) crore). Maximum number of partners in JV shall be limited (say – three). In case JVs are permitted to bid, it should be clarified what qualifications are to be collectively (clubbed together) met by the JV partners (say experience of particular consultancy, Financial Turnover etc) and what each partner has to meet (financial soundness) individually and separately. In this case it should also be specified that each partner should meet at least 25% (and the lead partner at least 50%) out of the qualifying limit in case of experience of particular consultancy and financial turnover, if any.

3.3. Governance Issues in Procurement of Services

3.3.1. Standards (Canons) of Financial Propriety

Public Procurement like any other expenditure in Government must conform to the Standards (also called Canons) of Financial Propriety. It may be useful to refer to the relevant provisions in the General Financial Rules, 2017

Rule 21. Standards of financial propriety: *Every officer incurring or authorizing expenditure from public moneys should be guided by high standards of financial propriety. Every officer should also enforce financial order and strict economy and see that all relevant financial rules and regulations are observed, by his own office and by subordinate disbursing officers. Among the principles on which emphasis is generally laid are the following: -*

- i) Every officer is expected to exercise the same vigilance in respect of expenditure incurred from public moneys as a person of ordinary prudence would exercise in respect of expenditure of his own money.*
- ii) The expenditure should not be prima facie more than the occasion demands.*
- iii) No authority should exercise its powers of sanctioning expenditure to pass an order which will be directly or indirectly to its own advantage.*

iv) *Expenditure from public moneys should not be incurred for the benefit of a particular person or a section of the people, unless —*

- a) a claim for the amount could be enforced in a Court of Law, or
- b) the expenditure is in pursuance of a recognized policy or custom.

v) *The amount of allowances granted to meet expenditure of a particular type should be so regulated that the allowances are not on the whole a source of profit to the recipients.*

vi) *While discharging the duties of financial concurrence of any public expenditure, such authorities subsequent to such decision, shall not be involved in any future financial/audit/payment responsibilities which may create conflict of interest.*

3.3.2. Right to Information and Proactive Information Disclosures

Section 4(1) (b) of the RTI Act lays down the information to be disclosed by public authorities on a suo-motu or proactive basis and Section 4(2) and Section 4(3) prescribe the method of its dissemination to enhance transparency and also to reduce the need for filing individual RTI applications. The Department of Personnel & Training, Ministry of Personnel, Public Grievances & Pensions, Government of India, has issued “Guidelines on suo motu disclosure under Section 4 of the RTI Act” vide their OM No.1/6/2011-IR dated April 15, 2013.¹⁷ The relevant guidelines relating to information disclosure relating to procurement are reproduced below:

“Information relating to procurement made by public authorities including publication of notice/tender enquiries, corrigenda thereon, and details of bid awards detailing the name of the Vendor/ Contractor of goods/services being procured or the works contracts entered or any such combination of these and the rate and total amount at which such procurement or works contract is to be done should be disclosed. All information disclosable as per Ministry of Finance, Department of Expenditure’s O.M. No 10/1/2011-PPC dated 30th November, 2011¹⁸ (and 05th March 2012¹⁹) on Mandatory Publication of Tender Enquiries on the Central Public Procurement Portal and O.M. No. 10/3/2012- PPC dated 09th January 2014 on implementation of comprehensive end-to-end e-procurement should be disclosed under Section 4 of the Right to Information Act.

3.3.3. Code of Integrity for Public Procurement (CIPP)

1. Public procurement is perceived to be prone to corruption and ethical risks. To mitigate this, the officials of Procuring Entities and the bidders/ suppliers/ contractors/ consultants/ service providers involved in procurement process must abide by the following Code of Integrity for Public Procurement (CIPP). All Procuring officials may be asked to sign declarations to this effect periodically and in various Procurement decisions (including Need Assessment). The bidders/ suppliers/ contractors/ consultants/ service providers should be asked to sign a declaration for abiding by a Code of Integrity for Public Procurement in registration applications and in bid documents, with a warning that, in case of any transgression of this code, its name is not only liable to be removed from the list of

¹⁷ <http://cic.gov.in/GuidelinesOnProActive.pdf>

¹⁸ http://finmin.nic.in/the_ministry/dept_expenditure/gfrs/pub_tender_enq_cppportal.pdf

¹⁹ http://eprocure.gov.in/cppp/sites/default/files/instruction_contents/INST_DOC_NO_7/OM_DoE_5thMarch2012.pdf

registered suppliers/ contractors/ consultants/ service providers, but it would be liable for other punitive actions such as cancellation of contracts, banning and blacklisting or action in Competition Commission of India, and so on. (Rule 175 of GFR 2017)

- a) **Code of Integrity for Public Procurement:** Procuring authorities as well as bidders, suppliers, contractors, and consultants/ service providers should observe the highest standard of ethics and should not indulge in the following prohibited practices, either directly or indirectly, at any stage during the procurement process or during execution of resultant contracts:
 - b) **“Corrupt practice”:** making offers, solicitation or acceptance of bribe, rewards or gifts or any material benefit, in exchange for an unfair advantage in the procurement process or to otherwise influence the procurement process or contract execution;
 - c) **“Fraudulent practice”:** any omission or misrepresentation that may mislead or attempt to mislead so that financial or other benefits may be obtained, or an obligation avoided. This includes making false declaration or providing false information for participation in a tender process or to secure a contract or in execution of the contract;
 - d) **“Anti-competitive practice”:** any collusion, bid rigging or anti-competitive arrangement, or any other practice coming under the purview of The Competition Act, 2002, between two or more bidders, with or without the knowledge of the Procuring Entity, that may impair the transparency, fairness, and the progress of the procurement process or to establish bid prices at artificial, non-competitive levels;
 - e) **“Coercive practice”:** harming or threatening to harm, persons, or their property to influence their participation in the procurement process or affect the execution of a contract;
 - f) **“Conflict of interest”:** participation by a bidding firm or any of its affiliates that are either involved in the consultancy contract to which this procurement is linked; or if they are part of more than one bid in the procurement; or if the bidding firm or their personnel have relationships or financial or business transactions with any official of Procuring Entity who are directly or indirectly related to tender or execution process of contract; or improper use of information obtained by the (prospective) bidder from the Procuring Entity with an intent to gain unfair advantage in the procurement process or for personal gain; and
 - g) **“Obstructive practice”:** materially impede the Procuring Entity’s investigation into allegations of one or more of the above mentioned prohibited practices either by deliberately destroying, falsifying, altering; or by concealing of evidence material to the investigation; or by making false statements to investigators and/or by threatening, harassing or intimidating any party to prevent it from disclosing its knowledge of matters relevant to the investigation or from pursuing the investigation; or by impeding the Procuring Entity’s rights of audit or access to information;
2. **Obligations for Proactive Disclosures**
- a) Procuring authorities²⁰ as well as bidders, suppliers, contractors, and consultants/ service providers, are obliged under Code of Integrity for Public Procurement to suo-moto proactively declare any conflicts of interest (coming under the definition mentioned above – pre-existing or as and as soon as these arise at any stage) in

²⁰ Please refer to example in para 3.10-5 for clarification of CoI relating to personnel of procuring Entity.

any procurement process or execution of contract. Failure to do so would amount to violation of this code of integrity; and

- b) All bidder must be asked in the Tender document to declare any previous transgressions of such a code of integrity with any entity in any country during the last three years or of being debarred by any other Procuring Entity. Failure to do so would amount to violation of this code of integrity;
- c) The Contractor/Consultant must disclose any commissions or fees that may have been paid or are to be paid to agents, representatives, or commission agents concerning the selection process or execution and performance of the Contract. The information disclosed must include the name and address of the agent, representative, or commission agent, the amount and currency, and the purpose of the commission or fee in a format given in the Tender Document.
- d) To encourage voluntary disclosures, such declarations would not mean automatic disqualification for the bidder making such declarations. The declared conflict of interest may be evaluated and mitigation steps, if possible, may be taken by the Procuring Entity. Similarly, voluntary reporting of previous transgressions of Code of Integrity elsewhere may be evaluated and barring cases of various grades of debarment, an alert watch may be kept on the bidders' actions in the tender and subsequent contract.

3. **Conflict of Interest in case of consultants**

- a) **Professionalism:** The consultant is required to provide professional, objective, and impartial advice, at all times holding the Procuring Entity's interests paramount above his/its own corporate interests and above any consideration for future work, strictly avoiding any conflicts of interest.
- b) **CIPP and Conflict of Interest:** All bidders shall have to abide by the Code of Integrity in Public Procurement detailed in the Tender Document, including Conflict of Interest. Without limitation on the generality of the foregoing, and unless stated otherwise in the RfP document, the consultant shall not be hired under the circumstances set forth in following sub-paras:
- c) **Conflicting activities/ assignments:** Consultants (including its experts and sub—consultants) or its allied firm²¹ shall not be hired for any assignment that, by its nature, may be in conflict with another assignment of the consultant or its allied firm for the same or for another Procuring Entity. A firm or its allied firms that has been engaged by the client to provide goods, works, or non-consultancy services for a project, or any of its affiliates, shall be disqualified from providing Consultancy service resulting from or directly related to those goods, works, or non-Consultancy services. Conversely, a firm or its allied firms hired to provide consultancy services for the preparation or implementation of a project, or any of its affiliates, shall be disqualified from subsequently providing goods or works or non-consultancy services resulting from or directly related to the consultancy services for such preparation or implementation;
- d) **Conflicting Bidding:** A bidder shall not have conflict of interest with other bidders. Such conflict of interest can lead to anti-competitive practices to the detriment of Procuring Entity's interests. All bidders found to have a conflict of interest shall be

²¹ For definition of allied firm please refer to 'Procurement Glossary' section.

disqualified. A bidder may be considered to have a conflict of interest with one or more parties in this tender process, if:

- i) A firm shall submit only one proposal, either individually or as a JV partner in another proposal. If a firm, including a JV partner, submits or participates in more than one proposal, all such proposals shall be disqualified. This does not, however, preclude a non-bidder firm from participating as a sub-consultant or an individual consultant to participate as a team member in more than one proposal when circumstances justify but only if permitted by the RfP document.
 - ii) directly or indirectly controls, is controlled by or is under common control with another Bidder; or
 - iii) receives or have received any direct or indirect subsidy/ financial stake from another bidder; or
 - iv) has the same legal representative/ agent as another bidder for purposes of this bid.
 - v) A Principal can authorize only one agent, and an agent also should not represent or quote on behalf of more than one Principal; or
 - vi) has a relationship with another bidder, directly or through common third parties, which puts it in a position to have access to information about or influence the bid of another Bidder or influence the decisions of the Procuring Entity regarding this Tender process; or
 - vii) In case of a holding company having more than one independent units, or more than one unit having common business ownership/management, only one unit should quote. Similar restrictions would apply to closely related allied firms. Bidders must proactively declare such allied/ common business/ management units in same/ similar line of business.
- e) **Conflicting relationships:** A consultant (including its/his experts and sub-consultants) that has a close business or family relationship²² with a professional staff of the Procuring Entity who are directly or indirectly involved in any part of: (i) the preparation of ToR for the assignment; (ii) selection process for the contract; or (iii) supervision of the contract, may not be awarded a contract, unless the conflict stemming from this relationship has been resolved in a manner acceptable to the client throughout the selection process and execution of the contract.

4. **Unfair Competitive Advantage in case of consultants**

Fairness and transparency in the selection process require that the consultants or their affiliates competing for a specific assignment do not derive an unfair competitive advantage from having provided consultancy services related to the assignment in question. Such unfair competitive advantage is best avoided by full transparency and by providing equal opportunity so that all firms or individuals interested or involved have full information about a service assignment and its nature, scope, and background information. To that end, the request for proposals and all information would be made available to all short-listed consultants simultaneously.

5. **Punitive Provisions:**

Without prejudice to and in addition to the rights of the Procuring Entity to other penal provisions as per the bid documents or contract, if the Procuring Entity concludes that a

²² Please refer to example in para 3.10-5) for clarification

(prospective) bidder/contractor/ Supplier/ consultant/ service provider, directly or through an agent, has violated this code of integrity in competing for the contract or in executing a contract, the Procuring Entity may take appropriate measures including one or more of the following:

- a) if his bids are under consideration in any procurement
 - i) Forfeiture or encashment of bid security
 - ii) calling off of any pre-contract negotiations, and;
 - iii) rejection and exclusion of the bidder from the procurement process
- b) if a contract has already been awarded
 - i) Cancellation of the relevant contract and recovery of compensation for loss incurred by the Procuring Entity,;
 - ii) Forfeiture or encashment of any other security or bond relating to the procurement;
 - iii) Recovery of payments made by the Procuring Entity along with interest thereon at the prevailing rate;
- c) Provisions in addition to above:
 - i) Removal from the list of registered suppliers and debarment of the bidder from participation in future procurements of the Procuring Entity for a period for a period not exceeding two years;
 - ii) In case of anti-competitive practices, information for further processing may be filed under a signature of the Joint Secretary level officer, with the Competition Commission of India;
 - iii) Initiation of suitable disciplinary or criminal proceedings against any individual or staff found responsible.

3.4. Integrity Pact (IP)

1. The Pre-bid Integrity Pact is a tool to help governments, businesses, and civil society to fight corruption in public contracting. It binds both buyers and sellers to ethical conduct and transparency in all activities from pre-selection of bidders, bidding and contracting, implementation, completion and operation related to the contract. This removes insecurity of Bidders, that while they themselves may abjure Bribery, but their competitors may resort to it and win contract by unfair means.

2. Ministry of Finance, Department of Expenditure have mandated²³ Ministries/ Departments and their attached/ subordinate offices (including autonomous bodies) to incorporate Integrity Pact (as per format in Annexure 19) by, depending on the nature of procurements/ contracts above a threshold value. CVC issued a revised Standard Operating procedure²⁴ (Circular No.04/06/23 dtd 14/06/2023) and stated that, in view of the increasing procurement activities of Public Sector Banks (PSBs), Public Sector Insurance Companies

²³OM No.14(12)/ 2008- E-II(A) dated 19th July 2011

²⁴OM No.14(12)/ 2008- E-II(A) dated 19th July 2011

(PSICs) and Financial Institutions (Fis), shall also adopt and implement the suggested format of Integrity Pact²⁵.

3. The nature of procurement and threshold of value is to be decided by the Ministries/ Departments with approval of the Minister in charge. As guidance, the threshold should be such as to cover bulk (80-90% - eighty to ninety percent by value) of its procurement expenditure.

4. "The pact essentially envisages an agreement between the prospective vendors/bidders and the buyer, committing the persons/officials of both sides, not to resort to any corrupt practices in any aspect/stage of the contract. Only those vendors/bidders, who commit themselves to such a Pact with the buyer, would be considered competent to participate in the bidding process. In other words, entering into this Pact would be a preliminary qualification. The essential ingredients of the Pact include:

- a) Promise on the part of the Procuring Entity to treat all bidders with equity and reason and not to seek or accept any benefit, which is not legally available;
- b) Promise on the part of bidders not to offer any benefit to the employees of the Procuring Entity not available legally;
- c) Promise on the part of Bidders not to enter into any undisclosed agreement or understanding with other bidders with respect to prices, specifications, certifications, subsidiary contracts, etc;
- d) Promise on the part of Bidders not to pass any information provided by Principal as part of business relationship to others and also not to commit any offence under Prevention of Corruption Act, 1988 or Indian Penal Code 1860;
- e) Foreign bidders to disclose the name and address of agents and representatives in India and Indian Bidders to disclose their foreign principals or allied firms;
- f) Bidders to disclose the payments to be made by them to agents / brokers or any other intermediary;
- g) Bidders to disclose any transgressions with any other public/ government organization that may impinge on the anti-corruption principle. The date of such transgression, for the purpose of disclosure by the bidders in this regard, would be the date on which cognizance of the said transgression was taken by the competent authority. The period for which such transgression(s) is/ are to be reported by the bidders shall be the last three years to be reckoned from date of bid submission. The transgression(s), for which cognizance was taken even before the specified period of three years, but are pending conclusion, shall also be reported by the bidders.;
- h) Any violation of Integrity Pact would entail disqualification of the bidders and exclusion from future business dealings, as per the existing provisions of GFR, 2017, PC Act, 1988 and other Financial Rules/ Guidelines etc. as may be applicable to the organization concerned;

5. Integrity Pact would be implemented through a panel of Independent External Monitors (IEMs).

6. All organisations are called upon to make sincere and sustained efforts to imbibe the spirit and principles of the Integrity Pact and ensure its effective implementation. The final

²⁵

https://www.cvc.gov.in/sites/default/files/vm21ch10/vm17ch10/3,%2018.%20CVC%20Office%20Order%20No.%2041_12_07%20dated%2004.12.2007.pdf

responsibility for implementing Integrity Pact vests with the Head of organisation/CMD/CEO. The Procurement wing of the organisation would be the focal point for the implementation of Integrity Pact.

7. The provision for the Integrity Pact is to be included in all Requests for Proposal/Tender documents issued in future in respect of the procurements that meet the criteria laid down in para 3.4-3) above.
8. In all tenders covered under the Integrity Pact, particulars of all IEMs, including their email IDs, should be mentioned instead of mentioning details of a single IEM.
9. Through an appropriate provision in the tender document, it must be ensured that the Integrity Pact is deemed as part of the contract so that its conditions bind the parties concerned. A clause should be included in the Integrity Pact that a person signing the Integrity Pact shall not approach the Courts while representing the matters to IEMs, and they shall await their decision.
10. In the case of a joint venture, all the partners of the joint venture should sign the Integrity Pact. In the case of sub-contracting, the Principal contractor shall take responsibility for the adoption of Integrity Pact by the sub-contractor. It is to be ensured that all sub-contractors also sign the Integrity Pact. In the case of sub-contractors, the TP shall be a tri-partite arrangement to be signed by the Organization, the contractor, and the sub-contractor. In respect of a particular contract, the Integrity Pact shall be operative from the date both parties sign it.
11. Further details about appointment and role of IEMs is given in the Annex-2 to the Annexure 19 (Integrity Pact).

3.5. Development of New Sources and Registration/ Empanelment/ Pre-qualification of Firms

1. Normally, in open tendering, there should be no restriction of prior registration. Entities may provide for registration after selection in unrestricted open tendering. Difference may be noted between registration, empanelment (maintaining a classified list of firms based on their experience usually required in case of limited tenders), and prequalification.
 - a) Registration is to establish genuine identification of the firm (e.g., for e-procurement portals, preferential procurement, and so on).
 - b) Empanelment is to establish prima-facie capability for restricted tendering (not open tendering, e.g., limited tendering panels, also useful in special limited tenders).
 - c) Pre-qualification and Multi-use Lists: Wherever the nature of requirement dictates competition only among equally qualified bidders (without vitiation of prices offered by unqualified bidders), prequalification may be done with open tendering in the prequalification bidding stage. If there are frequent requirements of such nature, prequalification may be done through open process with extended validity of Shortlist of Qualified Bidders (called List of approved Sources, in some organisations, e.g., Ministry of Railways), for example, one year or longer. Such use of a List of Qualified Bidders is known as Multi-use list in many countries, as distinct from Limited Tender Panel (which does not undergo formal pre-qualification process).

2. However, since in common parlance, registration is a word interchangeably for the above three concepts, used by most of departments, this usage is being retained, though the distinction would be clear from the context of usage.

3. For goods and services not available on GeM, and for Works, Head of Ministry/ Department may register Firms for requirements which are specifically used by that Department or Office, periodically. Ensuring an up-to-date and current list of registered, capable, and competent Firms facilitates efficiency, economy, and promotion of competition in public procurement, especially while floating a limited tender/ local purchase/ direct contracting. For such tenders, it may be possible to skip bidder qualification to avoid unnecessary repetition/ duplication of efforts, thereby saving time, especially in the case of emergency procurement. Registration of the Firms should be done following a fair, transparent, and reasonable procedure and after giving due publicity. In case of goods and services, such registered Firms should be on-boarded on GeM as and when the item or service gets listed on GeM. The list of registered Firms should be for the subject matter of procurement be exhibited on websites of the Procuring Entity/ their e-Procurement portals.

4. Ministries / Departments with a significant volume of procurements may follow their own policies and procedures for registration of Firms, if already existing. The policies and procedures for registration described below is for guidance of Ministries/ Departments, who do not have their own laid down policies/ procedures for this. The Ministry/ Department shall announce the authorities competent to deal with the applications and grant registrations, along with their jurisdictions. The appellate authority shall be at least one level above the registering authority or as designated by the Ministry/ Department.

5. All Ministries/ Department may use such lists prepared by other Ministries / Departments as and when necessary. Registered Firms are ordinarily exempted from furnishing earnest money deposit/ bid security with their tenders for items, and Monetary Limits for which they are registered.

6. **Grades (Monetary Limits) for Registration:** Registration should be done by grading the firms (Grade A, B, and so on) on their capability for executing contract orders of different monetary limits in the relevant category of requirements. The monetary limits should be carefully fixed keeping in view the banker's reports, capacity and capability of the firm and other financial information indicated in the balance sheets, 'profit and loss statements':

- a) Grade-A: Rs. 25 (Rupees twenty-five) lakh and above;
- a) Grade B: Rupees five lakh to Rs.25(Rupees twenty-five) lakh; and
- b) Grade C: Rupees One lakh and up to Rupees five lakh

7. **Procedure for Registration:**

- a) Registration of the Firms should be done following a fair, transparent, and reasonable procedure and after giving due publicity. Details of the procedure for registration of new firms may be uploaded on the website and published in the form of a booklet for information of the Firms. Timeframes and criteria for registration of new Firms may be clearly indicated;
- b) Possible sources for any category/ group of requirements can be identified based on internal and external references. Data of new Firms can be obtained from the response received in open tender advertisements, pre-qualification bids, Expression of Interest (Eoi), against various enquiries on the website, dedicated websites, exhibitions, buyer-seller meets, various publications of NSIC, Development Commissioner of the Small Industries Service Institute, BIS, trade journals, and so

- on. The e-procurement portal does pre-registration of bidders online. Such data can be a source of information on prospective Firms;
- c) The list of registered contractors shall be updated on a regular basis (annually). New Firm(s) may be considered for registration at any time, provided they fulfil all the required conditions. For any larger scale or critical registration or development of new Firms, Procuring Entity should call for EoI by publicising its need for development of sources. The stages to be followed together with the applicable guidelines for EoI have been detailed in Chapter 7;
 - d) While registering the firms, an undertaking may be obtained from them that they will abide by the CIPP enclosed with the application with a clear warning that, in case of transgression of the code of integrity, their names are likely to be deleted from the list of registered Firms, besides any other penalty or more severe action as deemed fit; and
 - e) Along with the new/ renewal application for registration, the Firms should also be asked to declare that, if awarded a contract in any LTE in which they participate, they bind themselves to abide by the Procuring Entity's General Conditions of Contract (GCC). Such GCC should be part of the application.
 - f) **Eligibility:** (please also consider para 3.1 above)
 - i) Any firm, situated in India or abroad, which is in the business of providing goods/ works/ services of specified categories of interest, shall be eligible for registration;
 - ii) Where registration is granted based on partly OEM/ outsourced arrangements/ agreements, it shall be the responsibility of the registered unit, to always keep such arrangements/agreements renewed/alive, to keep their registration valid for the period for which it has been granted. Any failure in this regard may make the registration null and void ineffective retrospectively from any such dates which the registering authority considers appropriate;
 - iii) Firms should possess valid Digital Signature Certificate (DSCs) Class III with the company name at the time of registration/ renewal, to enable them to participate in e-procurements.
 - iv) Firm, against whom punitive action has been taken, shall not be eligible for re-registration during the currency of punitive action. Registration requests may not be entertained from such firms, stakeholders of whom have any interest in deregistered/banned firms;
 - g) **Assessment of Capacity and Capability:** The application form, complete in all respects and accompanied with the requisite processing fee and prescribed documents shall be submitted by the firms to the registering authority. The registration application form, duly filled-in, when received from the firms shall be scrutinised carefully for assessing the capacity and capability of the firms including credentials, manufacturing capability, quality control system, past performance, after-sales service facilities, financial background, and so on, of the applicant. References shall be made to other firms of standing of whom the applicant firm claims to be a contractor. Likewise, the applicant firm's bankers may also be requested to advice about the financial standing of the firm. Registration of Firms should be done with the approval of CA.
 - h) In cases where the firm is not considered capable and registration cannot be granted, the concerned authority shall communicate the deficiencies and

shortcomings direct to the firms under intimation to the appellate authority. Where a request for re- verification and review is made by the firm, along with any fee as prescribed and within the period prescribed by the Department, review shall be undertaken. Requests for re-verification after expiry of the said period would be treated as a fresh application and processing fee, if any prescribed, charged accordingly;

- i) If considered to be capable after carefully assessing and verifying credentials, the firm may be granted registration with the approval of CA.
- j) Registration should be for specific trade groups of goods/works/services. For this purpose, all goods/ works/services should be divided into trade groups and the information published on the relevant portals/ websites;
- k) It should be mentioned in the letter of registration that the registration is valid for a fixed period (one to three years). At the end of this period, the registered Firm(s) willing to continue with registration are to apply afresh for renewal of registration. However, the registration would be initially treated as provisional, and it would be treated as confirmed only after the firm has satisfactorily executed one order of the relevant category and value from Procuring Entity. The extension of validity of registration is not a matter of right and Procuring Entity reserves the right not to extend such registration without assigning any reason;
- l) All registered Firms should be allocated a unique registration number. Once the firms are registered, a circular shall be issued by the registration authority indicating the names and addresses of the registered Firms with details of the requirements and monetary value they will supply as well as the validity period, and so on, for which they are registered. The list of registered Firms for the subject matter of procurement be exhibited on the websites of the Procuring Entity/ e-Procurement/ portals;
- m) Within the monetary limits so prescribed, as also for the category of registration, the registered firm may be exempted from depositing the Earnest Money Deposit (EMD). In other categories and higher monetary limits, the Firm would be treated as any unregistered Firm and not be entitled to the privileges of a registered Firm. The monetary limit or category, so laid down, does not, however, debar a firm from getting orders more than the monetary limit or for other categories, provided the Procuring Entity is satisfied about the capacity and capability of the firm but a requisite security deposit should be obtained, as is being done in the case of unregistered firms;
- n) Performance and conduct of every registered Firm are to be watched by the concerned Department. Procuring Entity should also reserve the right to remove firms who do not perform satisfactorily, even during the validity of registration (after giving due opportunity to the Firm to make a representation) if they fail to abide by the terms and conditions of the registration or fail to execute contracts on time or provide sub-standard goods/ works/ services or make any false declaration to any Government agency or for any ground which, in the opinion of the Government, is not in public interest;
- o) Procuring Entity shall retain its option to reassess firms already registered, at any later date, to satisfy itself about the current financial soundness/credit worthiness, facilities available, and so on. Thereafter, Procuring Entity may decide to retain them as registered suppliers for the requirements and monetary limit earlier considered or with necessary changes as deemed fit. In case of adverse reports

from the team of Procuring Entity officers who reassess the firm, Procuring Entity shall delete such firm from the registered suppliers list;

(Rule 150 of GFR 2017)

3.6. Debarment of Suppliers

3.6.1. Rule 151 of General Financial Rules (GFR), 2017

1. Registration of suppliers and their eligibility to participate in Procurement Entity's procurements is subject to compliance with Code of Integrity for Public Procurement and satisfactory performance in contracts. Rule 151 of General Financial Rules (GFR), 2017 states the following regarding the 'Debarment from Bidding': -

- a) A bidder shall be debarred if he has been convicted of an offence-
 - i) under the Prevention of Corruption Act, 1988; or
 - ii) the Indian Penal Code or any other law for the time being in force, for causing any loss of life or property or causing a threat to public health as part of execution of a public procurement contract.
- b) A bidder debarred under sub-section (a), or any successor of the bidder shall not be eligible to participate in a procurement process of any procuring entity for a period not exceeding three years commencing from the date of debarment. The
- c) A procuring entity may debar a bidder or any of its successors, from participating in any procurement process undertaken by it, for a period not exceeding two years, if it determines that the bidder has breached the code of integrity.
- d) The bidder shall not be debarred unless such bidder has been given a reasonable opportunity to represent against such debarment.

3.6.2. Current Guidelines on Debarment of firms from Bidding:

1. PPD, DoE did consultations on the issue of Debarment with major procuring Ministries/ Departments and issued the following 'Debarment Guidelines' in suppression to all earlier instructions on this subject²⁶.
2. The guidelines are classified under following two types:
 - a) In cases where debarment is proposed to be limited to a single Ministry, the appropriate Orders can be issued by that Ministry itself, thereby banning all its business dealing with the debarred firm.
 - b) Where it is proposed to extend the debarment beyond the jurisdiction of the Ministry i.e., covering to all central Ministries/ Departments, the requisite Orders shall be issued by Department of Expenditure (DoE), Ministry of Finance (MoF).
3. **Definitions**
 - a) Firm: The term 'firm' or 'bidder' has the same meaning for the purpose of these Guidelines, which includes an individual or person, a company, a cooperative society, a Hindu undivided family and an association or body of persons, whether incorporated or not, engaged in trade or business.
 - b) Allied firm: All concerns which come within the sphere of effective influence of the debarred firms shall be treated as allied firms. In determining this, the following

²⁶Notified vide OM No. F.1/20/2018-PPD issued by Department of Expenditure dated 02.11.2021.

factors may be taken into consideration (please also refer to 'Procurement Glossary' section):

- i) Whether the management is common;
 - ii) Majority interest in the management is held by the partners or directors of banned/ suspended firm;
 - iii) Substantial or majority shares are owned by the banned/ suspended firm and by virtue of this it has a controlling voice.
 - iv) Directly or indirectly controls or is controlled by or is under common control with another bidder.
 - v) All successor firms will also be considered as allied firms.
- c) The terms "banning of firm," 'suspension,' 'Black-Listing' etc. convey the same meaning as of "Debarment".

4. **Debarment by a Single Ministry/ Department:** Orders for Debarment of a firm(s) shall be passed by a Ministry/ Department/organizations, keeping in view of the following:

- a) **Grounds for Debarment:** A bidder (including its successors/ allied firms) may be debarred from participating in any procurement process for a period not exceeding two years (along with such other actions as may be permissible under law) for following reasons,:
 - i) if it is determined that the bidder has breached the code of integrity as per Rule 175 of GFRs 2017. (Refer to para 3.3.3 of this Manual for Code of Integrity).
 - ii) false declaration of local content by Class I/ Class II local suppliers under Public Procurement (Preference to Make in India, Order 2017, Dtd 16/09/2020 or later, i.e., the Make in India Order) shall also be treated as a breach of code of integrity. The fact and duration of debarment for this reason by any procuring entity must be promptly brought to the notice of the Member-Convenor of the Standing Committee (under the Make in India order) and the Department of Expenditure through the concerned Ministry /Department or in some other manner. On a periodical basis such cases shall be consolidated and a centralized list or decentralized lists of such suppliers with the period of debarment must be maintained and displayed on website(s).

A supplier who has been debarred by any procuring entity as this sub para, shall not be eligible for preference under the Make in India Order for procurement by any other procuring entity for the duration of the debarment. This shall be effective from the date of uploading of such debarment on the website(s).
 - iii) for any actions or omissions by the bidder other than violation of code of integrity, which in the opinion of the Ministry/Department, warrants debarment, for the reasons like supply of sub-standard material, non-supply of material, abandonment of works, sub-standard quality of works, failure to abide by "Bid Securing Declaration" etc.
- b) **Effective Date:** For the procuring entities which has carried out the debarment he period of debarment starts from the date of issue of debarment order. In respect of procuring entities other than the one which has carried out the debarment, the debarment takes effect prospectively from the date of uploading on the website(s) in such a manner that ongoing procurements are not disrupted.

- c) **Jurisdiction:** It shall not be circulated to other Ministries/ Departments. It will only be applicable to all the attached/ subordinate offices, Autonomous bodies, Central Public Sector Undertakings (CPSEs) etc. of the Ministry/ Department issuing the debarment Order.
- d) **Process of Debarment:**
 - i) The concerned Ministry/ Department before issuing the debarment order against a firm must ensure that reasonable opportunity has been given to the concerned firm to represent against such debarment (including personal hearing, if requested by firm).
 - ii) Secretary of Ministry/Department may nominate an officer at the rank of Joint Secretary/Additional Secretary as competent authority (CA) to debar the firms.
 - iii) The Ministry/Department will maintain list of debarred firms (mentioning the jurisdiction and period of debarment), which will also be displayed on its website.
 - iv) Debarment is an executive function and should not be allocated to Vigilance Department.
- e) **Timeline of Debarment Process:** The period of debarment starts from the date of issue of debarment order; therefore, the process of debarment should be conducted in an expeditious manner. Considering the quasi-judicial nature of such proceedings and need to afford a fair hearing to the firm, following timeline is suggested, which may be suitably modified considering the specifics of an organisation:
 - i) Noticing of delinquency of the firm by the Procuring Entity – zero day
 - ii) Evaluation of evidence and proposal to CA for banning of the firm - 2 Weeks
 - iii) Issue of Show Cause Notice to the firm calling for written and oral submission. – 1 week.
 - iv) Time for submission, including reminders etc – 3 weeks.
 - v) Evaluation of firm's submission and giving oral hearing to firm – 3 weeks
 - vi) Final Order, indicating opportunity to the firm 2 weeks' time to appeal to the Secretary of Ministry/ Department as appellate authority – 2 weeks.
 - vii) Total 12 weeks from zero day, after which debarment period starts.
 - viii) Receipt of Appeal and disposal the same by the appellate authority – 4 weeks.

5. **Debarment by CPSEs, Attached Offices/ Autonomous Bodies, GeM:** It is possible that the firm may be debarred concurrently by more than one Ministry/ Department. Ministries/ Departments at their option may also delegate powers to debar bidders to their CPSEs, Attached Offices/ Autonomous Bodies etc. In such cases, broad principles for debarment in sub-paras i) to vii) above are to be kept in mind. Debarment by such bodies like CPSEs etc. shall be applicable only for the procurements made by such bodies. Similarly, Government e-Marketplace (GeM) can also debar bidders up to two years on its portal.

6. **Debarment across All Ministries/ Departments:** Where a Ministry/ Department is of the view that business dealings with a particular firm should be banned across all the Ministries/ Departments by debarring the firm from taking part in any tendering procedure floated by the Central Government Ministries/ Departments, the Ministry/ Department concerned, should after obtaining the approval of the Secretary concerned, forward to DoE a self-contained note setting out all the facts of the case and the justification for the proposed debarment, along with all the relevant papers and documents. DoE will issue the necessary orders after satisfying itself that proposed debarment across all the Ministries/ Departments

is in accordance with Rule 151 of GFRs, 2017. This scrutiny is intended to ensure uniformity of treatment in all cases.

- a) Ministry/ Department before forwarding the proposal to DoE must ensure that reasonable opportunity has been given to the concerned firm to represent against such debarment (including personal hearing, if requested by firm). If DoE realizes that sufficient opportunity has not be given to the firm to represent against the debarment, such debarment requests received from Ministries/ Departments shall be rejected.
- b) The firm shall remain debarred during the interim period till the final decision taken by DoE, only in the Ministry/ Department forwarding such proposal. For this purpose, the proposing Ministry shall issue an order debarring the firm from taking part in tendering procedures floated by their Ministry/ Department following the procedure laid down in sub-para 4-d) above. Such order must mention that the Government reserves its right to debar the firm from taking part in any tendering procedure floated across all the Central Government Ministries/ Departments, following due procedure.
- c) DoE can also give additional opportunity, at their option, to firm to represent against proposed debarment. DoE can also take suo-moto action to debar the firms in certain circumstances.
- d) DoE will maintain list of such debarred firms (mentioning the jurisdiction and period of debarment), which will be displayed on Central Public Procurement Portal.
- e) DoE shall complete the process of Debarment within 12 weeks after receiving proposal from the concerned Ministry/ Department.
- f) No contract of any kind whatsoever shall be placed on the firm debarred by DoE, including its allied firms by any Ministries/ Departments/ Attached/Subordinate offices of the Government of India including autonomous body, CPSEs etc. after the issue of a debarment order.

7. Review and Revocation of Orders

- a) An order for debarment passed shall be deemed to have been automatically revoked on the expiry of period of debarment specified therein and it will not be necessary to issue a specific formal order of revocation.
- b) The authorised entity (DoE, Ministry/ Department or CPSEs, Attached Offices/ Autonomous Bodies, GeM etc) that issued the order of debarment can review or revoke the debarment order, before the period of debarment is over, suo-moto (based on new facts that come to light) or on an appeal by the debarred bidder. After a review, an Order for modification of period of debarment or for revocation of debarment, if there is adequate justification for the same, can be issued. Ordinarily, such modification/ revocation of the Order should be done with the approval of Secretary concerned of DoE or the Ministry/Department which issued such orders. In case of debarments done by CPSEs, Attached Offices/ Autonomous Bodies, GeM etc, such modification/ revocation of the debarment orders should be done only with the approval of Chief Executive Officer.

8. Other Provisions (common to both types of debarments)

- a) No contract of any kind whatsoever shall be placed to debarred firm including its allied firms after the issue of a debarment order by the Ministry/ Department. Bids from only such firms shall be considered for placement of contract, which are neither debarred on the date of opening of tender (opening of first bid, normally

called as technical bid, in case of two packet/two stage tendering) nor debarred on the date of contract (i.e., date of issue of Letter of Acceptance). Even in the cases of risk purchase, no contract should be placed on such debarred firms.

- b) If case, any debarred firms has submitted the bid, the same will be ignored. In case such firm is lowest (L-1), next lowest firm shall be considered as L-1. Bid security submitted by such debarred firms shall be returned to them.
- c) Contracts concluded before the issue of the debarment order shall, not be affected by the debarment Orders.
- d) The Debarment shall be automatically extended to all its allied firms. In case of joint venture/ consortium is debarred all partners will also stand debarred for the period specified in Debarment Order. The names of partners should be clearly specified in the "Debarment Order."
- e) Debarment in any manner does not impact any other contractual or other legal rights of the procuring entities.
- f) The period of debarment shall start from the date of issue of debarment order.
- g) The Order of debarment will indicate the reason(s) in brief that led to debarment of the firm.
- h) Ordinarily, the period of debarment should not be less than six months.
- i) In case of shortage of suppliers in a particular group, such debarments may also hurt the interest of procuring entities. In such cases, endeavour should be to pragmatically analyse the circumstances, try to reform the supplier and may get a written commitment from the supplier that its performance will improve.
- j) All Ministries/ Departments must align their existing Debarment Guidelines in conformity with these Guidelines. Further, tender documents must also be suitably amended, if required.

9. Safeguarding Procuring Entity's Interests during debarment of suppliers:

Suppliers are important assets for the procuring entities and punishing delinquent suppliers should be the last resort. It takes lot of time and effort to develop, register and mature a new supplier. In case of shortage of suppliers in a particular group of materials/equipment, such punishment may also hurt the interest of Procuring Entity. Therefore, views of the concerned Department may always be sought about the repercussions of such punitive action on the continuity of procurements. Past records of performance of the supplier may also be given due weightage. In case of shortage of suppliers and in cases of less serious misdemeanours, the endeavour should be to pragmatically analyse the circumstances, reform the supplier and get a written commitment from the supplier that his performance will improve. If this fails, efforts should be to see if a temporary debarment can serve the purpose. (*Rule 151 of GFR 2017*)

3.7. Enlistment of Indian Agents

Ministries/ Departments if they so require, may enlist Indian agents, who desire to quote directly on behalf of their foreign principals²⁷. (*Rule 152 of GFR 2017*)

²⁷Rule 52 of GFR, 2017 amended vide OM No. F.26/2/2016-PPD issued by Department of Expenditure dated 25.07.2017.

3.8. Grievances and its Redressal:

1. Any supplier, contractor, or consultant that claims to have suffered, or is likely to suffer loss or injury, due to a breach of fundamental principles of procurement by the Procuring Entity, may make an application for review of such decision, action or omission, within a period of five (10) days from the date of such decision or action, to the designated officer named in the tender documents in this regard (or the Head of the Procuring Entity, if not so specified), specifying the ground(s) and the relevant clauses of the tender documents. This grievance redressal mechanism is apart from the Vigilance channel of complaints. Unsuccessful Bidders may seek de-briefing regarding the rejection of his bid, in writing or electronically, within 10 days of declaration of techno-commercial or financial evaluation results.
2. Only a directly affected bidder can represent in this regard:
 - a) Only a bidder who has participated in the concerned procurement process i.e., pre-qualification, bidder registration or bidding, as the case may be, can make such representation.
 - b) In case pre-qualification bid has been evaluated before the bidding of Technical/ financial bids, an application for review in relation to the technical/ financial bid may be filed only by a bidder who has qualified in pre-qualification bid;
 - c) In case technical bid has been evaluated before the opening of the financial bid, an application for review in relation to the financial bid may be filed only by a bidder whose technical bid is found to be acceptable.
 - d) Following decisions of the procuring entity in accordance with the provision of internal guidelines shall not be subject to review:
 - i) Determination of the need for procurement;
 - ii) Selection of the mode of procurement or tendering system;
 - iii) Choice of selection procedure;
 - iv) Complaints against specifications/ ToR/ Activity Schedule except under the premise that they are either vague or too specific to limit competition may be permissible.
 - v) Provisions limiting participation of bidders in the procurement process; in terms of policies of the Government.
 - vi) Provisions regarding purchase preferences to specific categories of bidders in terms of policies of the Government
 - vii) The decision to enter into negotiations with the L1 bidder;
 - viii) Cancellation of the procurement process except where it is intended to subsequently re-tender the same requirements;
 - ix) Issues related to ambiguity in contract terms may not be taken up after a contract has been signed, all such issues should be highlighted before consummation of the contract by the vendor/contractor.
3. Within five working days of receipt of the complaint, the designated Officer shall acknowledge the receipt in writing to the complainant indicating that it has been received, and the response shall be sent in due course after a detailed examination. The redressal of the grievance must be completed within 30 (thirty) days of its receipt. The designated officer would call comments of concerned procurement officers and take a view about further processing of the grievance and may also decide whether the process of procurement should be put on hold for the time-being or not.

4. If the designated officer, on receipt of comments of relevant officer, finds complaint to have substance, appropriate and feasible remedial measure should be initiated. If the grievance is resolved or if the grievance is found to be unwarranted, the final decision shall be informed to the aggrieved party in writing after approval by the competent authority of the procurement.

5. If the grievance is not redressed within 30 days, or if the bidder or prospective bidder is aggrieved by the decision of the designated officer, the bidder or prospective bidder may file an application for redressal to the appellate authority mentioned in the tender documents (Head of Procuring Organisation, if not so specified) within a period of fifteen days thereafter.

3.9. Investigations of Serious Deviations from Procurement

Guidelines:

1. Suo-moto or based on representations from bidders, the designated officer (or appellate authority) may if he/she considers that an investigation is necessary or desirable for the purpose of preventing, investigating, or detecting serious deviations from procurement guidelines, appoint a person or persons at sufficiently higher level than the officers involved, to investigate any matter related to the conduct of any procurement proceedings, or the conclusion or operation of any procurement contract. The appointed Investigator(s) shall carry out the investigation and report the compliance to the procurement guidelines, to the appellate authority.

2. If the designated officer (or appellate authority) is satisfied that there has been a contravention of procurement guidelines in relation to any procurement proceedings or procurement contract, he may initiate such action as, in his opinion, is necessary to rectify the contravention, including:

- a) Handing over the case for further investigation to CVO (or through CVO to CBI), if there are aspect, which require criminal/ police investigations.
- b) Registration of FIR and instituting legal proceedings for prosecution in appropriate court of Law.
- c) annulment of the procurement proceedings;
- d) cancellation of the procurement contract, if legally feasible;
- e) In case any individual staff is found responsible, suitable disciplinary proceedings should be initiated against such staff under the conduct rules.
- f) In case of complicity of any bidder is proved:
 - i) removal of concerned firm from list of registered firms
 - ii) debarment of the bidders, if warranted
 - iii) reporting the matter to Competition Commission of India (CCI), in case of anti-competitive actions by the bidder.
- g) If the grievance is due to inadequacy of procurement guidelines or due to lack of understanding of the staff, remedial action to address such lacunae may be initiated, without repercussion to the concerned staff.

3.10. Conduct of Public Servants in Public Procurement - Risks and Mitigations

Risk	Mitigation
<p>1. Hospitality: Hospitality (including facilitation of travel, lodging, boarding and entertainment during official or unofficial programs) from suppliers/ contractors/ consultants/ service providers may tend to cross the limits of ethical/ occasional/ routine/ modest/ normal business practice. Officials sent to firm's premises for inspections/ meetings may mistakenly presume entitlement to hospitality from the firm, even if other arrangements are available at the location.</p>	<p>Hospitality must never be solicited, directly or indirectly. The frequency, scale and number of officials availing hospitality should not be allowed to identify the recipient in a public way with any particular supplier/ contractor/ consultant/ service provider or raise doubts about its neutrality. It should not involve significant travel, overnight accommodation, or trips abroad. Particular care should be taken in relation to offers of hospitality from firms (say participating in current or imminent tenders or its execution) who stand to derive a personal or commercial benefit from their relationship with the recipient.</p>
<p>2. Gifts: Gifts from suppliers/ contractors/ consultants/ service providers may tend to cross the limits of ethical/ occasional/ routine/ modest/ normal business practice, especially on festive season. Since the value of the gift may not be known to the recipient, it may cause inadvertent violation of Conduct rules.</p>	<p>Gifts must never be solicited, directly or indirectly. An official should not accept and retain gifts more valuable than the limit as laid down in the conduct rules. Particular care should be taken in relation to gifts from firms (say participating in current or imminent tenders or its execution) who stand to derive a personal or commercial benefit from their relationship with the recipient. Cash, gift cheques or any vouchers that may be exchanged for cash may not be accepted regardless of the amount. Any gift received inadvertently in violation of above, must immediately either be returned or else reported and deposited in Toshakhana/ Treasury.</p>
<p>3. Private Purchases from Official Suppliers/ contractors/ consultants/ service providers: Procuring Officials may mistakenly consider it innocuous to seek discounts in private procurements from suppliers/ contractors/ consultants/ service providers having official dealings or its associates (especially against Rate Contracts).</p>	<p>Public purchasers must not seek or accept special facilities or discounts on private purchases (particularly same items which are being ordered officially) from contractors, suppliers/ contractors/ consultants/ service providers (including Rate Contract holders) with whom they have official dealings.</p>
<p>4. Sponsorship of Events: Procuring Officials may mistakenly consider it innocuous to seek financial</p>	<p>Public purchasers must never get involved in any non-official pecuniary transaction with the contractors, suppliers/ contractors/</p>

<p>favours (donations, advertisements for souvenirs, and contributions in cash or kind) in relation to sponsoring of cultural, social, charitable, religious, or sporting events, in the false belief that since he/she is personally not benefitted, it would not be a violation of CIPP.</p>	<p>consultants/ service providers including soliciting of sponsorship for unofficial and private cultural, social, sporting, religious, charitable or similar organisations or events from.</p>
<p>5. Conflict of Interest (COI): Para 3.3.3-1)f) above, Code of Integrity for Public Procurement has a provision on Conflict of Interest – which inter-alia states:”</p> <p>“... if the bidding firm or their personnel have relationships or financial or business transactions with any official of procuring entity who are directly or indirectly related to tender or execution process of contract;...”</p> <p>There may be dilemma regarding the officers related to the tender or execution process and if even minor routine transactions.</p>	<p>a) Officers related to the tender or execution process would depend on the organisational structure and sensitivity of their role in procurement. It may cover key officials (and any external consultants/ advisors) involved in making a recommendation, various approvals, or making an important decision at any stage in procurement – i.e., during need determination/ indenting; Tender Document preparation/ preparation of comparative tabulation; Technical and Financial evaluation of Bids; negotiation/ signing of Contract; execution of contract; payments to the contractor.</p> <p>b) Col can be in the nature of significant business interests, family relationship, regular social interactions, close personal friendships. A conflict of interest (actual, potential, or perceived) can arise when any senior executive (or team handling the bidding) at the firm bidding for the contract (called firm’s team) has such relationship/ transaction with officials (or their close relatives) mentioned in sub para-a) above.</p> <p>Examples: Such official or his close family relative (parents/children/ their family, uncles/ aunts/ their family) has substantial business interests in the firm (say shares more than 0.1% of market cap, taken a loan/ financial obligation, availed hospitality – say, beyond the limits laid down in Code of Conduct of the organisation); have previously worked for the firm; or are close personal friend of the firm’s team members or regularly (say, more than once in a quarter) interact socially (clubs, games, social associations) with them.</p> <p>Resolution of COI: It shall be the responsibility of such officials to declare actual/ potential/ perceived COI to the Competent Authority, intimating either abandoning of potential/</p>

	<p>perceived COI or else, requesting to be recused from association with the procurement process. Competent officer may evaluate the level of COI, and the sensitivity of function assigned to the official. He may either determine COI to be insignificant enough to influence the type of function performed by the official, or if COI or the type of function is significant, nominate any alternative officer to perform the function of this official.</p>
--	---

Chapter 4: Types of Contracts, Systems of Selection, Modes of Procurement, Bidding Systems

4.1. Types of Contracts

1. There is different basis for linking payments to the performance of services (called types of contracts) – each having different risks and mitigation measures. Bids are called and evaluated based on the type of contract. The choice of the type of contract should be based on Value-for-Money (VfM) with due regard to the nature of assignment. Adoption of an inappropriate type of contract could lead to a situation of lack of competition, contractual disputes, and non-performance/failure of the contract.

2. Each type of contract is described briefly in subsequent paras, and criteria are suggested for their adoption along with risks and mitigation measures. Mostly used types of contracts are:

- a) Lump sum (Firm Fixed Price) contract;
- b) Time based (Retainer-ship) contracts;
- c) Percentage (Success Fee) contract;
- d) Retainer-ship cum Success fee-based contract;
- e) Indefinite delivery contract.

4.1.1. Lump Sum (Firm Fixed Price) Contract:

1. The lump sum (firm fixed price) contract is the simplest form of contract and wherever feasible; the Procuring Entity shall use this form of contract. Consultant’s proposal is deemed to include all prices - no arithmetical correction or price adjustments are allowed during evaluation.

2. Lump sum consultancy contracts are easy to administer because there is fixed price for a fixed scope and payments are linked to clearly specified outputs/ milestones/ deliverables such as reports, documents, drawings, bills of quantities, software programs and so on. Bidders quote lump sum price for the required quantum of services. They may also be asked to quote unit rate for the consultancy output, to be used in case of variation etc.

3. Schedule of Requirement shall indicate the quantum of the Consultancy outputs, its performance standards, and the timeline/ milestones of its delivery. Contract may specify parts of payments to be released at specified timelines/ milestones.

4. In view of Risks mentioned below this type of contracts are widely used for simple planning and feasibility studies, environmental studies, detailed design of standard or common structures, preparation of data processing systems, and so forth.

5. Lump Sum Contracts - Risks and Mitigations

Risk	Mitigation
The quality and Scope of the Output/ deliverables is not linked to the payment. There may be tendency for the consultant/	Lump sum service contracts should be used mainly for assignments in which the quality, scope and the timing of the required output

service provider to cut corners on quality and scope of the output/ deliverables by saving on resources employed. Disputes may arise due to different possible interpretations of quality and scope of assignment.	of the consultants/ service providers are clearly defined. The contract should include provision for evaluation of quality and scope of deliverables and certificate for its acceptability may be recorded. Payment should be made only against certificate of acceptance of deliverables.
Time over-run: As time is not linked to the payment. There may be tendency for the consultant/ service provider to save on deployment of resources which may result in time-over-run.	While the payments are not linked to time, the assignment should be monitored per month to ensure that the output per month is in line with planned and estimated time-line.

4.1.2. Time-Based (Retainer-ship) Contract

1. In Time-based (Retainer-ship) contracts payments are based on agreed hourly, daily, weekly, or monthly rates for staff (who in consultancy contracts are normally named) and on reimbursable items using actual expenses and/or agreed unit prices. These are also called as retainer ship contracts since the consultant/ service provider are retained for a pre-decided contract period. The rates for staff include salary, social costs, overhead, fee (or profit), and, where appropriate, special allowances.
2. Schedule of Requirement shall indicate the quantum of inputs required (Man-hours of different key and non-key personnel), qualifications of key-personnel, reimbursable items, and the timeline/ milestones of its deliverables. Contract may specify parts of payments to be released at specified timelines/ milestones.
3. This type of contract is appropriate when Lump sum contract is not feasible due to difficulties in defining the scope and the length of services, either because the inputs required for attaining the objectives of the assignment is difficult to assess or because the services are tied up to activities by others for which the completion period may vary.
4. Because of risks and mitigations mentioned below, this type of contract is widely used for complex studies, supervision of construction, advisory services, and most training assignments etc.

5. Time-Based Contracts - Risks and Mitigations

Risk	Mitigation
The quality and Scope of the Output/ deliverables as in Lump-sum Contracts, is not linked to the payment. There may be tendency for the consultant/ service provider to cut corners on quality, scope and timing of the output/ deliverables by saving on resources employed. Disputes may arise due to different possible interpretations of quality and scope of assignment.	The contract should include provision for evaluation of quality and scope of deliverables and certificate for its acceptability may be recorded. Payments should be released only against such certificates.
Performance in each time period is not linked to the payment. There may be tendency for the consultant/ service provider	Contracts need to be closely monitored and administered by the 'Procuring Entity' to ensure that the progress of assignment is commensurate with the time spent and that

<p>to use paid staff in a dilatory and un-productive manner.</p>	<p>the resources for which payment is claimed have actually efficiently and productively been deployed on the assignment during the period. A system of monthly reporting of payouts and quantum of work achieved by the consultant/ service provider to CA should be instituted to enable supervision.</p>
<p>Time and Cost over-run is a major risk in Time-based contracts, as the payment is based on time and delay may result in unanticipated benefit to the consultant and the assignment may get delayed.</p>	<p>This type of contract should include an upper limit of total payments to be made to the consultants/ service providers for the assignment to safeguard against excessive prolonging of time and payments. After this limit is reached, or the period of completion is exceeded, CA should review justification for extension of the contract.</p>

4.1.3. Percentage (Success/ contingency Fee) Contract

1. Percentage (Success/ Contingency Fee) contracts directly relate the fees paid to the consultant/ service provider to the estimated or actual project cost, or the cost of the goods procured or inspected. Since the payment is made after the successful realisation of objectives, it is also called success (or contingency) fee contract. The final selection is made among the technically qualified consultants who have quoted the lowest percentage while the notional value of assets is fixed.
2. Schedule of Requirement shall indicate the estimated value of assets/ transactions to be handled as well as the contract Period (one year, unless otherwise stipulated) over which such volume shall be availed. However, there shall be no firm commitment to avail the entire value of transactions within the contract period.
3. Due to Risks and mitigations discussed below, these contracts are commonly used for appropriate architectural services; procurement and inspection agents.

4. Percentage Contracts - Risks and Mitigations

Risk	Mitigation
<p>The quality and Scope of the Output/ deliverables as in Lump-sum Contracts, is not linked to the payment. There may be tendency for the consultant/ service provider to cut corners on quality and scope of the output/ deliverables by saving on resources employed.</p>	<p>The contract should include provision for evaluation of quality, scope and the timing of deliverables and certificate for its acceptability may be recorded. Payment should be made only against certificate of acceptance of deliverables.</p>
<p>Time over-run: As time is not linked to the payment. There may be tendency for the consultant/ service provider to save on deployment of resources which may result in time-over-run.</p>	<p>While the payments are not linked to time, the assignment should be monitored per month to ensure that the output per month is in line with planned and estimated time-line.</p>
<p>Bias against Economic solutions: Since the percentage payment is linked to the total</p>	<p>Therefore, the use of such a contract for architectural services is recommended only</p>

cost of the project, in the case of architectural or engineering services, percentage contracts implicitly lack incentive for economic design and are hence discouraged.	if it is based on a fixed target cost and covers precisely defined services.
--	--

4.1.4. Retainer and Success (Contingency) Fee Contract

1. In Retainer and Success (Contingency) fee contracts the remuneration of the consultant includes a retainer (time based, monthly payment) and a success fee (Percentage based), the latter being normally expressed as a percentage of the estimated or actual Project cost. Thus, this type of contract is a combination of Time Based and Percentage Contracts.

2. Due to risks and mitigations discussed below, Retainer and contingency fee contracts are widely used when consultants (banks or financial firms) are preparing companies for sales or mergers of firms, notably in privatization operations. It can also be used for assignments related to organisational restructuring/ change.

3. Retainer-ship and Contingency Fee Contracts - Risks and Mitigations

Risk	Mitigation
All Risks as applicable to both Percentage Contracts and Time-Based contracts are encountered in this case	Same mitigation strategies as in both Percentage and Time-Based contracts may be adopted in this case.

4.1.5. Indefinite Delivery Contract (Price Agreement)

1. These contracts are used when Procuring Entity need to have “on call” specialized services, the extent and timing of which cannot be defined in advance. This is akin to the system of 'Rate Contracts' or framework contracts in the procurement of Goods. There is no commitment from Procuring Entity for the quantum of work that may be assigned to the consultant. The Procuring Entity and the firm agree on the unit rates to be paid, and payments are made on the basis of the time/ quantum of service actually used. The consultant/ service provider shall be selected based on the unit rate quoted by them for providing the services.

2. Schedule of Requirement shall indicate only a tentative estimate of the volume of required service as well as the contract Period (one year, unless otherwise stipulated) over which such volume is likely to be availed. The Services shall be availed on-call as and when needed by the procuring entity without any commitment regarding the volume of services.

3. Due to risks and mitigations discussed below, Indefinite Delivery contracts are commonly used to retain “advisers” or avail services 'on-call' - for example; expert adjudicators for dispute resolution panels, institutional reforms, procurement advice, technical troubleshooting, Document Management, Taxi Services, Temporary Manpower Deployment and so forth – normally over a period of a year or more.

4. **Indefinite Delivery Contracts - Risks and Mitigations**

Risk	Mitigation
<p>Risk of over-utilization: Indefinite Delivery Contracts are at risk of being over-utilized in excess of actual need since the scrutiny of service need may not be as intense as in case of other types of contracts.</p>	<p>The need assessment of utilized services should be subject to some scrutiny, to ensure that there is no abnormal unexplainable trend in utilization.</p> <p>Such contracts need to be closely monitored and administered by the 'Procuring Entity' to ensure that there is no indiscriminate or unwarranted usage and a maximum contract value may be laid down to keep control over usage and approval of CA may be obtained to extend it beyond such limit.</p> <p>A system of monthly reporting of payouts and quantum of work achieved by the consultant/ service provider to CA should be instituted to enable supervision. In the report a monthly payout benchmark may be kept, above which the report may be required to be sent to a level above CA.</p>
<p>The quality and Scope of the Output/ deliverables as in Lump-sum Contracts, is not linked to the payment. There may be tendency for the consultant/ service provider to cut corners on quality, scope and timing of the output/ deliverables by saving on resources employed.</p>	<p>The contract should include provision for evaluation of quality and scope of deliverables and certificate for its acceptability may be recorded. Payments should be released only against such certificates.</p>
<p>Performance in each time period is not linked to the payment. There may be tendency for the consultant/ service provider to use resources in a dilatory and un-productive manner.</p>	<p>Contracts need to be closely monitored and administered by the 'Procuring Entity' to ensure that the progress of assignment is commensurate with the time spent and that the resources for which payment is claimed have actually efficiently and productively been deployed on the assignment during the period. A system of monthly reporting of payouts and quantum of work achieved by the consultant/ service provider to CA should be instituted to enable supervision.</p>
<p>Time and Cost over-run is a major risk in such contracts, as the output may not be achieved in the estimated time.</p>	<p>This type of contract should include an upper limit of total payments to be made to the consultants/ service providers to safeguard against excessive prolonging of time and payments. After this limit is reached, or the period of completion is exceeded, CA should review justification for extension of the contract.</p>

4.2. Systems of Selection of service providers

1. Since the quality and scope of a consultancy assignment are not tangibly identifiable and consistently measurable, the technical and financial capability of consultants becomes an important though indirect determinant for quality and scope of performance. In such a situation value for money is achieved by encouraging wide and open competition among equally competent consultant. Thus, selection of consultants is normally done in a two-stage process. In the first stage, likely capable sources are shortlisted, on the basis of qualification and experience requirements for the given assignment for further consideration, if need be through an 'Expression of Interest' (EoI) through advertisement. The shortlist should include a sufficient number, not fewer than three (3) and not more than eight (8) eligible firms. In rare cases where less than three Consultants become eligible as per short-listing criteria, and the criteria cannot be relaxed, procurement may be continued with the approval of the Competent Authority. In the second stage, the shortlisted consultants are invited to submit their technical and financial (RfP) proposals generally in separate sealed envelopes. Evaluation of the technical proposal is carried out by evaluators without access to the financial part of the proposal. Financial proposals are opened after evaluation of quality.

2. The relative importance of Quality and Price aspects may vary from assignment to assignment depending on complexities/ criticality of quality requirements, internal capability of Procuring Entity to engage and supervise the assignment, as well as the value of procurements. Hence different systems of selection of consultants/ service providers are designed to achieve appropriate relative importance (weightage) of Quality and Price aspects. Decision on system of selection is normally preceded by an assessment of the capacity of the user to engage and supervise the implementation of proposed assignment. The selection method chosen depends to some extent on this assessment. Selection of system of selection also should consider the likely field of Bidders.

3. The nomenclature of various selection methods below is in line with generally prevalent nomenclature:

- a) Price based System - Least Cost Selection (LCS);
- b) Quality and Cost Based Selection (QCBS);
- c) Direct Selection: Single Source Selection (SSS)
- d) Fixed Budget – based Selection (FBS)

4.2.1. Price based System - Least Cost Selection (LCS)

1. In this method of selection, consultants/ service providers submit both a technical proposal and a financial proposal at the same time. Minimum qualifying marks for quality of the technical proposal are prescribed as benchmark (normally 75 (seventy-five) out of maximum 100 (hundred)) and indicated in the RfP along with a scheme for allotting marks for various technical criteria/ attributes. Alternatively, since in LCS selection, technical offers *do not require be ranked (or to be added of weighted technical score to financial score – as in QCBS selection), it would suffice in appropriately simple cases (similar to EoI criteria, please refer to para 7.3.3-8), if the evaluation criteria is only a fail/ pass criteria prescribing only the minimum qualifying benchmark. Thus, in LCS, a simplified evaluation criteria may also be used where instead of a marking scheme a minimum fail/pass benchmark of technical evaluation may be prescribed (i.e. must have completed at least two similar assignments; must have a turnover of at least Rs 10 (Rupees Ten) Crore etc). Any bidder that passes these benchmarks is declared as technically qualified for opening of their*

financial bids. The technical proposals are opened first and evaluated and the offers who are qualifying as per these technical evaluation criteria will only be considered as technically responsive, and the rest would be considered technically nonresponsive and would be dropped from the list. Financial proposals are then opened for only eligible and responsive offers (Financial bids of other unresponsive bidders are returned unopened) and ranked. L-1 offer out of the responsive offers is selected on price criteria alone without giving any additional weightage to marks/ ranking of Technical proposal. *This system of selection is roughly the same as the price-based selection of L-1 offer (among the technically responsive offers) in procurement of Goods/ Works. (Rule 193 of GFR 2017, also see para 8.5.2)*

2. LCS is considered suitable for recruiting consultants/ service providers from firms in most assignments that are of a standard or routine nature (such as engineering design of non-complex Consultancy/ services/ works) where well-established practices and standards exist.

3. It is the simplest and the quickest system of selection and under normal circumstances, this method of evaluation shall be used as default since it allows for minimum satisfactory technical efficiency with economy. Justification must be provided if a selection method other than LCS is to be used.

4. Least Cost Selection - Risks and Mitigations

Risk	Mitigation
Technical criteria may not be relevant to realization of quality of assignment.	Technical criteria selected should be relevant and proportional to the requirement of quality of assignment and the selection process should be rigorous enough to ensure that on one hand no technically unsatisfactory bids should be able to get past a loose criteria and on the other hand no technically satisfactory offer should get ruled out by tight criteria.
Marking Subjectivity: The scheme of marking or its application may be subjective.	It is important to lay down as objective a scheme of marking as possible. Cases where subjectivity is unavoidable (as in evaluation of methodology etc), a system of grading responses and their marking may be laid down in the bidding documents. Procuring Entity should also have a system of conciliation and moderation of widely disparate markings by different members of evaluation committee.

4.2.2. Quality and Cost Based Selection (QCBS)

2. In QCBS system of selection, both the quality of the proposal and the cost of the services are considered as deciding factors. This approach is employed when the quality of deliverables is crucial, but the cost of service or work cannot be ignored.

3. Quality/ Technical scores are assigned to proposals based on specified quality criteria. Minimum qualifying marks (normally 70-80 (seventy – eighty) out of maximum 100 (hundred) marks) as benchmark for quality of the technical proposal is prescribed and

proposals below this benchmark are not considered for Financial evaluation. The Financial Proposals are also given cost-score based on relative ranking of prices, with 100 (hundred) marks for the lowest and pro-rated lower marks for higher priced offers. The total score shall be obtained by weighting the quality and cost scores and adding them. For example, the weightage given to cost score may be 30% (thirty percent) and technical score may be given weightage of 70% (seventy percent but should never be more than 80%). The ratio of weightages for cost and Technical score could also be 40:60 (forty: sixty) or 50:50 (fifty: fifty) etc. However, the weight for the “cost” shall be chosen, considering the complexity of the assignment and the relative importance of quality. The proposed weightings for quality and cost shall be specified in the RfP. The firm obtaining the highest total score shall be selected. *It may be noted that theoretically QCBS system with weight of 100% (hundred percent) for the ‘cost’ approximates the price based LCS system.* This method of selection shall be used for highly technically complex and critical assignments where it is justifiable to pay appropriately higher price for higher quality of proposal.

4. Table 1 below provides a suggestive weighting for QCBS. (Rule 192 of GFR 2017, also see para 8.5.3)

Table 1. A suggestive weighting of scores for QCBS

Description	Remarks	Quality/Cost Score Weighting (%)
High complex/downstream consequences/specialised assignments	Use QCBS with higher technical weightage	80/20
Moderate complexity	Majority of cases will follow this range	75-65/ 25-35
Assignments of a standard or routine nature such as auditors/procurement agents handling the procurement	Use of LCS is appropriate	60-50/40-50

5. **QCBS - Risks and Mitigations**

Risk	Mitigation
Inappropriate Selection of QCBS: There is a possibility that QCBS system is selected where LCS or other systems would have been more appropriate considering the quality requirements or the capability of Procuring Entity to monitor the assignment.	Selection of QCBS should be justified and applied only under circumstances mentioned above.
Weightage of Technical: Cost may not be proportional to quality requirements	Weightage different from 70:30 (seventy: thirty) should be adequately examined and justified.
Technical criteria may not be relevant to realization of quality of assignment.	Technical criteria selected should be relevant and proportional to the requirement of quality of assignment and the selection process should be rigorous enough to

Risk	Mitigation
	ensure that on one hand no technically unsatisfactory bids should be able to get past a loose criteria and on the other hand no technically satisfactory offer should get ruled out by tight criteria.
Marking Subjectivity: The scheme of marking or its application may be subjective.	It is important to lay down as objective a scheme of marking as possible. Cases where subjectivity is unavoidable (as in evaluation of methodology etc), a system of grading responses and their marking may be laid down in the bidding documents. Procuring Entity should also have a system of conciliation and moderation of widely disparate markings by different members of evaluation committee.

4.2.3. Direct Selection: Single Source Selection (SSS)

1. Under some special circumstances, it may become necessary to select a particular consultant/ service provider where adequate justification is available for such single-source selection in the context of the overall interest of Procuring Entity. In Finance Ministry's 'Manual of Policies and Procedure of Employment of consultants', this is called DNS, which is not the generally prevalent nomenclature. (*Rule 194 of GFR 2017, also see para 8.5.4*)

The selection by SSS/ nomination is permissible under exceptional circumstance such as:

- a) tasks that represent a natural continuation of previous work carried out by the firm;
- b) in case of an emergency situation, situations arising after natural disasters, situations where timely completion of the assignment is of utmost importance;
- c) situations where execution of the assignment may involve use of proprietary techniques or only one consultant has requisite expertise;
- d) At times, other PSUs or Government Organizations are used to provide technical expertise. It is possible to use the expertise of such institutions on a SSS basis;
- e) Under some special circumstances, it may become necessary to select a particular consultant where adequate justification is available for such single-source selection in the context of the overall interest of the Ministry or Department. Full justification for single source selection should be recorded in the file and approval of the competent authority obtained before resorting to such single-source selection.

2. Procuring Entity shall ensure fairness and equity, and shall have a procedure in place to ensure that:

- a) the prices are reasonable and consistent with market rates for tasks of a similar nature; and
- b) the required consultancy services are not split into smaller sized procurement.

3. All works/purchase/ consultancy contracts awarded on nomination basis should be brought to the notice of following authorities for information-

- a) The Secretary, in case of ministries/departments.
- b) The Board of directors or equivalent managing body, in case of Public Sector Undertakings, Public Sector Banks, Insurance companies, etc;

- c) The Chief Executive of the organisation where such a managing body is not in existence.
 - i) The report relating to such awards on nomination basis shall be submitted to the Secretary/Board/Chief Executive /equivalent managing body, every quarter.
 - ii) The audit committee or similar unit in the organisation may be required to check at least 10% of such cases.

4. SSS - Risks and Mitigations

Risk	Mitigation
<p>Inappropriate Selection of SSS: There is a possibility that SSS system is selected where LCS or other systems would have been more appropriate considering the quality requirements or the capability of Procuring Entity to monitor the assignment. The assignment may be split into parcels to avoid competitive selection systems or to avoid obtaining higher level approvals for SSS.</p>	<p>Full justification for single source selection should be recorded in the file and approval of the competent authority (schedule of Procurement Powers – SoPP should severely restrict powers for SSS selection) obtained before resorting to such single-source selection. In direct selection, the Procuring Entity should ensure fairness and equity and the required consultancy/ Non-consultancy services are not split into smaller sized procurement to avoid competitive processes.</p>
<p>Cost may be unreasonably High: The single consultant/ service provider is likely to charge unreasonably high price.</p>	<p>Procuring Entity must have a procedure in place to ensure that the prices are reasonable and consistent with market rates for tasks of a similar nature. If necessary negotiations may be held with the consultants/ service providers to examine reasonableness of quoted price.</p>

4.2.4. Fixed Budget based Selection (FBS) for consultancy services:

1. GFRs 2017 provide three methods for selection/evaluation of consultancy proposals viz. Quality and Cost Based Selection (QCBS), Least Cost System (LCS) and Single Source Selection (SSS). The Fixed Budget based Selection (FBS) method is now also allowed²⁸ for selection of consultants.
2. In FBS, the selection process considers both the quality of proposals and the cost. FBS is a competitive method, encouraging consultants to provide high-quality services within the defined budget constraints.:
 - a) **Fixed Budget:** In the request for proposal (RFP) document, a specific fixed budget is specified. Consultants must adhere to this budget, and their proposed cost cannot exceed it.
 - b) **Quality Assessment:** Consultants submit their proposals, and the evaluation considers the quality of these proposals. The proposal that scores the highest in quality (and is within the specified budget) is selected for award of contract. This

²⁸ General Instructions on Procurement and Project Management - DoE's OM NO.F.1/1/2021-PPD dtd 29th October, 2021

assessment ensures that the selected consultant meets the project's requirements effectively, within the stipulated budget.

3. FBS may be used when:
 - a) the type of consulting services required is simple and/or repetitive and can be precisely defined; and
 - b) the budget can be reasonably estimated, and set based on credible cost estimates and/ or previous selections which have been successfully executed; and
 - c) the budget is sufficient for the consultant to perform the assignment.

4.3. Modes of Procurement

1. Offers from prospective bidders in public procurement must be invited according to a procedure that achieves a balance between the need for the widest competition, on one hand, and complexity of the procedure, on the other hand. Different modes of procurement and tendering systems are used to suit various procurement circumstances to achieve this balance. There are laid down procedures for delegation of powers of procurement to various competent authorities under different modes as shown in DFPR. Each procuring entity may also publish its own Schedule of Procurement Powers (SoPP) delegating such powers within the entity. A suggested format for SoPP is given at Annexure 3.

2. However, as mentioned in Para 1.3 (Applicability of this Manual), for procurements financed by Loans/Grants extended by International Agencies, like the World Bank, Asian Development Bank etc., the procurement procedures, as finalized and incorporated in the Articles of Agreements with such agencies for relevant Loans/ grants after consideration and approval of the Ministry of Finance are to be followed.

3. The various modes of procurement that can be used in public procurement are:

a) **Open Tenders**

- i) Open Tender Enquiry (OTE); and
- ii) Global Tender Enquiry (GTE)
- iii) Rate Contracts

b) **Procurement through Selected Suppliers**

- i) Limited Tender Enquiry - LTE (up to Rs. 25 (Rupees twenty-five) lakh); and
- ii) Special Limited Tender Enquiry (SLTE above Rs. 25 (Rupees twenty-five) lakhs under exceptional circumstances)

c) **Nomination Basis Tenders**

- i) Single Tender Enquiry (STE) without PAC

d) **Procurements without Calling Tenders**

- i) Direct Procurement without Quotation;
- ii) Direct Procurement by Purchase Committee;

e) **Dynamic Price Discovery – Electronic Reverse Auction (eRA)**

4. Applicability, Terms and Conditions, Risks, and mitigations of these modes of procurements (including restrictions regarding GTE mode for procurements below Rs 200 Crore) are detailed in Chapter 4 of the Manual for Procurement of Goods, which may be referred. For sake of brevity, these are not repeated here.

(Rule 158 of GFR 2017)

4.4. Bidding Systems

1. Bidding systems are designed to achieve an appropriate balance between the countervailing needs for Right Quality, Right Source, and the Right Price under different complexities/ criticality of Technical requirements and value of procurements. In certain critical and complex requirements, the technical and financial capability of Source of supply becomes an important determinant for value for money. Depending on the complexity and criticality Technical of requirement, Criticality of capability of Source and value of procurement, following types of tendering systems may be used. The various Bidding Systems that are used in public procurement are:

- a) Single Stage Tendering System
 - i) Single Stage Single Envelop System
 - ii) Single Stage Two Envelops System (Two Bid System) (*Rule 163 of GFR 2017*)
 - iii) Single Stage Multiple Envelops System with pre-qualification.
- b) Two Stage Bidding - Expression of Interest Tenders – Market Exploration/ Short-listing (*Rule 164 of GFR 2017*)

2. Details of these Bidding Systems are explained in Chapter 4 of the Manual for Procurement of Goods, which may be referred. For sake of brevity, these are not repeated here.

4.5. Channels of Procurement

Public Procurement can be channelled by way of Manual Bids, eProcurement Platforms, GeM Portal or through third-party agencies.

4.5.1. Electronic Procurement (e-Procurement - *Rule 160 of GFR 2017*)

Electronic procurement (e-procurement) is the use of information and communication technology (specially the internet) by the buyer (through a third party e-Procurement portal) in conducting procurement processes with the vendors/ contractors for the acquisition of goods (supplies), works and services aimed at open, non-discriminatory and efficient procurement through transparent procedures. A generic description of how e-Procurement is conducted is given in Appendix 3 of the Goods manual.

1. It is mandatory for all Ministries/Departments of the Central Government, their attached and subordinate offices, and autonomous/statutory bodies to publish their tender enquiries, corrigenda thereof and details of bid awards online on the Central Public Procurement Portal (CPPP) and also on their website. These instructions apply to all Tender Enquiries, Requests for Proposals, Requests for Expressions of Interest, Notice for pre-Qualification/ Registration or any other notice inviting bids or proposals in any form whether they are advertised, issued to limited number of parties or to a single party. These instructions would not apply to Purchase of goods without quotations or Purchase of goods by purchase committee (upto Rs 2.5 lakhs).
2. Normally in e-Procurement no manual Tender Documents are provided, nor any manual bids are accepted. It is not a good practice to call both electronic as well as manual bids in the same tender. Sub-paras 3), 4) and 5) below allow exemptions in specific situations mentioned therein, from e-Procurement, in cases where it is not convenient or feasible.

3. In Global Tender Enquiry (by any mode – Open Tender, Limited Tender or Single Tender) e-procurement may not be mandatorily insisted upon, however e-Publishing would still be mandatory. (refer Para 5.4.1).
4. In individual cases where national security and strategic considerations demands confidentiality, Ministries/ Departments may exempt such cases from e-publishing/ e-procurement after seeking approval of concerned Secretary (the head of the body, in the case of autonomous and Statutory bodies') with the concurrence of Financial Advisers. In case of tenders floated by Indian Missions Abroad, Competent Authority to decide the tender may exempt such case from e-procurement. should be obtained in each such case. Statistical information on the number of cases in which exemption was granted and the value of the concerned contract should be intimated on a Quarterly basis to the Ministry of Finance, Department of Expenditure.
5. Items costing less than Rs 2.5 lakh can be purchased (provided such items are not available on GeM) through Direct Procurement (without quotation or through Purchase Committee), but e-publishing (refer para 5.4.1) would still be mandatory for all procurements without lower value limit.
6. National Informatics Centre (NIC) has an e-Procurement portal called Government e-Procurement of NIC (GePNIC). There are other service providers in Public Sector (e.g., MSTC) and Private sector which can be utilized for e-Procurement. Details about the process of e-procurement are available from the service providers. *Appendix 3 of the 'Goods Manual' also gives such generic details of the e-Procurement process.*
7. Ministries/ Departments which do not have a large volume of procurement or carry out procurements required only for day-to-day running of offices and have not initiated e-procurement through any other solution provided so far, may use e-procurement solution developed by NIC. Other Ministries/ Departments may either use e-procurement solution developed by NIC or engage any other service provider following due process.
8. These instructions will not apply to procurements made by Ministries/ Departments through Government e-Marketplace (GeM).

(Rule 160 of GFR 2017)

4.5.2. Mandatory Procurement of Goods and Services through Government e-Marketplace (GeM)

Government Electronic Marketplace is a type of e-commerce site where product or services are offered by several sellers and all the buyers can select the product/ services offered by any one of the sellers, based on his own criteria. In an online marketplace, Purchaser's transactions are processed by the marketplace operator and then product/ services are delivered and fulfilled directly by the participating retailers. Other capabilities included are auctioning (forward or reverse), catalogues, ordering, posting of requirements by Purchasers, Payment gateways etc. The procurement process on GeM is ended to end from placement of supply order to payment to suppliers. This is to ensure better transparency and higher efficiency. The Procurement of Goods and Services by Ministries or Departments is mandatory for Goods or Services available on GeM as per Rule 149 of GFR, 2017. Guidelines for GeM are detailed in Chapter 4 of the Manual for procurement of goods, which may be referred. For sake of brevity, these are not repeated here.

4.5.3. Procurement through Centralized Agencies or other Organizations

Departments/ Organisations, who have not built-up their own infrastructure for purchase, may engage procurement agents (for individual procurement or as outsourcing of service) with the approval of its Secretary. Many canalized agencies authorised by the Government and some CPSEs²⁹ do provide such end-to-end procurement services, i.e., framing procurement documents, bidding process, evaluation, and contract management.

Procurements by such agencies would have to conform to these Procurement Guidelines. In such cases a Contract can be placed on them for procurement services, at mutually agreed terms. Guidelines for procurement through such agencies are detailed in Chapter 4 of the Manual for procurement of goods, which may be referred. For sake of brevity, these are not repeated here.

²⁹ Examples (not an exhaustive or recommendatory list) of such agencies are – Rail India Technical and Economic Services (RITES), Delhi Metro Rail Corporation (DMRC), Engineers India Limited (EIL), Indian Railway Institute of Logistics and Materials management (IRILMM), Institute of Public Auditors of India (IPAI) etc.

Chapter 5: Bid Invitation Process

5.1. Preparation and Uploading/ Floating of Tender Documents

5.1.1. Model Tender Documents

Department of Expenditure (DoE), Ministry of Finance, Government of India has issued Model Tender Documents for Procurement of Goods³⁰, Procurement of Consultancy Services³¹ and Procurement of Non-Consultancy Services³² on 29th October 2021. Procuring Entities are urged to customise relevant MTD for preparing tender documents for their procurements. Guidance notes annexed to the MTDs, detail the process of customisation of MTD for an Organisation and for each procurement.

5.1.2. Tender Documents³³

1. The tender document is the fundamental document in the public procurement process as after award of the contract it becomes part of the contract agreement. A carefully prepared tender document avoids delays and complaints. This will also attract more bidders to formulate and submit their competitive bids with confidence. Hence, it is worth spending time and effort on this even in cases of urgency.
2. Provisions/ clauses in the tender document should be clear, self-contained, and comprehensive without any ambiguity. to avoid differences in interpretation and possible disputes, time overrun, cost overrun and quality compromises.
3. While tender document should be complete in themselves and may be slightly different for various categories of procurements, these must necessarily address the essential aspects mentioned below (Rule 173 of GFR 2017). Model Tender Documents, issued by the DoE, which comply with all these requirements, may be used, with due customisation, as per the guidance notes annexed to the MTDs:
 - a) Description of the subject matter of procurement, its specifications/ drawings including the quality/ nature/ quality assurance, quantity, time and place or places of delivery/ completion;
 - b) Limitation or preference for participation by bidders in terms of the Government policies;
 - c) The procedure as well as date, time, and place for obtaining, submitting, and opening of the bids;

³² Accessible from <https://www.doe.gov.in/sites/default/files/Model-Tender-Document-for-Procurement-of-Non-Consultancy-Services.pdf>

³³ Notified under para 12 vide OM No.F.1/1/2021-PPD issued by Department of Expenditure dated 29.10.2021

- d) Suitable provisions for enabling a bidder to question the bidding conditions, bidding process and/or rejection of its bid. These provisions should include a time frame in which procuring entity will address the bidder's questions;
 - e) Criteria for determining the responsiveness of bids, criteria as well as factors to be considered for evaluating the bids on a common platform and the criteria for awarding the contract to the responsive, most advantageous (lowest/highest as the case may be) bidder should be clearly indicated in the tender documents;
 - f) The eligibility criteria should take care of the supplier's eligibility to participate in the Tender process.
 - g) The qualification Criteria for the bidders should take care of its capability to perform the resultant contract successfully, balancing considerations of quality, time, and cost.
 - h) commercial terms and conditions e.g., payment terms, tax implications, respective obligations of the procuring entity and the suppliers, compliance framework for statutory and other norms. Provision of price variation, wherever considered appropriate, as well as methodology for calculation of the same shall be clearly stipulated in the tender document.
 - i) Tender document should include a clause that "if a firm quotes NIL charges/consideration, the bid shall be treated as unresponsive and will not be considered."
 - j) Procedures for redressal of grievances or complaints from aggrieved bidders;
 - k) If applicable, Integrity Pact clause and format to be signed, shall be included;
 - l) Suitable provision for settlement of disputes, if any, emanating from the resultant contract, should be kept in the tender document; and
 - m) Essential terms of the procurement contract including a suitable clause mentioning that the resultant contract will be interpreted under Indian laws.
4. Procuring entities may issue instructions regarding appropriate delegation of authority for approval of the Tender Documents before these are floated/ uploaded.
 5. Eligibility criteria specifies the very basic criteria that abider should meet to be considered a responsive bid to be evaluated further beyond the preliminary evaluation/ screening of bids.
 6. **Qualification Criteria:** Technical and Financial qualification Criteria for the bidders are important in the public procurement process. They shall be clear and fair, having regard to the specific circumstances of the procurement. Appropriate parameters should be prescribed in the qualification criteria for bidders, to enable selection of the right type of bidders in public interest, balancing considerations of quality, time and cost.
 7. **Evaluation Criteria:** Procuring Entity may include in the evaluation criteria in the Tender Document based on one or more of quality, price, technical merit, aesthetic and functional characteristics, environmental characteristics, running costs, cost- effectiveness, after-sales service and technical assistance, delivery date and delivery period or period of completion etc. No criteria shall be used for evaluation of tenders that cannot be verified or has not been specified in the Tender Document.
 8. Open online tendering should be the default method to ensure efficiency of procurement. Public authorities should also keep the experience criteria broad based so that bidders with experience in similar nature of items/ goods can participate.
 9. The Procuring Entity should allow enough time to the bidders to prepare their proposals. The time allowed shall depend on the assignment, but normally shall not be less than four

weeks and not more than three months. In cases where participation of international consultants is contemplated, a period of not less than eight weeks should normally be allowed.

10. In case of a limited tender, instead of a full set of Tender Document, only a machine numbered tender form (refer Annexure 16) is used as the tender document, after filling up the name of the vendor and details of requirements. It has the “terms and conditions of tender” printed on the obverse side. In any case, all registered vendors, who normally are invited to quote in such limited tenders, have already acknowledged acceptance of “general conditions of contract” as part of the registration application, which are applicable to such procurements, in additions to “terms and conditions of tender” on the obverse of tender form. If necessary, specifications and drawings or any other document may be enclosed with the limited tender form.
11. Tender documents should invariably reserve Procuring Entity’s right without assigning any reason to:
 - a) reject any or all of the Bids, or
 - a) cancel the tender process; or
 - b) abandon the procurement of the Services; or
 - c) issue another tender for identical or similar Services.

5.2. Preparation of the Request for Expression of Interest (REoI) Document

5.2.1. Basic Considerations

1. Department of Expenditure (DoE), Ministry of Finance, Government of India has inter-alia issued Model Tender Documents for Procurement of Consultancy Services³⁴, which includes a Model REoI, which may please be referred.
2. It is important for the Procuring Entity to hire consultants who have a reputation for integrity and impartiality rooted in independence from third parties. It is seen that the process of shortlisting is one of the most difficult and time-consuming tasks in the selection process of a consultant. This could be eased by writing a clear Description of Service (objectives and Scope) and shortlisting criteria.

5.2.2. Contents of REoI

The EoI document shall contain following sections:

1. **Part I: REOI process**
 - a) Section I: Request for Expression of Interest (REOI)
 - b) Section II: Appendix
 - c) Section III: Qualification Criteria
2. **Part II: Schedule of Requirements**
 - a) Section IV: Terms of Reference
3. **Part III: EOI Submission Formats**

³⁴ Accessible from

https://eprocure.gov.in/cppp/sites/default/files/standard_biddingdocs/Procurement_Consultancy_Services.pdf

- a) Form 1: EOI Form (Covering Letter)
 - i) Form 1.1: Consultant Information
 - ii) Form 1.2: Eligibility Declarations
 - b) Form 2: Qualification Criteria – Compliance
 - i) Form 2.1: Performance Capability Statement
 - ii) Form 2.2: Financial Capability Statements
 - iii) Form 2.2.1: Financial Statement
 - iv) Form 2.2.2: Average Annual Turnover
 - c) Form 3: Checklist for Consultants
 - d) Other Annexures:
 - i) Annexure 1: Authorisation to Attend Pre-EOI Conference
 - ii) Annexure 2: Code of Integrity
4. **Section I: Request for Expression for Interest (REoI):** Is a formal invitation for Expression of Bidders from interested bidders.
5. **Section II** is the Appendix to the REoI, where variable parameters and information related to this specific REoI process are summarised.
6. **Section III: Qualification Criteria:**
- a) This section lays down the qualification criteria which shall be applied by the Procuring Entity for short listing the consultants. The REoI should ask for sufficient information so that the Procuring Entity may evaluate the consultant's capabilities and eligibility to undertake the assignment. The Consultants must be asked
 - i) core business and years in business;
 - ii) requisite experience with assignments similar in nature in general and specific sectors relevant to the subject assignment;
 - iii) technical and managerial organisation of the firm; and
 - iv) general qualifications and number of key staff.
 - b) In addition, the consultants should indicate information relating to their eligibility and any conflict of interest that they know may impact objective performance and impartial advice for their services. Consultants should not be asked about their approach to the services or to submit any curricula vitae of key personnel, because these documents will be dealt with in the RfP. No legal documents such as certificates of incorporation of the firm, powers of attorney, financial statements, or translations of standard brochures should be requested. Given the often-large number of submissions, the advertisement should stress the importance of brevity of the information to be sent.. It may indicate the extent of dispensation, if any, allowed for startups. Unless otherwise stated in Section II: Appendix, Consultants may associate with other firms to enhance their qualifications but should indicate clearly whether the association is in the form of a joint venture/consortium (JV/C) and/or a sub-consultancy.
7. **Section IV: Terms of Reference (TOR):** This section describes the background, purpose/ objectives, description/ scope of work, deliverables/ outcomes, inputs to be provided by the Procuring Entity; and timelines of Consultancy Services (hereinafter called the 'Service') required. The 'Service' may include incidental Goods, Works, and other Services if so indicated therein. Any generic reference the 'Service' shall be deemed to include such incidental Goods, Works, and other Services. This may also include the place of execution of the assignment.

5.2.3. Important Provisions of REoI:

1. REoI contains all relevant information as well as guidance to the prospective bidders regarding - obtaining tender documents, preparing, and submitting a responsive bid, process of establishing the eligibility/ qualification credentials of the bidders as well as evaluation and comparison of tenders, Code of Integrity in Public Procurement (CIPP), process of grievance redressal, and declaration of results. It also contains introduction/ overview of its contents.

Other important provisions in a REoI are:

2. **Eligibility Criteria:** Provisions relating to Eligibility Criteria, Conflict of Interest and applicable preferential policies regulate the participation of bidders of various categories and their agents. It also contains introduction/ overview of its contents. It mentions the type of entities which may participate, specifically if JV/C are permitted to participate. It shall also mention that the consulting company should be registered under applicable act with registered offices in India. It also excludes insolvent, bankrupt, debarred, convicted, firms with conflict of interest from participation. Restriction of participation of bidders from certain countries having land borders with India are also applicable. In case JV/Cs are permitted, it should be made clear if the experience of the bidders as a member of JV would be considered or not. If yes, then the manner of aggregating qualifications of members of JV (say, only prorata experience proportionate to his %age share declared in JV MoU) may be mentioned.

3. **Preferential Procurement Policies:** Preferential Procurement policies applicable to the EoI are mentioned (MSEs, Start-ups, Make in India etc.)

4. **EoI Validity:** EOIs shall remain valid for a period not less than 60 (sixty) days from the deadline for the EoI submission.

5. **Qualification Criteria:** As mentioned earlier qualification criteria for shortlisting the bidders and its scoring/ marking scheme is detailed. It also specifies, if JV/C are permitted, how credentials of members of JV/C would be considered in evaluation.

6. **Terms of Reference (ToR):** As mentioned earlier ToR describes the background, purpose/ objectives, description/ scope of work, deliverables/ outcomes, inputs to be provided by the Procuring Entity; and timelines of the required 'Service'. At EoI stage ToR is relevant for bidders to decide, whether they are interested in bidding for this assignment. It is also relevant to decide specific sector of experience required in the qualification criteria. Normally ToR should be ready before REoI is floated, however, if detailed ToR is not ready, at least description/ scope of work, deliverables/ outcomes, inputs to be provided by the Procuring Entity; and timelines of the required 'Service' should be included in REoI. REoI should contain a clause retaining right to make minor adjustments to ToR at the RfP stage.

5.3. Preparation of the Request for Proposals (RfP) Document

5.3.1. Basic Considerations:

1. Department of Expenditure (DoE), Ministry of Finance, Government of India has issued Model Tender Documents for Procurement of Consultancy Services and Procurement of Consultancy Services³⁵, which may please be referred.

5.3.2. The Request for Proposal (RFP) (*Rule 168 of GFR 2017*)

1. The Request for Proposals (RfP) is the bidding document in which the technical and financial proposals from the consultants are obtained. For procurement of Consultancy Services, the RfP is sent only to the short-listed consultants. It contains the following sections:

- a) Section I: Request for Proposal Letter (RFPL) and its Appendix: Tender Information Summary (TIS)
- b) Section II: Instructions to Consultants (ITC)
- c) Section III: Appendix to Instructions to Consultants (AITC)
- d) Section IV: General Conditions of Contract (GCC)
- e) Section V: Special Conditions of Contract (SCC)
- f) Section VI: Terms of Reference (TOR)
 - i) Section VI-A: List of Key Experts and Required Qualifications
- g) Section VII: Evaluation/ Scoring Criteria

2. **Section I: Request for Proposal Letter (RFPL) and its Appendix: Tender Information Summary (TIS)**

Section I – Request for Proposal Letter (RFPL and its Appendix – Tender Information Summary - TIS) provides a synopsis of information relevant for a Consultant to decide on participating in the RFP. RFPL states the intention of the Procuring Entity to enter into a contract for the provision of consultancy services, details of the Procuring Entity, and date, time, and address for submission of proposals.

3. **Section II: Instructions to Consultants (ITC) and Section III: Appendix to Instructions to Consultants (AITC)**

Section II: “Instructions to Consultants” (ITC), along with Section III: “Appendix to Instructions to Consultants (AITC)”, contains all necessary information that would help the consultants prepare responsive proposals, and shall bring in as much transparency as possible to the selection procedure by providing information on the evaluation process and by indicating the evaluation criteria and factors and their respective weights and minimum passing quality score. Standard information includes clauses relating to the procedure of bid submission, pre-bid meeting, for seeking clarifications, and so on. The assignment/ job specific information in AITC include the date and time of bid submission, contact address, qualification criteria, method of selection, evaluation process, factors of evaluation and their respective weights, and so on. The ITC shall specify the proposal validity period [normally 90 (ninety) days].

³⁵ Accessible from

https://eprocure.gov.in/cppp/sites/default/files/standard_biddingdocs/Procurement_Consultancy_Services.pdf

4. **Section IV: General Conditions of Contract (GCC) and Section V: Special Conditions of Contract (SCC)**

Section IV – General Conditions of Contract (GCC) and Section V – Special Conditions of Contract (SCC) describe the conditions governing the resulting contract.

5. **Section VI: Terms of Reference (TOR) and Section VI-A: List of Key Experts and Required Qualifications**

- a) Section VI: Terms of Reference (TOR) describes the background, purpose/ objectives, description/ scope, deliverables/ outcomes, timelines, Procuring Entity's inputs and counterpart personnel, statutory requirements of Services required etc.
- b) Since cost is part of the selection criterion the ITC shall not indicate the budget (except in case of Fixed Budget System of selection) but shall indicate the expected input of key professionals (staff time). Section VI-A: 'List of Key Experts and Required Qualifications' describes the team composition, expertise, experience, and professional qualifications required for each Key Experts. Consultants, however, shall be free to prepare their own estimates of staff time necessary to carry out the assignment.
- c) Consultants may be encouraged to provide comments and suggestions on Terms of Reference, Counterpart Staff, Key Experts and Facilities to be provided by the Procuring Entity' regarding these Sections.
- d) **Simplified Technical Proposal:** In LCS system of evaluation, since the technical scores are not ranked or weighted and added to Financial Scores, it would suffice if instead of a detailed marking scheme for the criteria/ sub criteria, minimum fail-pass qualifying benchmarks are laid down for each criteria/ sub criteria. For such assignment technical evaluation can be carried out by following a simplified procedure for evaluation of technical quality and only a Simplified Technical Proposal (STP, instead of a Full Technical Proposal - FTP) may be called for and indicated in the data sheet of the RfP document. STP should be used. when the assignment is:
 - i) unlikely to have significant downstream impact;
 - ii) of a routine nature where ToR already defines details of tasks to be performed and required output and approach, methodology, organisation, and staffing could be evaluated without use of sub criteria; and
 - iii) that characteristics of work do not require further detailed evaluation of the consultant's experience (e.g. engagement of accountants, auditors, consultant engineers etc).
- e) STP reduces the time and cost required to prepare the proposal and could be evaluated faster by the Evaluation Committee. For example, following parameters can be used:
 - i) Minimum experience including number of assignments handled by the firm similar to the area of assignment;
 - ii) Turnover and other financial parameters of the firm, if required;
 - iii) Minimum educational qualifications of each of the key professionals;
 - iv) Minimum requirement of experience of the key professionals in an area similar to the proposed assignment.

- v) All the firms which meet the minimum qualifying standards/ criteria so prescribed will stand technically qualified for consideration of their financial bids.

6. **Quality Considerations - Section VII: Evaluation/ Scoring Criteria**

Section VII – Evaluation/ Scoring Criteria stipulates the scoring scheme for evaluating various Technical criteria. These may cover scoring of criteria relating to the Consultant's experience, Technical Approach and Methodology, understanding of requirements, qualification and experience of Key Experts (Key experts need not be a permanent employee of the consultant), transfer of knowledge etc. It may also lay down a minimum technical score to qualify for the next stage of Financial Evaluation. In a specific evaluation scheme, instead of a scheme of scoring, a scheme may be laid down to evaluate criteria on a pass/ fail basis.

5.3.3. **Standard Formats for Technical and Financial Proposals**

1. **Technical Proposal**

- a) Form T-1: Proposal Form – (To serve as a covering letter to both the Techno-commercial and Financial Proposals)
 - i) Form T-1A: Consultant's Commercial Information
- b) Form T-2: Consultant's Organisation and Experience
- c) Form T-3: Comments and Suggestions on Terms of Reference, Counterpart Staff, and Inputs to be Provided by the Procuring Entity
- d) Form T-4: Description of Approach, Methodology and Work Plan in Responding to the Terms of Reference
- e) Form T-5: Work Schedule and Planning for Deliverables
- f) Form T-6: Team Composition, Assignment, and Key Experts' Inputs
 - i) Annex to Form T-6: Key Experts' Curriculum Vitae (CV)
- g) Form T-7: Terms and Conditions - Compliance
- h) Form T-8: Checklist for Consultants.
- i) Form T-9: Bank Guarantee Format for Earnest Money Deposit
- j) Form T-10: Integrity Pact

2. **Financial Proposal:** The financial proposal is to be submitted in a separate BOQ excel file available on the eProcurement Portal.

3. **Other Formats**

- a) Contract Form and its Appendices
 - i) Appendix A: Terms of Reference
 - ii) Appendix B: Key Experts
 - iii) Appendix C: Remuneration Cost Estimates
 - iv) Annex to Appendix C: Breakdown of Agreed Fixed Rates in Consultant's Contract
 - v) Appendix D: Reimbursable Expenses Cost Estimates
 - vi) Appendix E-1: Bank Guarantee Format for Performance Security
 - vii) Appendix E-2: Bank Guarantee Format for Advance Payment
- b) Authorisation to Attend Pre-Proposal Conference. (To be filled up, if required, by Consultant)

5.3.4. Important Provisions of ITC

1. ITC contains all relevant information as well as guidance to the prospective bidders regarding - obtaining tender documents, preparing, and submitting a responsive bid, process of establishing the eligibility/ qualification credentials of the bidders as well as evaluation and comparison of tenders, Code of Integrity in Public Procurement (CIPP), process of grievance redressal, and declaration of results. It also contains introduction/ overview of its contents. Other important provisions in a ITC are:

2. **Eligibility to Participate:** As the RFP following the earlier EOI shortlisting process, this invitation is open only to consultants who have been shortlisted therein or are specifically invited to participate. It is not permissible for the shortlisted consultants to transfer this RFP to any other firm without the permission of the Procuring Entity. Proposals from consultants who have not been shortlisted shall not be entertained. The shortlisted Consultant must continue to meet the eligibility criteria prescribed in the EOI document (based inter-alia on which they were shortlisted), including restrictions on Consultants from specified countries as of the date of his Proposal submission and should continue to meet these till the award of the contract. Consultants must provide evidence of their continued eligibility to the Procuring Entity if requested.

3. **Association among Shortlisted Consultants:** Unless otherwise stipulated in TIS/ AITC, if a shortlisted Consultant considers that it may enhance its expertise for the assignment by associating with other consultants in the form of a Joint Venture or as Sub-consultants, it may do so with either (a) non-shortlisted Consultant(s) or (b) shortlisted Consultants, without vitiating the shortlisting criteria of the REOI. The shortlisted Consultant shall be a lead member when associating with non-shortlisted firms as a joint venture. If shortlisted Consultants associate with each other, any of them can be a lead member. A shortlisted Consultant must obtain the Procuring Entity's written approval not later than 14 days before the RfP submission deadline, in all such cases. Such approval shall be denied if (i) a shortlisted Consultant proposes to associate with an ineligible Consultant or, in case of an ineligible joint venture, any of its members (ii) because of the change, the consultant no longer substantially meets the qualification criteria outlined in REOI document, or (iii) if, in the opinion of the Procuring Entity, a substantial reduction in competition may result.

4. **Preferential Procurement Policies:** Preferential Procurement policies applicable to the RfP are mentioned (MSEs, Start-ups, Make in India etc.)

5. **RfP Validity:** RfP shall remain valid for a period not less than 90 (ninety) days from the deadline for the RfP submission.

6. **Evaluation/ Scoring Criteria:** Evaluation shall, inter-alia, consider the Consultant's (i) "Specific experience of the Consultant (as a firm) relevant to the Assignment"; (ii) "Adequacy and quality of the proposed methodology, and work plan"; (iii) "Key Experts' qualifications and competence for the Assignment". It also specifies, if JV/C are permitted, how credentials of members of JV/C would be considered in evaluation. Procuring Entity may, ask all shortlisted Consultants to deliver presentation on their technical proposals. This presentation shall only cover contents of the technical proposals submitted by the Consultant. Unless otherwise provided, no marks shall be assigned to the presentation. Opportunities for such presentations shall be provided in a manner to provide a level playing field to all shortlisted consultants, including time limits for such presentations.

7. **Terms of Reference (ToR):** As mentioned earlier ToR describes the background, purpose/ objectives, description/ scope of work, inputs of Key Experts, deliverables/

outcomes, inputs to be provided by the Procuring Entity; and timelines of the required 'Service'.

5.3.5. Proposed form of contract

1. **Description of Services and ToR:** The contract includes accepted ToR methodology, general and specific conditions of contract, etc. wherever possible, the Procuring Entity shall use the Standard Form of Contract. The general conditions of contract shall include all such conditions which are common in nature and not project specific. Such conditions include clauses pertaining to sub-contracting, methods of payment, termination and extension of contracts, arbitration, variation in quantities, indemnity and insurance, force majeure, conflict of interest, compliance to local laws and taxes and duties etc. The project specific conditions include clauses relating to the assignment in hand. These clauses should be carefully developed to protect the interest of the Procuring Entity.

2. **Conflict of Interest:** The consultant shall not receive any other remuneration from any source in connection with the same assignment except as provided under the contract. Consultants assisting a client in privatisation of public assets shall neither purchase nor advise purchasers of such assets. Similarly, consultants hired to prepare ToR for an assignment shall not be hired for the assignment in question and shall not be in a conflict-of-interest situation as described in the RfP/contract.

3. **Professional Liability:** The consultant is expected to carry out its/his assignment with due diligence and in accordance with the prevailing standards of the profession. As the consultant's liability to the Procuring Entity will be governed by the applicable law, the contract need not deal with this matter unless the parties wish to limit this liability. If they do so, they should ensure that: (a) there must be no such limitation in case of the consultant's gross negligence or wilful misconduct; (b) the consultant's liability to the Procuring Entity may, in no case, be limited to less than a multiplier of the total value of the contract to be indicated in the RfP and special conditions of contract (the amount of such limitation will depend on each specific case); and (c) any such limitation may deal only with the consultant's liability toward the Procuring Entity and not with the consultant's liability toward third parties.

4. **Staff Substitution of Key Professional:** During an assignment where key professionals are named in the contract, if substitution is necessary (for example, because of ill health or because a staff member proves to be unsuitable, or the member is no longer working with the consultant), the consultant shall propose other staff of at least the same level of qualifications for approval by the Procuring Entity. The RfP/contract must specifically make provision for terms and conditions under which the staff can be replaced, about the remuneration to be paid, and so on.

5. **Applicable Law and Settlement of Disputes:** The contract shall include provisions dealing with the applicable law, which should be the law applicable in India and the forum for the settlement of disputes – applicable Arbitration Clause and procedures.

6. **Training or Transfer of Knowledge:** If the assignment includes an important component of training or transfer of knowledge to the Ministries/ department staff, the ToR shall indicate the objectives, nature, scope, and goals of the training programme, including details on trainers and trainees, skills to be transferred, timeframe, and monitoring and evaluation arrangements. The cost of the training programme shall be explicitly stated in the consultant's contract and in the budget for the assignment.

(Rule 186 of GFR 2017)

5.4. Uploading of Tender Documents: Mandatory e-Publishing (Rule 159 of GFR 2017)

5.4.1. ePublishing of Tender Documents

1. It is mandatory for all Ministries/Departments of the Central Government, their attached and subordinate offices, and autonomous/statutory bodies to publish their tender enquiries, corrigenda thereof and details of bid awards online on the Central Public Procurement Portal (CPPP) and also on their website. These instructions apply to all Tender Enquiries, Requests for Proposals, Requests for Expressions of Interest, Notice for pre-Qualification/ Registration or any other notice inviting bids or proposals in any form whether they are advertised, issued to limited number of parties or to a single party. These instructions would not apply to Purchase of goods without quotations or Purchase of goods by purchase committee.
2. Individual cases where confidentiality is required, for reasons of national security, would be exempted from the mandatory e-publishing requirement. The decisions to exempt any case on the said grounds should be approved by the Secretary of the Ministry/ Department with the concurrence of the concerned Financial Advisor. In the case of autonomous bodies and Statutory bodies' approval of the head of the body with the concurrence of the head of the finance should be obtained in each such case. Statistical information on the number of cases in which exemption was granted and the value of the concerned contract should be intimated on a Quarterly basis to the Ministry of Finance, Department of Expenditure.

5.4.2. Amendment of Tender Documents (Rule 173 (iii) of GFR 2017)

At any time prior to the date of submission of bids, the procuring entity may, Suo-moto or in response to a clarification sought by a prospective bidder (directly or in pre-bid conference), amend tender documents by issuing a corrigendum. Copies of such amendment / modification should be uploaded on the E-publishing portal and Procuring Entity's own website. In case of off-line tenders, the copies of such amendment / modification are to be simultaneously despatched, free of cost, by registered/speed post/courier/e-mail, to all the parties who have already purchased the tender documents and copies of such amendments are also to be prominently attached in the unsold sets of the tender documents (which are available for sale). When the amendment/modification changes the requirement significantly and /or when there is not much time left for the bidders to respond to such amendments, and prepare a revised tender, the time and date of submission of tenders are also to be suitably extended (not less than 3 days) as per para 5.4.3 below.

5.4.3. Extension of Deadline of Bid Submission

1. To give sufficient time to bidders to prepare and submit their bids, the Procuring entity may suo-moto or based on justifiable request of bidder(s) or due to significant modification of tender documents (as per para 5.4.2 above) extend the time and date of submission of tenders suitably (not less than three (3) days), along with suitable changes in the corresponding time-frames for receipt of tender, bid validity period etc and validity period of the corresponding EMD/bid security. Depending on the situation, such an amendment may also need fresh publication adopting the same procedure as for publication of the original tender enquiry.

2. The e-Procurement portal/ GeM should not provide the bid count before the tender opening time to anybody including the Procuring Entity, even on their request. The eProcurement portal/ GeM may permit Procuring Entity to input minimum number of bids considered sufficient and prespecified number of days for automatic extension of bid opening (not less than 10 days) at the time of tender upload. The system shall declare in the tender details that in case of low competition (without specifying the number), the tender closing time shall be automatically extended by specified number of days. If bids received till the bid opening time are less than the specified minimum bids the system should automatically extend the tender opening by specified number of days without seeking any input from or sharing any information with anyone including the Procuring Entity. Purchaser and bidders shall only be informed that due to less competition, the tender closing time has been extended up to (date and time). If a Procuring Entity wants to go ahead even with low competition (e.g., due to urgency), they may mention 'one' as minimum bid. So that if no bid is received tender is automatically extended otherwise not. GeM and eProcurement portals shall update their systems accordingly.

5.5. Obtaining Tender Documents and Submitting Bids

5.5.1. Availability and Cost of Tender Documents (Rule 161 (v) of GFR 2017)

Tender documents should preferably be sold or available for download after the date and time of the start of availability till the deadline for availability as mentioned in tender document (say up to date of opening of tenders) and this should be clearly indicated in the documents. The organisation should also post the complete tender document on the website and permit prospective bidders to make use of the document downloaded from the website. Normally no the tenders document fee should be charged. In exceptional cases procuring entity may fix a bare minimum cost of tender documents to defray the expenses/ effort of preparing documents, drawings etc. The cost of the tender document is to be submitted to the authority nominated therein by the prospective bidder in the form of a demand draft /banker's cheque/ pay order/ online payment gateway. Firms that are eligible for exemption from the tender document cost such as MSEs, Procuring Entity's registered units (for relevant items and monetary limit) have to submit/ upload scanned copy of documents in support of this exemption.

5.5.2. Participation of Bidders

1. Eligibility Criteria

Tender document may lay down, eligibility criteria for participating in the tender process e.g., restrictions on participation by bidders relating to - type of commercial entity, insolvency, ineligibility/ debarment/ convictions/ conflict of interest, Class of bidders (as per Make in India Order), bidders from countries having land borders with India etc. Except for the eligibility criteria participation shall be open to all bidders in an Open/ Global Tender Enquiries. In the case of the Second Stage (of two Stage Bidding or PQB) or Limited Tenders, participation shall be open only to such bidders who have been previously shortlisted or specifically invited.

2. Purchase Preference Policies

The Procuring Entity may reserve its right to grant preferences to eligible Bidders under various Government Policies/ directives (policies relating to Make in India; MSME; Start-ups etc.).

3. Conflict of Interest among Bidders/ Agents

All bidders shall have to abide by the Code of Integrity in Public Procurement detailed in the Tender Document. A bidder shall not have conflict of interest with other bidders. Such conflict of interest can lead to anti-competitive practices to the detriment of Procuring Entity's interests. All bidders found to have a conflict of interest shall be disqualified. A bidder may be considered to have a conflict of interest with one or more parties in this tender process, if:

- a) directly or indirectly controls, is controlled by or is under common control with another Bidder; or
- b) receives or have received any direct or indirect subsidy/ financial stake from another bidder; or
- c) has the same legal representative/ agent as another bidder for purposes of this bid.
- d) A Principal can authorize only one agent, and an agent also should not represent or quote on behalf of more than one Principal. However, this shall not debar more than one Authorised distributor from quoting equipment manufactured by an Original Equipment Manufacturer (OEM), in procurements under Proprietary Article Certificate; or
- e) has a relationship with another bidder, directly or through common third parties, which puts it in a position to have access to information about or influence the bid of another Bidder or influence the decisions of the Procuring Entity regarding this Tender process; or
- f) participates in more than one bid in this tender process. Participation in any capacity by a Bidder (including the participation of a Bidder as sub-contractor in another bid or vice-versa) in more than one bid shall result in the disqualification of his bid as the main/ principal/ lead bidder. However, this does not limit the participation of a non-bidder firm as a sub-contractor in more than one bid; or
- g) would be providing goods, works, or non-consulting services resulting from or directly related to consulting services that it provided (or were provided by any allied firm³⁶ that directly or indirectly controls, is controlled by, or is under common control with that firm), for the procurement planning (inter-alia preparation of feasibility/ cost estimates/ Detailed Project Report (DPR), design/ technical specifications, terms of reference (ToR)/ Activity Schedule/ schedule of requirements or the Tender Document etc) of this Tender process; or
- h) has a close business or family relationship³⁷ with a staff of the Procuring Organisation who: (i) are directly or indirectly involved in the preparation of the Tender document or specifications of the Tender Process, and/or the evaluation of bids; or (ii) would be involved in the implementation or supervision of resulting Contract unless the conflict stemming from such relationship has been resolved in a manner acceptable to the Procuring Entity throughout the Tender process and execution of the Contract.
- i) In case of a holding company having more than one independently manufacturing units, or more than one unit having common business ownership/management, only one unit should quote. Similar restrictions would apply to closely related allied firms.

³⁶ Please see definition in para 3.3.3-3)-c)

³⁷ Please refer to example in para 3.10-5 for clarification

Bidders must proactively declare such allied/ common business/ management units in same/ similar line of business.

5.5.3. Pre-proposal Meeting (Pre-bid Conference) and Pre-NIT Conference

(Rule 173 (x) of GFR 2017)

1. **Pre-Notice Inviting Tender (NIT) Conference:** In complex and innovative procurement cases or where the procuring entity may not have the required knowledge to formulate tender provisions, a pre-NIT conference may help the procuring entity in obtaining inputs from the industry. Such conferences should be widely publicised so that different potential suppliers can attend³⁸.
2. **Pre-proposal Meeting:** In all cases of large value or complex assignments, one or more pre-proposal meetings may be prescribed in the EoI/ RfP. The date and time for such a meeting should normally be after 15 to 30 (fifteen to thirty) days of issue of the EoI/ RfP and should be specified in the EoI/ RfP itself. During this meeting, the technical/ commercial details, scope of assignment, responsibilities of either parties or other details should be clearly explained to the prospective bidders so that there is no ambiguity later at the time of submission of technical/financial bids. Where some significant changes are made in the terms/scope of the EoI/ RfP as a result of the pre-bid meeting or otherwise considered necessary by the Procuring Entity, a formal corrigendum may be issued, to all bidders. In such cases, it should be ensured that, after issue of the corrigendum, reasonable time (not less than 15 (fifteen) days) is available to the bidders to prepare/submit their bids. If required, the time for preparation and submission of bids may be extended, suitably.
 - j) Participation in the Pre-bid conference may be restricted to prospective bidders who have downloaded the Tender Document. Participation is not mandatory. However, if a bidder chooses not to (or fails to) participate in the Pre-bid conference or does not submit a written query, it shall be assumed that they have no issues regarding the techno/ commercial conditions.
 - k) The date and time by which the written queries for the Pre-bid must reach the authority and the last date for registration for participation in the Pre-bid conference are also mentioned in the tender Document (7 days before the date of the conference, if not specified). The pre-bid conference may also be held online at the discretion of the Procuring Entity.
 - l) Delegates participating in the Pre-bid conference must provide a photo identity and an authorization letter as per the specified format from their Company/ principals; else, they shall not be allowed to participate.
 - m) After the Pre-bid conference, Minutes of the Pre-bid conference shall be published on the Procuring Entity's portal within seven days from the conference. Where some significant changes are made in the terms/scope of the EoI/ RfP as a result of the pre-bid meeting or otherwise considered necessary by the Procuring Entity, a formal corrigendum may be issued, to all bidders, which shall form part of the Tender Document. To give reasonable time to the prospective bidders to take such clarifications into account in preparing their bids, the Procuring Entity may suitably extend, as necessary, the deadline for the bid submission.

³⁸ Notified under para 9.2 vide OM No.F.1/1/2021-PPD issued by Department of Expenditure dated 20.10.2021

5.5.4. Clarification of Tender Documents

A prospective bidder requiring clarification on the tender documents may ask questions in writing/ electronically from Office/ Contact Person as mentioned in tender document, provided the questions are raised before the clarification end date mentioned therein (or if not mentioned, before 7 days of the deadline for the bid submission). This deadline shall not be extended in case of any intervening holidays. A response will be sent in writing to the clarifications sought prior to the date of opening of the tenders. Copies of the query and clarification shall be sent to all prospective bidders who have received the tender documents.

5.5.5. Withdraw/ Amendments / Modifications to Bids by Bidders

The bidder, after submitting its bid is permitted to substitute/ alter/modify it, superseding earlier bid, so long such revised bid is uploaded/ received duly sealed and marked like original bid, up to the deadline of submission of bids. Resubmission of a bid shall require uploading of all documents, including financial bid afresh. The system shall consider only the last bid submitted as the valid bid. The bidder may withdraw his bid before the bid submission deadline, and it shall be marked as withdrawn and shall not get opened during the Bid opening. Any such action after that deadline is not permitted. Withdrawal/ amendment/ modification/ alteration/ impairment/ derogation of a bid, in any respect, by its bidders between the deadline for submission of bids and expiration of the period of bid validity, his bid security/ EMD shall be forfeited besides imposition of any other punitive remedy available to the procuring entity. In such cases, tender evaluation shall be proceeded with in terms of para 8.2.6-3) below.

5.5.6. Sealing/ Marking of Bids in off-line Tenders

The tender document should indicate the manner of submission/ uploading of bids. In case of off-line tenders, total number of bid copies (for example, in duplicate or in triplicate, and so on) required to be submitted. The bidder is to seal the original and each copy of the bid in separate envelopes, duly marking the same as "original", "duplicate," and so on, and printing the address of the purchase office and the tender reference number on the envelopes. Further, the sentence "NOT TO BE OPENED" before (due date and time of tender opening) is also to be printed on these envelopes. The inner envelopes are then to be put inside a bigger outer envelope, which will also be duly sealed marked, and so on, as above. If the outer envelope is not sealed and marked properly as above, the procuring entity does not assume any responsibility for its misplacement, premature opening, late opening, and so on.

5.5.7. Uploading/ Submission of Bids

1. Uploading Bids in eProcurement
 - a) The Procuring Entity is neither a party nor a principal in the relationship between Bidder and the organisation hosting the e-procurement portal (hereinafter called the Portal). Bidders must acquaint and train themselves with the rules, regulations, procedures, and implied conditions/ agreements of the Portal. Bidders intending to participate in the bid, shall be required to register in the Portal.
 - b) Any query/ clarification/ complaint regarding downloading Tender Documents and uploading Bids on the e-Procurement portal may be addressed to the Help Desk of the portal.

- c) In case of conflict between provisions of the Portal with the Tender Document, provisions of the Portal shall prevail. Bidders may study the resources provided by the Portal for Bidders.
- d) Bids must be uploaded till the deadline for submission mentioned in the Tender Document. If the office happens to be closed on the deadline to submit the bids as specified above, this deadline shall not be extended. Bidder must comply with the conditions of the eProcurement portal, including registration, compatible Digital Signature Certificate (DSC) etc. In the case of downloaded documents, Bidder must not make any changes to the contents of the documents while uploading, except for filling in the required information.
- e) Only one copy of the bid can be uploaded, and Bidder shall digitally sign all statements, documents, certificates uploaded by him, owning sole and complete responsibility for their correctness/ authenticity as per the provisions of the IT Act 2000 as amended from time to time.
- f) Regarding the protected Price Schedule (excel format, Cover-2), Bidder shall write his name in the space provided in the specified location only. Bidder shall type rates in the figure only in the rate column of respective item(s) without any blank cell or Zero values in the rate column, without any alteration/ deletion/ modification of other portions of the excel sheet. If space is inadequate, Bidder may upload additional documents under "Additional Documents" in the "bid Cover Content."
- g) The date and time of the e-Procurement server clock, which is also displayed on the dashboard of the bidders, shall be taken as the reference time for deciding the closing time of bid submission. Bidders are advised to ensure they submit their bid within the deadline and time of bid submission, taking the server clock as a reference, failing which the portal shall not accept the Bids. No request on the account that the server clock was not showing the correct time and that a particular bidder could not submit their bid because of this shall be entertained. Failure or defects on the internet or heavy traffic at the server shall not be accepted as a reason for a complaint. The Procuring Entity shall not be responsible for any failure, malfunction or breakdown of the electronic system used during the e-Tender Process.
- h) All Bids uploaded by Bidder to the portal shall get automatically encrypted. The encrypted bid can only be decrypted/ opened by the authorised persons on or after the due date and time. The bidder should ensure the correctness of the bid before uploading and take a printout of the system generated submission summary to confirm successful bid upload.
- i) Bidder must upload scanned copies of originals (or self-attested copies of originals – as specified). Bidder should ensure the clarity/ legibility of the scanned documents uploaded by him. The Procuring Entity reserves its right to call for verification originals of all such self-certified documents from the Bidders at any stage of evaluation, especially from the successful Bidder(s) before the issue of Letter of Award (LoA). Unless otherwise specified, originals (or self-attested copies of originals – as specified therein) of specified scanned uploaded documents must be physically submitted sealed in double cover and acknowledgement be obtained before the bid submission deadline at mentioned venue. Failure to do so is likely to result in the bid being rejected. If the office is closed on the deadline for physical submission of originals, it shall stand extended to the next working day at the same time and venue.

- j) No manual Bids shall be made available or accepted for submission in e-Procurement (except for originals of scanned copies as per sub-para above).

2. **Submission of Bids in offline Tender Process:** In offline tenders, receipt and custody of bids shall be done in a transparent manner to maintain the credibility of the process. The following guidelines should be adhered to for receipt and custody of bids:

- a) The technical and financial proposals shall be submitted at the same time. To safeguard the integrity of the process, the technical and financial proposals shall be submitted in separate sealed envelopes, kept in an outer sealed envelope.
- b) The procuring entity shall maintain tender boxes for receiving the bids at suitable locations which would facilitate security and easy access to bidders. If required, Tender boxes should be separate for each day of the week of tender opening and should be sealed by the Bid Opening Committee (BOC) of the day. The tender box shall have two locks. Key of one lock will be with the head of the office and the other key with the official nominated by him;
- c) Bids received by courier shall be deposited in the tender box by the Dispatch Section till the date and time of bid opening. Bids sent by telex, cable or facsimile are to be ignored and rejected.; and
- d) For bulky/oversized bids which cannot be dropped into tender boxes, the officials authorised to receive such bids shall maintain proper records and provide a signed receipt with date and time to the bearer of the bid. He will also sign on the cover, duly indicating the date and time of receipt of the tender(s). Names and designations of at least two such authorised officers should be mentioned in the tender documents.

3. **Bid security:** Bid Security or if permitted Bid Securing Declaration (BSD) must accompany the bid as per instructions in the Tender Document. A self-attested scan of the original Bid Security/ BSD should be uploaded along with bids. Bids not complying with these provisions shall be rejected. Please refer para 6.1.1 below.

5.5.8. Bid Validity

A bid shall remain valid for the period mentioned in the Tender Document (90 days if not so specified). A bid valid for a shorter period shall be rejected as nonresponsive. In case the day up to which the bids are to remain valid falls on or is subsequently declared a holiday/ closed day for the Procuring Entity, the bid validity shall automatically be deemed to be extended upto the next working day. The validity period should not be unreasonably long as keeping the tender unconditionally valid for acceptance for a longer period entails the risk of getting higher prices from the bidders. (Please see para 8.2.6 below for extension of Bid Validity Period)

5.6. Opening of Bids

1. Immediately after the deadline for bid submission, procuring entity shall proceed to the bid opening. If the specified date of Bid Opening falls on or is subsequently declared a holiday or closed day for the Procuring Entity, the Bids shall be opened at the appointed time on the next working day. In offline tenders, the BOC shall comprise one officer each from the procuring entity and Associated/ integrated Finance.

2. In e-procurement, all tenders uploaded by bidders are received, safeguarded, and opened online on the portal as detailed in Appendix 3 of 'Goods Manual.

3. In offline tenders, receipt and custody of bids shall be done in a transparent manner to maintain the credibility of the process. The following guidelines should be adhered to for receipt and custody of bids:
- a) The authorised representatives of bidders, who intend to attend the tender opening in OTE/ GTE/ SLTE are to bring with them letters of authority from the corresponding bidder. The prescribed format for the letter of authority for attending the bid opening should be given in the tender document. All bid-opening activities should be carried out demonstrably before such a gathering. The prescribed format for the bid opening attendance sheet and report are given at Annexure 6;
 - b) At a prescheduled date and time, the BOC of the day should get the tender box opened, after ensuring and demonstrating that the seal on the box has not been tampered with. All bids should be collected from the tender box. Bids for tenders not opening on that day should be put back into the box and the box resealed. Sometimes, there would be tenders dropped wrongly into this tender box. Such wrongly dropped tenders with appropriate endorsement should be put into the appropriate box or sent to the Tender Committee (TC) concerned if the date of opening is over. The bids for different tenders opening on the day (including oversized bids, which were submitted to designated officers) should be sorted, and a count for each tender should be announced and recorded, particularly noting any modifying/altering/withdrawal of bids. BOC should ensure and demonstrate that bid envelopes are duly sealed and untampered. Late bids should be separately counted but kept aside and not opened. In the case of an advertised tender enquiry or limited tender enquiry, late bids (that is, bids received after the specified date and time for receipt of bids) should not be considered (Rule 165, 188 of GFR 2017);
 - c) The technical bids will be opened on the pre-announced date and the financial proposals shall remain sealed and shall be opened publicly only for those firms that have qualified technically.
 - d) After opening, every tender shall be numbered serially (say 3/14 – if it is the third bid out of 14 total), initialled, and dated on the first page by the BOC. Each page of the price schedule or letter attached to it shall also be similarly initialled, particularly the prices, delivery period, and so on, which shall also be circled and initialled along with the date. Any other page containing significant information should also be dealt with similarly. Blank tenders, if any, should be marked accordingly by the BOC. The original (and duplicate, if any) copies in a tender set are to be marked accordingly by the BOC;
 - e) Erasure/cutting/overwriting/use of whitener/columns left unfilled in tenders, if any, shall be initialled along with date and time and numbered by the officials opening the tenders and total number of such noticed alterations (or the absence of any alteration) should be explicitly marked on the first page of the bid. Wherever quantity/amount is written only in figures, the BOC should write them in words. All rebates/discounts should be similarly circled, numbered, and signed. In the absence of any alteration/overwriting/whitener/ blanks, the remark “no corrections noted” should be written. Similarly, the absence of discounts should be marked with “no discounts noted;”
 - f) The BOC is to announce the salient features of the tenders such as description and specification of the goods, quoted price, terms of delivery, delivery period, discount, if any, whether EMD furnished or not, and any other distinctive feature of the tender

- for the information of the representatives attending the tender opening. No clarifications by bidders should be entertained or allowed to be recorded during the bid opening. BOC has no authority to reject any tender at the tender opening stage;
- g) Financial instruments should be noted in the bid opening report/register and handed over to the Finance Section for safe custody and monitoring; and
 - h) A bid opening report containing the names of the bidders (serial number wise), salient features of the tenders, as read out during the public opening of tenders, will be prepared by the tender opening officers, and duly signed by them along with the date and time. The tenders that have been opened, list of the representatives attending the tender opening, and bid opening report are to be handed over to the nominated purchase officer and an acknowledgement obtained for him.

5.7. Transparency and Protecting Third-Party Rights of Bidders

1. Objectives of transparency in eProcurement are amply served if all data relating to the Tender and Award of Contract are accessible to public.
2. As far as the bidders who have participated in a tender (participating bidders), for purpose of transparency, comparative summary of Technical (compliance details) and of Financials bids (including QCBS calculations, wherever applicable) should also be accessible to them, but not necessarily to public at large, unless sought and is permissible under the RTI act.
3. Bidders may have genuine concern about Techno-commercial and operational trade secrets, if their full technical and financial bids are accessible to their competitors or public at large. This concern may get aggravated in complicated EPC/ PPP/ Consultancy procurements. Technical/ financial bids should not be made accessible to public at large and a call needs to be taken based on sensitivity of details in the bids to restrict access of even participating bidders to full technical/ financial bids of their competitors. Decision of procuring Entity to share or not share the full technical bids with other participating bidders, should be clearly brought out in the Tender Documents.
4. However, a clause may be added to the tender documents reserving right of the Procurement Entity and the eProcurement portal to provide access to bidders' technical/ financial bids to other participating bidders, in addition to comparative summary of Technical and financial bids of all participating bidders.

5.8. Bidding Invitation Process- Risks and Mitigations

Risk	Mitigation
<p>Exceptions to an open tender process are abused, leading to single source processes.</p>	<p>Rigorously follow the conditions under which open tendering can be dispensed with.</p>
<p>When short lists are used, the process of preparation of short lists may be non-transparent and all eligible firms may not be included, and some ineligible firms may get included.</p>	<p>Registration of bidders/contractors: All major procuring Departments must keep a list of registered bidders for use in restricted tendering. Publicise even restricted bids on your website. Bidders for LTE/ SLTE may be transparently selected with the approval of CA.</p>
<p>Pre-qualification criteria: PQB has the potential of getting misused or being applied without considering the restrictive nature of competition. PQC should be relevant to the quality requirements, and neither be very stringent nor very lax to restrict/facilitate the entry of bidders. These criteria should be clear, unambiguous, exhaustive, and yet specific. Also, there should be fair competition.</p>	<p>Lay down criteria when two stage tendering is warranted. Also lay down model PQC criteria for diverse types of procurements.</p>
<p>Invitation to tender (an open bid) is not well publicised or gives insufficient time, thereby restricting the number of bidders that participate.</p>	<p>Publicity and adequate time for bid submission must be ensured. Require a higher-level approval for short bid submission period.</p>
<p>Evaluation criteria are not set from the beginning or are not objective or not clearly stated in the tender documents, thereby making them prone to being abused.</p>	<p>Objective, relevant and clearly stated evaluation criteria must be specified in the tender document.</p>

Chapter 6: Forms of Securities, Prices, Payment Terms and Price Variations

6.1. Forms of Security

6.1.1. Bid Security (Rule 170 of GFR 2017)

1. To safeguard against a bidder's with drawing or altering its/ his bid during the bid validity period in the case of advertised (OTE and GTE tenders) or special limited tender enquiry Bid Security (also known as Earnest Money Deposit (EMD)) is to be obtained from the bidders along with their bids.
2. Normally in procurement of consultancy services, it is not a practice to ask for Bid Security. However, Procuring Entity has the option of requiring a bid security in time-critical procurements.
3. The bidders should be asked to furnish bid security along with their bids³⁹. Amount of bid security should ordinarily range between two (2) to five (5) per cent of the estimated value of the goods to be procured. The amount of bid security, rounded off to the nearest thousands of Rupees, as determined by the Procuring Entity, is to be indicated in the tender documents. The bid security may be obtained in the form of Insurance Surety Bonds⁴⁰, account payee demand draft, or banker's cheque or Bank Guarantee (including e-Bank Guarantee)⁴¹ from any of the Commercial Banks or payment online in an acceptable form, safeguarding the purchaser's interest in all respects. In case the bid security is more than a threshold (Rupees five lakh) and in case of foreign bidders in GTE tenders it may be in the form of a bank guarantee (in equivalent Foreign Exchange amount, in case of GTE) issued/ confirmed from any of the scheduled commercial bank in India in an acceptable form. The bid security is normally to remain valid for a period of 45(forty-five) days beyond the final bid validity period.
4. In place of a Bid security, Procuring Entities after seeking approval of the competent authority may consider asking Bidders to sign a Bid securing declaration (BSD), accepting that if they withdraw or modify their Bids during the period of validity, or if they are awarded the contract and they fail to submit a performance security, or to sign the contract, before the deadline defined in the tender documents, they shall be suspended for the period of time specified in the BSD from being eligible to submit Bids/Proposals for contracts with the procuring entity.
5. In appropriate cases, Submission of the bid security may be exempted with the Competent Authority's (CA's) approval, especially in the case of indigenisation/development tenders, limited tenders, and procurements directly from the manufacturer or authorised agents, bidders that are currently registered, and will also continue to remain registered

³⁹Notified vide OM No F.20/2/2014-PPD(Pt.) issued by Department of Expenditure dated 25.07.2017.

⁴⁰Notified vide OM No. F.1/1/2022-PPD issued by Department of Expenditure dated 02.02.2022.

⁴¹ Notified vide OM No. F.1/4/2022-PPD issued by Department of Expenditure dated 05.08.2022.

during the bid validity period with the concerned Ministry/ Department/ Procuring Entity. Micro and Small Enterprises (MSEs) as defined in MSE Procurement Policy issued by Department of Micro, Small and Medium Enterprises (MSME) and registered Startups as recognized by Department for Promotion of Industry and Internal Trade (DPIIT) (please refer to para 1.9.4) are exempt from payment of EMD. In case the bidder falls in these categories, the bidder should furnish a certified copy of its valid registration details. Except for MSEs, this exemption is valid for the trade group and monetary value of registration only.

6. A bidder's bid security shall be forfeited if the bidder withdraws or amends its/his tender or impairs or derogates from the tender in any respect within the period of validity of the tender or if the successful bidder fails to furnish the required performance security, or to sign the contract within the specified period.

7. Bid securities of the unsuccessful bidders should be returned to them at the earliest after expiry of the final bid validity period and latest by the 30th day after the award of the contract. Bid security should be refunded to the successful bidder on receipt of a performance security. However, in case of two packet or two stage tendering, Bid securities of unsuccessful bidders during first stage i.e., technical evaluation etc. should be returned within 30 days of declaration of result of first stage i.e., technical evaluation etc.⁴²

6.1.2. Performance Security (Rule 171 of GFR 2017)

1. To ensure due performance of the contract, performance security (or Performance Bank Guarantee (PBG) or Security Deposit (SD)) is to be obtained from the successful bidder awarded the contract. Unlike contracts of Works and Plants, in case of contracts for goods, the need for the Performance Security depends on the market conditions and commercial practice for the particular kind of goods. Performance security should be for an amount of three (3) to ten (10) per cent of the value of the contract, as specified in the tender documents⁴³. The Performance Security amount shall have a ceiling of Rs 50 Lakhs for tenders upto Rs 50 Crores and Rs 1 Crore for tenders above Rs 50 Cr. Performance security may be furnished in the form of Insurance Surety Bond⁴⁴, account payee demand draft, from a commercial bank, bank guarantee (including e-bank guarantee⁴⁵) issued/confirmed from any of the commercial bank in India, or online payment in an acceptable form, safeguarding the purchaser's interest in all respects. In case of GTE tenders, the performance security should be in the same currency as the contract and must conform to Uniform Rules for Demand Guarantees (URDG 758) – an international convention regulating international securities⁴⁶. Submission of Performance Security is not necessary for a contract value upto Rupees 1 (one) lakh. Unlike, procurement of Works, in procurement of Goods, the concept of taking part of Performance Guarantee as money retained from first or progressive bills of the supplier is not acceptable.

2. The right quantum of performance security has to strike a balance between protecting the procuring entity's interest in case of default in performance vs. avoiding

⁴²Notified vide OM No. F.1/2/2022-PPD issued by Department of Expenditure dated 01.04.2022.

⁴³Notified vide OM No. F.1/2/2023-PPD issued by Department of Expenditure dated 03.04.2023.

⁴⁴Notified vide OM No. F.1/1/2022-PPD issued by Department of Expenditure dated 02.02.2022.

⁴⁵Notified vide OM No. F.1/4/2022-PPD issued by Department of Expenditure dated 05.08.2022.

⁴⁶ A set of rules developed by the International Chamber of Commerce first adopted in 1992. The latest version URDG 758 provides a framework for harmonising international trading practices and establishes agreed-upon rules for independent guarantees and counter-guarantees among trading partners for securing payment and performance in worldwide commercial contracts.

increase in tendered price and /or reduced competition. If the security is low, the procuring entity may be adversely affected if and when default occurs. If it is high, the extra financial cost of furnishing such security will be factored in by bidders when quoting prices & hence the cost may increase.

3. Sufficient flexibility is already available in the GFRs to design the performance security for procurement of services, both value and duration, duly considering the market conditions and commercial practice for the particular kind of service.
2. Submission of Performance Security is not necessary for a contract value upto Rupees 25 (twenty-five) lakh.
3. Procuring Entity may exempt the following entities (on their specific requests or otherwise) from submission of Performance Security:
 - a) Indian Ordinance Factories and Govt. Departments
 - b) CPSEs under the same Ministry/ Department
 - c) OEM in whose favour PAC, in tenders issued against PAC.
4. Performance Security is to be furnished by a specified date (generally 14 (fourteen) to 28 (twenty-eight) days after notification of the award, depending on the amount) and it should remain valid for a period of 60 (sixty, or any other period mentioned in the tender Documents) days beyond the date of completion of all contractual obligations of the supplier, including warranty obligations.
5. The performance security will be forfeited and credited to the procuring entity's account in the event of a breach of contract by the contractor. It should be refunded to the contractor without interest, after he duly performs and completes the contract in all respects but not later than 60(sixty) days of completion of all such obligations including the warranty under the contract. Return of Bid/ Performance Securities should be monitored by the senior officers and delays should be avoided. If feasible, the details of these securities may be listed in the e-Procurement Portal/ website of the Procuring entity, to make the process transparent and visible.
8. In the case of service contracts spanning over multiple number of the years, care needs to be taken to decide on the amount of performance security being sought along with the duration. It has been observed that procuring entities retain the performance security over the complete service contract period which may be of 5-7 years or may be more. This practice puts the service provider in a difficult situation as they have to block a substantial amount of their working capital as security for the entire duration of the contract. In such cases procuring entities may consider to proportionately keep reducing performance security in proportion to the balance service period, wherever feasible. Wherever, it is decided to take lower or proportionally reducing PS, tender conditions may be suitably modified for the future cases.
9. As per Rule 172 (1) of General Financial Rules (GFRs) 2017, ordinarily payment for services rendered or supplies made should be released only after the services have been rendered or supplies have been made. The rule further provides for advance payment in case of maintenance contracts and fabrication contracts keeping adequate safeguards in the form of obtaining Bank Guarantees (BGs) from the firms.

6.1.3. Verification of Bank Guarantees

1. Bank guarantees submitted by the bidders/suppliers as EMD/performance securities need to be immediately verified from the issuing bank before acceptance. There may not be any need to get the Bank Guarantee vetted from legal/ finance authority if it is in the specified format. Guidelines for verification of BGs submitted by the bidders/ contractors against EMD/ performance security/advance payments and for various other purposes are as follows:

- a) BG shall be as per the prescribed formats.
- b) The BG contains the name, designation and code number of the Bank officer(s) signing the guarantee(s);
- c) The address and other details (including telephone no.) of the controlling officer of the bank are obtained from the branch of the bank issuing the BG (this should be included in all BGs);
- d) The confirmation from the issuing branch of the bank is obtained in writing through registered post/speed post/courier. The bank should be advised to confirm the issuance of the BGs specifically quoting the letter of Procurement Entity on the printed official letterhead of the bank indicating address and other details (including telephone nos.) of the bank and the name, designation and code number of the officer(s) confirming the issuance of the BG;
- e) Pending receipt of confirmation as above, confirmation can also be obtained with the help of responsible officer at the field office, which is close to the issuing branch of the bank, who should personally obtain the confirmation from issuing branch of the bank and forward the confirmation report to the concerned procurement entity.

2. Bank guarantees, either received in physical form or electronic form, should be verified for its genuineness following prescribed method for the same and the Organisations should do due diligence on genuineness of the Bank Guarantees before acceptance of the same.

3. Corporate Guarantee or Indemnity Bond shall not be accepted for Bid Security (EMD) or performance Security, or in lieu of any other Bank Guarantee (e.g., for advance payment/ warranty obligations).

6.1.4. Safe Custody and Monitoring of EMDs, Performance Securities and Other Instruments

A suitable mechanism for safe custody and monitoring of EMDs and performance securities and other instruments should be evolved and implemented by each Procuring Entity. The Ministries/ Departments shall also make institutional arrangements for taking all necessary actions on time for extension or forfeiture/ encashment or refund of EMDs and performance securities, as the case may be. Monitoring should also include a monthly review of all bank guarantees and other instruments expiring in next three months, along with a review of the progress of the corresponding contracts. Extension of bank guarantees and other instruments, where warranted, should be sought immediately and implemented within their validity period. Bank Guarantee should never be handed over to the supplier for propose of extension of validity. Such a system of monitoring of securities and other instruments may be computerised with automatic alerts about lapse of validity etc.

6.2. Payment Clause

1. The elements of price included in the quotation of a bidder depend on the nature of the goods to be supplied and the allied services to be performed, location of the supplier, location of the user, terms of delivery, extant rules and regulations about taxes, duties, and so on, of the seller's country and the buyer's country.
2. In case of indigenous goods, the main elements of price may include raw material, production cost, overhead, packing and forwarding charges, margin of profit, transit insurance, excise duty and other taxes and duties as applicable. In case of imported goods, in addition to similar elements of price as above (other than excise duty and taxes), there may be elements of custom duty, import duty, landing and clearing charges and commission to Indian agents. Further, depending on the nature of the goods (whether domestic or imported), there may be cost elements towards installation and commissioning, operator's training, and so on.
3. It is, therefore, necessary that, to enable the bidders to frame their quotations properly in a meaningful manner, the tender documents should clearly specify the desired terms of delivery and also the duties and responsibilities to be performed by the supplier in addition to supply of goods.
4. While claiming the payment, the supplier should also certify in the bill that the payment being claimed is strictly in terms of the contract and all obligations on the part of the supplier for claiming this payment have been fulfilled as required under the contract. There should also be a suitable provision for verification of the authenticity of the person signing the invoice, and so on, to claim the payment.
 - a) **Elements of Price:** Where the price has several components such as the price of the goods, cost of installation and commissioning, operators' training, and so on, bidders should be asked to furnish a cost break-up indicating the applicable prices and taxes for each of such components along with the overall price. The payment schedule and terms will be linked to this cost break-up; and
 - b) **Currency:** The tender documents are to specify the currency (currencies) in which the tenders are to be priced. As a general rule, domestic bidders are to quote and accept their payment in Indian currency; Indian agents of foreign suppliers are to receive their agency commission in Indian currency; costs of imported goods, which are directly imported against the contract, may be quoted in foreign currency (currencies) and paid accordingly in that currency; and the portion of the allied work and services, which are to be undertaken in India (like installation and commissioning of equipment) are to be quoted and paid in Indian currency.
 - c) **Payment to Suppliers:** In a supply contract, delivery of goods is the essence of the contract for the purchaser. Similarly, receiving timely payment for the supplies is the essence of the contract for the seller. A healthy buyer-supplier relationship is based on the twin foundation of timely and quality supply, on the one hand, and prompt and full payment to the supplier, on the other. It should be ensured that all payments due to the firm, including release of the performance security, are made on a priority basis without avoidable delay as per the tender/contract conditions:
 - i) As far as possible, the payment terms and time schedule should be given in the contract and must be adhered to. Any foreseeable payment delays should be communicated to the suppliers in advance;

- ii) Prompt and timely provision of statutory certificates to the seller for taxes deducted at source, are as much a part of payment as the amount actually released. A detailed payment advice showing the calculations and reasons for the amounts disallowed and taxes deducted must be issued to the supplier along with payment. As soon as possible, but not later than the date of submission of Tax returns, the procuring entity must provide the statutory certificates for the taxes deducted to the Supplier, so that he is able to claim set-offs and refunds from the concerned authorities.
- iii) Release of payment and settlement of the final bill should be processed through the Associated/ integrated Finance as per the terms and conditions of the contract;
- iv) No payments to contractors by way of compensation or otherwise outside the strict terms of the contract or more than the contract rates should be allowed;
- d) Before the payment is made, the invoice should be cross-checked with the actual receipt of material/assets/services to ensure that the payment matches the actual performance;
- e) While claiming the payment, the contractor must certify on the bill that the payment being claimed is strictly within terms of the contract and all the obligations on his part for claiming this payment have been fulfilled as required under the contract. There should also be a suitable provision for verification of the authenticity of the person signing the invoice, and so on, to claim the payment;

6.3. Terms of Payment

1. The usual payment term is 100 (hundred) per cent on receipt and acceptance of deliverables by the consignee and on production of all required documents by the Consultant.
2. Payment provisions, including amounts to be paid, schedule of payments, and payment procedures, shall be indicated in RfP and also in the draft contract. Payments may be made at regular intervals (as under time-based contracts) or for agreed outputs (as under lump sum contracts).
3. **Modes of Payment for Domestic Goods:** Payments to domestic suppliers are usually made by cheque/demand draft drawn on a Government treasury or branch of RBI or any Scheduled Commercial Bank authorised by RBI for transacting Government business. Such payment can also be made to the supplier's bank, if the bills are endorsed in favour of the bank with a pre-receipt embossed on the bills with the words, "received payment" and both the endorsement and pre-receipt are authenticated by the supplier. In addition, an irrevocable power of attorney is to be granted by the supplier in favour of the bank. However, procuring entities should switch over to more transparent electronic payment systems like Electronic Clearance System (ECS), Real-time gross settlement systems (RTGS) National Electronic Funds Transfer (NEFT) or Electronic Payment Gateways.

6.4. Advance Payment

6.4.1. Conditions for Advance Payments

1. Ordinarily, payments for services rendered or supplies made should be released only after the services have been rendered or supplies made. However, it may become

necessary to make advance payments in the following types of cases. Advance payment for mobilisation in Consultancy Contracts should be normally discouraged.

- a) Advance payment demanded by firms holding maintenance contracts for servicing of air-conditioners, computers, other costly equipment, etc.;
 - b) Advance payment demanded by firms against fabrication contracts, turn-key contracts; or supply of complicated bespoke goods and so on;
2. Such advance payments should not exceed the following limits except in case of procurement of arms and ammunitions from ordinance factories:
- a) Thirty per cent of the contract value to private firms;
 - b) Forty per cent of the contract value to a state or central Government agency or PSU; or
 - c) In case of the maintenance contract, the amount should not exceed the amount payable for six months under the contract.
 - d) In exceptional cases, the Administrative Department may relax the ceilings mentioned above with prior concurrence of the Associated/ integrated Finance.
3. Further, such advance payments should be generally interest bearing, suitable percentages for which are to be decided on a case-to-case basis. While making any advance payment as above, adequate safeguards in the form of a bank guarantee, etc.⁴⁷, should be obtained from the firm. Indemnity Bond is not to be considered in place of Bank Guarantee. However, the bank guarantee need not be insisted upon in case of procurement of arms and ammunitions from ordinance factories.
4. The Government of India has recently approved a revamped Reform based and Results Linked Power Sector scheme, in which installation of smart pre-paid meters will be done across the country. Advance payment towards electricity usage by Government office through pre-paid metering is central to the envisaged reforms process. Government Departments can make advance payments to authorized DISCOMS for pre-paid metered electricity without insisting on any BGs. However, proper accounting of all the payments must be made⁴⁸.

6.4.2. Documents for Advance Payments

Documents, needed from the supplier for release of payment, are to be clearly specified in the contract. The paying authority should also verify the documents received from the supplier with corresponding stipulations made in the contract before releasing the payment.

6.4.3. Insurance

In every case where advance payment or payment against dispatch documents is to be made or LC is to be opened, the condition of insurance should invariably be incorporated in the terms and conditions. Wherever necessary, the goods supplied under the contract, shall be fully insured in a freely convertible currency against loss or damage incidental to manufacture or acquisition, transportation, storage and delivery in the manner specified in

⁴⁷ on analogy of para 6.1.2 - performance security - or in the form of Insurance Surety Bond, account payee demand draft, from a commercial bank, bank guarantee (including e-bank guarantee) issued/confirmed from any of the commercial bank in India, or online payment in an acceptable form, safeguarding the purchaser's interest in all respects.

⁴⁸Notified vide OM No.F.1/8/2021-PPD issued by Department of Expenditure dated 29.07.2021

the contract. If considered necessary, insurance may cover "all risks" including war risks and strike clauses. The amount to be covered under insurance should be sufficient to take care of the overall expenditure to be incurred by the procuring entity for receiving the goods at the destination. Where delivery of imported goods is required by the purchaser on CIF/CIP basis, the supplier shall arrange and pay for marine/air insurance, making the purchaser the beneficiary. Where delivery is on FOB/FAS basis, marine/air insurance shall be the responsibility of the purchaser.

(Rule 172 of GFR 2017)

6.5. Firm Price, and Variable Price

1. **Fixed price:** Short-term contracts where the delivery period does not extend beyond 12 (twelve) months should normally be concluded on a firm and fixed price (and not subject to variation on any account) by inviting tenders accordingly. Short-term contracts where the delivery period does not extend beyond 18 (eighteen) months should normally be concluded with a firm and price fixed by inviting tenders accordingly.

2. **Variable Price:**

- a) In case the duration of the contract is expected to exceed 12 (twelve) months for a time-based contract or an Indefinite delivery contract, a price adjustment provision for the remuneration rate should be included in the contract based on the Consumer Price Index in the country, to protect the purchaser's interests. Lump-sum contracts shall not generally be subject to price adjustment except for multi-year contracts (for example, for auditors). However, even for shorter deliveries, the price adjustment (or Price Variation Clause (PVC)) may be stipulated - especially for critical or high value (more than Rupees three crore) services – otherwise there is a possibility of the contract failing or the purchaser having to pay a higher price if prices fall.
- b) Where it is decided to conclude the contract with a variable price, an appropriate clause incorporating, inter-alia, a suitable price variation formula (to take care of the changes in the input cost of labour, material, and fuel/ power components) should be provided in the tender documents, to calculate the price variation between the base level and delivery date. It is best to proactively provide our own PVC formula and base dates of indices, in the tender document to discourage different bidders quoting different formulae and different base dates, which may lead to problems on bringing their prices on a common comparable footing.
- c) The variations are to be calculated periodically (usually quarterly) by using indices published by Governments/ chambers of commerce/London Metal Exchange / any other neutral and fair source of indices. Suitable weights are to be assigned to the applicable elements, that is, fixed overheads and various applicable inputs e.g., material/ fuel/ labour (for which reliable indices are available), in the price variation formula.
- d) The following are essential elements of PVC:
 - i) The price agreed upon should specify the base date, that is, the month and year to which the contract/ bid price is linked to enable variations being calculated with reference to the price indices prevailing in that month and year. The raw materials used in manufacture are procured some weeks before the goods' submission for inspection. This period is called the time lag for price

variation. It applies both for base date and date of supply. This time lag at both ends must be specified;

- ii) The price variation formula must also stipulate a minimum percentage of variation of the contract price, only above which the price variation will be admissible (for example, where the resultant increase is lower than, say, two per cent of the contract price, no price adjustment will be made in favour of the supplier);
- iii) In rare cases prices may go up to such an extent, that it may render the contract unviable for either party, thus frustrating the contract. Therefore, price variation clause should provide for a ceiling (a percentage per annum or an overall ceiling or both, say 20%/ 25%) on price variations, beyond which the price variation would be capped at this level. As soon as it comes to light that price variations are likely to go beyond this ceiling, and if the Supplier is not agreeable to the price variation being capped at that level, he may notify the Purchaser under 'Frustration of Contract' provisions in the Tender Document/ Clause, for short-close the contract. (A provision for this exists in the Model Tender Document for Procurement of Goods – clause 12.2.2)
- iv) Where advance or stage payments are made there should be a further stipulation that no price variations will be admissible on such portions of the price, after the dates of such payment;
- v) Where deliveries are accepted beyond the scheduled delivery date subject to levy of liquidated damages as provided in the contract. The LD (if a percentage of the price) will be recoverable on the price as varied by the operation of the PVC;
- vi) No upward price variation will be admissible beyond the original scheduled delivery date for defaults on the part of the supplier. However, a downward price variation would be availed by the purchaser as per the denial clause in the letter of extension of the delivery period;
- vii) Price variation may be allowed beyond the original scheduled delivery date, by specific alteration of that date through an amendment to the contract in cases of force majeure or defaults by Government;
- viii) Where contracts are for supply of equipment, goods, and so on, imported (subject to customs duty and foreign exchange fluctuations) and/or locally manufactured (subject to excise duty and other duties and taxes), the percentage and element of duties and taxes included in the price should be specifically stated, along with the selling rate of foreign exchange element considered in the calculation of the price of the imported item;
- ix) The clause should also contain the mode and terms of payment of the price variation admissible; and
- x) The buyer should ensure a provision in the contract for the benefit of any reduction in the price in terms of the PVC being passed on to him.
- xi) An illustrative PVC clause is available in Annexure 17.
- xii) Care should be exercised in contracts providing for price variation to finalise the price before final payment is made, after obtaining data and documents in support of claims for escalation, if any. Where no such claims are submitted by the suppliers, an examination of whether there has been a downward trend in the cost, which the contractor may not bring out, is required. At any rate, an

undertaking should be obtained from the contractor to the following effect in case it becomes necessary to make the final payment before he has submitted the required data/documents related to the PVC:

“It is certified that there has been no decrease in the price of price variation indices and, in the event of any decrease of such indices during the currency of this contract, we shall promptly notify this to the purchaser and offer the requisite reduction in the contract rate.”

- xiii) Notwithstanding the above formalities, it should be appreciated that it is in the interest of the purchaser to be vigilant about downward variation and it is, therefore, the basic responsibility of the purchase officers to make sure that the benefits of downward variation, wherever it occurs, are fully availed of.

6.6. Statutory Taxes/ Duties/ Levies

6.6.1. Goods and Services Tax (GST)

1. GST Registration Status and GSTIN (15-digit registration number):
 - a) All the bidders/ Bidders should ensure that they are GST compliant and that their quoted tax structure/ rates are as per the GST Act/ Rules.
 - b) Bidder should be registered under GST and furnish their GSTIN number and GST Registration Certificate in their offer unless they are specifically exempted from registration under a specific notification/ circular/ section/ rule issued by statutory authorities.
 - c) If the bidder has multiple business verticals in a state and has separate registrations for each vertical, the GSTIN of each vertical concerned with the supply and service involved, as per the scope of the Schedule of Requirements and Price Schedule shall be quoted.
 - d) If the supply/ service is from multiple states, the bidder should mention GST registration numbers for each state separately.
 - e) **Composition scheme:** If the Bidder has opted for a composition levy under Section 10 of CGST, he should declare the fact while bidding along with GSTIN and GST registration certificate.
 - f) **Exemption from Registration:** If a bidder is not liable to take GST registration, i.e., having turnover below threshold, he shall submit undertaking/ indemnification against tax liability. The bidder claiming exemption in this respect shall submit a valid certificate from a practising Chartered Accountant (CA)/ Cost Accountant with the Unique Document Identification Number (DIN) to the effect that the bidder fulfils all conditions prescribed in notification exempting him from registration. Such bidder/ dealer shall not charge any GST and/ or GST Cess in the bill/ invoice. In such case, applicable GST shall be deposited under Reverse Charge Mechanism (RCM) or otherwise as per GST Act by the Procuring Entity directly to concerned authorities. Bidder should note that his offer would be loaded with the payable GST under the RCM. Further, the bidder should notify and submit to the Procuring Entity within 15 days of becoming liable for registration under GST.
 - g) Bidders must also consider the benefits of input tax credit under the GST legislations, as amended from time to time, on Input goods/Capital goods / Input Services while quoting the prices.

- h) In their bids, the bidders shall indicate the details of their GST Jurisdictional Assessing Officers (Designation, address, email ID). In case of a contract award, the Purchaser shall immediately forward a copy of the LOA/Purchase Order to the Jurisdictional Assessing Officer mentioned in the bidder's bid.
- i) The Procuring Entity's state-wise GSTINs shall be indicated in Tender Documents.

2. HSN Code and GST Rate:

- a) If provided in the Tender Document, the HSN (Harmonized System of Nomenclature) code for the goods is only indicative. The bidder shall be responsible for ensuring that they quote the correct HSN Code and corresponding GST rate for the goods they offer.
- b) As per the GST Act, the bid and contract must show the GST Tax Rates (and GST Cess if applicable) and GST Amount explicitly and separately from the bid/ contract price (exclusive of GST). So, if a Bidder asks for GST (and GST Cess if applicable) to be paid extra, the rate and nature of such applicable taxes should be shown separately. Bidders should quote 'GST' if payable extra on the total basic rate of each cost element and quote GST in '%' inclusive of cess.
- c) If the price is stated to include GST, the bidder must declare the current GST rate (and GST Cess, as applicable) included in the price.
- d) If GST, other taxes, or duties are not specified, or the column is left blank in the price schedule, it shall be presumed that no such tax/ levy is applicable or payable by the Procuring Entity. No Statutory Variation in GST shall be paid in such a case.

3. Statutory Duties/ Taxes/ Levies that are to be borne by the bidder:

Following Statutory Duties/ Taxes/ Levies are to be entirely borne by the bidder, including any statutory variations thereon and the Procuring Entity would not be responsible for these:

- a) **Personal and Corporate Tax:** Bidder shall bear all Personal/ Corporate taxes imposed on owners/ company/ Joint Venture/Subcontractors or their employees.
- b) **Taxes on Sub-Contractors, Vendors:** Bidder shall bear all taxes, including GST, as may be imposed on Contractor or supply-chain (sub-Contractors, Vendors, etc.).
- c) **Duties/ Taxes on Raw Materials:** The Procuring Entity is not liable for any claim from the contractor on account of fresh imposition and/ or increase (including statutory increase) of GST, customs duty, or other duties on raw materials and/ or components used directly in the manufacture of the contracted Goods taking place during the pendency of the contract unless such liability is expressly agreed to in terms of the contract.

6.6.2. Deduction of Income Tax, Service Tax, etc, from Payments

If applicable under relevant tax laws and rules, the Procuring Entity shall deduct from all payments and deposit required taxes to respective authorities as per para 10.5.2-2) below.

6.6.3. Statutory Variation Clause:

Unless otherwise stated in the contract, statutory variation in applicable GST rate, only during the period from the date of submission of the tender to the date of acceptance of the tender (that is, placement of the contract) and during the original/ re-fixed delivery period of the contract shall be borne by the Procuring Entity. The benefit of any reduction in the GST rate must be passed on to the Procuring Entity during the original and extended delivery period. However, GST rate amendments shall be considered for the quoted HSN code only, against documentary evidence, provided such an increase in GST rates is after the tender

submission date. However, the Statutory Variation shall not be applicable for any misquotation of the HSN number or incorrect GST rate by the bidder.

(Note: Re-fixed delivery period means the fresh delivery period, which is arrived at by recasting the original contractual delivery period after taking care of the lost period, for which the supplier was not responsible.)

6.7. e-Payment

e-Banking and e-payments are now used by various banks by adopting Electronic Clearing System (ECS) and Electronic Fund Transfer (NEFT/ RTGS) procedure. Payments to suppliers may be made through such mechanism where such facilities are available. As per RBI guidelines, ECS mandate in RBI's format may be obtained at the time of registration of suppliers and in the tender document. The Format is available with all Banks.

6.8. Recovery of Public Money from Supplier's Bill

Sometimes, requests are received from a different ministry/Department for withholding some payment of a supplier out of the payment or Securities due to it against a contract. Such requests are to be examined by the Procuring Entity (which has received the request) on the merits of the case for further action. It will, however, be the responsibility of the ministry/Department asking for withholding of payment to defend the Government against any legal procedure arising out of such withholding as also for payment of any interest thereof.

6.9. Refund from Supplier

Sometimes, the supplier, after claiming and receiving reimbursements for GST, custom duty, and so on, from the purchaser, applies to the concerned authorities for refunds, on genuine grounds, of certain portions of such duties and taxes paid by it and receives the allowable refunds. Such refunds contain the purchaser's share also (out of the payments already made by the purchaser to that supplier). The tender enquiry document and the contract are to contain suitable provisions for obtaining such refunds from the supplier.

6.10. Payment against Time Barred Claims

Ordinarily, all claims against the Government are time barred after a period of three years calculated from the date when the payment falls due unless the payment claim has been under correspondence. However, the limitation is saved if there is an admission of liability to pay, and fresh period of limitation starts from the time such admission is made. The drill to be followed while dealing with time barred claims will be decided by the Procuring Entity concerned in consultation with the paying authority. The paying authority is to ensure that no payment against such time barred claim is made till a decision has been taken in this regard by the CA.

Chapter 7: Shortlisting of Consultants, Expression of Interest (Eol)

7.1. Basic Considerations

1. Due to inherent complexities of evaluation of physically non-measurable scope and quality standards of consultancy proposals, it is too time consuming and expensive for the Procuring Entity to invite (as well for the Consultancy firms to prepare) and evaluate proposals from all consultants who want to compete. Therefore, in Procurement of Consultancy, is done in a two-stage process.
2. In the first stage of procurement, the qualified firms with requisite experience, technical and financial capabilities, who can be trusted to deliver the required services at the desired level of quality, are shortlisted transparently. This shortlisting is done through Expression of Interest (Eol) process. Care should be taken to avoid stipulation of shortlisting qualification criteria disproportionate to the requirement of the services that may lead to restricted shortlist and lack of competition in the second stage. Adequate time should be allowed for getting responses from interested consultants. The Procuring Entity shall make available copies of the Eol document to the interested consultants in hard copies as well as on its website.
3. In the second stage Request for Proposals (RfP), proposals containing Technical and Financial Bids is invited from such shortlisted bidders. Selection of winning bidder is based on the quality of the proposal and, where appropriate, on the cost of services to be provided.

7.2. Modes of Eol

1. **Open Tender Enquiry (OTE):** (Rule 183 (ii) of GFR 2017, please refer to para 4.2 of the 'Goods Manual' for details) For procurement above Rs 25 (Rupees Twenty-five) Lakhs shortlisting is done in an openly advertised competitive (OTE mode) shortlisting process called Expression of Interest (Eol), giving equal opportunity to all interested bidders to be considered for shortlisting. Under Eol the "Request for Expression of Interest" (REol) is advertised on Central Public Procurement Portal (CPPP) at www.eprocure.gov.in and on Government E-Market (GeM). An organisation having its own website should also publish all its advertised tender enquiries on the website. The advertisements for invitation of tenders should give the complete web address from where the bidding documents can be downloaded. A complete ToR should be ready before requesting Eol. Attention of known reputed consultants may also be separately drawn wherever possible. The advertisement must include, among other things, the last date of submission of Eol, how to get/ download copy of the Eol document including ToR, contact information of the Procuring Entity with the name of contact person, and so on.
2. **Global Tender Enquiry (GTE):** In case it is felt that likely consultants may not be available in India, the Eol process may be done on Global Tender Enquiry (GTE) process, by sending REol notice to foreign embassies in India and Indian embassies in relevant countries. Please see further details of GTE and also restriction on GTE for tenders below Rs. 200 Crore, in para 4.3 of 'Goods Manual'.

3. **Limited Tender Enquiry (LTE):** (*Rule 183 (i) of GFR 2017*, please refer to para 4.4 of the 'Goods Manual' for details) In procurements of consultancy services below Rs 25 (*Rupees Twenty-five*) Lakhs, shortlisting is done without a formal published Expression of Interest (Eol), akin to a Limited Tender Enquiry (LTE) process. To start with, the preparation of a long list of potential consultants/ service providers may be done on the basis of formal or informal enquiries from other Ministries or Departments or Organisations involved in similar activities, Chambers of Commerce & Industry, Association of consultancy firms etc. The Procuring Entity should scrutinise the preliminary long list of likely contractors as identified above and shortlist the prima facie eligible and capable contractors from the long list. The number of consultants in this moderated long-list should not be less than three. In case sufficient consultants cannot be located, then the responses may be called from lesser number of consultants, but not less than three in any case, after taking CA's approval. To smoothen this shortlisting of consultants for projects below Rs 25 (*Rupees Twenty-five*) Lakhs, Procuring entities who do frequent procurement of consultancy services, may consider preparation of a Panel of qualified consultants (please refer to para 3.5 above), after evaluation of their credentials, on the lines of registration of vendors in procurement of goods. If the complexity of the project so justifies, a formal Eol may be advertised as in above, even for procurements below Rs 25 (*Rupees Twenty-five*) Lakhs, with the approval of CA.

4. **Special Limited Tender (SLTE):** LTE mode for Eol, even for values higher than Rs. 25 lakh (*Rupees Twenty-five Lakh*) (*Rule 162 of GFR 2017*, please refer to para 4.5 of the 'Goods Manual' for details), where normally OTE should have been done, is permissible in certain exceptional circumstances as follows. Powers to sanction procurement on LTE basis in such exceptional cases may be laid down in SoPP based on a certificate of urgency signed by the indenter. This mode has the merit of being quicker, but VfM obtained may be less than in case of OTE; hence it should be restricted to following situations.:

- a) The competent authority in the Ministry / Department certifies that there is an existing or prospective urgency for operational or technical requirements and any additional expenditure involved by not procuring through advertised tender enquiry is justified in view of urgency. The Ministry/Department should also put on record the nature of the urgency and reasons why the procurement could not be anticipated earlier.
- b) The sources of supply are definitely known and possibility of fresh source(s) beyond those being tapped is remote.
- c) There are sufficient reasons, to be recorded in writing by the competent authority, indicating that it will not be in public interest to procure the goods through advertised tender enquiry.
- d) Government policy designates procurement from specific agencies.

7.3. Evaluation of REol

7.3.1. General Norms of Evaluation

For role of the evaluation committee, general norms of evaluation, preliminary examination of bids, evaluation of qualifications, please refer to the paras 8.1, 8.2, 8.3 and 8.4 of chapter 8, which shall apply mutatis mutandis. For sake of brevity these are not repeated here.

7.3.2. Evaluation of Responsiveness and Eligibility

1. Only substantively responsive EOIs shall be evaluated for shortlisting. A substantively responsive EOI is complete and conforms to the REOI document's essential terms and conditions.
2. The procuring entity shall determine, to its satisfaction, whether the Consultants are eligible as per laid down eligibility criteria to participate in the REOI process. The eligibility evaluation shall be on a "pass" or "fail" basis. A Consultant must achieve a "pass" on all the criteria to proceed to the next step. Any Consultant not achieving a 'pass' in any of the eligibility criteria shall be rejected as nonresponsive.

7.3.3. Evaluation of Qualification

1. Procuring entity shall determine whether the Consultants are qualified and capable in all respects to be shortlisted to provide the 'Services' (subject to dispensation, if any, for Startups, as per para 1.9.4 above). The Procuring Entity shall evaluate the consultants for shortlisting, inter-alia, based on their past experience of handling general and similar consultancy assignments, and financial capability of the firm.
2. The determination shall not consider the qualifications of other firms, such as the consultant's subsidiaries, parent entities, affiliates, or any other entity different from the consultant. Assignments completed by the Consultant's individual experts working privately or through other consulting firms cannot be claimed as the relevant experience of the Consultant or that of the Consultant's partners or sub-consultants.
3. The Procuring Entity reserves the right to waive minor deviations in the qualification criteria if they do not materially affect the capability of a Consultant to perform the contract.
4. The qualification and Experience of Key Experts are not included in the shortlisting criteria but shall be evaluated at the RFP stage. Since the bidders who the REOI qualification, can well manage to attract right Key experts during RfP.
5. In case a particular certification/ licence is required to perform the assignment, that may also be included in eligibility or qualification criteria.
6. Each criterion may be sub-divided into sub-criteria, if called for. Table 2 below gives an indicative criterion. The criteria and their weightage may be changed as per the need of Procuring Entity.

Table 2. Qualification criteria and their weightages

Criteria/ Sub-criteria	Suggested Values	Sub-criteria	Criteria
Criteria 1 General and Similar Experience: Bidders providing Consultancy services for at least the specified period and have completed the specified volume of general and similar consultancy assignments during the specified period.			70%
Similar assignments	Define based on value, general and specific sector of work, region, Key activities/ methodologies/ technologies etc.		
Consultants must have at least α years' experience in Consultancy Services	$\alpha = 7$	20%	

During the last α years, Consultancy Assignments completed or substantially completed (at least γ payments received) should be at least β	$\alpha = 7$ $\gamma = 80\%$ $\beta = 7$	50%	
Out of the Consultancy Assignments mentioned above, δ should be similar assignments	$\delta = 2$	30%	
Criteria 2 - Financial Capability: Overall financial strength of the consultant in terms of turnover, profitability, and cash flow (liquid assets) situation			30%
Turnover: Minimum average annual turnover of at least Rs. θ Crores, at least κ of which should be from Consultancy Service Contracts, (total payments received for contracts in progress or completed) within the last α years	$\theta = 200\%$ of the value of assignment $\kappa = 50\%$ $\alpha = 7$	70%	
Financial Viability - Net Worth: The Net Worth of Bidder firm should not be negative on 'The Relevant Date' and should not have eroded by more than ξ in the last 3 years.	$\xi = 30\%$	30%	
Relaxation for Start-ups: Qualification criteria can be relaxed upto λ % for startups subject to meeting the quality and technical specifications during the RFP.	$\lambda = [20\%$ (twenty percent)]		
<p><i>Note: During RFP Process Consultant shall be asked to furnish documentary evidence to demonstrate his compliance to Criteria 1 and Criteria 2.</i></p> <p><i>Relevant Date when the specified period ends for different criteria shall be:</i></p> <p>1) For all annual reports, periods mentioned are ending with the financial year of the company [say 2023-24].</p> <p>2) For other statements, latest statement available on the last date of bid submission.</p>			

7. It is also noted that while shortlisting/ selecting consultants, some procuring entities are keeping the minimum qualifying turnover at the level of 5-10 times of the estimated cost of the consultancy work. This, prima facie, appears high. Higher qualification criteria increase the likelihood of adequate experience/ capacity but reduce the competition; if set unduly high they may increase the cost without any improvement in quality. It is suggested that the criteria should be fixed on a reasonable basis while drafting tender documents and such higher minimum qualifying turnover should be kept only, if adequately justified⁴⁹. In higher value procurements, the minimum annual turnover should not be blindly a multiplier of the assignment value, but there may be an upper cap on demanded turnover, so as not to restrict competition only to the big four or five Consultancy Firms.

8. In EoI, simplified evaluation criteria should be used, instead of marking schemes. A fail-pass, minimum benchmark in each criteria/ sub-criteria can be specified e.g. must have past experience of at least two similar projects; firm must have a turnover of at least Rs 10

⁴⁹ Notified vide OM No.F.18/13/2020-PPD issued by Department of Expenditure dated 13.07.2020

(Rupees Ten) Crores and so on. Any firm which passes these benchmarks is declared as qualified.

9. However, in complex situation, marks/ scores may be assigned to the response of each consultant based on weightages assigned to each of the criteria in the Eol. For example, in case of number of assignments in last 7 years, out of maximum 35 marks for the sub-criteria, scoring can be

- a) 3 marks per assignment upto 7 assignments (benchmark); and
- b) 3.5 marks for additional assignments, subject to maximum of 35.

10. This exercise of scoring is not merely for disqualification of firms below a threshold, but to establish the relative strengths and weaknesses of the applicants, in order to arrive at a robust short list of qualified consultants who have the required experience and qualifications to deliver the required services at the desired level of quality. Please refer to para 8.4.3 also.

11. The Procuring Entity shall short list all the consultants who secure the minimum required marks [normally 75% (seventy five percent)]. The minimum qualifying requirement shall be specified in the Eol document.

7.3.4. The Eol Evaluation Report

1. The short list of firms is required for the selection of consultancy services in a competitive process with a minimum of three (*Rule 184 of GFR 2017*) and generally not more than eight (to avoid inordinate delays in evaluation of subsequent RfP). If there are a larger number of consultants meeting the evaluation criteria, the shortlist shall be restricted to a specified number of Consultants (if not specified, eight (8) consultants) based on higher Average Turnover (or any other criteria, if so, stipulated therein).

2. The short list may comprise only national consultants (firms registered or incorporated in the country and having registered office in India), for small assignments and indicated in the Eol. This situation is applicable where qualified national firms are available at a competitive cost or if the nature of the assignment is such that a foreign consultant's inclusion is not justified (for example, a training or outreach to be carried out in local language) or if foreign consultants have not expressed any interest.

3. If the same firm is considered for concurrent assignments (for example, a construction supervision consultant for different stretches/ packages of rehabilitation/ reconstruction of a road contract), the Procuring Entity shall assess the firm's overall capacity to perform multiple contracts before including it in more than one short list. However, this needs to be pre-declared in the Eol documents.

4. The evaluation committee may submit its Eol Evaluation report to CA for approval. Tender Committee format at Annexure 7 can be mutatis-mutandis used for this purpose. RfP documents would be issued only to the shortlisted consultants.

7.3.5. Declaration of Shortlist and issue of RfP:

1. EOIs of Consultants that succeed in the above evaluation shall be shortlisted. Provisionally shortlisted consultants will be informed of the condition(s) that must be met before submitting their Proposal in the RFP process.

2. Only shortlisted (including provisionally shortlisted) Consultants shall be invited to participate in the following RFP process. Such shortlisting shall remain valid for a period specified in the REol (six months from the date of declaration, if not so specified). It's

important that the RfP is issued as early as possible after shortlisting, since the qualification data on which shortlisting based, may tend to become outdated. In case such delay is more than 6 months, it would be better to reinvoke EoI.

3. After the EoI Evaluation report is accepted by the competent authority, the name and address of the shortlisted consultant (s) shall be published in the portal and notice board/ bulletin/website of the Procuring Entity. All Consultants shall be advised about shortlisting of their EOIs or otherwise without disclosing the comparative position of their EOIs with that of others. Shortlisted Consultants must not advertise or publish the same in any form without the prior written consent of the Procuring Entity.

4. Shortlisting a consultant is an administrative process and does not confer any legal or contractual rights on the shortlisted bidder. Since original documents/ certificates are not being called for and examined at this stage, all shortlisted shall be conditional upon final verification of such documents/ certificates during the RFP Process.

7.4. Shortlisting – Risks and Mitigation

Risks	Mitigation
<p>Conflict of interest situations: It is possible that conflict of interest situations are not reported or declared by the participating consultants (or sometimes by members of the evaluation committee).</p>	<p>These situations need to be dealt with by signing declarations in specified formats both at the EoI bid stage as also in the technical proposal (and by CEC members before undertaking the evaluation of proposals).</p>
<p>Qualifications leasing: Local Bidders with insufficient qualifications may show association with well qualified (foreign or local) consultants, just to use their qualification documents to get the contract. These well-qualified consultants lease their qualification – but do not or only minimally contribute experience or key personnel at the execution stage.</p>	<p>This issue needs to be dealt with from the EoI stage by very clearly identifying the qualified applicant and putting on record/ contract the guaranteed contribution from the partner with qualification.</p>

Chapter 8: RfP Evaluation Process

8.1. Role of Consultancy Evaluation Committee (CEC)

8.1.1. Composition of CEC:

1. CEC should normally comprise of three members including a finance member (nominated by the Financial Advisor) and a representative of the user as per SoPP to carry out evaluation of the tenders. CEC should not be large as it may slow down the evaluation process. However, suitable domain/ technical experts may be included in the committee to render assistance in evaluation of the bids. There is no need to constitute any other committee for technical evaluation, preliminary evaluation, etc. The representative of the Procuring Entity will work as a convenor of the CEC. As per Rule 173 (xxii) of GFR 2017 no member of the tender committee should be reporting directly to any other member of such committee in case estimated value of the procurement exceeds Rs. 25 lakhs. Though the GFR stipulates this provision only when the estimated value of procurement exceeds Rs 25 lakh, it is desirable that the same provision should be followed in the constitution of all purchase committees irrespective of the value of procurement.
2. For all cases having financial implications of more than Rs. 25 (Rupees Twenty-five) lakhs, a Consultancy Evaluation Committee (CEC), comprising of normally three members including Financial Adviser or his representative and a representative of the user, shall be constituted as per SoPP, in order to carry out the consultant selection procedure. The CEC should not be very large as it may slow down the evaluation process. However, suitable domain/technical experts may be included in the committee to render assistance in evaluation of the bids. No member of CEC should be reporting directly to any other member of the CEC. The CEC shall be responsible for all aspects and stages of the consultant selection, that is, evaluation of EoI, shortlisting of consultants, deciding TORs, issuance of RfP, evaluation of technical and financial proposals, negotiations, and final selection of the consultant. There is no need to constitute any other committee for technical evaluation, preliminary evaluation, etc. Even in case of selection of a consultant by direct negotiations having financial implications more than Rs 25 (Rupees Twenty-five) Lakhs, the CEC shall negotiate with the consultant on technical and financial aspects. (separate committees may be constituted for separate assignments).
3. The representative of the user Department will work as a convenor of the CEC. He shall distribute the RfP to the CEC members and request them to familiarize themselves with the characteristics and requirements of the assignment, the selection procedures, and the evaluation criteria and sub-criteria. The convener of the CEC should also call meeting of the CEC members to review any questions they may have on the evaluation principles, procedures, and objectives etc.

8.1.2. Independence, Impartiality, Confidentiality and 'No Conflict of Interest' at all Stages of Evaluation of Bids

1. CEC members should ensure that they
 - a) have no conflict of interest;
 - b) understand the rating and scoring system;

- c) have been provided with evaluation worksheets; and
 - d) Agree on how to evaluate the proposals.
2. Members of the CEC should not directly engage in any communication with short-listed firms from the date of their appointment to the date on which the contract is awarded.
 3. CEC duties are to be discharged personally by the nominated officers. They may take help of their subordinate officers by way of reports/ evaluations, but they would still be answerable for such decisions. CEC members cannot co-opt or nominate others to attend deliberations on their behalf. CEC deliberations are best held across the table and not through circulation of notes.
 4. Information relating to evaluation of tenders and the Tender Committee's (TC's) deliberations should be confidential and not be shared with persons not officially connected with the process, until the award of contract is notified to the successful firm, except that after technical evaluation, the overall technical score shall be informed to all consultants for each criterion or sub-criterion, if any, as required in the Tender document. Under no circumstances, Tender file or confidential information contained therein shall be provided for scrutiny or for decision to any person/ office who are not involved in decision making.
 5. All technical, commercial and finance officials who have contributed to the techno-commercial or financial evaluation of bids, even though they may not be part of the CEC should deal with the procurement in an independent, impartial manner and should have no conflict of interest with any of the bidder involved in the procurement. They should also maintain confidentiality of the information processed during the evaluation process and not allow it to reach any unauthorised person. They should sign a declaration at the end of their reports/notings stating that, "I declare that I have no conflict of interest with any of the bidder in this tender." CEC members may also make such a declaration at the end of their reports.
 6. During the processing of the tender, all references/grievances/ complaints/ directives/ request for information from any sources including higher level officials/ authorities within the Ministry or from outside may be forwarded to the CEC/Convener of CEC for its examination on merits and action as considered necessary, maintaining independence, impartiality, confidentiality and 'No Conflict of Interest.' An interim reply may be provided that the Tender is still under consideration and that final response would be given after the declaration of the award of contract.

8.1.3. Handling Dissent among Tender Committee

1. All members of the CEC should resolve their differences through personal discussions instead of making to and fro references in writing. In cases where it is not possible to come to a consensus and differences persist amongst CEC members, the reasons for dissent of a member should be recorded in a balanced manner along with the majority's views on the dissent note. The final recommendations should be that of the majority view. However, such situations should be rare. The Competent Authority (CA) can overrule such dissent notes after recording reasons for doing so clearly. His decision would be final.
2. In cases where the CA does not agree with the majority or unanimous recommendations of the CEC, he should record his views and, if possible, firstly send it back to CEC to reconsider along the lines of the tender accepting authority's views. However, if the CEC, after considering the views of the CA, sticks to its own earlier recommendations, the CA can finally decide as deemed fit, duly recording detailed reasons. He will be responsible for such decisions. However, such situations should be rare.

8.1.4. Recommendations/ Report

1. The CEC must make formal recommendations (Annexure 7) for the award of the contract to the bidder whose bid has been determined to be substantially responsive and the lowest evaluated bid, provided further that the bidder is determined to be qualified to perform the contract satisfactorily and his credentials have been verified. It is a good practice that CEC should spell out salient terms and conditions of the offer(s) recommended for acceptance. It should also be ensured by the CEC that any deviation/variation quoted by the supplier in his bid are not left undiscussed and ruled upon in the CEC; otherwise, there may be delay in acceptance of the contract by the supplier. These recommendations are submitted for approval to the tender accepting authority. Since a nominee of Financial Adviser of the Department is usually a member of the Tender Committee, there is no need for the CA to consult the FA of the Department before accepting the CEC recommendations. In any purchase decision, the responsibility of the CA is not discharged merely by selecting the cheapest offer or accepting CEC recommendations, but ensuring whether:

- a) Offers have been invited in accordance with this manual and after following fair and reasonable procedures in prevailing circumstances;
- b) He is satisfied that the selected offer will adequately meet the requirement for which it is being procured;
- c) The price of the offer is reasonable and consistent with the quality required; and
- d) The accepted offer is the most appropriate taking all relevant factors into account in keeping with the standards of financial propriety.

2. After the acceptance of these recommendations by the tender accepting authority, the Letter (Notification) of Award (LoA) can be issued.

(Rule 189 of GFR 2017)

8.2. Basic Considerations

8.2.1. Importance of Evaluation of Bids

1. The evaluation of tenders is one of the most significant areas of purchase management and the process must be transparent. All tenders are to be evaluated strictly based on the terms and conditions incorporated in the tender document and those stipulated by the bidders in their tenders. The Contracting Authority may include in the evaluation criteria in the Tender Document, quality, price, technical merit, aesthetic and functional characteristics, environmental characteristics, running costs, cost- effectiveness, after-sales service and technical assistance, delivery date and delivery period or period of completion etc. No criteria shall be used for evaluation of tenders that cannot be verified. No hearsay information or hitherto undeclared condition should be brought in while evaluating the tenders. Care should be taken that preferences provided to any category of bidders on certain specified grounds should not result in single vendor selection. Similarly, no tender enquiry condition (especially the significant/essential ones) should be overlooked/ relaxed while evaluating the tenders. The aim should be to ensure that no bidder gets undue advantage at the cost of other bidders and/or at the cost of Procuring Entity. The process of tender evaluation process is described in the subsequent paras in this chapter.

8.2.2. Schedule of Procurement Powers (SoPP):

1. Procuring Entity should lay down a Schedule of Procurement Powers (SoPP) detail such thresholds. It can also lay down the powers, jurisdiction, and composition of various levels of Tender Committee and corresponding Competent Authority for various categories of procurement and different threshold values of procurements. A suggested format for SoPP is at Annexure 3, however exact values of threshold may have to be decided by Procuring Entity themselves.
2. There are delegations upto a threshold value (called direct acceptance threshold) below which the evaluation of the Bids may be entrusted solely and directly by individual competent authority, without involvement of a Tender committee or any evaluation report. He would himself carry out all the steps in evaluation described below, instead of the CEC and directly records reasons and decision on the file itself. He may ask for a Technical Suitability report from user departments, if so needed.
3. In procurements above such a threshold, evaluation is to be done by Tender Committee consisting of three or more officers, however no member of the Committee should be reporting directly to any other member of such Committee.
4. Member secretary of the Tender Committee (or competent authority, in direct acceptance cases) shall receive the bids opened along with other documents from the tender opening officials and are responsible for safe-custody of the documents and for processing involved at all steps in finalising the Procurement.
5. Competent Authority (authority competent to approve the procurement of that value as per the SoPP)'s written approval must be taken at various stages of procurement, before proceeding ahead e.g.:
 - a) Administrative/ financial sanctions/ Issue of tender
 - b) Approval of Techno commercial evaluation and Opening of price bids in case of two packet system
 - c) Price Negotiations if permitted under specified circumstances.
 - d) Approval of Financial Evaluation and Award of contract to the selected bidder(s)
 - e) Cancellation of Procurement and Re-tendering
 - f) In some special cases during Contract execution e.g. - exercise of the option clause or any variation beyond the laid down %age; forfeiture/ release of performance securities; premature termination/ foreclosure of Contract etc.
6. Wherever such competent authority is a Minister of the Central Government (or Board of Director in a CPSE), obtaining approvals at so many stages, may delay the process and un-necessarily overburden the onerous tasks of such authorities. Therefore, in such cases their approval may only be taken at the stage of "Approval of Financial Evaluation and Award of contract". At other stages approval may be taken from the officer to whom such powers are delegated by the Minister (or Board of Director, in case of CPSE).

8.2.3. Evaluation in Different Bidding Systems

All responsive bids are evaluated by the CEC with a view to select the lowest (L1) bidder who meets the qualification criteria and techno-commercial aspects. In case of single stage single envelop tendering, the evaluation of qualification of bidders, technical, commercial, and financial aspect is done simultaneously. In single stage multiple envelopes, initially only the techno-commercial bids would be opened and evaluated for bids which successfully meet the qualification criteria and techno-commercial aspects. Financial bids of such

successful bidders only would be opened for selecting the L1 bidder among these and in case of manual tenders, financial bids of unsuccessful bidders would be returned unopened to them. In two stage bids, the PQB/ EoI stage would have already been evaluated as detailed in Chapter 4 and this second stage is for evaluation of responses to the Second Stage multiple envelopes from the shortlisted qualified bidders. Evaluation of techno-commercial and financial aspects are, however, discussed separately below. It is of utmost importance that the authenticity, integrity, and sanctity of unopened Financial Bids must be ensured before their opening. All the financial bids may preferably be put in a large envelop, which may be dated, sealed, and signed (including by some of the bidders present), to show that none of the bids were accessed during the custody.

8.2.4. Preparation and Vetting of Comparative Statement

Except in cases upto Rs 25 Lakh (Rupees Twenty-Five Lakh) the Procuring Entity should prepare a comparative statement of quotations (Technical and Financial) received in the order in which tenders were opened. In case of Techno-Commercial bid comparative statement will have information about deciding responsiveness and eligibility of bids and evaluation of Technical suitability of offers. In case of Financial bid, it would have information about rates quoted (including taxes or otherwise), discount, if any, and any other information having implications on ranking of bids etc. The comparative statement so prepared should be signed by the concerned officers. It may also be vetted by the associated/ integrated Finance for veracity of information.

8.2.5. Timely Processing of Tenders:

1. Delays in finalising procurement deprive the public of the intended benefits and results in lost revenues and cost over-run. To enable timely decision making, complete Time schedule of finalising the Tender process from the date of issuing the tender to date of issuing the contract, should be published in the Tender Documents. Every official in the chain of the procurement operation is accountable for acting in a specified time so that the tender is finalised on time. Any deviation from the schedule may be monitored and explained, by way of system of Management Reporting (Appendix 4 and 5 of 'Goods Manual). As a check, the proposed schedule of tender process may be printed on the inside cover of the Procurement File, where actual date of completion of various stages may be recorded. The suggestive time schedule in Table 3 is a guideline for finalising contracts against various modes of procurements.

Table 3. Indicative time schedule

	Mode of Procurement	Indigenous	Imported
1	Open tender/ (e-tendering)	45days	60 days
2	Procurement through registered vendors/ (Special) limited tenders	30 days	45days
3	Proprietary basis/nomination basis	21days	30 days

2. This time schedule is only indicative, and the schedule shall be subject to change based on the nature of requirements, sourcing, sample evaluation, site visit/pre-bid meeting with prospective bidders and Government, guidelines, and so on.

8.2.6. Extension of Bid Validity Period

1. The entire process of scrutiny and evaluation of tenders, preparation of ranking statement and notification of award must be done expeditiously and within the original bid validity period (Rule 174 (iii) of GFR 2017).
2. If, however, due to some exceptional and unforeseen reasons, the purchase organisation is unable to decide on the placement of the contract within the original validity period, it may request, preferably before expiry of the original validity period, all the responsive bidders to extend validity of their bids up to a suitable period. They may also be requested to extend the validity of the Bid Security for the corresponding additional period. A bidder may not agree to such a request, and this will not entail forfeiture of its Bid Security. But the bidders, who agree to extend the validity, are to do so without changing any terms, conditions, and so on, of their original tenders. Reasons for seeking extension of bid validity should be recorded by the procuring officers at the time of taking such decisions.
3. In case such refusal by bidder(s) to extend validity (or withdrawal of offer within validity as per para 5.5.5) if happens:
 - a) before completion of Techno-commercial evaluation, the Techno-commercial evaluation (including of the withdrawn bids) shall be completed. If a withdrawn bid qualifies in techno-commercial evaluation, financial bid(s) of such bidders shall also be opened, and action shall be taken as per sub-para below.
 - b) after Techno-commercial evaluation but before completion of financial bid evaluation, financial bid evaluation (including of withdrawn bids) shall be completed. If a withdrawn bid happens to be L1 bidder (lowest acceptable bidder, who is techno-commercially qualified for the supply of a bulk quantity, and would have been awarded a contract, but for his refusal to extend validity), the tender must be re-tendered.

8.2.7. Contacting Procuring Entity during the evaluation:

From the time of bid submission to awarding the contract, no Bidder shall contact the Procuring Entity on any matter relating to the submitted bid. If a Bidder needs to contact the Procuring Entity for any reason relating to this tender and/ or its bid, it should do so only in writing or electronically. Any effort by a Bidder to influence the Procuring Entity during the processing of bids, evaluation, bid comparison or award decisions shall be construed as a violation of the Code of Integrity, and bid shall be liable to be rejected as nonresponsive in addition to other punitive actions for violation of Code of Integrity as per the Tender Document.

8.2.8. The Stages of Evaluation

The evaluation of the proposals shall be carried out in two stages: at the first stage evaluation of responsiveness and technical proposals is taken up. Evaluators of technical proposals shall not have access to the financial proposals until the technical evaluation is concluded as the envelope containing the financial proposal is not opened till the technical evaluation is complete. The financial proposal of only such bidders will be opened which obtain minimum qualifying marks/standards prescribed for the technical proposal. The evaluation shall be carried out in full conformity with the provisions of the RfP.

8.2.9. Cancellation of Procurement Process/ Rejection of All Bids/Re-tender [Rule 173 (xix) of GFR 2017]

1. The Procuring Entity has the right to cancel the process of procurement or reject all bids at any time before intimating acceptance of successful bid under circumstances mentioned below. However, such rejections should be well considered and normally be in cases where all the bids are either substantially in deviation to the ToR or considered unreasonably high in cost and, if in the latter case, the lowest qualified bidder during negotiations fails to reduce the costs to a reasonable level. If it is decided to re- invite the bids, the ToR should be critically reviewed/modified so as to address the reasons of not receiving any acceptable bid in the earlier Invitation for bids. The Procuring Entity may cancel the process of procurement or rejecting all bids under circumstances mentioned below:

- a) If the quantity and quality of requirements have changed substantially or there is an un-rectifiable infirmity in the tender process;
- b) when none of the tenders is substantially responsive to the requirements of the Procurement Documents;
- c) none of the technical Proposals meets the minimum technical qualifying score;
- d) If effective competition is lacking. However, lack of competition shall not be determined solely based on the number of Bidders. (Please refer to para above also regarding receipt of a single offer).
- e) the Bids'/Proposals' prices are substantially higher than the updated cost estimate or available budget;
- f) If the bidder, whose bid has been found to be the lowest evaluated bid withdraws (Para 8.2.6-3) or whose bid has been accepted, fails to sign the procurement contract as may be required, or fails to provide the security as may be required for the performance of the contract (Para 8.7.3) or otherwise withdraws from the procurement process (5.5.5)), the Procuring Entity shall re-tender the case⁵⁰.

2. In case where responsive bids are available, the aim should be to finalise the tender by taking mitigating measures even in the conditions described below. If it is decided to rebid the tender, the justification should balance the perceived risks in finalisation of tender (marginally higher rates) against the certainty of resultant delays, cost escalations, loss of transparency in re-invited tender. It may be noted that once a Tender is retendered, the bids in the old tender can not be revived and reconsidered, as per the Indian Contract Act, even if prices received in the new tender turn out to be higher.

3. Approval for re-tendering should be accorded by the CA based on the reasons/proper justification in writing. The decision of the procuring entity to cancel the procurement and reasons for such a decision shall be immediately communicated to all bidders that participated in the procurement process and bids if not opened would not be opened and in case of manual tenders be returned unopened.

4. Before retendering, the procuring entity is first to check whether, while floating/issuing the enquiry, all necessary requirements, and formalities such as standard conditions, industry friendly qualification criteria, and technical and commercial terms, wide publicity, sufficient time for tendering, and so on, were fulfilled. If not, a fresh enquiry is to be issued after rectifying the deficiencies.

⁵⁰ Notified vide OM No. F.1/1/2021-PPD issued by Department of Expenditure dated 21.04.2022.

8.3. Preliminary Examination

8.3.1. Consideration of Lack of Competition in OTE/ GTE and LTE [Rule 173 (xix), (xx), and (xxi) of GFR 2017]

1. Sometimes, against advertised/limited tender cases, the procuring entity may not receive enough bids and/or after analysing the bids, ends up with only one responsive bid – a situation referred to as ‘Single Offer.’ As per Rule 21 of DFPR (explanation sub-para, please see Annexure 1), such situation of ‘Single Offer’ is to be treated as Single Tender. It has become a practice among some procuring entities to routinely assume that open tenders which result in single bids are not acceptable, and to go for re-tender as a ‘safe’ course of action. This is not correct. Re-tendering has costs: firstly, the actual costs of retendering; secondly, the delay in execution of the work with consequent delay in the attainment of the purpose for which the procurement is being done; and thirdly, the possibility that the re-bid may result in a higher bid⁵¹. Even when only one Bid is submitted, the process may be considered valid provided following conditions are satisfied:

- a) The procurement was satisfactorily advertised, and sufficient time was given for submission of bids.
- b) The qualification criteria were not unduly restrictive; and
- c) Prices are reasonable in comparison to market values.

2. However, as far as delegation/schedule of procurement powers (SoPP, refer Annexure 3) is concerned, competent authority would be as in Single tender mode. In case of price not being reasonable, negotiations (being L1) or retender may be considered as justifiable.

3. Unsolicited offers against LTEs should be ignored, however Ministries/Departments should evolve a system by which interested firms can register and bid in next round of tendering. However, under the following exceptional circumstances, these may be considered for acceptance at the next higher level of competency:

- a) Inadequate Competition
- b) Non-availability of suitable quotations from registered vendors
- c) Urgent demand and capacity/capability of the firm offering the unsolicited being known, etc.

8.3.2. Evaluation of Responsiveness of Bids

1. A substantively responsive bid is complete and conforms to the Tender Document's essential terms, conditions, and requirements, without substantive deviation, reservation, or omission. Only substantively responsive bids shall be considered for further evaluation. Other bids shall be treated as unresponsive and ignored. All bids received shall first be scrutinised to identify unresponsive bids, if any. Some important points based on which a bid may be declared as unresponsive and be ignored during the initial scrutiny are:

- a) The tender is not in the prescribed format or is incomplete (i.e. when the required bid formats have not been submitted) or is unsigned (or not signed as per the stipulations in the tender document);

⁵¹As stated under para 11.8 of OM No.F.1/1/2021-PPD issued by Department of Expenditure dated 20.10.2021.

- b) The required EMD has not been provided or exemption from EMD is claimed without acceptable proof of exemption;
- c) The bidder is not eligible to participate in the bid as per laid down eligibility criteria (example: the tender enquiry condition says that the bidder must be a registered MSE unit, but the bidder is a, say, a large-scale unit);
- d) The bid departs from the essential requirements specified in the tender document (for example, the bidder has not agreed to give the required performance security); or
- e) Against a schedule in the list of requirements in the tender enquiry, the bidder has not quoted for the entire requirement as specified in that schedule (example: in a schedule, it has been stipulated that the bidder will supply the equipment, install, and commission it and also train the purchaser's operators for operating the equipment. The bidder has, however, quoted only for supply of the equipment).
- f) Bidder has quoted conditional bids or more than one bid or alternative bids unless permitted explicitly in the Tender Document.
- g) The bid validity is shorter than the required period.
- h) Non-submission or submission of illegible scanned copies of stipulated documents/ declarations.
- i) The bid has unresolved substantive deviations (please refer to para 8.3.5 below).

8.3.3. Non-conformities between Figures and Words

Sometimes, non-conformities/errors are also observed in responsive tenders between the quoted prices in figures and in words. This situation normally does not arise in case of e-Procurement. This should be taken care of in the manner indicated below:

- j) If, in the price structure quoted for the required goods, there is discrepancy between the unit price and total price (which is obtained by multiplying the unit price by the quantity), the unit price shall prevail and the total price corrected accordingly;
- k) If there is an error in a total corresponding to the addition or subtraction of sub-totals, the sub-totals shall prevail, and the total shall be corrected; and
- l) If there is a discrepancy between words and figures, the amount in words shall prevail.
- m) Such a discrepancy in an offer should be conveyed to the bidder asking him to respond by a target date and if the bidder does not agree to Procuring Entity's observation, the tender is liable to be rejected.

8.3.4. Discrepancies between Original and Additional/ Scanned Copies of a Tender:

Normally, as far as feasible, no submission of original documents in physical format (other than Cost of Tender Documents, if any, (refer Para 5.5.1 Availability and Cost of Tender Documents), Bid Security and statutory certificates if any) should be asked for in e-Procurement. In e-Procurement there could be discrepancies between the uploaded scanned copies and the Originals submitted by the bidder. In offline tenders, discrepancies may be observed in responsive tenders between the original copy and other copies of the same tender set. If discrepancies exist between the uploaded scanned or other copies and the originals submitted by the bidder, the original copy's text, etc., shall prevail. Here also, this issue is to be taken up with the bidder in the same manner as above and subsequent actions taken accordingly. Any substantive discrepancy shall be construed as a violation of

the Code of Integrity, and the bid shall be liable to be rejected as nonresponsive in addition to other punitive actions under the Tender Document for violation of the Code of Conduct.

8.3.5. Deviations/ Reservations / Omissions - Substantive or Minor

1. During the evaluation of Bids, the following definitions apply:
 - a) "Deviation" is a departure from the requirements specified in the Tender Document;
 - b) "Reservation" is the setting of limiting conditions or withholding from complete acceptance of the requirements specified in the Tender Document; and
 - c) "Omission" is the failure to submit part, or all the information or documentation required in the Tender Document.
2. A deviation/ reservation/ omission from the requirements of the Tender Document shall be considered as a substantive deviation as per the following norm, and the rest shall be considered as Minor deviation:
 - a) which affects in any substantive way the scope, quality, or performance of the product;
 - b) which limits in any substantive way, inconsistent with the Tender Document, the Procuring Entity's rights, or the Bidder's obligations under the contract; or
 - c) Whose rectification would unfairly affect the competitive position of other Bidders presenting substantively responsive Bids.
3. The decision of the Procuring Entity shall be final in this regard. Bids with substantive deviations shall be rejected as nonresponsive.
4. Variations and deviations and other offered benefits (techno-commercial or financial) above the scope/ quantum of the Goods specified in the Tender Document shall not influence evaluation Bids. If the bid is otherwise successful, such benefits shall be availed by the Procuring Entity, and these would become part of the contract.
5. During the preliminary examination, some minor infirmity and/or irregularity and/or non-conformity may also be found in some bids. Such minor issues could be a missing pages/ attachment or illegibility in a submitted document; non-submission of requisite number of copies of a document. There have been also cases where the bidder submitted the amendment Bank Guarantee but omitted to submit the main portion of the document. The court ruled that this is a minor irregularity. The Procuring Entity reserves the right to accept bids with such minor issues provided they do not constitute any substantive deviation and do not have fiscal impact and, also, do not prejudice or affect the ranking order of the bidders. any minor deviations. Wherever necessary; the Procuring Entity shall convey its observation, on such 'minor' issues to Bidder as per para 8.3.6 below. If Bidder does not reply by the specified date or gives an evasive reply without clarifying the point at issue in clear terms, that bid shall be liable to be rejected as nonresponsive.

8.3.6. Clarification of Bids/Shortfall Documents

1. During evaluation and comparison of bids, the purchaser may, at his discretion, ask the bidder for clarifications on the bid. The request for clarification shall be given in writing by registered/speed post, asking the bidder to respond by a specified date, mentioning therein that, if the bidder does not comply or respond by the date, his tender will be liable to be rejected. Depending on the outcome, such tenders are to be ignored or considered further. No change in prices or substance of the bid, which may grant any undue advantage to such bidder, shall be sought, offered, or permitted. No post-bid clarification at the initiative of the bidder shall be entertained.

2. The Procuring Entity reserves its right to, but without any obligation to do so, to seek any shortfall information/ documents only in case of historical documents which pre-existed at the time of the Bid Opening, and which have not undergone change since then and does not grant any undue advantage to any bidder. There is a provision on the portal for requesting Short-fall documents from the bidders. The system allows taking the shortfall documents from any bidders only once after the technical bid opening. (Example: if the Permanent Account Number, registration with GST has been asked to be submitted and the bidder has not provided them, these documents may be asked for with a target date as above). As far as the submission of documents is concerned regarding qualification criteria, after submission of the tender, only related shortfall documents should be asked for and considered. For example, if the bidder has submitted a supply order without its completion/performance certificate, the certificate can be asked for and considered. However, no new supply order should be asked for to qualify the bidder.

8.4. Evaluation of the Quality – Technical Proposals

Please refer to the paras 8.1.2, 8.1.3 and 8.1.4 above for Rating/ Grading Schemes, Individual/ Joint Review and mitigation of subjectivity in evaluation of quality by the CEC.

8.4.1. Responsiveness to ToR

CEC shall evaluate each proposal on the basis of its responsiveness to the ToR. Proposals not responding to the ToR fully and properly will be summarily rejected as being non-responsive, before taking up the appraisal of the technical proposal for evaluation of quality. A technical proposal containing any material financial information shall also be rejected.

8.4.2. Criteria and Sub-criteria

1. CEC shall evaluate quality of the technical proposal by awarding marks so as to make the total maximum technical score of 100 (one hundred) for the criteria and sub-criteria for Quality/ Technical Proposals - (a) the consultant's relevant experience for the assignment; (b) the quality of the methodology proposed; (c) the qualifications of the key staff proposed; and (d) capability for transfer of knowledge (if relevant). Each proposal should be judged on its own merits and assigned an absolute - not comparative - grade against predefined criteria and sub-criteria. A comparative evaluation would single out the best proposal on a relative scale, but still could leave the Procuring Entity with a poor proposal.

1. The criteria and weightage to each criteria or sub-criteria would depend on the requirements of each case and may be fixed objectively. A model scheme of maximum/minimum marks in terms of percentage is, however, proposed in Table 4.

Table 4. A model scheme of maximum/minimum marks in terms of percentage

Rated Criteria	Range of Percentage for Score
1.Consultancy firm's Specific Experience	5-10%
2. Methodology	20-50%
3. Qualification and relevant experience of Key Staff	30-60%
4.Transfer of Knowledge*	0-10%
Overall	100 %

*Note: * If this criterion is not required, the marks can be adjusted against some other criteria. The weight given to the firm's experience can be relatively modest since this criterion has already been taken into account when short listing the consultant. More weight shall be given to the methodology in the case of more complex assignments (for example, multidisciplinary feasibility or management studies). Evaluation of only the key personnel is recommended. Since key personnel ultimately determine the quality of performance, more weight shall be assigned to this criterion if the proposed assignment is complex. The CEC shall review the qualifications and experience of proposed key personnel in their curricula vitae, which must be accurate, complete, and signed by an authorized official of the consultant and the individual proposed. The experience criteria mentioned in point 1 in the table above holds true for Consultancy Firm and not for an individual consultant.*

2. The CEC shall normally divide the above criteria mentioned in Table 4 into sub-criteria. However, the number of sub criteria should be kept to the minimum that is considered essential. For example, methodology Criteria can be sub-divided into sub-criteria as:

- a) understanding of ToR (30% weightage);
- b) acceptability and detailing of methodology and work plan (50% weight);
- c) innovation, if it is important (20% weightage);

3. The criteria for suitability of the key professionals for the assignment can also be divided into:

- a) Educational qualifications (20% weightage),
- b) Professional experience in the required area of assignment (80% weight).

Similar to in LCS (para 4.2.1) and EoI (para 7.3.3-8), a simplified evaluation criteria laying down minimum qualifying fail-pass benchmarks for each criteria/ sub criteria (instead of marking schemes) may also be used in appropriate cases. All offers that pass the qualifying benchmarks are declared as technically qualified and their financial bids are opened.

8.4.3. Rating/ Grading Schemes to Mitigate Subjectivity

1. Technical proposals for consultancy services are an intellectual product. Their evaluation must be based on individual professional judgement of competent evaluators and should not be reduced to a purely arithmetical exercise. The difficulty is to ensure that this judgement is not exercised in an unreasonable or arbitrary manner. It is important that subjectivity, implicit to any individual professional judgement, be complemented by transparency, consistency, and fairness. The individual evaluator entrusted with the

evaluation, when required, should be able to explain to the satisfaction of a qualified reviewer from the higher authority or to enforcement agencies the reason for his/her scoring and recommendation. One way to achieve this objective is by adopting a rating/ grading scheme for evaluation of the criteria and sub-criteria (if so specified in the RfP) in the technical proposals.

2. Precise and exact markings of criteria and sub-criteria specified in technical evaluation (especially of unquantifiable criteria e.g. evaluation of Methodology) may neither be feasible nor warranted, especially when there is bound to be variation among marks by different members of CEC. Instead of assigning marks over the full range of attributes, it is more appropriate to divide the range into 4-5 slabs of ratings. A possible example of rating could be:

Rating	Assessment	Detailed Evaluation, in case of unquantifiable Criteria	Marks
A	Very Good	The service providers have outstanding, advanced expertise in specific problem areas of the assignment that can promise an excellent execution of the assignment. The service providers' staff includes top experts in the field of the assignment. The service providers are considered world-class specialists in the approaches and methodologies dealing with specific issues in the assignment. The service providers operate according to well-established Quality Management (ISO 9002 etc.) Procedures.	Full Marks
B	Good	The service providers have extensive experience in the field of the assignment and have worked in Regions and Sectors with similar physical and institutional conditions, including similar critical issues. Permanent staff are adequate and highly qualified to cover the requirements of the assignment. The service providers have experience with advanced approaches and methodologies for dealing with the specific requirements of the assignment.	80% of full Marks
C	Satisfactory	The service providers have experience in the field of assignments similar to the one being considered but have not dealt with critical issues specific to it (such as, for instance, delicate social or environmental issues). The service providers are experienced in the use of standard approaches and methodologies required for the assignment. The service providers' permanent staff are adequate.	60% of full Marks
D	Unsatisfactory	The service provider has experience which is not considered adequate for the quality needed by the Project.	30% of full Marks
E	Not Relevant	The service provider' experience has no or little relevance to the Project under consideration.	10% of full Marks

3. Each member of the CEC should first read all proposals, without scoring them. This first review helps determine whether the proposals are free of significant omissions or deviations from the ToR; it also allows CEC members to assess the overall clarity of the proposals and identify elements that will require special attention in the evaluation.
4. After the review, the CEC meets to define the grades of the rating system to be adopted for scoring the technical proposals (if not detailed in the RfP), according to the criteria and sub criteria set out in the RfP. To discourage subjectivity and avoid the use of points and fractions of points, the rating system provides a few grades (from three to four) for each criterion and sub-criterion. Minimum qualifying marks or relative qualifying method for quality of the technical proposal will be prescribed and indicated in the RfP. The grading system must be defined before the technical proposals are opened to prevent bias (or perceived bias) occurring because of the CEC's knowledge of the opened proposal contents. It is recommended that the evaluation and scoring of technical proposals be carried out only after defining the grading system. Otherwise, CEC members would have to assign a level of responsiveness of the proposals to each of the different criteria and sub criteria without guidance and support from predefined grades. This could easily distort the evaluation for the following main reasons:
 - a) Evaluators may differ, even widely, in their definition, understanding, or interpretation of the same criterion and also because of their subjective experience and understanding of the ToR;
 - b) Disparities in evaluators' relative generosity or severity in judgment and ratings can easily be magnified by the lack of common definitions of the requirements to be considered for each criterion and sub-criterion;
 - c) Large differences in scores caused by inadequate understanding of the ToR or improper use of the evaluation criteria and sub-criteria are difficult to reconcile and explain.
5. After the rating/ grading scheme has been defined and proposals have been opened, the evaluation process can begin.

8.4.4. Individual Scoring of Proposals

CEC members should carry out the evaluation independently and score the proposal based on the rating criteria. The CEC evaluation should be based on the proposal as submitted. Under no circumstances can the CEC request information or clarifications that may change the proposals. Issues to be clarified with the selected consultant will have to be discussed during negotiations. Individual evaluators' results are recorded on pre-established worksheets. After each member has independently rated all criteria and sub-criteria, it is good practice to read each proposal again to ensure that scores reliably reflect the quality of the proposal.

8.4.5. Joint Review and Mitigation

1. The CEC should conduct a joint review and discuss the merits of individual evaluations and scores. Some evaluators tend to be generous while others will be rigid in their judgment and ratings. Such disparity does not matter, provided each evaluator is consistent and differences in scores are not too large. Large differences should be reviewed and explained; because they often are caused by improper or inaccurate use of the rating system. Reconciling differences that are considered too large by the CEC may result in

members revising some of their ratings and scores. As such, any changes should be recorded. If a discussion is needed to reach a final decision, an independent party should prepare minutes. Finally, the scores given by different members may be averaged out. During the meeting, the CEC should also comment on the strengths and weaknesses of all proposals that have met the minimum technical score indicated in the RfP. This will help identify any elements in the winning proposal that should be clarified during negotiations.

2. Eventually, for each of the technical proposals, the CEC should calculate the average of the scores allocated to each criterion by all members, establish the technical ranking of the proposals, identify the best, and propose it for award. The evaluation also establishes whether a proposal passes the minimum qualifying mark (or technical score, normally 75 (seventy-five)) provided for in the RfP. If one or more proposals fail to meet the minimum qualifying mark, both individual and joint assessments must be carefully reviewed and justified. Short-listed consultants are usually discouraged when their proposals are rejected, particularly when they are only a few points below the minimum mark; therefore, the Procuring Entity should be prepared to debrief consultants to explain the evaluation of their proposals.

8.4.6. Technical Evaluation Report

At the end of the technical evaluation process, the CEC shall prepare a technical evaluation report of the "quality" of the proposals recording the scores given to each criterion and sub-criterion, as well as explain the decisions and take the competent authority's (CA) approval. For each proposal, the report also should substantiate the results of the evaluation and indicate technical weaknesses or deviations from the terms set out in the RfP and comment on their acceptability. This committee shall record in detail the reasons for acceptance or rejection of the bids analysed and evaluated by it. The CA may ask the CEC to explain the report but should not request that scores be changed. It should review the CEC's evaluation of each proposal (on technical, contractual, and other aspects). The CA should decide how any acceptable deviation in each proposal should be handled during negotiations, in case that proposal is ranked first. The technical evaluation report is a confidential document, and its contents shall not be disclosed. All records relating to the evaluation, such as individual mark sheets, shall be retained until completion of the project and its audit. A sample format for preparation of technical evaluation report and financial evaluation report including award recommendation to the competent authority is given at Annexure 7.

8.4.7. Declaration of Results

After evaluation of quality has been completed, the Procuring Entity shall notify those consultants whose proposals did not meet the minimum qualifying standard or were considered non-responsive to the RfP and/or ToR, indicating that their financial proposals will be returned unopened after completing the selection process. The Procuring Entity shall simultaneously notify the consultants that have successfully satisfied the qualifying standard or where marks have been awarded, the minimum qualifying marks, and indicate the date and time set for opening the financial proposals. In such a case, the opening date shall not be later than three weeks after the notification date.

8.5. Evaluation of Cost and Selection of Winning Bidder

8.5.1. Basic Considerations

1. The financial proposals shall be opened publicly in the presence of representatives of the technically qualified consultants who choose to attend. The Evaluation Committee demonstrably verifies that the financial proposals have remained sealed and then opens them. The name of the consultant, quality scores, and proposed prices shall be read aloud and recorded when the financial proposals are opened. No modification to financial proposals is permitted. The Procuring Entity shall prepare the minutes of the public opening. Format at Annexure 6 may be used for this purpose. When electronic submission of proposals is used, this information shall be posted online.

2. For a time-based contract, any arithmetical errors shall be corrected, and prices shall be adjusted if they fail to reflect all inputs that are included in the respective technical proposals. For a lump-sum contract, the consultant is deemed to have included all prices in its/his financial proposal so neither arithmetical correction nor any other price adjustment shall be made.

3. For the purpose of comparing proposals, the costs shall be converted to Indian Rupees as stated in the RfP. The CEC shall make this conversion by using the BC selling exchange rates for those currencies as per the exchange rate quoted by an official source, for example, the State Bank of India. The RfP shall specify the source of the exchange rate to be used and date of the exchange rate to be taken for comparison of costs. This date shall be the date of opening of technical bids

4. For the purpose of evaluation, the total cost shall include all taxes and duties for which the Procuring Entity makes payments to the consultant and other reimbursable expenses, such as travel, translation, report printing, or secretarial expenses as indicated in the RfP document

(Rule 190 of GFR 2017)

8.5.2. Least Cost Selection (LCS)

Under the LCS procedures, the financial proposals will be ranked in terms of their total evaluated cost. The least cost proposal will be ranked as L-1 and the next higher and so on will be ranked as L-2, L-3 etc. The least cost proposal (L-1) will be considered for award of contract. The CEC will put up a report on financial evaluation of the technically qualified consultants to the competent finance authority along with the recommendation that the least cost proposal (L-1) can be approved/ invited for negotiation and for final award of contract.

8.5.3. Quality and Cost Based Selection (QCBS Rule 192 of GFR 2017)

1. Under QCBS selection, the technical proposals will be allotted weightage of 70% (Seventy per cent) while the financial proposals will be allotted weightages of 30% (Thirty per cent) or any other respective weightages as declared in the RfP (Example, 60:40, 50:50, but not greater than 80%). The proposed weightages for quality and cost shall be specified in the RfP. Proposal with the lowest cost may be given a financial score of 100 (Hundred) and other proposals given financial scores that are inversely proportional to their prices w.r.t. the lowest offer. Similarly, proposal with the highest technical marks (as allotted by the evaluation committee) shall be given a score of 100 (Hundred) and other proposals be given technical score that are proportional to their marks w.r.t. the highest technical marks. The total score, both technical and financial, shall be obtained by weighing the quality and cost

scores and adding them up. On the basis of the combined weighted score for quality and cost, the consultant shall be ranked in terms of the total score obtained. The proposal obtaining the highest total combined score in evaluation of quality and cost will be ranked as H-1 followed by the proposals securing lesser marks as H-2, H-3 etc. The proposal securing the highest combined marks and ranked H-1 will be invited for negotiations, if required and shall be recommended for award of contract. In the event two or more bids have the same score in final ranking, the bid with highest technical score will be H-1

2. In such a case, an Evaluated Bid Score (B) will be calculated for each responsive Bid using the following formula, which permits a comprehensive assessment of the Bid price and the technical merits of each Bid:

$$B = \frac{C_{low}}{C} X + \frac{T}{T_{high}} (1 - X)$$

where

C = Evaluated Bid Price

C_{low} = the lowest of all Evaluated Bid Prices among responsive Bids

T = the total Technical Score awarded to the Bid

T_{high} = the Technical Score achieved by the Bid that was scored best among all responsive Bids

X = weightage for the Price as specified in the BDS

3. The Bid with the best evaluated Bid Score (B) among responsive Bids shall be the Most Advantageous Bid

4. As an example, the following procedure can be followed. In a particular case of selection of consultant, it was decided to have minimum qualifying marks for technical qualifications as 75 (Seventy five) and the weightage of the technical bids and financial bids was kept as 70: 30 (Seventy: Thirty). In response to the RfP, three proposals, A, B & C were received. The technical evaluation committee awarded the following marks as under:

A: 75 Marks

B: 80 Marks

C: 90 Marks

5. The minimum qualifying marks were 75 (Seventy five) thus, all the three proposals were found technically suitable. Using the formula T/T_{high} , the following technical points are awarded by the evaluation committee:

A: $75/90 = 83$ points

B: $80/90 = 89$ points

C: $90/90 = 100$ points

6. The financial proposals of each qualified consultant were opened after notifying the date and time of bid opening to the successful participants. The price evaluation committee examined the financial proposals and evaluated the quoted prices as under:

A: Rs.120.

B: Rs.100.

C: Rs.110.

7. Using the formula C_{low}/C , the committee gave them the following points for financial proposals:

A: $100/120 = 83$ points

B: $100/100 = 100$ points

C: $100/110 = 91$ points

8. In the combined evaluation, thereafter, the evaluation committee calculated the combined technical and financial score as under:

Proposal A: $83 \times 0.30 + 83 \times 0.70 = 83$ points.

Proposal B: $100 \times 0.30 + 89 \times 0.70 = 92.3$ points

Proposal C: $91 \times 0.30 + 100 \times 0.70 = 97.3$ points.

9. The three proposals in the combined technical and financial evaluation were ranked as under:

Proposal A: 83 points: H-3

Proposal B: 92.3 points: H-2

Proposal C: 97.3 points: H-1

10. Proposal C at the evaluated cost of Rs.110 (Rupees One hundred and ten) was, therefore, declared as winner and recommended for negotiations/approval, to the competent authority.

8.5.4. Single Source Selection (SSS) selection

The Single Source in case of SSS selection shall be called for further negotiation, if need be, after opening and evaluation of its financial proposals.

8.5.5. Fixed Budget Selection (FBS)

Under FBS, the selection of the consultant shall be made by one of the following two methods:

- a) By a competitive selection process, based only on quality, using specific marking criteria for quality in the manner indicated in Rule 192(i) of the GFR. The proposal with the highest technical score that meets the fixed budget requirement shall be considered for placement of contract.
- a) In cases of repetitive or multiple assignments, by empanelling Consultants for a period, using suitable eligibility/ qualification criteria. Thereafter, selection of a specific consultant for a specific assignment from such panel shall be based on overall considerations of public interest including timeliness, practicability, number of other assignments already given to that consultant in the past, etc. In such cases the budget for each assignment shall also be fixed by the procuring entity.

8.5.6. Negotiations for Reduction of Prices, Abnormally Low Bids and Cartel/ pool Rates

Negotiation with bidders after bid opening must be severely discouraged, especially in procurement of consultancy services. Since both quality and price are to be considered in procurement of consultancy services, negotiations for reduction in price is not advisable. Similarly, abnormally low bids and cartel/ pool rates are not of much relevance.

8.5.7. Evaluation of Concurrent Application: MSE and Make in India Policies

The concurrent application of the two procurement orders i.e., MSE Procurement Order of 2012 and PPP-MII Order may create confusion to the procuring entities on how to evaluate the bidders falling within the purview of both policies. To bring predictability both to the procuring entities as well as bidders, guidelines were issued by DoE⁵². These guidelines are explained in Annexure 26, along with examples.

8.6. Negotiations to Freeze Description of Service

1. In the Consultancy Services contract, the accepted ToR and methodology etc are laid down in form of 'Description of Service'. Therefore, before the contract is finally awarded, discussions may be necessary with the selected bidder to freeze these aspects, especially when, it is discouraged during evaluation of technical proposals to seek clarifications on these matters. However, such technical discussions do not amount to negotiations in the sense, the word is used in Procurement of Goods and Works. However, in Procurement of Consultancy, this discussion is termed as Negotiations since these discussions may have some financial ramifications at least for the bidder. Negotiations are not an essential part of the selection process. In many cases, however, it is felt necessary to conduct negotiations with the selected consultant for discussions of the ToR, methodology, staffing, Procuring Entity's inputs, and special conditions of the contract. These discussions shall not substantially alter (or dilute) the original ToR or terms of the offer, lest the quality of the final product, its cost, and the initial evaluation be vitiated. The final ToR and the agreed methodology shall be incorporated in "Description of Services," which shall form part of the contract.

2. Financial negotiations shall only be carried out if, due to negotiations, there is any change in the scope of work which has a financial bearing on the final prices or if the costs/cost elements quoted are not found to be reasonable. In such negotiations, the selected firm may also be asked to justify and demonstrate that the prices proposed in the contract are not out of line with the rates being charged by the consultant for other similar assignments. However, in no case such financial negotiation should result in an increase in the financial cost as originally quoted by the consultant and on which basis the consultant has been called for the negotiations. If the negotiations with the selected consultant fail, the Procuring Entity shall cancel the bidding procedure and re-invite the bids.

⁵² Notified vide OM No.F.1/4/2021-PPD issued by Department of Expenditure dated 18.05.2023.

8.7. Award of Contract

8.7.1. LoA to Successful Bidder

1. Before a final award is announced, the technical and financial credentials of the selected bidders/ consultant should be crosschecked to the extent feasible. Prior to the expiry of the period of bid validity, the successful bidder will be notified (briefly indicating therein relevant details such as quantity, specification of the goods ordered, prices, and so on) in writing by a registered letter or any other acknowledgeable and fool proof method that his bid has been accepted. Legally communication of acceptance of offer is considered complete as soon as it is submitted to Postal authorities (please refer to Para 2.9.1 of Appendix 2 in Goods Manual). A template for the Letter of Acceptance (or Notice of Award, or Acceptance of Tender) is given in Annexure 21. In the same communication, the successful bidder is to be instructed to furnish the required performance security within a specified period (generally 14 (fourteen) to 28 (twenty-eight), depending on the amount). Letter of Award - LoA shall state the sum (hereinafter and in the contract called the "Contract Price") that the Procuring Entity shall pay the contractor in consideration of the supply of the Goods. The Letter of Award (LoA) shall constitute the legal formation of the contract, subject only to the furnishing of performance security as per the provisions of the sub-clause below. The Procuring Entity, at its discretion, may directly issue the contract subject only to the furnishing of performance security, skipping the issue of LoA.

2. Before issuing a Letter of Award (LoA) to the successful Bidder(s), the Procuring Entity may, at its discretion, ask Bidder to submit for verification the originals of all such documents whose scanned copies were submitted online along with the Technical bid. If so decided, the photocopies of such self-certified documents shall be verified and signed by the competent officer and kept in the records as part of the contract agreement. If the Bidder fails to provide such originals or in case of substantive discrepancies in such documents, it shall be construed as a violation of the Code of Integrity. Such bid shall be liable to be rejected as nonresponsive in addition to other punitive actions in the Tender Document. The evaluation of Bids shall proceed with the subsequent ranked offers.

3. The value of Contract should include Taxes/ duties/ levies, if any.

4. In respect of contracts for purchases valued Rupees two and a half lakh and above, where tender documents include the GCC, SCC and schedule of requirements, the letter of acceptance will result in a binding contract. All delivery liabilities would be counted from the date of LoA.

5. In some cases, successful bidder (an OEM or an agent representing a principal firm) requests that the Contract may be placed on their subsidiary or an authorised dealer. This is legally not acceptable as the Contract can only be placed on the bidder in whose name the bid has been submitted, not on any third party.

6. It shall be mandatory for the successful bidder to get registered on GeM and obtain a unique GeM Seller ID. before the placement of LoA or the contract. This ID shall be incorporated in the contract.

8.7.2. Publication of Award of Contract and Return of EMD of Unsuccessful Bidders [Rule 173 (xviii) of GFR 2017]

1. **Mandatory Publication of Award of Contract:** The details of award of contract and name of the successful bidder should be mentioned mandatorily on the CPPP/ GeM (as

relevant) and in the notice board/bulletin/website of the concerned Ministry or Department/e-Procurement Portal.

2. **Exceptions to Publishing of Award of Contract:** In case publication of such information is sensitive from commercial or security aspects, dispensation may be sought from publishing of such results by obtaining sanction from the Secretary of the Department with the concurrence of associated Finance. Open, transparent declaration, of price, sources, and delivery schedule of Central Public Sector Enterprises (CPSEs) suppliers as per extant instructions adversely impacts ability of CPSEs to compete in highly competitive market. CPSEs are denied a level playing field. At the time of tender formulation, commercial organisations like CPSEs will disclose whether the subject of procurement is for commercial re-sale. Contract Award details of such cases may be shared on electronic Procurement Portals such as GeM, Central Public Procurement Portal (CPPP) etc. after six (06) months of finalization of procurement. Such a system shall protect financial data of the CPSEs for a reasonable time while also complying with requirement of transparency.

3. **Bid Securities:** Upon the successful bidder furnishing the signed agreement and performance security, each unsuccessful bidder will be promptly notified, and their bid security be returned without interest within 30 (thirty) days of notice of award of contract in terms of para 6.1.1 above. The successful supplier's bid security shall be adjusted against the SD or returned as per the terms of the tender documents.

8.7.3. Performance Security

The supplier receiving the LoA is required to furnish the required performance security, if it is part of tender conditions, in the prescribed form within period prescribed in the tender document (generally 14 (fourteen) to 28 (twenty-eight), depending on the amount), as per para 6.1.2 above. In case performance security is not submitted within the stipulated time, procuring entity may pursue the contractor upto a reasonable grace period further for submission. In case the firm fails to submit the requisite Performance Security even thereafter or fails to sign the contract it may be treated as withdrawal of offer by L1 bidder, and the tender may be reinvited, besides taking necessary punitive actions including forfeiture of EMD against such bidders.

8.7.4. Acknowledgement of Contract by Successful Bidder and Execution

1. After the successful bidder is notified that his bid has been accepted, he will be sent an agreement in duplicate for signature and return, incorporating all agreements between the parties.

2. The supplier should acknowledge and unconditionally accept, sign, date and return the agreement within 14 (fourteen) days from the date of issue of the contract in case of OTE and 28 (twenty-eight) days in case of GTE. Such acknowledgements may not be required in low value contracts, below Rupees two and a half Lakh or when the bidders offer has been accepted in entirety, without any modifications. While acknowledging the contract, the supplier may raise issues and/or ask for modifications against some entries in the contract; such aspects shall be immediately be investigated for necessary action and, thereafter, the supplier's unconditional acceptance of the contract obtained. If both parties (Procuring Entity and the supplier) simultaneously sign the contract across the table, further acknowledgement from the supplier is not required. It should also be made known to the successful bidder that in case he does not furnish the required performance security or does not accept the contract within the stipulated target dates, such non-compliance will constitute

sufficient ground for forfeiture of its EMD and processing the case for further action against it (the successful bidder). Procuring Entity may also consider getting the contract digitally signed.

3. All contracts shall be signed and entered into after receipt and verification of the requisite performance security, by an authority empowered to do so by or under the orders of the President of India in terms of Article 299 (1) of the Constitution of India. The words “for and on behalf of the President of India” should follow the designation appended below the signature of the officer authorised on this behalf. The various classes of contracts and assurances of property, which may be executed by different authorities, are specified in the DFPR. No contract on behalf of an organisation of Procuring Entity should be entered into by any authority which has not been empowered to do so under the orders of the state Government.

8.7.5. Framing of Contract

The following general principles should be observed while entering into contracts:

1. Any agreement shall be issued strictly as per approved CEC recommendations, be vetted by the Associated/ integrated Finance, and approved by CA. The terms of contract must be precise, definite and without any ambiguities. The terms should not involve an uncertain or indefinite liability, except in the case of a cost-plus contract or where there is PVC in the contract. In other words, no contract involving an uncertain or indefinite liability, or any condition of an unusual character should be entered into without the previous consent of the Associated/ integrated Finance.
2. All contracts shall contain a provision for
 - a) Recovery of liquidated damages (LD) for delay in performance of the contract on the part of the contractor;
 - b) A warranty clause/defect liability clause should be incorporated in contracts for plant and machinery, above a threshold value, requiring the contractor to, without charge, replace, repair, or rectify defective goods/ works/services;
3. All contracts for supply of goods should reserve the right of the Government to reject goods which do not conform to the specifications;
4. Payment of all applicable taxes by the contractor or supplier; and
5. When a contract is likely to endure for a period of more than two years, it should, wherever feasible, include a provision for an unconditional power of revocation or cancellation by the Government at any time on the expiry of six months’ notice to that effect.
6. Standard forms of contracts should be invariably adopted, except in following cases:
 - a) Authorities competent to make purchases may, at their discretion, make purchases of value up to Rupees two and a half lakh by issuing purchase orders containing basic terms and conditions;
 - b) In cases where standard forms of contracts are not used or where modifications in standard forms are considered necessary in respect of individual contracts, legal and financial advice should be taken in drafting the clauses in the contract and approval of CAs is to be obtained; and
 - c) Copies of all contracts and agreements for purchases of the value of Rs. 25 (Rupees twenty-five) lakh and above, and of all rates and running contracts entered into by civil Departments of the Government should be sent to the Accountant General.

- d) Copies of the LOA/Purchase Order should also be sent to the Jurisdictional Assessing Officer for GST, mentioned in the bidder's bid.

8.7.6. Procurement Records

1. The procuring entity must maintain and retain audit trails, records and documents generated or received during its procurement proceedings, in chronological order, the files will be stored in an identified place and retrievable for scrutiny whenever needed without wastage of time. The documents and record will include:

- a) documents pertaining to determination of need for procurement;
- b) description of the subject matter of the procurement;
- c) Statement of the justification for choice of a procurement method other than open competitive tendering;
- d) Documents relating to pre-qualification and registration of bidders, if applicable;
- e) Particulars of issue, receipt, opening of the bids and the participating bidders at each stage;
- f) Requests for clarifications and any reply thereof including the clarifications given during pre-bid conferences;
- g) Bids evaluated, and documents relating to their evaluation; and
- h) Contracts and Contract Amendments
- i) Complaint handling, correspondences with clients, consultants, banks.

2. The Procurement file should start with the Indent and related documents. All subsequent documents relating to procurement planning; Copy of Tender Document and documents relating to its formulation, publishing and issue/ uploading; Bid Opening; Bids received; Correspondence and documents (including Technical Evaluation and CEC report) relating to pre-qualification, evaluation, Award of Contract; and finally, the Contract copy, should be kept on the file. In case of bulky Bids received, all bids received may be kept in a separate volume, with a copy of accepted bids later being put on the main volume. To maintain integrity of the records relating to Procurement, these files should be kept secure and for contract management a new volume of file may be opened to obviate frequent exposure of sensitive procurement file. In contract management volume, copies of successful bid, Tender Committee Report, Contract may also be kept for ready reference, besides correspondence and documents relating to Contract Management and its closure.

8.8. RfP, Evaluation and Award Stage – Risks and Mitigation

Risks	Mitigation
<p><i>No key expert proposed from the main qualified partner in JV:</i> It is seen that though the shortlisting and contract is won by a JV on the basis of qualifications of the main qualified partner firm, but no key experts (nor team leader) are proposed from that firm. As consultancy assignment is an intellectual product, the effective contribution of the qualified partner firm can only come from experts (in particular the team leader) who have worked for sufficient time with the main qualified consultant.</p>	<p>RfP should specify that the team leader proposed should have worked for a sufficient number of years (say, two to three years) with the main qualifying firm. If this is not complied with it could be a ground for the proposal being termed as non-responsive.</p>

<p>Request for substitution of key experts at the time of contract negotiation: After the firm is invited for negotiation, it asks for substitution of key staff in the contract. This is an unacceptable practice unless the selection process is unreasonably delayed.</p>	<p>Any request for substitution should be examined very closely and agreed only if permitted by the RfP</p>
<p>Presence of one or more unsigned CVs in technical proposal: If a proposal contains one or more unsigned CVs, it should be scrutinised carefully. It can be that the CV is used without permission or commitment from the concerned key expert.</p>	<p>If few CVs are not signed by the key expert, the evaluation should be carried without considering these unsigned CVs and, if this firm is still a winner, clarification may be sought at the negotiation stage for resolution. In no case substitution of such key experts be agreed to at the contract negotiation stage. If most of the CVs are not signed by the respective proposed key experts, the proposal should be termed as non-responsive and rejected at the technical evaluation stage.</p>
<p>Evaluation of bids is subjective or leaves room for manipulation and biased assessments. Some CEC members may not be independent or neutral or may have conflict of interest (Col).</p>	<p>CEC should give an undertaking at the appropriate time (as per para 8.1.2) that none of the members has any Col with the companies/agencies participating in the tender process. Any member having an Col with any company should refrain from participating in the CEC. Some members of a CEC may be subordinate to or related others in a strictly hierarchical organisation, so that they are not free to express independent views – such a situation must be avoided when constituting the CEC.</p>
<p>Discriminating against a Best Value Bid: In case a bidder's bid (not in the good books of the procuring entity) becomes the best value bid as per the evaluation criteria, some of the following actions may have risks of misuse. There is also a reverse risk in these actions if a favourite becomes best value bid:</p>	<p>Mitigation for each type of risk is mentioned below.</p>
<p>Unwarranted retendering: Rejecting all bids and calling for retendering on the pretext of prices being high, change of specifications, budget not being available, and so on.</p>	<p>In case a procurement is rebid more than once, approval of one level above the CA may be taken. Please also see the complaint mechanism.</p>

<p>Sudden quantity reduction/increase or splitting of quantity work at the time of award: Many organisations have provisions for change/ splitting in the bid quantity at the time of award. Some organisations vary quantity even without such provisions</p>	<p>Bid conditions must specify a limit beyond which originally announced quantity/scope cannot be reduced/increased. If parallel contracts are envisaged, clear criteria for the splitting may be specified in the tender documents beforehand.</p>
<p>Unwarranted negotiations: negotiations are called without justification. Sometimes a counter-offer is made to discourage lowest acceptable bidder.</p>	<p>Normally, there should be no post-tender negotiations. In certain exceptional situations, for example, procurement of proprietary items, items with limited sources of supply, and items where there is suspicion of a cartel formation, negotiations may be held with L-1. In case of L-1 backing out, there should be re-tendering.</p>
<p>Unwarranted delays in finalizing or varying the terms of preannounce contract agreement: even after the CEC recommendations are accepted, signing of the contract is delayed on one pretext or the other. Although there is a standard contract form in the tender documents, the contract may be drafted in a fashion to favour or discourage the successful bidder.</p>	<p>A target timeline of finalisation of procurement should be laid down. Delays and reasons thereof should be brought out before the CA on the file at the time of CEC's acceptance or contract signing. The contract should be strictly as per the bid conditions and accepted offer.</p>
<p>Anti-competitive practices: Bidders, which would otherwise be expected to compete, secretly conspire to frustrate the buyer's attempts to get VfM in a tender process. Anti-competitive conspiracies can take many forms. Sometimes the officers involved in procurement may be part of such collusion.</p> <p>Bid coordination: The bidders collude to the quote same or similar rates that are much higher than the reasonable price to force the buyer to settle the procurement at exorbitant prices.</p> <p>Cover bidding: Cover bidding is designed to give the appearance of genuine competition by way of supporting bids for the leading bid-rigger.</p> <p>Bid suppression: Bid suppression means that a company does not submit a bid for final consideration in support of the leading bid-rigger.</p> <p>Bid rotation: In bid-rotation schemes, conspiring firms continue to bid but they agree to take turns being the winning (i.e., lowest qualifying) bidder in a group of tenders of a similar nature.</p>	<p>These strategies, in turn, may result in patterns that procurement officials can detect, and steps can be taken to thwart such attempts. Such anti-competitive activities come under the purview of the competition law, where there is provision of stringent penalties. Regular training should be held for officers involved in procurement to detect and mitigate such practices and also use of the competition law against such bidders.</p>

<p>Market allocation: Competitors carve up the market and agree not to give competitive bids for certain customers or in certain geographic areas.</p>	
---	--

Chapter 9: Special Types of Engagements

9.1. Single Source Selection (SSS)

1. Selection of consultants/ service providers through direct negotiations does not provide the benefits of competition in regard to quality and cost, lacks transparency in selection, and could encourage unacceptable practices. The reasons for SSS and selection of a particular consultant must be recorded and approved by the CA as per the delegation of powers laid down at in DPFR/SoPP, prior to single tendering. Powers of procurement of SSS must be severely restricted. Therefore, single-source selection shall be used only in exceptional circumstance, where it is inescapable over competitive selections as discussed in sub-paras below.
2. When in a Project, continuity for downstream work is essential, the initial RfP shall outline this prospect, and, if practical, the factors used for the selection of the consultant/ service provider should take the likelihood of continuation into account. Continuity in the technical approach, experience acquired, and continued professional liability of the same consultant/ service provider may make continuation with the initial consultant/ service provider preferable to a new competition subject to satisfactory performance in the initial assignment. For such downstream assignments, the Procuring Entity shall ask the initially selected consultant/ service provider to prepare technical and financial proposals on the basis of ToR furnished by the Procuring Entity, which shall then be negotiated.
3. If the initial assignment was not awarded on a competitive basis or if the downstream assignment is substantially larger in value, a competitive process shall normally be followed in which the consultant/ service provider carrying out the initial work is not excluded from consideration if it expresses interest.
4. For selecting a consultant/ service provider under this method, the Procuring Entity should prepare a full justification and take the approval of the competent authority as per the Annexure 3: Delegation of Powers.
5. While selecting the consultant/ service provider under this method, the Procuring Entity shall ensure that the consultant/ service provider has the requisite qualification and experience to undertake the assignment. Normally the Procuring Entity shall adopt the same short-listing criteria as applied to similar assignments while evaluating the EoI.
6. Its CFA's (Competent Financial Authority) responsibility to ensure that a statement of all selections by nominations, every month are to be reported to Secretary/ Head of Ministry/ Department.

9.2. Selection of Individual consultants/ service providers

1. Individual consultants/ service providers are normally employed on assignments for which
 - a) Teams of personnel is not required;
 - b) No additional outside professional support is required, and
 - c) The experience and qualifications of the individual are the paramount requirement.

2. The procedures for selecting individual consultants/ service providers are similar to, but much simpler than, those for selecting teams of consultants/ service providers from a firm. Process of selection of Individual consultants/ service providers entails:
- a) Preparing a Consultancy and Non-consultancy services package including the ToR, time frame, number of person-months, budget, EoI Short-listing criteria and getting it approved by the CA;
 - b) **Advertising:** Advertisement in such case should be given on Central Public Procurement Portal (CPPP) at www.eprocure.gov.in and on Government E-Market (GeM). An organisation having its own website should also publish all its advertised tender enquiries on the website. The advertisements for invitation of tenders should give the complete web address from where the bidding documents can be downloaded.
 - c) **Method of Selection:** They shall be selected through comparison of qualifications of at least three candidates among those who have expressed interest in the assignment or have been approached directly by the Procuring Entity. Candidates who are already employed with the Procuring Entity shall meet all relevant qualifications and shall be fully capable of carrying out the assignment. Capability is judged on the basis of academic background, experience, and, as appropriate, knowledge of the local conditions, such as local language, culture, administrative system, and government organisation. Selection will be carried out by the CEC which will award marks for educational qualifications and experience and select the most suitable candidate for the assignment. The CEC may also interview candidates and award marks for their performance in the interview and recommend the remuneration to be paid.
 - d) **Direct Negotiation:** Individual consultants/ service providers may be selected on a direct negotiation basis with due justification in exceptional cases such as: (a) tasks that are a continuation of previous work that the consultant/ service provider has carried out and for which the consultant/ service provider was selected competitively; (b) emergency situations resulting from natural disasters; and (c) when the individual is the only consultant/ service provider qualified for the assignment. Individual consultants/ service providers may be (among others) independent consultants/ service providers; consultants/ service providers recruited from firms; or consultants/ service providers recruited from academic, government, or international agencies.
 - e) **Staff or Associates of Consultancy/ service provider Firms:** If the candidate is permanent staff or associates of a Consultancy firm the conflict-of-interest provisions described in these guidelines shall apply to the parent firm.

9.3. Selection of Specialized Agencies/ Institutions

1. From time to time, Ministries/ Departments may need to recruit a specialized agency or institution to undertake a specific Consultancy/ Non-Consultancy Service, for which it is particularly well suited. Such agencies may be Government/ Semi-Government Agencies, Universities or Professional Institutions.
2. In some cases, the agency or institution has access to special expertise or special backup and support facilities that make it worthwhile considering recruitment on an SSS

basis. In such cases, there must be full justification that the use of SSS is in the best interests of Procuring Entity.

3. In cases, of Government and semi-Government Agency SSS would be an appropriate method of recruitment.
4. Individual consultants/ service providers recruited from agencies and institutions may be selected in the same way as any other independent consultants/ service providers.

9.4. Selection of Nongovernmental Organizations (NGO)

1. Non-governmental organizations (NGOs, not-for-profit organisations) may be hired for Consultancy/ NC Services, if they express interest and/ or if the Procuring Entity finds their qualifications satisfactory. Assignments which emphasize experience in and bonding with grassroot historically disadvantaged communities, e.g., experience in community participation and in-depth local knowledge are typically attributed to NGOs and short lists may comprise NGOs entirely. In this case, QCBS should be followed, and the evaluation criteria of proposals should reflect the NGO-unique qualifications, such as the following:

- a) History of work with grassroots communities and evidence of satisfactory performance;
- b) Familiarity with participatory development approaches and low-cost technologies;
- c) Experienced staff conversant with the cultural and socioeconomic dimensions of beneficiaries;
- d) Committed leadership and adequate management;
- e) Capacity to co-opt beneficiary participation.

2. Procuring Entities may select NGOs using SSS, provided the approvals and procedures laid down for the same are followed. For example, SSS may be adopted to hire a local NGO for a very small assignment in a remote area where only one NGO is available, and competition is impractical.

9.5. Procurement Agents

1. Hiring of Procurement agents (PAs) can either be done as a Consultancy Service or Non-consultancy service, depending on the objectives and scope of assignment. If the role of Procurement Agents primarily involves intellectual analysis, strategic planning, spend analysis, cost control, and advisory functions, it would be appropriate to hire them as Consultancy Services i.e. when they are asked to design/ implement new system or improve value for money or develop strategic procurement or carry out market building/ sourcing etc., where quality weightage of more than 30% is called for. On the other hand, if their responsibilities are only outsourcing of routine procedures without intellectual decision making, classifying them as outsourcing of Non-Consultancy Services would be suitable, i.e. when they only operate the existing procedures and decisions are made by the client himself, where quality weightage can be 30% or less.

2. When Procurement agents (PAs) as consultants are specifically used as “agents” handling the procurement of specific items and generally working from their own offices, they are paid a percentage (either fixed or inversely proportional) of the value of the procurements handled or a combination of a percentage and a fixed fee. In such cases, they are selected under QCBS, with cost being given a weight of up to 50 (fifty) percent. If the weight of the cost element adopted were as high as 50 (fifty) percent, financial

considerations would dominate the selection, creating the risk of an unacceptably lower service quality. In such cases, it is essential to ensure that the quality threshold in the evaluation is set sufficiently high.

3. When PAs provide only advisory services for procurement or act as “agents” for a whole project in a specific unit of Procuring Entity, they are usually paid based on the staff-months of effort provided, and they shall be selected following the appropriate procedures for other Consultancy assignments using QCBS and time-based contracts, as specified for other Consultancy assignments.

9.6. Inspection Agents

1. Hiring of Inspection agents (IAs) to inspect and certify goods before shipment or on arrival in the Procuring Entity country, can either be done as a Consultancy Service or Non-consultancy service, depending on the objectives and scope of assignment. The inspection by such agents usually covers the assurance of quality and quantity of the goods concerned, but occasionally they may be entrusted with related services. If the role of Inspection Agents primarily involves intellectual analysis, inspection of highly sophisticated machinery/ goods, inspection of non-measurable parameters it would be appropriate to hire them as Consultancy Services i.e. when non-repetitive inspection of goods requiring intellectual judgement or carry out vendor rating or provide inputs on reasonableness of prices etc., where quality weightage of more than 30% is called for. On the other hand, if their responsibilities are only operational/ procedural, standardized goods/ commodities, without intellectual decision making, classifying them as outsourcing of Non-Consultancy Services would be suitable, i.e. when they only inspect within the established protocols, repetitive work without intellectual inputs, where quality weightage can be 30% or less.

2. Inspection agents are selected using QCBS, with cost being allocated a weight of up to 50 (fifty) percent. Payment is usually based on a percentage of the value of goods inspected and certified. If the weight of the cost element adopted were as high as 50 (fifty) percent, financial considerations would dominate the selection, creating the risk of an unacceptably lower service quality. In such cases, it is essential to ensure that the quality threshold in the evaluation is set sufficiently high.

9.7. Financial Advisors

1. Procuring Entities may hire financial institutions to implement two main types of assignment:

- a) in the preparation of studies and financial Consultancy; or
- b) As advisers on financial restructuring, M&A or demerger etc.

2. In the first case, the advisers can be selected under any of the methods described in Chapter 4 (that is, whichever is considered most suitable, depending on the scope of work of the assignment). In the second case, QCBS shall be adopted, whereby the RfP specifies technical evaluation criteria similar to those relevant to standard Consultancy assignments.

The financial proposal would include two distinct forms of remuneration:

- a) a lump-sum retainer fee to reimburse the consultant/ service providers for services made available; and
- b) A success fee, which is either fixed or preferably expressed as a percentage of the value of the privatization transaction.

3. Depending on the type of activity mentioned above and the circumstances of the Procuring Entity, the RfP specifies the relative weights assigned in the financial evaluation to the retainer and to the success fee, respectively. In some cases, the Procuring Entity offers a fixed retainer fee, and the consultant/ service providers must compete only on the success fee as a percentage of the value of the privatization transaction. For QCBS (notably for large contracts), cost may be given a weight higher than recommended for standard assignments (such as 30 (thirty) percent), or the selection may be based on LCS selection. The RfP shall specify clearly how proposals will be presented and how they will be compared. Success fees are most appropriate when it is relatively easy to measure results in meeting the Procuring Entity's objective (successful sale of assets) and when the success is at least partly related to the efforts of the consultant/ service providers involved. Therefore, success fees are more likely to be adopted at the transaction stage, because by that time the Procuring Entity's objective is to maximize revenue.

9.8. Auditors

1. Quality audits of federal or state expenditures, are an important accountability mechanism for ensuring financial integrity. Therefore, public organisations have a vital fiduciary responsibility to ensure that their audit is of the highest quality.

2. Auditors typically carry out auditing tasks under well-defined ToR and professional standards. The ToR should consider applicable statutory, Government, organisational requirements and applicable auditing and accounting standards. Scope of Audit should cover the jurisdiction, Type of audit, contract period and any additional services. The Technical qualifications should be based on licensing requirement, general and similar experience, quality certifications, quality and adequacy of staffing, financial capability, auditing approach and scheduling of the auditor. Auditors' independence and lack of conflict of interest is also an important requirement. A presentation or interview also may be part of the RfP process. A pre-proposal conference may also be considered.

3. Since in recent time quality of audit has been a matter of concern, selection of auditors may preferably be done as a consultancy service on QCBS basis with emphasis on weightage of quality.

9.9. Public competition for Design of symbols/logos

(Rule 196 of GFR 2017)

1. Certain Ministries/Departments are required to conduct competitions for the design of logos/symbols for their use, which should be conducted in a transparent, fair, and objective manner. Following guidelines shall be followed by all Ministries/ Departments as well as their attached/ subordinate offices and the autonomous bodies/ organizations controlled by them, while conducting public competitions for design of symbols/ logos for their use:

- a) Design competitions should be conducted in a transparent, fair, and objective manner;
- b) Wide publicity should be given to the competition so as to ensure that the information is accessible to all possible participants in the competition. This should include publication on the web site of the Ministry/ Department/ PSU/organization concerned, as also the Central Public Procurement Portal. The existing e-publishing module can be utilized;

- c) Provisions of any applicable laws, including the Official Languages Act and the Emblems and Names (Prevention of Improper Use) Act, should be kept in view while conducting the competition;
 - d) A detailed Competition Notice should be drawn up and made public. The notice should, inter alia, details on the following:
 - i) The objectives of the design competition and the key features expected in the proposed design;
 - ii) Qualification criteria, if any, for participation in the competition;
 - iii) The process of evaluation and evaluation criteria - whether it would be single or multi stage (for symbols/ logos intended to represent a drive/project/ entity of National Importance, it may be decided to have the selection through public voting. If so, the modalities should be clearly specified).
 - iv) The manner of submission of entries and the format/ details etc. expected with the design;
 - v) Whether multiple designs can be submitted by one participant;
 - vi) The last date and time for submission;
 - vii) Details of entry fees, if any and the manner of submission of the same;
 - viii) Expected date for announcement of results and the manner in which the results will be intimated;
 - ix) The number of prizes to be awarded and the amount payable for the successful design(s).
 - x) It may be clearly stipulated that the intellectual property rights of the successful design(s) would rest with the sponsoring agency. The status of the unsuccessful designs and whether it is intended to return them should be indicated clearly.
 - xi) If the selection is to be done by a jury of experts nominated for the purpose, the composition of the jury may also be notified.
2. Once the completion is over and the winning entry selected, this again should be notified in the public domain. If the selection has been by a jury of experts nominated for the purpose, the composition of the jury may be notified.
3. It is evident that every competition would have distinct features and therefore, the aforesaid guidelines should be used as a general principle while preparing the detailed procedure/rules for each such competition.

9.10. Procurement of IT Services

1. Procurement of IT Projects should normally be carried out as Procurement of Consultancy services, as the outcomes/deliverables vary from one service provider to another. The IT Projects may include:
 - a) bespoke software development;
 - b) cloud based services and
 - c) composite IT system integration services involving design, development, deployment, commissioning of IT system including supply of hardware, development of software, bandwidth, and operation/maintenance of the system for a define period after go-live etc.
2. IT services procurement involves aligning business goals, assessing vendor capabilities, and adopting agile practices. Whether it's bespoke software, cloud services, or

system integration, a well-defined procurement process ensures optimal outcomes for organizations.

3. **QCBS Selection:** Since quality is of prime importance in procurement of IT services, QCBS selection with due emphasis on quality weightage (even up to 80%, depending on quality requirements) may be used. In cloud services in particular, alternative pricing models may be allowed to be quoted.

4. **Caution against Restrictive and discriminatory Qualification Conditions:**

Ministry of Electronics & Information Technology (MeitY) has cautioned⁵³ that qualification conditions for cloud service provider should not be restrictive/ discriminatory like insistence on 'Gartner's 'Magic Quadrant etc., and very high financial turnover, which impede the domestic service providers and does not add value to the users. They have also cited Department for Promotion of Industry and Trade & Internal Trade (DPIIT), Ministry of Commerce and Industry has similar advisory⁵⁴ that such discrimination against domestic players is a violation of Make India Order which provide purchase preference to local content requirement. Therein, common examples of restrictive and discriminatory conditions against the local suppliers, in procurement of IT Services have been cited as:

- a) Restrictive and Discriminatory Eligibility Criteria in Tender Conditions
 - i) Mandatory Presence in Gartner Magic Quadrant - IT and Telecom Products
 - ii) Mandatory USFDA/ European CE - Medical Devices ,
 - iii) Excessive Turnover requirement Rs.1000 Cr for procurement of Rs.70 Cr
 - iv) Excessive past Experience - 10 years,
 - v) Export experience to G8 countries
 - vi) Additional requirement of Bank Guarantee for Local Supplier
 - vii) Delayed Payment Terms to Local suppliers
- b) Restrictive and Discriminatory specifications -Foreign Brands specified
 - i) CISCO, NEC, Alcatel, Siemens - Telecom Products
 - ii) HP, Dell, Lenovo - IT products
 - iii) OTIS, Mitsubishi, Schindler, Kone, Johnson - Lifts
- c) Restrictive and Discriminatory specifications/ Preapproved foreign brands in works/ turnkey projects
 - i) Local manufacturer not included in pre-approved list.
 - ii) Specification tailor made to suit foreign products I
 - iii) Foreign technical standards indicated in the specification I
 - iv) Technical parameters to favour foreign products viz. (-) 25-degree temperature compatibility (or EPBX equipment being procured for airport in Central India)

5. **Bespoke Software Development:** Bespoke software development involves creating customized software solutions tailored to specific organizational needs. Unlike off-the-shelf software, bespoke applications are designed from scratch, considering unique requirements, workflows, and business processes. Here are key considerations for procuring bespoke software:

- a) **Defining Requirements:** The procurement process begins with a thorough understanding of business needs. Engage stakeholders, gather functional and non-functional requirements, and define clear objectives. Stipulate an agile development

⁵³ D.O. No. 10(13)/2022-EG-II dated 25.08.2022

⁵⁴ OM No. P-45021/121/2018- (B.E.-II) dated 20.06.2019

approach that allows iterative development, frequent feedback, and adaptability. Agile ensures alignment with evolving requirements and minimizes risks.

- b) **Technical Qualifications:** Evaluate bidders based on their expertise, track record, and ability to deliver custom solutions. Consider factors like technical proficiency, domain knowledge, scalability, security, and support and project management capabilities.

6. **Cloud-Based Services:** Cloud-based services offer scalability, flexibility, and cost-effectiveness. When procuring cloud services, consider the following:

- a) **Defining Requirements:**
 - i) **SLAs and Data Privacy:** Define service-level agreements (SLAs) regarding uptime, performance, and support. Address data privacy and compliance requirements, especially if handling sensitive information.
 - ii) **Migration Strategy:** Plan the migration process carefully. Assess existing applications for cloud readiness, choose the right migration approach (lift-and-shift, re-architecting, or hybrid), and ensure minimal disruption.
- b) **Service Models:** Understand the different cloud service models:
 - i) **Software as a Service (SaaS):** Ready-to-use applications hosted by the provider.
 - ii) **Platform as a Service (PaaS):** Development platforms and tools for building custom applications.
 - iii) **Infrastructure as a Service (IaaS):** Virtualized computing resources (servers, storage, networking).
- c) **Technical Qualifications:** Evaluate cloud providers based on factors such as reliability, security, compliance, data sovereignty. Consider well-established cloud services providers.

7. **Composite IT System Integration Services:** Composite IT system integration involves connecting disparate systems, applications, and data sources to create a cohesive ecosystem. Here's how to approach procurement:

- a) **Defining Requirement:**
 - i) **Integration Strategy:** Define the integration scope, including APIs, middleware, and data synchronization. Consider whether real-time or batch processing is required.
 - ii) **Interoperability and Scalability:** Ensure that integrated components can communicate seamlessly. Scalability is crucial to accommodate future growth and changing business needs.
 - iii) **Testing and Maintenance:** Specify testing requirements (unit, integration, and end-to-end testing). Also, outline ongoing maintenance and support expectations.
- b) **Technical Qualification:** Select vendors with expertise in integrating complex systems. Look for experience in integrating diverse technologies (ERP, CRM, legacy systems) and handling data transformations.

8. For more details, Ministry of Electronics & Information Technology's latest Model RfP Documents for Selection of Implementation Agencies⁵⁵ (which includes Guidance Notes) may please be referred.

Chapter 10: Monitoring Consultancy/ Non-consultancy services Contract

10.1. Contract Management

10.1.1. The Purpose of Contract Management

1. The purpose of contract management is to ensure that the contract delivers the desired outcomes as per the terms and conditions of the contract. It also ensures that the payments made to the contractor match the performance. Implementation of the contract should be strictly monitored, and notices issued promptly whenever a breach of provisions occurs. Monitoring should ensure that contractor adhere to contract terms, performance expectations are achieved (such as timelines, quality of outcomes, discharge of Consultant/ Service Provider's contracted obligations, and so on) and any problems are identified and resolved in a timely manner. Without a sound monitoring process, there can be no assurance that *"we get what we pay and contract for and pay for only for what we get."* Normally, the following issues are handled in management of Services Contracts:

- a) **Contract Execution:**
 - i) Issuing the notice to proceed;
 - ii) Meetings and Reviews
 - iii) Amendments/ variations to the contract;
 - iv) **Obligations Control:** Monitoring that key experts and contracted resources are actually employed.
 - v) Safeguards for handing over Procuring Entity materials/equipment to contractors;
 - vi) Resolving problems faced by consultants/ service providers;
 - vii) Dispute resolution and arbitration;
 - viii) Breach of contract, remedies, and termination of services prior to the end of the contract;
 - ix) Contract closure upon completion;
- b) **Scope Control:**
 - i) Deciding on possible modifications to scope of work and issuing contract variations;
 - ii) Monitor that all deliverables are delivered as per contract - reports including draft final report and the final report.
 - iii) Quality assurance: Review quality of outcomes at inception phase, mid-term and final phase.
- c) **Time Control:** Monitoring progress and delays in timelines/ milestones of assignment;
- d) **Cost Control:**
 - i) Billing, payment and monitoring the expenditure vis-à-vis progress;
 - ii) Release of final payment and guarantees (if any) and closing the contract;
- e) **Post contract evaluation.**

2. Due to lack of physically/ tangibly measurable outcomes in Services contracts, intense and continuous monitoring of the Contract by the Procuring Entity is essential for the success of the assignment. Suitable provision for this should be made in the contracts which should also take care of the need to terminate/ penalize the Consultant/ Service provider or to suspend payments till satisfactory progress has not been achieved. A Contract Monitoring Committee (CMC) shall be formed by the Procuring Entity to monitor the Contract. The Procuring Entity should also designate a counterpart Project Manager with adequate technical qualification, managerial experience, and power and authority as the nodal person to interact with the consultant/ service provider's team. A system of reporting may be developed so that a statement covering all ongoing Consultancy/ Service contracts may be submitted within the Department in detail and from each Department in summary form to the Ministry, so as to enable Management by Exception based on various Risk and Mitigation strategies pointed out at relevant process milestones in this manual. (Rule 195 of GFR 2017).

10.1.2. Costs of Delays in Contract Management Decisions

Payments and decisions in contract management requested by the suppliers should be made within a reasonable time. An atmosphere of lackadaisical dilatory functioning in such matters is liable to lead to bidders quoting higher prices in future bids, besides delays in supplies and disputes in the contract.

10.1.3. Contract Monitoring Committee – (CMC)

1. The Procuring Entity shall constitute a CMC comprising at least three members at the appropriate level, including the user's representative, after the selection procedure is over for monitoring the progress of the assignment. If considered appropriate, the Procuring Entity may select all or any of the members of CEC as members of CMC. The Procuring Entity may also include individual experts from the government/private sector/ educational/research institute or individual consultant/ service providers in the CMC. The cost of such members, if any, shall be borne by the Procuring Entity. The CMC shall be responsible for monitoring the progress of the assignment, to oversee that the assignment is carried out as per the contract, to assess the quality of the deliverables, to accept/reject any part of assignment, to levy appropriate liquidated damages or penalty if the assignment is not carried out as per the contract and if the quality of services is found inferior and for any such deficiency related to the completion of the assignment.

2. For the assignments which are very complex and/or are of highly technical nature, the Procuring Entity may decide to appoint another qualified consultant/ service provider to assist the CMC in carrying out its functions.

10.2. Contract Execution

10.2.1. Issuing Notice to Proceed, Kick-off Meeting and Pre-requisites.

1. A notice to proceed is required to initiate consultancy/ Non-consultancy services. It is normally issued as soon as possible after the contract has been signed. After the issuance of the notice to proceed, the contract normally commences upon the arrival of the consultant/ service provider or the Consultancy team's members at the premises for the Procuring Entity, if so required under the description of services.

2. A kick-off meeting is held, where the parties discuss and make sure that they are on same page as far as the outcomes and the contract management issues are concerned. The Procuring Entity and the consultant/ service provider agree on the detailed content of outputs - inception, progress, and final report. Schedule of meetings and reviews are also laid down during this discussion.

3. Before issuing notice to proceed, the Procuring Entity and the consultant/ service provider should check that all pre-requisites for the contract execution are in place:

- a) Supervising/monitoring arrangements (including CMC) are in place;
- b) Procuring Entity's counterpart staff (including counterpart project manager) are nominated and are available;
- c) Facilities to be provided by the Procuring Entity as per the contract are ready for use by the consultant/ service provider;
- d) All parties involved in the assignment (users, security team and other relevant departments) are informed;
- e) All JV members and key experts needed at the beginning of the assignment are effectively participating in the assignment as required by the Contract;
- f) Guarantees and advance payments, if any, are implemented;
- g) Data and background information are made available; and
- h) All authorisations (if needed) are provided.

10.2.2. Review of Inception Phase:

For more complex consultancies, the work is divided into phases, of which one of the most critical is the inception phase. The inception phase covers the submission and review of the work plan with the Procuring Entity, and the initiation of the field work. It is common for an inception report to be prepared to cover the consultant/ service provider's experience and observations during this period, and often a workshop or seminar is held to discuss it. This may also be a milestone for payment. Resulting from the factual study of ground situation by the consultants/ service providers, following issues will need resolution at end of the inception phase:

1. Overall, Scope of Work;
2. Work Plan and Staffing Schedule;
3. Specific Terms of Reference;
4. Access to Professional and Logistic Support;
5. Working Arrangements and Liaison

10.2.3. Reporting and Monitoring of Progress

1. **Monitoring of progress:** The timing, nature, and number of reports that the consultant/ service provider should provide are normally contained in the Consultancy and Non-consultancy services contract. If the assignment is of a routine nature over a long period (for example, implementation supervision), then monthly, quarterly, and annual progress reports may be required. On the other hand, if the assignment is to prepare a study or to implement a particular task, a more specific type of reporting may be required. This could entail, besides the inception report mentioned above, interim or midterm reports, design reports, reports at the end of each phase of the work, a draft final report, and a final report. These may be provided in a number of media and formats but normally will entail hard and soft copy versions. The production or acceptance of various reports is often used as a milestone for payments. CMC should review the reports as they are produced (in final

report draft final report is also reviewed), to provide feedback, and to monitor the implementation progress of the assignment. Shortcomings in the quality of the work produced or deviations from the implementation schedule should be brought to the immediate attention of the CA, so that they can be addressed at the earliest opportunity.

2. **Monitoring Physical Outputs/ Outcomes:** Especially in consultancy services, progress of deliverables/ outcomes/ outputs has also to be monitored. There should be a stipulation in the contract for large value works (magnitude to be specified), for the Consultant to submit project specific monthly progress report of the work in a computerized form (Management Information System Reports– MIS reports). The progress report shall contain the following apart from whatever else may be required to be specified:

- a) Project information, giving the broad features of the contract.
- b) Introduction, giving a brief scope of the work/ Activity Schedule under the contract.
- c) Progress of assignment through a bar chart for the next three quarters for as may be specified, showing the milestones, targeted tasks and up to date progress.
- d) Progress chart of the various components of the assignment that are planned and achieved, for the month as well as cumulative up to the month, with reasons for deviations, if any, in a tabular format.
- e) Plant and machinery statement, indicating those deployed, and their working status.
- f) Man-power statement, indicating individually the names of all the key-staff. Monthly or fortnightly progress review by engineer and Procuring Entity with contractor may be necessary to ensure that contractor deploys sufficient resources to meet the deadlines.
- g) Financial statement, indicating the broad details of all the running account payments received up to date, such as gross value of work done, advances taken, recoveries effected, amounts withheld, net payments, details of cheque payments received, etc.
- h) A statement showing the variations/ change requests submitted by the contractor, and the payments received against them, broad details of the bank Guarantees, indicating clearly their validity periods, broad details of the insurance policies taken, if any, the advances received and adjusted from the department, etc.
- i) Progress photographs/ videography, in colour, of the various items/ components of the work done up to date, to indicate visually the actual progress of the work. Use of Geotagging (adding geographical metadata - latitude and longitude coordinates) in photos, videos, reports, may help in monitoring physical progress on the ground. Such information would also be useful later during use of such facilities.
- j) Quality assurance and quality control tests conducted during the month, with the results thereof.
- k) Any hold-up shall be specified.
- l) Dispute, if any, shall also be highlighted.

3. **Monitoring a Time-based Contract:** As indicated earlier, the performance of a time-based contract may depend on the progress in other contracts (for example, the progress of a construction supervision contract depends on the progress of a construction contract). In such situations, the mobilisation and demobilisation of resources/ key experts and time employed by them should be mobilised and monitored carefully as it is possible that the contract period and the total amount under the contract are spent fully, and construction work being supervised is not even half complete. These situations could lead to claims and disputes.

4. **Monitoring a Lump-sum Contract:** As Lump-sum contract is based on output and deliverables, it important that the quality of draft reports is checked carefully before release of stage payment as subsequent dispute after completion of the task could lead to disputes. In this form of contract, if there are extra additional services, there should be timely amendment to the contract to reflect these increases and to regulate payment. In general, in a lump-sum contract, the increase should not be more than 10-15 (ten to fifteen) per cent.

10.2.4. Issuing Contract Amendments/ Variations

1. The formal method of making and documenting a change in the Consultancy and Non-consultancy services contract is through a contract variation. There are few Consultancy and Non-consultancy services contracts of any type that do not require a contract variation at one time or another. Contract variations are issued when there are agreed-upon changes in the scope of work, personnel inputs, costs, timing of the submission of reports, or out-of-pocket expenditures. Normally, these relate to changes that have a cost implication, but when there is a significant change in the timing of an activity or a particular output, these should also be recorded through a contract variation. No amendment to the contract should be made that can lead to a vitiation of the original tender decision or bestow an undue advantage on the contractor. Where it becomes necessary/ inescapable, any modification shall be carried out with the prior approval of the CA.

2. Normally, the request for contract variation is prepared by the consultant/ service provider or Consultancy/ service provider firm and submitted to the Procuring Entity. However, these can also be initiated by the Procuring Entity, suo-moto. If the contractor does not raise objections within 14 days to any suo-moto modifications/ amendments made by the Procuring Entity, it shall be assumed that the contractor has consented to the amendment.

3. To take care of any change in the requirement during the contract period of IT Projects as well, there could be situations wherein variations in the scope of work becomes necessary. These situations should be dealt with objectivity and fairness and should not be considered to unduly push the vendor to undertake work or take risks which was not explicitly communicated in the tender document. At the same time the vendor should not consider this as an opportunity to unduly charge the Procuring Entity due to lack of available options. Generally, the value of the change request should not be more than plus/minus 15 (Fifteen) per cent. The RfP document should contain detailed mechanism through which such change requests would be carried out. A 'Change Control Board/ Committee' may be constituted by the Procuring Entity including experts from academics and industry to consider and approve the proposed change requests. The decisions of this board/ committee (both technical as well as financial) should be considered as final. Wherever variation is done through such a committee, all the members should sign the minutes of the recommendations.

4. No amendment shall be binding on the Procuring Entity unless and until the same is written and signed/ authorised by a competent authority.

5. Any amendment to the contract may have, inter alia, financial/technical/legal implications. The indentor may be consulted regarding the technical implications. Associated/ integrated Finance's concurrence should be obtained before issuing any amendment that has financial implications/repercussions. Further, if considered necessary, legal opinion may also be sought.

10.2.5. Obligations Control: Deployment of Resources - Substitution of Named Key Personnel

1. One common type of variation involves a substitution of key personnel identified by name in the contract. Sometimes a change of personnel is unavoidable because of resignation, illness, accident, inadequate performance, or personality conflict. The contract must specifically make provision for terms and conditions under which the staff can be replaced, about the remuneration to be paid etc. When personnel are to be replaced, certain factors need to be considered:

- a) Any replacement should be as well qualified or better qualified than the person being replaced;
- b) The remuneration should not be more than that was agreed upon for the person being replaced;
- c) The consultant/ service provider should bear all costs arising out of or incidental to the replacement (such as airfares for the substitute expert).

2. Substitution of key personnel during execution of consultancy contract:

- a) Quality in consultancy contracts is largely dependent upon deployment and performance of key personnel, during execution of the contract.
- b) The following conditions should be incorporated in tender documents for procurement of consultancy services:
 - i) Substitution of key personnel can be allowed in compelling or unavoidable situations only and the substitute shall be of equivalent or higher credentials. Such substitution may ordinarily be limited to not more than 30% of total key personal, subject to equally, or better, qualified and experienced personnel being provided to the satisfaction of the procuring entity.
 - ii) Replacement of first 10% of key personnel will be subject to reduction of remuneration. The remuneration is to be reduced, say, by 5% of the remuneration which would have been paid to the original personal, from the date of the replacement till completion of contract.
 - iii) In case of the next 10% replacement, the reduction in remuneration may be equal to (say) 10% (ten percent) and for the third 10% replacement such reduction may be equal to (say) 15% (fifteen percentage). In case such percentages are not relevant, or for some other practical considerations, for a particular contract, the procuring entity may formulate a suitable mechanism following the above logic, which should be specified in the tender documents.
 - iv) Public authorities may make use of IT enabled systems at the designated place of deployment to ensure presence of key personnel as for the schedule of deployment.

3. **Unsatisfactory Performance by Personnel:** Poor performance may involve one or more particular staff from the consultant/ service provider's team, or the whole team or non-participation by the main qualifying JV member. Based on the provisions of the contract, the Procuring Entity will advise the consultant/ service provider to take the necessary measures to address the situation. Poor performance should not be tolerated; therefore, the consultant/ service provider should act quickly to comply with a reasonable request to improve the performance of the team or to replace any particular staff member who is not performing adequately. If the consultant/ service provider fails to take adequate corrective actions, the

Procuring Entity may take up the issue with the top management of the consultant/ service provider and issue notice to rectify the situation and finally consider terminating the contract.

4. **Changes in Constitution/ Financial Stakes:** The Contractor must proactively keep the Procuring Entity informed of any changes in its constitution/ financial stakes/ responsibilities during the execution of the contract, since that may vitiate the legal basis of the Contract. Where the contractor is a partnership firm, the following restrictions shall apply to changes in the constitution during the execution of the contract:

- a) a new partner shall not be introduced in the firm except with the previous consent in writing of the Procuring Entity, which shall be granted only upon execution of a written undertaking by the new partner to perform the contract and accept all liabilities incurred by the firm under the contract before the date of such undertaking.
- b) On the death or retirement of any partner of the contractor firm before the complete performance of the contract, the Procuring Entity may, at his option, terminate the contract for default as per the Contract and avail any or all remedies thereunder.
- c) If the contract is not terminated as provided in Sub-para (b) above notwithstanding the retirement of a partner from the firm, that partner shall continue to be liable under the contract for acts of the firm until a copy of the public notice given by him under Section 32 of the Partnership Act, has been sent by him to the Procuring Entity in writing or electronically.

5. **Obligation to Maintain Eligibility and Qualification:** The contract is awarded to the contractor based on specific eligibility and qualification criteria. The Contractor is contractually bound to maintain such eligibility and qualifications during the execution of the contract. Any change which would vitiate the basis on which the contract was awarded to the contractor should be pro-actively brought to the notice of the Procuring Entity within 7 days of it coming to the Contractor's knowledge. These changes include but are not restricted to change regarding any declarations in this regard made by it in its bid.

6. **Avoiding Conflict of interest:** Neither the contractor nor its Subcontractors nor the Personnel shall engage, either directly or indirectly, during the term of this Contract, any business or professional activities in India that would conflict with the activities assigned to them under this Contract and after the termination of this Contract, such other activities as may be stipulated in the contract.

7. **No Assignment/ Sub-contracting:** The contractor shall not, save with the previous consent in writing of the Procuring Entity, sublet, transfer, or assign the contract or any part thereof or interest therein or benefit or advantage thereof in any manner whatsoever. He shall notify the Procuring Entity in writing all subcontracts awarded under the contract if not already stipulated in the contract, in its original bid or later. Such notification shall not relieve the contractor from any of its liability or obligation under the terms and conditions of the contract. Subcontract shall be only for bought out items and incidental Works/ Services. Subcontracts must comply with and should not circumvent Contractor's compliance with its obligations. If the Contractor sublets or assigns the contract or any part thereof without such permission, the Procuring Entity shall be entitled, and it shall be lawful on his part, to treat it as a breach of contract and avail any or all remedies thereunder.

8. **Indemnifying Procuring Entity regarding Intellectual Property (IPR):** All deliverables, outputs, plans, drawings, specifications, designs, reports, and other documents and software submitted by the contractor under this Contract shall become and remain the property of the Procuring Entity and subject to laws of copyright and must not be shared with

third parties or reproduced, whether in whole or part, without the Procuring Entity's prior written consent. The contractor shall, not later than upon termination or expiration of this Contract, deliver all such documents and software to the Procuring Entity, together with a detailed inventory thereof. The contractor shall indemnify the Procuring Entity against any breach of third party's IPR. The Contractor (and its allied firms) shall maintain confidentiality and secrecy of Procuring Entity's information provided to it (or that it comes across during execution of Contract).

9. Performance Security:

- a) The Contractor must maintain the Performance Security of the required amount in specified format during the currency of the Contract. In the event of any amendment issued to the contract, the contractor shall furnish suitably amended value and validity of the Performance Security in terms of the amended contract within twenty-eight days of issue of the amendment.
- b) If the contractor during the currency of the Contract fails to maintain the requisite Performance Security, it shall be lawful for the Procuring Entity at its discretion at its discretion to either terminate the Contract for breach of contract and avail any or all contractual remedies, or without terminating the Contract, recover from the contractor the amount of such security deposit by deducting the amount from the pending bills of the contractor under the contract or any other contract with the Procuring Entity or the Government or any person contracting through the Procuring Organisation or otherwise.
- c) The Procuring Entity shall be entitled, and it shall be lawful on his part, to deduct from the performance securities or to forfeit the said security in whole or in part in the event of:
 - i) any default, or failure or neglect on the part of the contractor in the fulfilment or performance in all respect of the contract under reference or any other contract with the Procuring Organisation or any part thereof;
 - ii) for any loss or damage recoverable from the contractor which the Procuring Entity may suffer or be put to for reasons of or due to above defaults/ failures/ neglect;
 - iii) and in either of the events aforesaid to call upon the contractor to maintain the said performance security at its original limit by making further deposits, provided further that the Procuring Entity shall be entitled, and it shall be lawful on his part, to recover any such claim from any sum then due or which at any time after that may become due to the contractor for similar reasons.
- d) The performance security should be refunded to the contractor without interest, after he duly performs and completes the contract in all respects but not later than 60(sixty) days of completion of all such obligations including the warranty under the contract. No claim shall lie against the Procuring Entity regarding interest on cash deposits or Government Securities or depreciation thereof. Return of Bid/ Performance Securities should be monitored by the senior officers and delays should be avoided. If feasible, the details of these securities may be listed in the e-Procurement Portal/ website of the Procuring entity, to make the process transparent and visible.

10.2.6. Safeguards for Handing over Procuring Entity Materials/Equipment to Contractors

For performance of certain contracts, Procuring Entity may have to loan stores, drawings, documents, equipment, and assets (such as accommodation, identity cards and gate passes, and so on) to the contractor. In certain situations, the contractor may also be supplied electricity, water, cranes, and weighing facilities on payment/hire basis. Whenever stores or prototypes or sub-assemblies are required to be issued to the firm/contractor for guidance in fabrication, these should be issued against an appropriate bank guarantee. In addition to the bank guarantee, appropriate insurance may be asked for if it is considered necessary. The Contractor shall use such property for the execution of the contract and no other purpose whatsoever. These assets shall remain the property of the Procuring Entity, and the contractor shall take all reasonable care of all such assets. The contractor shall be responsible for all damage or loss from whatever cause caused while such assets are possessed or controlled by the contractor, staff, workers, or agents. As a measure of transparency, the possibility of provision of such resources by Procuring Entity should have been announced in the tender document or at least requested by the contractor in the tender and written in the contract. Before the final payment or release of PBG/SD, a certificate may be taken from the concerned Department that the contractor has returned all documents, drawings, protective gear, material, equipment, facilities, and assets loaned, including all ID cards and gate passes, and so on, in good condition. Further, it should be certified that payment from the contractor has been received for usage of electricity, water, crane, accommodation, weighing facility, and so on. For low value items of less than Rs. 1,00,000 (Rupees One Lakh), or for sending spares for repairs to the OEMs, this stipulation of the bank guarantee may be waived and, if feasible, an indemnity bond may be taken.

10.3. Controlling Scope of Supply and Quantity

10.3.1. Scope of Services

1. The Contractor must perform/ delivery Services of the description, scope/ quantum, performance standards and quality outlined in the contract during the contract Period specified therein. The Services shall conform to performance and quality standards as stipulated in the contract or as per the best standards in the market, where not so specified. The Services shall include all incidental works/ Goods and such other work-elements not mentioned explicitly in this Contract, but that can be reasonably inferred from the Contract as being required for attaining Completion of the Services.

2. The contractor shall perform the Services and its obligations with all due diligence, efficiency, and economy, observing sound management practices, and employ appropriate advanced technology and safe methods as per the performance standards and quality control parameters stipulated in the contract. For matters where the contract does not specify any Standard, the Services delivered shall conform to National/ International Standards or generally accepted professional techniques and practices.

3. In cases where the performance or/and quality of Services is/are found to be unsatisfactory, Procuring Entity shall, without prejudice to other rights and remedies under the contract, recover as damages for the shortfall in performance, but not as a penalty, 0.5% percent (or any other percentage prescribed) of the delivered price (including elements of

GST & freight) of the defective Services, If the contractor fails to perform the Services as per Performance Standards and Quality, without having to prove actual loss incurred.

10.3.2. Deployment of Resources and Penalty for Absence

1. Service Provider must deploy the contracted resources, maintaining adequate records of attendance and audit trails.
2. The service provider shall be liable for all kinds of dues payable in respect of all personnel provided under the contract and the Procuring Entity shall not be liable for any dues for availing the services of the personnel. The service provider should ensure that persons to be deployed are not alcoholic, drug addict and not indulge in any activity prejudicial to the interest of the Procuring Entity. The service provider shall ensure to get the Police verification for all the manpower deployed by them and the contractor should ensure that the manpower deputed should bear good moral character.
3. **Penalty for absence:** In the case of absence (apart from allowed leaves) of a resource during project period, no payment will be made for the days a resource is absent (Daily wage will be calculated by dividing man month rate by number of working days in that month). In addition, a penalty (say 5% of the daily wage) per working day per resource will be levied on such absence. Fraction of a day in reckoning period in supplies shall be eliminated if it is less than half a day. Penalty would be deducted from the applicable payments.

10.3.3. Quality Control

1. The Procuring Entity shall check the quality of the Services and shall inspect the contractor's performance according to the Contract. The Procuring Entity shall promptly notify the contractor of any identified defects, requesting the correction of the notified defect within a reasonable time.
2. If the contractor has not corrected notified defect within the time stipulated in the Procuring Entity's notice, the Procuring Entity shall assess the cost of having the defect corrected. Without prejudice to any of its other remedies under this Contract or applicable law, procuring Entity shall be legally entitled to deduct such cost from the contract's payments, together with the damages for the shortfall in performance (as per clause below), a sum equivalent to the percentage stipulated in the contract.
3. If the service provider has not corrected a Defect within the time specified in the Procuring Entity's notice, a penalty for Lack of performance will be paid by the service provider. The amount to be paid will be calculated as a percentage of the cost of having the Defect corrected, assessed as described in the contract.
4. It has been brought to the notice of Department of Expenditure that in the contracts signed with suppliers by some of the Ministries/ Departments have clauses of pre-inspection at the firm's premises, where there is a provision that the suppliers or the vendors will pay for the travel, stay, hospitality and other expenses of the Inspecting officials. This is not in keeping with need to safeguard the independence of the inspecting teams. Such provisions in contracts need to be discouraged, so that Inspections are not compromised. Necessary steps may be taken to strictly avoid such provisions in the contracts with suppliers/ vendors⁵⁶.

⁵⁶ Notified vide OM No.F.11/13/2017-PPD issued by Department of Expenditure dated 24.10.2017

10.4. Time Control

10.4.1. Delays

1. Consultancy and Non-consultancy services may be delayed for a variety of reasons, including sometimes delays in discharge of its obligations by the Procuring Entities. In case of delays attributable to the Consultant. the Procuring Entity may without prejudice to his other rights:
 - a) recover from the contractor liquidated damages as per para 10.4.5 below, or
 - b) treat the delay as a breach of contract as per para 10.8.1 below and avail all the remedies therein, although it is in purchaser's interest to resort to this provision only as a last resort, in case of inordinate delays.
2. The consultant/ service provider should notify the Procuring Entity and explain the causes of such delays. If corrective action requires extra work and the delay cannot be attributed to the consultant/ service provider, the extra work should be reimbursed in accordance with the contract.
3. **Inordinate Delays:** Inexcusable delays of more than one-fourth (25%) of the total completion period shall be treated as inordinate delays. Such inordinate delays may be treated as breach of contract and shall be noted as deficient performance and be held against the contractor in future tenders. A show-cause notice shall be issued to the contractor before declaring it a deficient performance. Such delays may be considered as a breach of the contract at the option of the Procuring Entity.

10.4.2. Extension of Delivery

1. If at any time during the currency of the contract, the supplier encounters conditions hindering timely delivery of goods, he shall promptly inform the concerned officer in writing. He should mention its likely duration and make a request for extension of the schedule accordingly. On receiving the supplier's communication, the procuring entity shall examine the proposal (refer to Annexure 22) and, on approval from the CA, may agree to extend the delivery schedule, with or without LD and with or without the denial clause (as defined in Para 10.4.4 below), for completion of the contractor's contractual obligations, provided:
 - a) That a higher rate in the original tender was not accepted against other lower quotations in consideration of the earlier delivery; and
 - b) That there is no falling trend in prices for this item as evidenced from the fact that, in the intervening period, neither orders have been placed at rates lower than this contract nor any tender been opened where such rates have been received even though the tender is not yet decided. In cases of certain raw material supplies, where prices are linked to the PVC, extension may be granted even in case of a falling trend in price indices, since the purchaser's interests are protected by the price variation mechanism. However, in such cases it should be ensured that extensions are done with the denial clause.
2. Extension of the delivery date amounts to amendment of the contract. Such an extension can be only done with the consent of both parties (that is, the purchaser and supplier). No extension of the delivery date is to be granted suo motu unless the supplier specifically asks for it. However, in a few cases, it may be necessary to grant an extension of the delivery period suo motu in the interest of the administration. In such cases, it is legally necessary to obtain clear acceptance of the extension letter from the supplier.

3. No correspondence should be entered into with the supplier after expiry of the contract delivery period or towards the end of it, which has the legal effect of condoning the delay/breach of contract. When it is necessary to obtain certain information regarding past supplies, it should be made clear that calling for such information is not intended to keep the contract alive and that it does not waive the breach and that it is without prejudice to the rights and remedies available to the purchaser under the terms of the contract. The last line of such a communication should therefore be: "This letter is issued without any prejudice to Procuring Entity's rights and remedies under the terms and conditions of the subject contract and without any commitment or obligation." A format for such correspondence is given in Annexure 24.
4. When it is decided to extend the delivery period subject to recovery of LD for delay in supplies, contractors must be given a warning to this effect in writing at the time of granting extensions. It is not correct to grant extensions without any mention of the LD if it is proposed to recover such charges eventually. It is also not correct to grant an extension of the delivery period by merely stating that the extension is granted "without prejudice to the rights of the purchaser under the terms and conditions of the contract" as this would mean that all the options given in the conditions of the contract would be available to the purchaser on expiry of the extended delivery period and would not amount to exercise of the option to recover LD. To take care of complex legalities brought out above, extension of the delivery period when granted should only be done in writing in the laid down format given in Annexure 23.
5. Organisations may put in place a graded authority structure whereby extension of time for completion of contract, beyond a specified threshold value of contract, may be granted by the next higher authority.

10.4.3. Performance Notice

A situation may arise where the supply/services has not been completed within the stipulated period due to negligence/fault of the supplier; however, the supplier has not made any request for extension of the delivery period, but the contracted goods/services are still required by the purchaser and the purchaser does not want to cancel the contract at that stage. In such a case, a performance notice (also known as notice-cum-extension letter) may be issued to the supplier by suitably extending the delivery date and by imposing LD with denial clauses, and so on, along identical lines as in para 10.4.2 above. The supplier's acceptance of the performance notice and further action thereof should also be processed in the same manner as mentioned above. The text of the performance notice will be on similar lines to the Annexure 23.

10.4.4. Denial Clause

Since delay in delivery is a default by the seller, the buyer should protect himself against extra expenditure during the extended period by stipulating a denial clause (over and above levy of LD) in the letter informing the supplier of extension of the delivery period. In the denial clause, any increase in statutory duties and/or upward rise in prices due to the PVC clause and/or any adverse fluctuation in foreign exchange are to be borne by the seller during the extended delivery period, while the purchaser reserves his right to get any benefit of a downward revisions in statutory duties, PVC, and foreign exchange rate. Thus, PVC, other variations and foreign exchange clauses operate only during the original delivery period. The format of the denial clause is available in Annexure 22.

10.4.5. Liquidated Damages

Compensation of loss on account of late delivery (actually incurred as well as notional) where loss is pre-estimated and mutually agreed to is termed as LD. Law allows recovery of pre-estimated loss provided such a term is included in the contract and there is no need to establish actual loss due to late supply [MallaBaux Vs. UOI (1970)]. However, it would strengthen Procuring Entity's rights, if it is established and kept on record, that inconvenience and loss has been caused due to the delay in supplies, though the loss cannot be exactly quantified, and hence liquidated damages are applicable as a genuine pre-estimate of the loss.

10.4.6. Quantum of LD

1. While granting extension of the delivery period, where the delivery of services or any activity thereof is accepted after expiry of the original delivery period, the Procuring Entity may recover from the contractor, as liquidated damages for each week of delay or part thereof until actual delivery or performance, but not as a penalty, a sum equivalent to the 0.125% percent (or any other percentage if prescribed) of the related monthly bill of the Services. Besides liquidated damages during such a delay, the denial clause shall also apply. The Procuring Entity may deduct liquidated damages from payments due to the service provider. Payment of liquidated damages shall not affect the service provider's liabilities.

2. In contracts governed by any type of variation (PVC, ERV or statutory variations), LDs (if a percentage of the price) will be applicable on the price as varied by the operation of the PVC. LDs accrue only in case of delayed supplies. Where or as far as no supplies have been made under a contract, upon cancellation, recovery of only the loss occasioned thereby can be made, notwithstanding the fact that prior to the cancellation one or more extensions of the delivery period with reservation of the right to LD are granted.

3. Government establishments/Departments, as distinct from PSUs, which execute contract work should not be dealt with as ordinary contractors and not generally be penalised for late delivery and claims for loss on risk-purchase should not be enforced against them. Serious cases of defaults should, however, be brought to the notice of the HOD or the Government Department concerned.

4. Relaxations allowed to Government establishments/Departments, as above, will not apply to PSUs as a matter of course. Each case should be decided on merits and the decision to waive the recovery of LDs or risk purchase expenditure should be taken on merit.

10.4.7. Waiver of LD

There should normally be no system of waiver of LDs for delayed supplies in supply contracts and it may strictly be an exception rather than a rule. For an extension of the delivery date with waiver of LD, approval of the CA with consultation of associated Finance may be taken and justifications recorded.

10.4.8. Limit on total Damages.

However, deduction on account of damages for delays and performance, put together shall be subject to a maximum of 10% (or any other percentage if prescribed) of the entire value of Contract of Services. The damages cannot exceed the amount stipulated in the contract [NC Sanyal Vs. Calcutta Stock Exchange (1971)].

10.4.9. Force Majeure

1. A Force Majeure (FM) means extraordinary events or circumstance beyond human control such as an event described as an act of God (like a natural calamity) or events such as a war, strike, riots, crimes (but not including negligence or wrong-doing, predictable/seasonal rain and any other events specifically excluded in the clause). An FM clause in the contract frees both parties from contractual liability or obligation when prevented by such events from fulfilling their obligations under the contract. An FM clause does not excuse a party's non-performance entirely, but only suspends it for the duration of the FM. The firm has to give notice of FM as soon as it occurs and it cannot be claimed ex-post facto. There may be a FM situation affecting the purchase organisation only. In such a situation, the purchase organisation is to communicate with the supplier along similar lines as above for further necessary action. If the performance in whole or in part or any obligation under this contract is prevented or delayed by any reason of FM for a period exceeding 90 (ninety) days, either party may at its option terminate the contract without any financial repercussion on either side.
2. Notwithstanding the punitive provisions contained in the contract for delay or breach of contract, the supplier would not be liable for imposition of any such sanction so long as the delay and/or failure of the supplier in fulfilling its obligations under the contract is the result of an event covered in the FM clause.

10.5. Cost Control: Billing and Payments

10.5.1. Payment to Consultants

1. The invoice submitted by the supplier will be verified and signed by the indenting officer and pay order form or any other relevant forms will be prepared by the procuring entity and signed by an officer authorised to sign pay-orders. All correspondence with the supplier will be handled by procuring entity Department.
2. The documents, which are needed from the supplier for release of payment, are to be clearly specified in the contract. The paying authority is also to verify the documents received from the supplier with corresponding stipulations made in the contract before releasing the payment.
3. While claiming the payment, the supplier must also certify on the bill that the payment being claimed is strictly in terms of the contract and all the obligations on his part for claiming this payment have been fulfilled as required under the contract. There should also be a suitable provision for verification of the authenticity of the person signing the invoice, and so on, to claim the payment.
4. Deduction of applicable taxes at source from payments to suppliers will be done as per the existing law in force during the currency of the contract.
5. It should be ensured that all payments due to the firm, including release of the performance security, are made on a priority basis without avoidable delay as per the tender/contract conditions. Before the payment is made, the invoice should be cross-checked with the actual receipt of material to ensure that the payment matches the actual performance.
6. **Delay in payment to the contractors:** Public authorities may put in place a provision for payment of interest in case of delayed payment of bills by more than 30 working days after submission of bill by the contractor. Where interest is to be paid, the rate of

interest should be the rate of interest of General Provident Fund. In case of unwarranted discretionary delays in payments, as prescribed above, responsibility shall be fixed on the concerned officers. There should have a system to monitor delays in payments and to identify such unwarranted delays including an online system for monitoring of the bills submitted by contractors. Such system shall have the facility for contractors to track the status of their bills. It shall be mandatory for all contractors bills to be entered into the system with date of submission and date of payment.

7. Proper procedures for safe custody, monitoring and return of bank guarantees and other instruments may be followed. Chapter 6 has more details in this regard. Before making a final payment or before releasing the performance bank guarantee, a 'No Claim Certificate' (Annexure 25) may be insisted upon from the supplier to prevent future claims. Whenever a bank guarantee is released following due procedure and safeguards, acknowledgement thereof should also be taken from the contractor.

8. Payment is made to the consultant/ service provider based on a schedule agreed on in contract, often based on certain milestones or outputs. The consultant/ service provider submits an invoice to the Procuring Entity detailing the expenditures for personnel and out-of-pocket items. The Procuring Entity then reviews the documentation and forwards it to Paying Authority for ultimate payment. In normal practice, if any item needs further scrutiny before the Procuring Entity can approve payment, payment of undisputed items will be made. But payment of any disputed items will be withheld until the circumstances are clarified.

9. The terms and conditions of such payments are set out in the contract wherein the amount of advance payment is specified, as are the timing of the payment and the amount of advance payment security to be provided by the Consultancy firm. The advance payment is set off by the Procuring Entity in equal instalments against monthly billing statements until it has been fully set off. Once an advance has been provided, requests for any additional advance are not considered until the consultant/ service provider liquidates the previous advance. The advance payment security is then released. In some contracts there may be provision for mobilization fee to be paid.

10.5.2. Payment of Taxes and Duties

1. The contractor shall be entirely responsible for all taxes, duties, fees, levies etc., incurred until delivery of the Goods to the Procuring Entity.

2. If applicable under relevant tax laws and rules, the Procuring Entity shall deduct required taxes on account of GST Reverse Charge Mechanism; Tax Deducted at Source (TDS), and Tax Collected at Source (TCS) relating to Income Tax, labour cess, royalty etc from all payments due to the Contractor and deposit these to respective authorities as per the existing law in force during the currency of the contract. In the case of foreign bidders, Corporate tax shall be deducted at source from each invoice as per instructions/orders of the Government of India, Indian Income Tax Authority. As per Government regulations/ directives/ Law Procuring Entity may be required to deduct Tax Deducted at Source (TDS) or Tax Collected at Source (TCS).

3. **Goods and services Tax:** GST shall be paid as per the rate at which it is liable to be assessed or has been assessed, provided the transaction of the sale is legally liable to such taxes and is payable as per the terms of the contract subject to the following conditions:

- a) The payment of GST and GST Cess to the contractor shall be made only on the latter submitting a GST compliant Bill/ invoice indicating the appropriate HSN code

and applicable GST rate thereon duly supported with documentary evidence as per the provision of relevant GST Act and the Rules made there under. The delivery shall be shown being made in the name, location/ state, and GSTIN of the consignee only; the location of the procurement office of the procuring entity has no bearing on the invoicing.

- b) The Procuring Entity shall not pay a higher GST rate if leviable due to any misclassification of the HSN number or incorrect GST rate quoted mistakenly by the Contractor. Wherever the contractor invoices the Goods at GST rate or HSN number, which is different from that incorporated in the contract, payment shall be made as per GST rate, which is lower of the GST rates incorporated in the contract or billed. However, the Procuring Entity shall not be responsible for the contractor's tax payment or duty under a misapprehension of the law. The Contractor shall be required to adjust his basic price to the extent required by a higher tax rate billed as per invoice to match the all-inclusive price mentioned in the contract.
 - c) In case of undue profiteering by the contractor relating to GST tax, the Procuring Entity shall treat it as a violation of the Code of Integrity in the contract and avail any or all punitive actions thereunder, in addition to recovery and action by the GST authorities under the Act.
 - d) The contractor should issue Receipt vouchers immediately on receipt of all types of payments along with tax invoices after adjusting advance payments, if any, as per Contractual terms and GST Provisions.
 - e) Liquidated damages or any other variations (Price Variation or Exchange Rate variation, etc.) should be shown as deductions on the invoice, and GST shall be applicable only on the nett balance payment due.
 - f) While claiming reimbursement of duties, taxes etc. (like GST) from the Procuring Entity, as and if permitted under the contract, the contractor shall also certify that in case it gets any refund out of such taxes and duties from the concerned authorities later, it (the contractor) shall refund to the Procuring Entity, the Procuring Entity's share out of such refund received by the contractor. The Contractor shall also refund the appropriate amount to the Procuring Entity immediately on receiving the same from the concerned authorities.
 - g) All necessary adjustment vouchers such as Credit Notes/ Debit Notes for any short/ excess supplies or revision in prices or any other reason under the contract shall be submitted to the Procuring Entity in compliance with GST provisions.
4. For Procuring Entities eligible for availing Input Tax Credit:
- a) Contractors shall provide necessary documents/ compliances / invoices for enabling Procuring Entity (for commercially run entities) to avail of Input tax credit benefits under GST legislation.
 - b) The successful bidders should upload the details of the invoices raised on Procuring Entity on the GST Network within the prescribed time limits and undertake to adhere to all other compliances under the GST regulations/ legislations.
 - c) In case any credit, refund or other benefit is denied or delayed to the Procuring Entity due to any non-compliance of GST legislation by the bidder, such as failure to upload the details of the supply on the GST portal, failure to pay GST to the Government or due to non-furnishing or furnishing of incorrect or incomplete documents/ information by the bidder, the bidder would reimburse the loss to the

Procuring Entity or it shall recover may recover the same, but not limited to, the tax loss, interest and penalty.

5. **Statutory Variation Clause:** Unless otherwise stated in the contract, statutory increase in applicable GST rate only during the original delivery period shall be to Procuring Entity's account. Any increase in the rates of GST beyond the original completion date during the extended delivery period shall be borne by the contractor. The benefit of any reduction in GST rate must be passed on to the Procuring Entity during the original and extended delivery period. However, GST rate amendments shall be considered for quoted HSN code only, against documentary evidence, provided such an increase of GST rates after the last date of bid submission. The Procuring Entity is not liable for any claim from the contractor on account of fresh imposition and/ or increase (including statutory increase) of GST, customs duty, or other duties on raw materials and/ or components used directly in the manufacture of the contracted Goods taking place during the pendency of the contract unless such liability is expressly agreed to in terms of the contract.

10.6. Concluding the Assignment and Post Contract review

1. The contract is normally considered closed on the day after the completion date listed in the contract. Any expenditure incurred after the completion date are unlikely to be paid. It is therefore, important, under all types of assignments, for the consultant/ service provider to request an extension of the completion date if it appears that additional items will need to be billed after the completion date. The consultant/ service provider should submit the final claim promptly after completing the assignment. The standard consultant/ service provider contract states that the claim must be submitted within 60 (sixty) days of completion.

2. While making the final payment to the contractor and before releasing the PBG, it should be ensured that there is nothing outstanding from the contractor, because it would be difficult to retrieve such amounts after releasing the bank guarantee/final payment. Before the bank guarantee is released a "no claim certificate" may be taken from the contractor as per the format given in Annexure 25.

3. The contract shall stand closed upon

- a) successful performance of all obligations by both parties, including completion of warrantee obligations and final payment.
- b) termination and settlements after that, if any, as per GCC-clause 12.1 or 12.2 above.

4. At least in large contracts [above Rs. 25 (Rupees twenty-five) lakhs], it should be ensured that before the release of the bank guarantee (final payment, if there is no bank guarantee), the following reconciliations should be done across Departments involved in the execution of the contract:

5. **Materials Reconciliation:** The stores and/or the indenter should confirm that all materials ordered in the contract and paid for have been received in good condition and there is no shortfall. Full reconciliation of all raw material, part, assembly provided to the contractor should be done including wastages and return of scrap/off-cuts.

6. **Reconciliation with the User Department:** Besides material reconciliation, the user Department should certify in writing that the following activities (wherever applicable) have been completed by the contractor, to the Department's satisfaction, as per the contract:

- a) Achievement of performance standards of material/equipment supplied;

- b) Installation and commissioning;
 - c) Support service during the warranty period which has ended on _____;
 - d) Training of operators/maintenance staff;
 - e) Return of all ID cards, gate passes, documents, drawings, protective gear, material, equipment, facilities, and assets loaned to contractor; and
 - f) Support during annual maintenance contract (if it was part of the contract) which has ended on _____.
7. Payment Reconciliation: The indenting/materials management Departments may reconcile payments made to the contractor to ensure that there is no liability outstanding against the contractor on account of:
- a) LD;
 - b) Price reduction enforced on account of shortfall in performance of material/equipment;
 - c) Variations/deviations from the scope of the contract;
 - d) Overpayments/duplicate payments, if any;
 - e) Services availed from Procuring Entity and vacation thereof such as accommodation, electricity, water, security, transport, cranes, and other machinery, and so on,
 - f) Demurrage, insurance premiums or claims, customs duties, and so on;
 - g) Material reconciliation;
 - h) Price and exchange rate variations;
 - i) Statutory duties paid on behalf of the contractor by Procuring Entity; and
 - j) Inspection charges or loss of material in testing.
8. On satisfactory reconciliation and against a “no claim certificate” from the contractor, the bank guarantee may be released, and its acknowledgement taken from the contractor.
9. On completion of all activities against a contract, the purchase file should be preserved for a period of five years in the record room and then destroyed after expiry of the applicable mandatory retention period with the approval of the CA. However, Procuring Entity, at its discretion, may retain important records for future reference.

10.7. Disputes and Conflicts

10.7.1. Disputes

Normally, there should not be any scope for dispute between the purchaser and supplier after entering a mutually agreed valid contract. However, due to various unforeseen reasons, problems may arise during the progress of the contract leading to a disagreement between the purchaser and supplier. Therefore, the conditions governing the contract should contain suitable provisions for settlement of such disputes or differences binding on both parties. All disputes and differences between the parties, as to the construction or operation of the contract, or the respective rights and liabilities of the parties on any matter in question; or any other account whatsoever, but excluding the Excepted Matters (detailed below); arising out of or in connection with the contract, within thirty (30) days from aggrieved Party notifying the other Party of such matters; whether before or after the completion/ termination of the contract, that cannot be resolved amicably between the Procurement Officer and the contractor within thirty (30) days from aggrieved Party notifying the other Party of such matters, shall be hereinafter called the “Dispute”. The aggrieved party shall give a ‘Notice of Dispute’ indicating the Dispute and claims citing relevant contractual clause to the

designated authority and requesting for invoking the following dispute resolution mechanisms. The Dispute shall be attempted to be resolved without recourse to courts through dispute resolution mechanisms detailed subsequently, in the sequence as mentioned below, and the next mechanism shall not be invoked unless the earlier mechanism has been invoked or has failed to resolve it within the deadline mentioned therein. While processing a case for dispute resolution/litigation/arbitration, the procuring entity is to take legal advice, at appropriate stages.

1. Adjudication
2. Conciliation
3. Arbitration

10.7.2. Excepted Matters

Matters for which provision has been made in any clause of the contract shall be deemed as 'excepted matters' (matters not disputable/ arbitrable), and decisions of the Procuring Entity, thereon shall be final and binding on the contractor. The 'excepted matters' shall stand expressly excluded from the purview of the Dispute Resolution Mechanism, including Arbitration. However, where the Procuring Entity has raised the dispute, this sub-clause shall not apply. Unless otherwise stipulated in the contract, excepted matters shall include but not limited to:

1. any controversies or claims brought by a third party for bodily injury, death, property damage or any indirect or consequential loss arising out of or in any way related to the performance of this Contract ("Third Party Claim"), including, but not limited to, a Party's right to seek contribution or indemnity from the other Party in respect of a Third-Party Claim.
2. Issues related to the pre-award tender process or conditions.
3. Issues related to ambiguity in contract terms shall not be taken up after a contract has been signed. All such issues should be highlighted before the signing of the contract by the contractor.
4. Provisions incorporated in the contract, which are beyond the purview of The Procurement Entity or are in pursuance of policies of Government, including but not limited to
 - a) Provisions of restrictions regarding local content and Purchase Preference to Local suppliers in terms of Make in India policy of the Government.
 - b) Provisions regarding restrictions on Entities from Countries having land-borders with India in terms of the Government's policies in this regard.
 - c) Purchase preference policies regarding MSEs and Start-ups

10.7.3. Adjudication

After exhausting efforts to resolve the Dispute with the Purchasing Officer executing the contract on behalf of the Procuring Entity, the contractor shall give a 'Notice of Adjudication' specifying the matters which are in question, or subject of the dispute or difference indicating the relevant contractual clause, as also the amount of claim item-wise to Head of Procurement or any other authority mentioned in the contract (hereinafter called the "Adjudicator") for invoking resolution of the dispute through Adjudication. During his adjudication, the Adjudicator shall give adequate opportunity to the contractor to present his case. Within 60 days after receiving the representation, the Adjudicator shall make and notify decisions in writing on all matters referred to him. The parties shall not initiate, during the adjudication proceedings, any conciliation or arbitral or judicial proceedings in respect of a

dispute that is the subject matter of the adjudication proceedings. If not satisfied by the decision in adjudication, or if the adjudicator fails to notify his decision within the abovementioned time-frame, the contractor may proceed to invoke the process of Conciliation as follows.

10.7.4. Conciliation of disputes

1. Any party may invoke Conciliation by submitting “Notice of Conciliation” to the Head of the Procuring Organisation. Since conciliation is a voluntary process, within 30 days of receipt of “Notice of Conciliation”, the Head of the Procuring Organisation shall notify a sole Conciliator if the other party is agreeable to enter Conciliation. If the other party is not agreeable to Conciliation, the aggrieved party may invoke Arbitration.
2. The Conciliator shall proactively assist the parties to reach an amicable settlement independently and impartially within the terms of the contract, within 60 days from the date of appointment of the Conciliator.
3. If the parties reach an agreement on a dispute settlement, they shall draw up a written settlement agreement duly signed by the parties and conciliator. When the parties sign the settlement agreement, it shall be final and binding on the parties. The dispute shall be treated as resolved on the date of such agreement.
4. The parties shall not initiate, during the conciliation proceedings, any arbitral or judicial proceedings in respect of a dispute that is the subject matter of the conciliation proceedings.
5. Termination of Conciliation: Disputes shall remain alive if the conciliation is terminated as follows:
 - a) By written declaration of the conciliator, after consultation with the parties, to the effect that further efforts at conciliation are no longer justified, on the date of such declaration; or
 - b) By a written declaration of any party to the conciliator to the effect that the conciliation proceedings are terminated, on the date of such declaration; or
 - c) If the parties fail to reach an agreement on a settlement of the dispute, within 60 days of the appointment of Conciliator.
6. On termination of Conciliation, if the dispute is still alive, the aggrieved party shall be free to invoke Arbitration.

10.7.5. Arbitration Clause

If an amicable settlement is not forthcoming, recourse may be taken to the settlement of disputes through arbitration as per the Indian Arbitration and Conciliation Act, 1996 [Amended 2015⁵⁷ and 2021⁵⁸]. For this purpose, when the contract is with a domestic supplier, a standard arbitration clause (hereinafter called the ‘Agreement’) may be included in the Tender Document (Please refer to the Model Tender Document) indicating the arbitration procedure to be followed, based on which the Arbitration Act shall become applicable. This Agreement shall continue to survive termination, completion, or closure of the Contract for 120 days after that. The venue of arbitration should be the place from where the contract has been issued. In some CPSE, based on adverse experience in high value

⁵⁷ <https://lawmin.gov.in/sites/default/files/ArbitrationandConciliation.pdf>

⁵⁸ <https://egazette.nic.in/WriteReadData/2021/225832.pdf>

arbitration, (where even after arbitration, in most cases dispute lands in court), it is a practice to exclude disputes involving claims exceeding Rs 25 Crore from the application of such Arbitration Clause. By implication, such disputes are to be decided in the courts. This practice could be considered, after taking legal advice. The Micro, Small and Medium Enterprises Development (MSMED) Act, 2006 provides parties to a dispute (where one of the parties is a Micro or Small Enterprise) to be referred to Micro and Small Enterprises Facilitation Council if the dispute is regarding any amount due under Section 17 of the MSMED Act, 2006. If a Micro or Small Enterprise, being a party to dispute, refers to the provisions in MSMED Act 2006, these provisions shall prevail over this Agreement.

10.7.6. Foreign Arbitration

1. The Arbitration and Conciliation Act 1996 has provisions for international commercial arbitration, which shall be applicable if one of the parties has its central management and control in any foreign country.
2. When the contract is with a foreign supplier, the supplier has the option to choose either the Indian Arbitration and Conciliation Act, 1996 or arbitration in accordance with the provisions of the United Nations Commission on International Trade Law (UNCITRAL) arbitration rules.
3. The arbitration clause with foreign firms should be in the form of self-contained agreements. This is true especially for large value contracts or those for costly plant and machinery. The venue of arbitration should be in accordance with UNCITRAL or arbitration rules of India, whereby it may be in India or in any neutral country.

10.7.7. Notice for Arbitration

1. 'The Appointing Authority,' to appoint the arbitrator shall be Head of the Procuring Organisation named in the contract and includes if there be no such authority, the officer who is for the time being discharging the functions of that authority, whether in addition to other functions or otherwise.
2. In the event of any dispute as per para 10.7.1 above, if the Adjudicator fails to decide within 60 days (as referred in para 10.7.3 above), or the Conciliation is terminated (as referred in sub-para 10.7.4 above) then, parties to the contract, after 60 days but within 120 days of 'Notice of Dispute' shall request the Appointing Authority through a "Notice for Arbitration" in writing requesting that the dispute or difference be referred to arbitration.
3. The "Notice for arbitration" shall specify the matters in question or subject of the dispute or difference indicating the relevant contractual clause, as well as the amount of claim item-wise.

10.7.8. Reference to Arbitration

After appointing Arbitrator(s), the Appointing Authority shall refer the dispute to them. Only such dispute or difference shall be referred to arbitration regarding which the demand has been made, together with counter-claims or set off. Other matters shall be beyond the jurisdiction of Arbitrator(s)

10.7.9. Appointment of Arbitrator

1. Qualification of Arbitrators:
 - a) In the case of retired officers of The Procuring organisation, he shall have retired in the rank of Senior administrative grade (or equivalent) and shall have retired at

least 1 years prior and must not be over 70 years of age on the date of Notice for arbitration.

- b) He/ they shall not have had an opportunity to deal with the matters to which the contract relates or who, in the course of his/ their duties as officers of the Procuring Organisation, expressed views on any or all the matters under dispute or differences. A certification to this effect shall be taken from Arbitrators. The proceedings of the Arbitral tribunal or the award made by such Tribunal shall, however, not be invalid merely because one or more arbitrators had in the course of his service, an opportunity to deal with the matters to which the contract relates or who in the course of his/ their duties expressed views on all or any of the matters under dispute.
- c) An Arbitrator may be appointed notwithstanding the total no. of arbitration cases in which he has been appointed in the past.
- d) Not be other than the person appointed by The Appointing Authority and that if for any reason that is not possible, the matter shall not be referred to arbitration at all.

2. Replacement of Arbitrators

3. If one or more of the arbitrators appointed as above refuses to act as arbitrator, withdraws from his office as arbitrator, or in the event of the arbitrator dying, neglecting/ unable or unwilling or refusing to act for any reason, or his award being set aside by the court for any reason, or in the opinion of The Appointing Authority fails to act without undue delay, the Appointing Authority shall appoint new arbitrator/ arbitrators to act in his/ their place in the same manner in which the earlier arbitrator/ arbitrators had been appointed. Such a re-constituted Tribunal may, at its discretion, proceed with the reference from the stage at which it was left by the previous arbitrator (s).

4. **Appointment of Arbitrator:**

- a) In cases where the total value of all claims in question added together does not exceed Rs 50,00,000/- (Rupees Fifty Lakh only), the Arbitral Tribunal shall consist of sole Arbitrator. For this purpose, The Appointing Authority shall send to the contractor, within 60 days from the day of receipt of a written and valid notice for arbitration, a panel of at least four (4) names of retired officers, duly indicating their retirement dates.
- b) The contractor shall be asked to nominate at least two names out of the panel for appointment as his nominee within 30 days from the dispatch date of the request by The Appointing Authority. The Appointing Authority shall appoint at least one out of them as the sole arbitrator within 30 days from the receipt of the names of the contractor's nominees.
- c) In cases where the total value of all claims in question added together exceeds Rs 50,00,000/- (Rupees Fifty Lakh only), the Arbitral Tribunal shall consist of three (3) retired Officers of the Procuring Organisation. For this purpose, The Appointing Authority shall send a panel of at least four (4) names of such Officer(s) empanelled to work as Arbitrators duly indicating their retirement date to the contractor within 60 days from the day when a written and The Appointing Authority receives valid demand for arbitration.
- d) The contractor shall be asked to nominate at least 2 names out of the panel for appointment as his nominee within 30 days from the dispatch date of the request by The Appointing Authority. The Appointing Authority shall appoint at least one out of them as the contractor's nominee. It shall also simultaneously appoint the balance

number of arbitrators either from the panel or outside the panel, duly indicating the 'Presiding Arbitrator' from amongst the 3 arbitrators so appointed, within 30 days from the receipt of the names of Contractor's nominees.

- e) If the contractor does not suggest his nominees for the arbitral tribunal within the prescribed timeframe, The Appointing Authority shall proceed for appointment of the arbitral tribunal within 30 days of the expiry of such time provided to the contractor.
- f) Failure to Appoint Arbitrators: If The Appointing Authority fails to appoint an arbitrator, or two appointed arbitrators fail to agree on the third arbitrator, within 60 (sixty) days, then subject to the survival of this Arbitration Agreement, in international commercial arbitration, the Supreme Court of India shall designate the arbitral institution for the appointment of arbitrators. In case of national arbitrations, the High Court shall designate arbitral institutions. The Arbitration Council of India must have graded these arbitration institutions. These arbitral institutions must complete the selection process within thirty days of accepting the request for the arbitrator's appointment.

10.7.10. The Arbitral Procedure

1. **Effective Date of Entering Reference:** The arbitral tribunal shall be deemed to have entered the reference on the date on which the arbitrator(s) have received notice of their appointment. All subsequent time limits shall be counted from such date.
2. **Seat and Venue of Arbitration:** The seat of arbitration shall be the place from which the Letter of Award or the contract is issued. The venue of arbitration shall be the same as the seat of arbitration. However, in terms of section 20 of The Arbitration Act, the arbitrator, at his discretion, may determine a venue other than the seat of the arbitration without in any way affecting the legal jurisdictional issues linked to the seat of the arbitration. The Arbitral Tribunal shall decide any matter related to Arbitration not covered under this Arbitration Agreement as per the provisions of The Arbitration Act.
3. If the Adjudication and/ or Conciliation mechanisms had not been exhausted before such reference to Arbitration, the Arbitrator should ask the aggrieved party to approach designated authority for such mechanisms before the Arbitration proceedings are started.
4. The claimant shall submit to the Arbitrator(s) with copies to the respondent his claims stating the facts supporting the claims along with all the relevant documents and the relief or remedy sought against each claim within 30 days from the date of appointment of the Arbitral Tribunal unless otherwise extension has been granted by Arbitral Tribunal.
5. On receipt of such claims, the respondent shall submit its defence statement and counter claim(s), if any, within 60 days of receipt of the copy of claims, unless otherwise extension has been granted by Arbitral Tribunal.
6. No new claim shall be added during proceedings by either party. However, a party may amend or supplement the original claim or defence thereof during arbitration proceedings subject to acceptance by the Tribunal having due regard to the delay in making it.
7. Statement of claims, counterclaims and defence shall be completed within six months from the effective reference date.
8. **Oral arguments to be held on a day-to-day basis:** Oral arguments as far as possible shall be heard by the arbitral tribunal on a day-to-day basis, and no adjournments shall be granted without sufficient cause. The arbitrator (s) may impose an exemplary cost on the party seeking adjournment without sufficient cause.

9. **Award within 12 (twelve) months:** The arbitral tribunal is statutorily bound to deliver an award within 12 (twelve) months from the date when the arbitral tribunal enters reference. The award can be delayed by a maximum of six months only under exceptional circumstances where all parties consent to such extension of time. The court's approval shall be required for further extension if the award is not made out within such an extended period. During the period of an application for extension of time is awaiting before the court, the arbitrator's proceedings shall continue until the disposal of the application.

10. **Cost of Arbitration and Fees of the Arbitrators:** The concerned parties shall bear the cost of arbitration in terms of section 31 (A) of The Arbitration Act. The cost shall inter-alia include fees of the Arbitrator. Further, the fees payable to the Arbitrator shall be governed by instructions issued on the subject by the Procuring Entity and/ or the Government from time to time, in line with the Arbitration and Conciliation Act, irrespective of the fact whether the Arbitrator is appointed by the Procuring Entity or the Government under this clause or by any court of law unless directed explicitly by Hon'ble court otherwise on the matter. A sole arbitrator shall be entitled to a 25% extra fee over such a prescribed fee. The arbitrator shall be entitled to a 50 percent extra fee if the award is made within 6 months in terms of provisions contained in section 29(A) (2) of The Arbitration Act. Besides the above, Arbitrator shall also be entitled to this extra fee in cases where Fast Track Procedure in terms of section 29 (B) of The Arbitration Act is followed.

11. **Fast Track Procedure:** The parties to arbitration may choose to opt for a fast-track procedure either before or after the commencement of the arbitration. The award in fast-track arbitration is to be made out within six months, and the arbitral tribunal shall be entitled to additional fees. The salient features of the fast-track arbitration are:

- a) The dispute is to be decided based on written pleadings only.
- b) Arbitral Tribunal shall have the power to call for clarifications in addition to the written pleadings where it deems necessary.
- c) An oral hearing may be held only if all the parties request or the arbitral tribunal considers it necessary.
- d) The parties are free to decide the fees of the arbitrator(s) for fast-track procedure.

12. **Powers of Arbitral Tribunal to grant Interim Relief:** The parties to arbitration may approach the arbitral tribunal for seeking interim relief on the grounds available under section 9 of the act. The tribunal has the powers of a court while making interim awards in the proceedings before it.

13. **Confidentiality:** As provided in Section 42A of The Arbitration Act, all the details and particulars of the arbitration proceedings shall be kept confidential, except in certain situations like if the disclosure is necessary for the implementation or execution of the arbitral award.

14. **Obligation During Pendency of Arbitration:** Performance of the contract shall, unless otherwise directed by the Procuring Entity, continue during the arbitration proceedings, and no payment due or payable by the Procuring Entity shall be withheld on account of such proceedings, provided; however, it shall be open for Arbitral Tribunal to consider and decide whether or not the performance of the contract or payment therein should continue during arbitration proceedings.

15. **The Arbitral Award:** In the case of the Tribunal, comprising of three members, any ruling on award shall be made by a majority of members of the Tribunal. In the absence of such a majority, the views of the Presiding Arbitrator shall prevail. The arbitral award shall state item-wise the sum and reasons upon which it is based. The analysis and reasons shall

be detailed enough so that the award can be inferred from it. It shall be further a term of this arbitration agreement that where the arbitral award is for the payment of money, no interest shall be payable on whole or any part of the money for any period till the date on which the award is made in terms of Section 31 (7) (a) of The Arbitration Act. The award of the arbitrator shall be final and binding on the parties to this contract. A party may apply for corrections of any computational errors, typographical or clerical errors, or any other error of similar nature occurring in the award or interpretation of a specific point of the award to the Tribunal within 60 days of receipt of the award. A party may apply to the Tribunal within 60 days of receiving the award to make an additional award as to claims presented in the arbitral proceedings but omitted from the arbitral award.

10.7.11. Challenging Arbitration/ Judicial Awards

1. In cases where the Ministry/ Department has challenged an arbitral award and, as a result, the amount of the arbitral award has not been paid, 75% of the arbitral award (which may include interest up to date of the award) shall be paid by the Ministry/ Department to the contractor/ concessionaire against a Bank Guarantee (BG). The BG shall only be for the said 75% of the arbitral award as above and not for the interest which may become payable to the Ministry/ Department should the subsequent court order require refund of the said amount.

2. The payment may be made into a designated Escrow Account with the stipulation that the proceeds will be used first, for payment of lenders' dues, second, for completion of the project and then for completion of other projects of the same Ministry/ Department as mutually agreed/ decided. Any balance remaining in the escrow account after settlement of lenders' dues and completion of projects of the Ministry/ Department may be allowed to be used by the contractor/ concessionaire with the prior approval of the lead banker and the Ministry/ Department. If otherwise eligible and subject to contractual provisions, retention money and other amounts withheld may also be released against BG.⁵⁹

3. Arbitration /court awards should be critically reviewed. In cases where there is a decision against government / public sector enterprise (PSE), the decision to appeal should not be taken in a routine manner, but only when the case genuinely merits going for the appeal and there are high chances of winning in the court/ higher court. There is a perception that such appeals etc. are sometimes resorted to postpone the problem and defer personal accountability. Casual appealing in arbitration / court cases has resulted in payment of heavy damages / compensation / additional interest cost, thereby causing more harm to the exchequer, in addition to tarnishing the image of the Government.

4. The Organisation should monitor the success rate of appealing against arbitration awards. There should be a clear delegation to empower officials to accept arbitration / court orders. A special board / committee may be set up to review the case before an appeal is filed against an order. Arbitration /court awards should not be routinely appealed without due application of mind on all facts and circumstances including realistic probability of success. The board / committee or other authority deciding on the matter shall clarify that it has considered both legal merits and the practical chances of success and after considering the cost of, and rising through, litigation / appeal / further litigation as the case may be, it is

⁵⁹New rule 227A of GFR, 2017 notified vide OM No. F./1/9/2021-PPD issued by Department of Expenditure dated 29.10.2021.

satisfied that such litigation / appeal / further litigation cost is likely to be financially beneficial compared to accepting the arbitration / court award.

5. Statistics have shown that in cases where the arbitration award is challenged, a large majority of cases are decided in favour of the contractor. In such cases, the amount becomes payable with the interest, at a rate which is often far higher than the government's cost of funds. This results in huge financial losses to the government. Hence, in aggregate, it is in public interest to take the risk of paying a substantial part of the award amount subject to the result of the litigation, even if in some rare cases of insolvency etc. recovery of the amount in case of success may become difficult. Instructions have been issued in this matter in the past but have not been fully complied with.

6. The only circumstances in which such payment need not be made is where the contractor declines, or is unable, to provide the requisite bank guarantee and/or fails to open an escrow account as required. Persons responsible for not adhering to are liable to be held personally accountable for the additional interest arising, in the event of the final court order going against the procuring entity⁶⁰.

10.8. Terminating Services Prior to End of Contract

10.8.1. Breach of Contract

1. In case the contractor undergoes insolvency or receivership; neglects or defaults or expresses inability or disinclination to honour his obligations relating to the performance of the contract or ethical standards or any other obligation that substantively affects the Procuring Entity's rights and benefits under the contract, it shall be treated as a breach of Contract. Such defaults could include inter-alia:

- a) **Default in Performance and Obligations:** if the contractor fails to deliver any or all the Goods or fails to perform any other contractual obligations (including Code of Integrity or obligation to maintain eligibility and Qualifications based on which contract was awarded) within the period stipulated in the contract or within any extension thereof granted by the Procuring Entity.
- b) **Insolvency:** If the contractor being an individual or if a firm, any partner thereof, shall at any time, be adjudged insolvent or shall have a receiving order or order for the administration of his estate made against him or shall take any proceeding for composition under any Insolvency Act for the time being in force or make any conveyance or assignment of his effects or enter into any assignment or composition with his creditors or suspend payment or if the firm be dissolved under the Partnership Act, or
- c) **Liquidation:** if the contractor is a company being wound up voluntarily or by order of a Court or a Receiver, Liquidator or Manager on behalf of the Debenture-holders is appointed, or circumstances shall have arisen which entitle the Court or Debenture-holders to appoint a Receiver, Liquidator or Manager

2. As soon as a breach of contract is noticed, a show-cause 'Notice of Default' shall be issued to the contractor, giving two weeks' notice, reserving the right to invoke contractual remedies. After such a show-cause notice, all payments to the contractor would be

⁶⁰ As notified under para 16.1 to 16.5 of OM No.F.1/1/2021-PPD issued by Department of Expenditure dated 29.10.2021.

temporarily withheld to safeguard needed recoveries that may become due on invoking contractual remedies. If there is an unsatisfactory resolution, remedial action may be taken immediately.

10.8.2. Termination of Contract for Default

1. In the event of unsatisfactory resolution of 'Notice of Default' within two weeks of its issue as per para above, the Procuring Entity, if so decided, shall by written 'Notice of Termination for Default' sent to the contractor, terminate the contract in whole or in part, without compensation to the contractor. Before cancelling the contract and taking further action, it may be desirable to obtain legal advice. Such termination shall not:
 - a) prejudice or affect the rights and remedies, which have accrued and/ or shall accrue to the Procuring Entity after that.
 - b) affect the performance of the contract to the extent not terminated, unless otherwise instructed by the Procuring Entity,
 - c) extinguish warranty obligations of the contractor, for the goods already supplied, if any.
2. If the contract is terminated in whole or in part, additionally, recourse may be taken to any one or more of the following actions:
 - a) Temporarily withhold payments due to the contractor till recoveries due to invocation of other contractual remedies are complete.
 - b) Call back any loaned property or advances of payment, if any, with the levy of interest at the prevailing rate (MIBID - Mumbai Interbank Bid Rate).
 - c) Recover liquidated damages and invoke denial clause for delays.
 - d) Prefer claims against insurances, if any.
 - e) Encash and/ or Forfeit performance security or
 - f) Invoke any other contractual securities, including Termination of Contract for Default
 - g) Initiate proceedings in a court of law for the transgression of the law, tort, and loss, not addressable by the above means.

10.8.3. Determination of Contract for Default/ Convenience of Procuring Entity or for Frustration of Contract

1. After placement of the contract, there may be an unforeseen situation compelling Procuring Entity to terminate the contract, in whole or in part for its (the Procuring Entity's) convenience, by serving written 'Notice for Determination of Contract' on the contractor at any time during the currency of the contract. The notice shall indicate inter-alia, that the termination is for the convenience of the Procuring Entity or the frustration of the contract and also the extent to which the contractor's performance under the contract is terminated, and the date with effect from which such termination shall become effective.
2. Such termination shall not prejudice or affect the rights and remedies accrued and/ or shall accrue after that to the Parties.
3. Unless otherwise instructed by the Procuring Entity, the contractor shall continue to perform the contract to the extent not terminated.
4. All warranty obligations, if any, shall continue to survive despite the termination.
5. Determining the contract by Procuring Entity for its convenience is not its legal right – and the contractor must be persuaded to acquiesce. Depending on the merits of the case, the supplier may have to be suitably compensated on mutually agreed terms for terminating

the contract. Suitable provisions to this effect should be to be incorporated in the tender document as well as in the resultant contract.

6. The Goods and incidental Works/ Services that are complete and ready in terms of the contract for delivery and performance within thirty days after the contractor's receipt of the notice of termination shall be accepted by the Procuring Entity as per the contract terms. For the remaining Goods and incidental Works/ Services, the Procuring Entity may decide:

- a) To get any portion of the balance completed and delivered at the contract terms, conditions, and prices; and/ or
- b) To cancel the remaining portion of the Goods and incidental Works/ Services and compensate the contractor by paying an agreed amount for the cost incurred by the contractor, if any, towards the remaining portion of the Goods and incidental Works/ Services.

10.8.4. Frustration of Contract

Upon a supervening cause occurring after the effective date of the contract, including a change in law, beyond the control of either party whether because of the Force Majeure clause or within the scope of section 56 of the Indian Contract Act, 1872, that makes it impossible to perform the contract within a reasonable timeframe, the affected party shall give a 'Notice of Frustration Event' to the other party giving justification. The parties shall use reasonable efforts to agree to amend the contract, as may be necessary to complete its performance. However, if the parties cannot reach a mutual agreement within 60 days of the initial notice, the Procuring Entity shall issue a 'Notice for Determining the contract' and terminate the contract as per para 10.8.3 above, due to its frustration, without repercussions on either side.

10.8.5. Limitation of Liabilities

1. Except in cases of criminal negligence or wilful misconduct, the aggregate liability of the contractor to the Procuring Entity, whether under the contract, in tort or otherwise, shall not exceed the total Contract Price, provided that this limitation shall not apply to the cost of repairing or replacing defective equipment, or to any obligation of the contractor to indemnify the Procuring Entity concerning IPR infringement.

2. In some cases, termination is the optimal choice; in others, it is detrimental to the overall intent of the assignment. This implies a missed opportunity and a waste of the funds already expended on the assignment. For these reasons, termination should be avoided if possible, even if this means a considerable re-staffing of the Consultancy team.

3. Termination may be initiated by any party. Termination must be undertaken within the terms of the contract document. These provide for a notice period of 30 (thirty) days, the payment by the Procuring Entity of any legitimate outstanding fees and costs to the consultant/ service provider, and the payment of legitimate costs to wind-up the Consultancy/ Non-consultancy service team (unless the termination was occasioned by the default of the consultant/ service provider).

4. The CMC would indicate which of the final billings by the firm are eligible for payment and which are not. In case of dispute over what is or is not a legitimate expense, eligible for payment, the dispute mechanism described above is invoked and, if it is not possible to resolve the matter amicably, the issue is submitted for arbitration. The contract will remain valid until the arbitration decision is made.

10.9. Monitoring of Consultancy Contracts – Risks and Mitigation

Risks	Mitigation
<p>Substitution of key experts in implementation: When the contract progresses, over a period of time, the request for substitution of key staff is made by the firm citing reasons of non-availability, health, and so on.</p>	<p>The Procuring Entity needs to deal with such requests strictly in terms of contract provisions which permit substitution of key experts in exceptional circumstances such as “death or medical incapacity”. Substitution of a person “of equivalent or better qualification and experience” should receive utmost scrutiny and compliance, as diluting such a provision leads to loss of quality of work and a serious integrity issue. Such substitution should not give any undue financial benefit to the contractor.</p>
<p>Cost overruns in time-based contracts: Time and Cost over-run is a major risk in Time-based contracts, as the payment is based on time and delay may result in unanticipated benefit to the consultant and the assignment may get delayed.</p>	<p>This type of contract should include an upper limit of total payments to be made to the consultants/ service providers for the assignment to safeguard against excessive prolonging of time and payments. After this limit is reached, or the period of completion is exceeded, CA should review justification for extension of the contract. One of the ways to prevent cost overruns in time based contract is to require Procuring Entity's acquire contract management capacity to manage consultants contract before contract is signed. It is Procuring Entity's mandate to monitor consultant's contracts and also to request consultants to keep producing progress reports and highlighting the status of their contract as it reaches milestones such as 50% and 80% progress. Procuring Entity must careful authorise mobilisation and demobilisation of key experts, and examine the time sheets and other reimbursable expenditures.</p>
<p>Advance payments: This is an area of risk in public procurement with undue and unintended benefits to the contractor, which vitiates the original selection criteria.</p>	<p>Any mobilisation or other advance payments should be interest bearing and should be only for justifiable cases. Terms of such advances should be expressly stated in the NIT/tender documents. The advance payment may be released in not less than two stages depending upon the progress of the contract. Advance should be progressively adjusted against bills cleared for payment. Interest should be charged on delayed recoveries irrespective of the reason stated.</p>

<p>Contract changes and renegotiations: This is also a risk area, where the procuring entity may not get what it contracted and paid for or may pay for what it has not received. On the other hand, the contractor may not get timely or proper amendments due to changes asked by the procuring entities.</p>	<p>Contract modifications and renegotiations should not substantially alter the nature of the contract. It should not vitiate the basis of the selection of the contractor. It should not give undue or unintended benefits to the contractor. However, for any changes caused by the procuring entity, the contractor should be adequately and timely compensated within the contractual terms.</p>
<p>Supervising agencies/individuals are unduly influenced to alter the contents of their reports so changes in quality, performance, equipment, and characteristics go unnoticed.</p>	<p>A contract management manual or operating procedure should be prepared for large value contracts. There should be inbuilt systems of checks and balances.</p>
<p>Contractor's claims are false or inaccurate and are protected by that in-charge of revising them.</p>	<p>All large contracts should be formally reconciled for closure to ensure that the scope of the work and warranty/defect liability period is completed. This should include the dispute resolution forum for resolving disputes in a fixed timeframe with provision of escalation level.</p>
<p>Payment to the contractor is delayed intentionally or otherwise.</p>	
<p>Contractor gets final payment, but contract closure has not been formally done. As a result, material/assets loaned to him are not accounted for.</p>	<p>All payments/recoveries should also be reconciled. It should also be ensured that material/assets loaned to him including security passes are accounted for.</p>
<p>Every dispute lands up in arbitration or court cases since the procuring entity is reluctant to grant compensation for its own lapses to the contractor.</p>	

ANNEXURES

Annexure 1: Delegation of Financial Powers – Indents, Contracts and Purchases for public service

(Excerpts from DFPR, Refer Para 1.5.1, 8.3.1-1)

DFPR Rule 21 of the Delegation of Financial Power Rules**	DFPR Rule 21(a) Minister in Charge of the Department	DFPR Rule 21 (b) Secretary of the Department
For open or limited tender contracts	Full Powers	Rs. 20 crore
For single tender including resultant single offer or proprietary contracts		Rs. 5 crore
For agreements or contracts for technical collaboration and consultancy services		Rs. 2 crore

** DoE, Ministry of Finance No.F. 1(17)-E.II(A)86-No.F.1(15)-E.II(A)88 Dated: 16th September, 2003

1. Notwithstanding anything as above, in cases where the award of contract or purchase or consultancy is inseparably linked with the project or scheme and forms a part of the proposals for Standing Finance Committee (SFC) or Committee on Non-Plan Expenditure (CNE) or Expenditure Finance Committee (EFC) or Cabinet, the same will be processed as per the financial limits laid down for sanction of such schemes or projects by the Competent Authority.

5. **Explanation:** In this rule, the word "contract" includes miscellaneous contracts, such as handling contracts and leases. Leases for hiring accommodation for office, residential and other purposes shall, however, be regulated under item 16 of the Annexure to Schedule V. If a contract extends over a period of time, the total value over the entire period of currency shall be taken for the purpose of applying the limit. Further a limited or open tender which results in only one effective offer shall also be treated as a single tender contract (for the purpose of delegation of powers)."

6. **Re-delegation of Powers:** Under Rule 13 of the Delegation of Financial Powers Rules (DFPR) and the Schedules thereunder, and orders of DoE, certain powers have been given to Departments and to Heads of Department to decide the financial limits up to which they wish to further delegate powers for incurring certain types of expenditure. Such cases of re-delegation of powers may be either with a requirement to consult with Financial Adviser in individual cases while exercising the re-delegated power or without a requirement to consult the Financial Adviser in individual cases while exercising the re-delegated power. All orders of re-delegation of powers require consultation of the Financial Adviser on both these points, viz. the extent of re-delegation and whether or not consultation of the Financial Adviser in individual cases will be required. (Para 20, Charter for FA, 2023)

Annexure 2: Powers for Incurring Contingent Expenditure

(Excerpts from DFPR Rule 13 (3), Schedule V, Refer Para 1.5-1)

Authority (1)	Extent of power ^{&&} (2)	
	Recurring	Non-recurring
Departments of the Central Government:		
(i) Vice-President's Secretariat.	Full powers	Full powers
(ii) Other Departments	Full powers	Full powers
Administrators	Full powers	Full powers
Heads of Department	%%The Departments of the Central Government shall, in consultation with the Financial Adviser of the Department concerned, have full powers for deciding the financial limit up to which they can delegate powers to Heads of Departments and also to what extent these powers may be exercised by such HODs without consultation with FA of the Department.	
Heads of Offices other than Under Secretaries	Rs. 1000 per month in each case	Rs. 5000 in each case.
Under Secretaries in the Departments of the Central Government declared as Heads of Offices.	Rs.2000 per month in each case	Rs.5000 in each case.

&& Expenditure on indents, Contracts and Purchases is included under contingent expenditure (except where it is treated otherwise, e.g., stores relating to works).

%% DoE, Ministry of Finance No.1 (11)/E.II(A)/2003 Dated: 1st February 2005 and No. 1/7/E.II(A)/2008 Dated: 30th May 2008

Explanation The powers delegated to the Departments of the Central Government are to be exercised by the issue of formal sanctions in the name of the President, such sanctions being authenticated by the officers authorised to do so under Article 77 of the Constitution. The Under Secretaries in the Departments of the Central Government who are declared as Heads of Offices under Rule 14 of DFPR may sanction contingent expenditure up to the extent indicated in the Table above without issuing formal sanctions in the name of the President.

Annexure 3: Suggested Structure of Schedule of Procurement Powers (SoPP)

(Refer Para 1.5-3, 4.3-3, 8.2.2-1, 8.3.1-2, 9.1-4)

A suggested structure of SoPP⁶¹ is given below. However individual threshold values (wherever not given in GFR/ DFPR) would depend on the respective circumstances of various Organisations.

Sanction Item	Threshold Value in Rupees (Lakh)				
Five columns for level of officers are just indicative, there would be more levels as per competent Financial Authorities (CFAs, including Minister or Board of Directors in CPSEs) in organisations.					
Competent Financial Authority > Level 1 is lowest and Level -n is highest	Level -1	Level-2	Level 3	Level-4	Level-n
Procurement Proposal initiation, approvals and Signing: Including formulation of ToR/ Activity Schedules and Cost Estimates					
In Principle Approval, initiation, and approval of Procurement Proposals for Services					
Initiation, Approval of Terms of ToR/ Activity Schedules, and Cost estimates for Services					
Final Administrative, Budgetary Approval for Starting Procurement					
Approval for Floating of Tenders of Various Types including					
Approval Selection of System of Selection of consultants – other than LCS					
Approval for Selection by nomination of Services					
Preparation and Approval of Bidding Documents and floating of Tenders – EoI/ RfP for services					
Approval of Retendering of a discharged tender after second attempt					

⁶¹ indicate value threshold above which consultations with/ concurrence/ vetting from IFD would be required

Competent Authority (CA) for Evaluation and Acceptance of Tenders						
Procurement without calling Quotation						
Procurement Through a Purchase Committee						
Direct Approval of Tenders Without Tender committee						
Tender Committee/ CEC Composition and CA for Acceptance – EoI/ RfP for Services. Slabs below are suggestive but would depend on the frequency of cases in various slabs of procurements in an organisation.						
Slab 1 (e.g., Rs 10 to 25 Lakhs)	Levels of TC/ Member Secy					
	Acceptance Level					
Slab 2 (e.g., Rs 25 lakhs to 2 Crores)	Levels of TC/ Member Secy					
	Acceptance Level					
Slab 3 (e.g., Rs 2 to 20 Crores)	Levels of TC/ Member Secy					
	Acceptance Level					
Slab 4 (e.g., Rs 20 to 100 Crores)	Levels of TC/ Member Secy					
	Acceptance Level					
Slab 5 (e.g., Rs 100 Crores and above)	Levels of TC/ Member Secy					
	Acceptance Level					
Formulation and Placement of Contracts						
Contracts after following Tendering Process						
Acceptance of Special Conditions with concurrence of Finance before Award of Contract as per recommendation of TC/ CA						
Acceptance of Advance Payments						
Other Variations demanded by Bidders in special circumstances.						
Post Contract Powers, including Bill Passing and Payments, Handing over assets/ equipments/ material/ utilities to Contractor; Extensions with or without LD, or approvals of Variations, Contract Closure, Terminations, Arbitrator appointment, Accepting and sanctioning Court and Arbitration award						
Waiver of Liquidated Damages						
Allowing release of Time-barred claims						
	Enlistment and Debarment of consultants/ service providers					
	Initiation and Approval of Enlistment of service providers					

Annexure 3: Suggested Structure of Schedule of Procurement Powers (SoPP)

	Initiation and Approval of Removal from Enlistment of service providers due to misdemeanours					
	Initiation and Approval of Holiday Listing/ Suspension of service providers due to misdemeanours					
	Initiation and Approval of Banning of service providers within the Ministry or recommendation to Ministry of Commerce for Country-wide					

Annexure 4: Format of Procurement Proposal

Procurement Proposal (Concept Paper) for Procurement of Consultancy/ Non-consultancy services

(Refer Para 2.2.1)

NO.	Date
Category of Assignment	Consultancy Services/ Non-consultancy services
Name of Officer/ Office proposing the Assignment	
Brief Description of Consultancy/ Non-consultancy services Proposed:	
Proposed Period of Engagement:	
Place and Nodal Officer for execution	
Total Estimated Cost:	
Estimate Name/ number:	
Allocation No	Allocation Code No

1. Purpose/ Objective Statement of Services

- a) Description of service:
- b) Background of the Organisation and the Project:
- c) Purpose/ Objectives of the Assignment: (Highlight how the proposed procurement of services would fit in with short-term and strategic goals of Procuring Entity)

2. Service Outcome Statement - Outcomes expected from the Procurement of Services:

- a) Broad List of Activities/ Steps involved in achieving objectives:
- b) Expected Time-frame of assignment/ Duration of Engagement:
- c) Rough estimate of cost of Procurement of services: (including related costs to be incurred by the organization)

3. Justification for the procurement of Services - Capabilities required for carrying out the assignments:

- 4. Rough assessment of available in-house capabilities as compared to required capabilities:
- 5. Precedence and similar assignments carried out earlier in our organisation/ similar organisations
- 6. The eligibility and pre-qualification criteria to be met by the consultants/ service providers:
- 7. Justification: Based on assessment of required and in-house capabilities;

a) In case of Consultancy Services: It is certified that, the hiring of consultants is justified for following reasons (Tick points applicable). Please also add a narrative justification:

- i) Inadequacy of Capability or Capacity of required expertise in-house; or

ii) There is internal capacity/ capability to do the job but there are consideration of economy, Speed and efficiency in relation to additional requirement/ commitment/ usage of;

- 1) Staff/ Management/ Organization;
- 2) Technological and Material Resources;
- 3) Money, and
- 4) Time/ Speed of execution; and

iii) Also tick one or more of following:

- 1) The need to have qualified consultant for providing a specialized high quality service; or/ and
Need for impartial advice from a consultant (acting independently from any affiliation, economic or otherwise) to avoid conflicts of interest;
- 2) The need for Transfer of Knowledge/ Training/ Capacity and capability building as a by-product of such engagement
- 3) Need to acquire information about/ Identifying and implementing new methods and systems
- 4) Need for planning and implementing organizational change

b) In case of Other (Non-consultancy) Services:

It is certified that, the procurement (outsourcing) of these services is justified for following reasons (Tick one main point below). Please also add a narrative justification:

- i) An administrative policy decided by the Ministry/ Department to outsource specific (class of) services; or
- ii) Economy, Speed and efficiency and more effective delivery of public services relating to additional requirement/ commitment/ usage of (tick one or more below):
 - 1) Staff/ Management/ Organization;
 - 2) Technological and Material Resources;
 - 3) Money, and
 - 4) Time/ Speed of execution.

8. In principle approval

In principle approval may kindly be accorded, for further processing. Final administrative and budgetary approvals would be taken after development of Terms of Reference/ Activity Schedule and detailed estimates.

Proposing Officer

Signatures/ Name/ Designation/ Department

Comments and Instructions:

Approving Officer

Signatures/ Name/ Designation/ Department

Annexure 5: Terms of Reference (ToR) Format

(Refer Para 2.3-1)

1. Description of Assignment
2. Procuring Entity's Organisation Background
3. Assignment Background
4. Statement of Purpose/ Objectives
5. Statement of Assignments Outcomes
6. Detailed Scope of Work and Time-lines
7. Tasks, Activities, dependencies, bar chart and Gantt Chart, Milestones
8. Place of Assignment and Touring Requirements if any
9. Length and Duration of assignments
10. Team Composition and Qualification Requirements for the Key Experts (and any other requirements which will be used for evaluating the key experts under the Bid data sheet)
11. Capacity Building, Training and Transfer of Knowledge, if any
12. Deliverables, Reporting Requirements and Time Schedule for Deliverables [If no reports are to be submitted, state here "Not applicable."]
 - a) Format, frequency, and contents of reports; dates of submission
 - b) Number of copies, and requirements for electronic submission (or on computer media)
 - c) Persons (indicate names, titles, submission address) to receive them;
13. Background material, Data, reports, records of previous surveys, and so on, to be provided to the consultant (Mention a caveat about reliability of material provided and need for the consultant to verify and crosscheck vital aspects)
14. Facilities such as local conveyance, office space, office machines, secretarial assistance, utilities, local services, etc., which would be provided to the consultant by the Procuring Entity (Specifically mention, what facility/ utilities would not be provided and also, charges if any for facilities offered)
15. Institutional and organisational arrangement
 - a) Counterpart Project Manager and Team
 - b) Consultancy Management Committee
 - c) Chain of Command for reporting
16. Procedure for review of the work of consultant after award of contract

Annexure 6: Bid Opening Attendance Sheet cum Report

(Refer Para 5.6-3)a), 8.5.1-1)

[Name of Procuring Entity]

Bid Opening Attendance Sheet cum Report

Type of Opening	Eol/ Technical/ Financial	No		Date and Time of Opening		
Title of Tender						
Attendance Record						
Sr No	Bidder's Name	Bidder's Address	Bidder's Authorisation and Date	Represented by	Contact No.	Signature of Representative

Bid Opening Report							
Offer No.	Bidder's Name	Bidder's Ref and Date	Submission of Requisite EMD (Y/N)	Submission of other Mandatory Documents (Y/N)	No of Cuttings/Overwritings	Rate Quoted and Taxes/Duties (Financial Bid)	Other Special Features Announced
--/--							
--/--

Annexure 8: Format for evaluation of Responsiveness

(refer to Annexure 7)

Name of the consultancy firm:

Sr. No.	Item	Required response
1	Has the consultant paid the RfP document fees?	Yes
2	Has the consultant submitted the requisite bid processing fee and bid security?	Yes
3	Have all the pages required to be signed by the authorized representative of the consultant been signed?	Yes
4	Has the power of attorney been submitted in the name of authorized representative?	Yes
5	In the case of JV/consortium, whether the MoU has been submitted?	Yes
6	Has the consultant submitted all the required forms of the technical proposal?	Yes
7	Technical proposal does not contain any financial information?	Yes
8	Is financial proposal submitted separately in a sealed cover?	Yes

Annexure 9: Format for Simplified evaluation of quality (LCS/ EoI)

(Refer to Annexure 7)
(If so specified in Bid Documents)

Sr. No.	Item	Required response
1	Does the consultancy firm have the required experience?	Yes
2	Does the proposed methodology of work fulfil the objectives of the assignment/ job till the last detail of the ToR?	Yes
3	Do the methodology, work plan and staffing schedule provide coverage of the entire scope of work as described in ToR?	Yes
4	Does the team leader fulfil the minimum educational qualification and experience criteria?	Yes
5	Has the consultant provided for all the professionals for requisite expertise?	Yes
6	Does the key professional (indicate the position) fulfil the minimum educational qualification and experience criteria? [Evaluate for all the proposed key personnel]	Yes
7	Does the staffing schedule including the key professionals proposed, the responsibility assigned to them and the support staff together is adequate for performing the entire scope of work indicated in the ToR?	Yes

Note: If the answer is yes, in all the cases, the consultancy firm is considered technically qualified for the assignment.

(If so specified in RfP)

I/ we engage to delivery of Service(s) to your office and comply the following:

1. Services and Activities schedule and Performance indicated.
2. Special conditions of Contract for this tender.
3. Terms and conditions printed overleaf.
4. General conditions of contract (signed at the time of supplier registration).
5. I/we confirm that set off for the GST, etc. Paid on the inputs have been taken into consideration in the above quoted price and further agree to pass on such additional duties as sets offs as may become available in future under GST, etc.
6. This offer is valid for 90 (ninety) days from the date of opening of the tender.
7. That we have not been debarred by any Government/Undertaking.
8. That the rates quoted are not higher than the rates quoted for same item to any Government/Undertaking.
9. That the bid submitted by us is properly sealed and prepared so as to prevent any subsequent alteration and replacement.

Signature & Seal Place & Date:		Name of Authorised Signatory:	
Address:		Tel. No./ Fax. No./ Mobile No. Email Id:	

TERMS AND CONDITIONS OF LIMITED TENDER

7. The quotation must be in the form furnished by procuring entity and should be free from corrections/erasures. In case there is any unavoidable correction it should be properly attested. If not the quotation will not be considered. Quotation written in pencil will not be considered.
8. Quotation will be opened on due date at 3.00 pm at the indicated venue in presence of the bidders or their representatives who may wish to be present.
9. The Procuring Entity reserves the right to accept the offer by individual items and reject any or all tenders without assigning any reason thereof and does not bind itself to accept lowest quotations.
10. Participation in this tender is by invitation only and is limited to the selected procuring entity’s registered suppliers. Unsolicited offers are liable to be ignored. However, suppliers who desire to participate in such tenders in future may bring it to the notice of procuring entity and apply for registration as per procedure. Note: to get registered as an approved supplier with the procuring entity, please download supplier approval form from _____ and submit.
11. Manufacturer’s name and country of origin of services offered must be clearly specified. Please quote whether your organisation is large scale industry or small-scale industry. If you have NSIC/ MSE/ MSI Certificate, please attach it to the quotation. Mention your registration details. Purchase Preference and restriction policies of the Government of India shall be applicable in this Tender.

12. Complete details and performance standards if any must accompany the quotation. If you have got any counter offer as suitable to the Services required by us, the same may be shown separately.
13. All Services delivered are subject to inspection and approval before acceptance.
14. The Procuring Entity reserves the right to modify the quantity specified in this enquiry.
15. The prices quoted should be firm till the services are completed. Please quote the rates in words and figures. Price quoted should be net and valid for a minimum period of three months from the date of opening of the quotation.
16. Payment of GST is primarily the responsibility of the seller and will not be paid unless the percentage value is clearly mentioned in the quotations. If no indication regarding GST is recorded in the quotation, the GST will be considered as included.
17. Delivery period required for delivering the services should be invariably specified in the quotation.
18. In case your quotation is accepted, and order is placed on you, the services against the order should be completed within the period stipulated in the order. The Procuring Entity reserves the right to recover any loss sustained due to delayed delivery by way of penalty. Failure to perform Services within the stipulated period shall entitle Procuring Entity for the imposition of penalty without assigning any reasons @ 1/2% (half percent) of the total value of the services covered in order as penalty per day subject to a maximum of 5% (five percent) unless extension is obtained in writing from the office on valid ground before expiry of delivery period.
19. If the deliveries are not maintained and due to that account Procuring Entity is forced to obtain services at your risk and cost from elsewhere, the loss or damage that may be sustained there by will be recovered from the defaulting supplier.
20. Dispute clause: Any dispute relating to the enquiry shall be subject to the jurisdiction of the court at [indicate Place] only.
21. Our normal payment terms are 100% (hundred percent) within 30 (thirty) days on receipt and acceptance of services at our site.

Annexure 17: Example of Formula for Price Variation

Clause

[Refer Para 6.5-2)d)xi)]

(The formula for price variation should ordinarily include a fixed element, a material element and a labour element. The figures representing the material element and the labour element should reflect the corresponding proportion of input costs, while the fixed element may range from 10 to 25% (ten to twenty-five percent). That portion of the price represented by the fixed element and profits and is not subject to variation. The portions of the price represented by the material element and labour element along will attract price variation.)

The formula for price variation will thus be:-

$$Pa = Po \left[\frac{\left(F + a \left(\frac{M1}{Mo} \right) + b \left(\frac{L1}{Lo} \right) \right)}{100} \right] - Po$$

Where: -

P_a is then adjustment amount payable to the supplier (a minus figure will indicate a reduction in the contract price) on the date of supply.

P_o is the contract price on the base date (which is taken as the date on which tender is due to open).

F is the fixed element (as the percentage of the total price) not subject to price variation.

a is the assigned percentage to the material element in the contract price.

b is the assigned percentage to the labour element in the contract price.

(F, a and b being percentages should total 100)

L_o and L_1 are the average wage indices for the quarter before the quarter in which base month falls and for the quarter before the quarter in which date of supply falls; respectively. For example for a tender opening on March 17, 2016 (base date), L_o would be average wage index for the quarter of Oct-Dec 2015.

M_o and M_1 are the material prices/indices as average of the month, two month prior to the month in which base month falls and average of the month, two month prior to the month in which date of supply falls, respectively. For example, for a tender opening on March 17, 2016 (base date), M_o would be prices/index as average of the month of January 2016. All material prices/indices will be basic prices without excise duty and without any other central, state, local taxes and duties and Octroi.

If more than one major item of material is involved, the material element can be broken up into two or three components such as M_x , M_y , M_z .

The following conditions would be applicable to price adjustment:

1. There is a Time-lag period between the date of supply/ base date respectively and the dates on which indices/ prices are to be considered as per above formula. This time lag can be a few months/ weeks prior to such base date/ date of supply, depending on the frequency of publishing/ availability of indices/ prices and the supply chain process of

Annexure 17: Example of Formula for Price Variation Clause

manufacturing. This must be specified in the definitions of L_0/L_1 and M_0/M_1 indices in the formula in the tender document as above.

2. Base date shall be assumed to be the date of last deadline of submission of bids.
3. No price increase is allowed beyond original delivery period.
4. No price adjustment shall be payable on the portion of contract price paid to the seller as an advance/interim payment after the date of such payment.
5. No price adjustment shall be payable if this is less than or equal to 2% (two percent) of P_0 .
6. Total adjustment will be subject to maximum ceiling of ____% (to be specified in tender document), beyond which the price variation would be capped at this level. As soon as it comes to light that price variations are likely to go beyond this ceiling, and if the Supplier is not agreeable to the price variation being capped at that level, he may notify the Purchaser under 'Frustration of Contract' provisions in the Tender Document/ Clause, for termination of contract.
7. Payments for each supply would initially be made as per the base price mentioned in the contract. Price adjustment bill should be submitted only quarterly for the supplies made during the quarter.
8. In GTE tenders extra care should be taken in selecting the price indices. Preferably the price indices should be from the same country and of same currency as the country and currency of the bidder. In case price is in a currency of a country where inflation is low and the indices are from country with much higher inflation rates, $\left(\frac{M_1}{M_0}\right)$ and $\left(\frac{L_1}{L_0}\right)$ should be multiplied by a correction factor of exchange rates $\left(\frac{E_0}{E_1}\right)$, where E_0 is the exchange rate of country of M and L indices with reference to currency of price P. For example, if M&L are from India and P is in \$, then E_0 is Number of Rs. in a \$ on base date and E_1 is the exchange rate on determination date.
9. Even if there is no price adjustment claim, supplier must submit all relevant data to prove that there is no downward variation. In any case he must submit a declaration as follows;

"It is certified that there has been no decrease in the price because of decrease in price variation indices in the price variation formula. In the event of any decrease of such indices that come to light later regarding the payment claimed by us, we shall promptly notify this to the purchaser, and we undertake to refund and agree to the purchaser deducting any excess payment made to us in this regard, from our future payment due."

Annexure 18: Model Clause/ Certificate to be inserted in tenders etc. w.r.t Order (Public Procurement No.1)

[Refer para 1.9.3-7]

(While adhering to the substance of the Order, procuring entities and GeM are free to appropriately modify the wording of the clause/ certificate based on their past experience, local needs etc.)

I. Any bidder from a country which shares a land border with India will be eligible to bid in this tender only if the bidder is registered with the Competent Authority.

II. "Bidder" (including the term 'tenderer', 'consultant' or 'service provider' in certain contexts) means any person or firm or company, including any member of a consortium or joint venture (that is an association of several persons, or firms or companies), every artificial juridical person not falling in any of the descriptions of bidders stated hereinbefore, including any agency branch or office controlled by such person, participating in a procurement process.

III. "Bidder from a country which shares a land border with India" for the purpose of this Order means: -

- a. An entity incorporated, established or registered in such a country; or
- b. A subsidiary of an entity incorporated, established or registered in such a country; or
- c. An entity substantially controlled through entities incorporated, established or registered in such a country; or
- d. An entity whose beneficial owner is situated in such a country; or
- e. An Indian (or other) agent of such an entity; or
- f. A natural person who is a citizen of such a country; or
- g. A consortium or joint venture where any member of the consortium or joint venture falls under any of the above

IV. The beneficial owner for the purpose of (iii) above will be as under:

1. In case of a company or Limited Liability Partnership, the beneficial owner is the natural person(s), who, whether acting alone or together, or through one or more juridical person, has a controlling ownership interest or who exercises control through other means.

Explanation—

a. "Controlling ownership interest" means ownership of or entitlement to more than twenty-five per cent, of shares or capital or profits of the company;

b. "Control" shall include the right to appoint majority of the directors or to control the management or policy decisions including by virtue of their shareholding or management rights or shareholders agreements or voting agreements;

2. In case of a partnership firm, the beneficial owner is the natural person(s) who, whether acting alone or together, or through one or more juridical person, has ownership of entitlement to more than fifteen percent of capital or profits of the partnership;

Annexure 18: Model Clause/ Certificate to be inserted in tenders etc. w.r.t Order (Public Procurement No.1)

3. In case of an unincorporated association or body of individuals, the beneficial owner is the natural person(s), who, whether acting alone or together, or through one or more juridical person, has ownership of or entitlement to more than fifteen percent of the property or capital or profits of such association or body of individuals;

4. Where no natural person is identified under (1) or (2) or (3) above, the beneficial owner is the relevant natural person who holds the position of senior managing official;

5. In case of a trust, the identification of beneficial owner(s) shall include identification of the author of the trust, the trustee, the beneficiaries with fifteen percent or more interest in the trust and any other natural person exercising ultimate effective control over the trust through a chain of control or ownership.

V. An Agent is a person employed to do any act for another, or to represent another in dealings with third person.

VI. [To be inserted in tenders for Works contracts, including Turnkey contracts] The successful bidder shall not be allowed to sub-contract works to any contractor from a country which shares a land border with India unless such contractor is registered with the Competent Authority.

Model Certificate for Tenders (for transitional cases as stated in para 3 of this Order)

"I have read the clause regarding restrictions on procurement from a bidder of a country which shares a land border with India; I hereby certify that this bidder is not from such a country and is eligible to be considered."

Model Certificate for Tenders

"I have read the clause regarding restrictions on procurement from a bidder of a country which shares a land border with India; I certify that this bidder is not from such a country or, if from such a country, has been registered with the Competent Authority. I hereby certify that this bidder fulfils all requirements in this regard and is eligible to be considered. [Where applicable, evidence of valid registration by the Competent Authority shall be attached.]"

Model Certificate for Tenders for Works involving possibility of sub-contracting:

"I have read the clause regarding restrictions on procurement from a bidder of a country which shares a land border with India and on sub-contracting to contractors from such countries; I certify that this bidder is not from such a country or, if from such a country, has been registered with the Competent Authority and will not sub-contract any work to a contractor from such countries unless such contractor is registered with the Competent Authority. I hereby certify that this bidder fulfils all requirements in this regard and is eligible to be considered. [Where applicable, evidence of valid registration by the Competent Authority shall be attached.]"

Model Certificate for GeM:

"I have read the clause regarding restrictions on procurement from a bidder of a country which shares a land border with India; I certify that this vendor/ bidder is not from such a country or, is not from such a country, has been registered with the Competent Authority. I hereby certify that this vendor/ bidder fulfils all requirements in this regard and is eligible to be considered for procurement on GeM. [Where applicable, evidence of valid registration by the Competent Authority shall be attached.]"

Annexure 19: Integrity Pact Format

(Refer para 3.5-11)

INTEGRITY PACT

Between

[the Procuring Organisation] hereinafter referred to as “**The Principal,**” and
_____ hereinafter referred to as “**The Bidder/ Contractor.**”

Preamble

The Principal intends to award contract/s for _____, under laid down organisational procedures, The Principal values full compliance with all relevant laws of the land, rules, regulations, economical use of resources, and fairness / transparency in its relations with its Bidder(s) and / or Contractor(s).

To achieve these goals, the Principal shall appoint Independent External Monitors (IEMs) who shall monitor the tender process and the execution of the contract for compliance with the abovementioned principles.

Section 1 – Commitments of the Principal

- 1) The Principal commits itself to take all measures necessary to prevent corruption and to observe the following principles: -
 - a. No employee of the Principal, personally or through family members, shall in connection with the tender for, or the execution of a contract, demand, take a promise for or accept, for self or third person, any material or immaterial benefit which the person is not legally entitled to.
 - b. The Principal shall treat all Bidder(s) with equity and reason during the tender process. The Principal shall, in particular, before and during the tender process, provide to all Bidder(s) the same information and shall not provide to any Bidder(s) confidential / additional information through which the Bidder(s) could obtain an advantage in the tender process or the contract execution.
 - c. The Principal shall exclude from the process all known persons having conflict of interest.
- 2) If the Principal obtains information on the conduct of any of its employees which is a criminal offence under the IPC/PC Act, or if there be a substantive suspicion in this regard, the Principal shall inform the Chief Vigilance Officer and in addition shall initiate disciplinary proceedings.

Section 2 – Commitments of the Bidder(s)/ Contractor(s)

- 1) The Bidder(s)/ Contractor(s) commits themselves to take all measures necessary to prevent corruption. The Bidder(s)/ Contractor(s) commits themselves to observe the following principles during participation in the tender process and the contract execution.
 - a. The Bidder(s)/ Contractor(s) shall not, directly or through any other person or firm, offer, promise, or give to any of the Principal’s employees involved in the tender process or the execution of the contract or to any third person any material or other benefit which they are not legally entitled to, in order to obtain in exchange any advantage of any kind whatsoever during the tender process or the execution of the contract.
 - b. The Bidder(s)/ Contractor(s) shall not enter with other Bidders into any undisclosed agreement or understanding, whether formal or informal, in violation of the

Competition Act, 2002 (as amended from time to time). This applies in particular to prices, specifications, certifications, subsidiary contracts, submission or non-submission of bids or any other actions to restrict competitiveness or to introduce cartelisation in the tender process.

- c. The Bidder(s)/ Contractor(s) shall not commit any offence under the relevant IPC/PC Act; further, the Bidder(s)/ Contractor(s) shall not use improperly, for purposes of competition or personal gain, or pass on to others, any information or document provided by the Principal as part of the business relationship, regarding plans, technical proposals, and business details, including information contained or transmitted electronically.
 - d. The Bidder(s)/Contractors(s) of foreign origin shall disclose the name and address of the Agents/representatives in India, if any. Similarly, the Bidder(s)/Contractors(s) of Indian Nationality shall furnish the name and address of the foreign principals, if any. Further details, as mentioned in the "Guidelines on Indian Agents of Foreign Suppliers," shall be disclosed by the Bidder(s)/Contractor(s). Further, as mentioned in the Guidelines, all the payments made to the Indian agent/representative must be in Indian Rupees only. Copy of the "Guidelines on Indian Agents of Foreign Suppliers" is placed on Annex hereto.
 - e. The Bidder(s)/ Contractor(s) shall, when presenting their bid, disclose any and all payments made, is committed to, or intends to make to agents, brokers, or any other intermediaries in connection with the award of the contract.
 - f. Bidder(s) /Contractor(s) who have signed the Integrity Pact shall not approach the Courts while representing the matter to IEMs and shall wait for their decision.
- 2) The Bidder(s)/ Contractor(s) shall not instigate third persons to commit offences outlined above or be an accessory to such offences.

Section 3 - Disqualification from the tender process and exclusion from future contracts

If the Bidder(s)/Contractor(s), before award or during execution, has committed a transgression through a violation of Section 2, above or in any other form such as to put their reliability or credibility in question, the Principal is entitled to disqualify the Bidder(s)/Contractor(s) from the tender process or take action as per laid down procedure to debar the Bidder(s)/Contractor(s) from participating in the future procurement processes of the Government of India.

Section 4 – Compensation for Damages

- 1) If the Principal has disqualified the Bidder(s) from the tender process before the award according to Section 3, the Principal is entitled to demand and recover the damages equivalent to Earnest Money Deposit/ Bid Security.
- 2) If the Principal has terminated the contract according to Section 3, or if the Principal is entitled to terminate the contract according to Section 3, the Principal shall be entitled to demand and recover from the Contractor liquidated damages of the Contract value or the amount equivalent to Performance Bank Guarantee.

Section 5 – Previous transgression

- 1) The Bidder declares that no previous transgressions occurred in the last three years with any other Company in any country conforming to the anti-corruption approach or with any Public Sector Enterprise in India that could justify his exclusion from the tender process.
- 2) If the Bidder makes an incorrect statement on this subject, the Principal shall act like para 2) of Section 4 above.

Section 6 – Equal treatment of all Bidders / Contractors / Subcontractors

In the case of Sub-contracting, the Principal Contractor shall take responsibility for adopting the Integrity Pact by the Sub-contractor.

- a. The Principal shall enter into agreements with identical conditions as this one with all Bidders and Contractors.
- b. The Principal shall disqualify from the tender process all bidders who do not sign this Pact or violate its provisions.

Section 7 – Criminal charges against violating Bidder(s) / Contractor(s) / Subcontractor(s)

If the Principal obtains knowledge of the conduct of a Bidder, Contractor, or Subcontractor, or of an employee or a representative or an allied firm of a Bidder, Contractor or Subcontractor which constitutes corruption, or if the Principal has substantive suspicion in this regard, the Principal shall inform the same to the Chief Vigilance Officer.

Section 8 – Independent External Monitor

- 1) The Principal shall appoint competent and credible Independent External Monitor(s) for this Pact after approval by the Central Vigilance Commission. The task of the Monitor is to review, independently and objectively, whether and to what extent the parties comply with the obligations under this agreement.
- 2) The Monitor is not subject to instructions by the parties' representatives and performs their functions neutrally and independently. The Monitor would have access to all Contract documents whenever required. It shall be obligatory for them to treat the information and documents of the Bidders/Contractors as confidential. They report to the Management of the Principal.
- 3) The Bidder(s)/Contractor(s) accepts that the Monitor has the right to access without restriction, all Project documentation of the Principal, including that provided by the Contractor. Upon their request and demonstration of a valid interest, the Contractor shall also grant the Monitor unrestricted and unconditional access to their project documentation. The same applies to Sub-contractors.
- 4) The Monitor is under contractual obligation to treat the information and documents of the Bidder(s)/ Contractor(s)/ Sub-contractor(s) with confidentiality. The Monitor has also signed declarations on 'Non-Disclosure of Confidential Information' and 'Absence of Conflict of Interest.' In case of any conflict of interest arising later, the IEM shall inform the Management of the Principal and recuse themselves from that case.
- 5) The Principal shall provide the Monitor with sufficient information about all meetings among the parties related to the Project, provided such meetings could impact the contractual relations between the Principal and the Contractor. The parties offer the Monitor the option to participate in such meetings.
- 6) As soon as the Monitor notices, or believes to notice, a violation of this agreement, they shall inform the Management of the Principal and request the Management to discontinue or take corrective action or other relevant action. The Monitor can, in this regard, submit non-binding recommendations. Beyond this, the Monitor has no right to demand from the parties that they act in a specific manner, refrain from action, or tolerate action.
- 7) The Monitor shall submit a written report to the Management of the Principal, within 8 to 10 weeks from the date of reference or intimation to him by the Principal and, should the occasion arise, submit proposals for correcting problematic situations.
- 8) If the Monitor has reported to the Management of the Principal a substantiated suspicion of an offence under the relevant IPC/ PC Act, and the Management of the Principal has not, within the reasonable time, taken visible action to proceed against such offence or

reported it to the Chief Vigilance Officer, the Monitor may also transmit this information directly to the Central Vigilance Commissioner.

- 9) The word '**Monitor**' would include both singular and plural.

Section 9 – Pact Duration

This Pact begins when both parties have legally signed it. It expires for the Contractor 12 months after the last payment under the contract, and for all other Bidders, 6 months after the contract has been awarded. Any violation of the same would entail disqualifying the bidders and exclusion from future business dealings.

If any claim is made / lodged during this time, the same shall be binding and continue to be valid despite the lapse of this Pact as specified above, unless it is discharged / determined by the Management of the Principal.

Section 10 – Other provisions

- 1) This agreement is subject to Indian Law. The place of performance and jurisdiction is the place from where the Tender/ Contract is issued.
- 2) Changes, supplements, and termination notices must be submitted in writing. Side agreements have not been made.
- 3) If the Contractor is a partnership or a consortium, this agreement must be signed by all partners or consortium members.
- 4) Should one or several provisions of this agreement turn out to be invalid, the remainder of this agreement remains valid. In this case, the parties shall strive to come to an agreement according to their original intentions.
- 5) Issues like Warranty / Guarantee, etc., shall be outside the purview of IEMs.
- 6) In the event of any contradiction between the Integrity Pact and its Annex, the Clause in the Integrity Pact shall prevail.

Annex-1 to Integrity Pact - Guidelines for Indian Agents of Foreign Suppliers

- 1.1 There shall be compulsory registration of agents for all Global Tender Enquiries (GTE) and Limited Tender Enquiries (LTE). An agent not registered with the Procuring Entity shall apply for registration with them.
- 1.2 Registered agents shall file an authenticated Photostat copy duly attested by a Notary Public/Original certificate of the Principal confirming the agency agreement and giving the status being enjoyed by the agent and the commission/remuneration/salary/ retainer ship being paid by the Principal to the agent before the placement of an order by the Procuring Entity.
- 1.3 Wherever the Indian representatives have communicated on behalf of their principals and the foreign parties, have stated that they are not paying any commission to the Indian agents, and the Indian representative is working based on salary or as a retainer, a written declaration to this effect should be submitted by the party (i.e., Principal) before finalising the Contract.
- 2.0 Disclosure of Particulars of Agents/ Representatives in India, if any.
 - 2.1 Bidders of Foreign nationality shall furnish the following details in their offer:
 - 2.1.1 The name and address of the agents/representatives in India, if any and the extent of authorisation and authority given to commit the Principals. If the agent/representative is a foreign Company, it shall be confirmed whether it is a real functioning Company, and details of the same shall be furnished.
 - 2.1.2 The amount of commission/remuneration included in the quoted price(s) for such agents/representatives in India.
 - 2.1.3 Confirmation of the Bidder that the commission/ remuneration, if any, payable to his agents/representatives in India, may be paid by the Procuring Entity in Indian Rupees only.
 - 2.2 Bidders of Indian Nationality shall furnish the following details in their offers:
 - 2.2.1 The name and address of the foreign principals indicating their nationality as well as their status, i.e., whether manufacturer or agents of manufacturer holding the Letter of Authority of the Principal specifically authorising the agent to make an offer in India in response to tender either directly or through the agents/representatives.
 - 2.2.2 The amount of commission/remuneration included in the price (s) quoted by the Bidder for himself.
 - 2.2.3 Confirmation of the foreign principals of the Bidder that the commission/remuneration, if any, reserved for the Bidder in the quoted price (s) may be paid by the Procuring Entity in India in equivalent Indian Rupees on satisfactory completion of the Project or supplies of Stores and Spares in case of operation items.
- 2.3 In either case, in the event of the contract materialising, the payment terms shall provide for payment of the commission /remuneration, if any, payable to the agents/representatives in India in Indian Rupees on expiry of 90 days after the discharge of the obligations under the contract.
- 2.4 Failure to furnish correct and detailed information as called for in paragraph - 2.0 above shall render the concerned bid liable to rejection or, in the event of a contract materialising, the same liable to termination by the Procuring Entity. Besides this, there would be a penalty of banning business dealings with the Procuring Entity or damage or payment of a named sum.

Annex-2 to Integrity Pact – Appointment and Role of IEMs

(Refer to para 3.4-11)

1. Appointment of IEMs

- i). Integrity Pact would be implemented through a panel of Independent External Monitors (IEMs) nominated by CVC at an organisation's request from its list of empanelled IEMs. Three IEMs shall be appointed for Maharatna and Navratna PSUs, and two IEMs shall be nominated in all other organisations.
- ii). The IEMs appointed should be eminent persons of high integrity and reputation. A periodical notice inviting applications from eligible persons shall be published on the CVC's website. After due scrutiny and verification of the applications and accompanying documents, as may be deemed appropriate, the name(s) would be included in the panel for nomination as IEM.
- iii). The zone of consideration of eminent persons for empanelment as IEMs would consist of:
 - a) Officers who have held the post of Additional Secretary to Govt of India or were in the equivalent or higher pay scale at the time of retirement (whether serving with Govt of India or any State Govt.).
 - b) Persons who held the CMD post of Schedule 'A' Public Sector Enterprise and were equivalent to Additional Secretary to Govt of India at retirement.
 - c) Persons who have held the post of CMD/MD and CEO of Public Sector Banks, Insurance Companies, and other Financial Institutions at retirement.
 - d) Chief Executive Officer of an organisation (other than listed above and were equivalent or higher to Additional Secretary to Govt, of India, at the time of retirement).
 - e) Armed Forces Officers in the pay scale equivalent or higher to Additional Secretaries to Govt of India at retirement.
 - f) The age of IEM should not be more than 70 years at the time of appointment.
 - g) If a retired person has accepted a full-time assignment, post-retirement, either in the government sector, private sector, or elsewhere, he shall not be eligible to be on the panel of IEMs. All those empanelled persons who accept full-time assignments elsewhere would cease to remain on the panel from the date they have taken the assignment. In this regard, it would be incumbent upon the empanelled persons to immediately inform CVC about the acceptance of full-time assignment by them.
 - h) All IEMs should sign non-disclosure agreements with the organisation in which they are appointed.
 - i) A person acting as an IEM shall not be debarred from taking up other assignments, such as consultancy with other organisations or agencies, subject to his declaring that their additional assignment does not involve any conflict of interest and is not a full-time assignment. The IEMs must also sign a declaration of absence of conflict of interest with existing assignments. In case of any conflict of interest arising later from an entity wherein he is or has been a consultant, the IEM should inform the CEO and recuse themselves from that case.
 - j) A person may be appointed as an IEM in a maximum of three organisations at a time. An empanelled person cannot be appointed in one organisation for over three years.

2. Role of IEMs in Integrity Pact

- i). Bidders or their authorised representative may address to the IEMs all the representations/grievances/complaints related to any discrimination on account of lack of fair play in modes of procurement and tendering systems, tendering method, eligibility conditions, bid evaluation criteria, commercial terms & conditions, choice of technology/specifications etc.
- ii). The entire panel of IEMs should examine the matter jointly, who would investigate the records, conduct an examination, and submit their joint recommendations to the Management of the Procuring Entity. If the entire panel is unavailable for unavoidable reasons, the available IEM(s) shall examine the complaints. Consent of the IEM(s), who may not be available, shall be taken on record. The IEMs would be provided access to all documents/records of the tender for which a complaint or issue is raised before them, as and when warranted.
- iii). The role of IEM is advisory, and the advice of IEM is non-binding on the Organization; however, their advice would help properly implement the Integrity Pact.
- iv). IEM should examine the process integrity; they are not expected to concern themselves with fixing the responsibility of officers. IEMs should not associate CVO and /or the officials of the vigilance wing during the examination of the complaints in any manner. A matter being examined by the IEMs can be separately investigated by the CVO if a complaint is received or directed to them by the CVC.

3. Systemic Improvements:

- i). The Procurement wing of the organisation shall hold quarterly meetings with the IEMs. A summary of contracts awarded in the previous quarter, covered under the Integrity Pact, shall be shared with the IEMs during the quarterly meeting. Such a summary of contracts should include details like tender number, mode of tendering, the period allowed for publicity, number of bids received, number of bidders considered eligible, and name and address of the successful bidder.
- ii). The above summary of contracts is to help the IEMs in analysing whether an appropriate mode of tendering is being adopted by the organisation, i.e., limited tender mode or nomination mode is not unduly used, the number of bidders is not too low, a large number of bidders are not excluded while judging the eligibility or during the technical bid evaluation stage, and whether particular firm or set of specific firms is repeatedly getting contracts etc. Based on their analysis, the IEMs can suggest to the management suitable systemic improvement(s) and measures to improve objectivity in decision-making, capacity building, etc.
- iii). It would be desirable to have structured meetings of the IEMs with the Chief Executive of the Organization on a half-yearly basis to discuss and review the information on tenders awarded during the preceding six-month period. Additional such meetings, however, can be held as per requirement. All such meetings with the Procurement wing or with the organisation's Chief Executive should be minuted.

4. Dispute Mediation:

In case of any dispute between the management and the contractor relating to those contracts where an Integrity Pact is applicable, in case both the parties are agreeable, they may try to settle the dispute through mediation before the panel of IEMs in a time-bound manner. If required, the organisations may adopt any mediation rules for this purpose. However, no more than five meetings shall be held for dispute resolution. Both parties shall equally share the fees/expenses on dispute resolution. If the dispute remains unresolved even after mediation by the panel of IEMs, the organisation may take further action as per the terms & conditions of the contract.

5. Entitlements of IEMs

- i). IEMs shall be paid fees of ₹ 25,000/- per sitting subject to a maximum of ₹ 3,00,000/- in a calendar year for the sitting fees.
- ii). The travel and stay arrangements for the IEMs for such meetings shall equal their entitlements at retirement. Booking travel tickets, as per the mode of travel indicated by the IEM in writing (including email), the organisation shall do local transport and stay. The organisation concerned shall provide a place for meetings and secretarial assistance to IEMs for rendering their job. No payment instead of secretarial aid shall be paid to the IEMs.
- iii). As mentioned above, the travel/ stay arrangements and fees for meetings held by IEMs for mediation between the management and the contractor shall be the same but in addition to the fees for the regular meetings and would be over and above the ceiling of 3,00,000/- as per calendar year.

Annexure 20: FAQs in Respect of Public Procurement

Policy for MSEs Order, 2012⁶²

[Refer Para 1.9.1-13]

Q.No.1: What is the share of procurement from MSEs out of the total procurement made by Central Government Ministries/ Departments/ Public Sector Undertakings?

Ans. Under amended Public Procurement Policy for MSEs, Order 2012 a minimum 25 per cent share out of the total annual procurement by Central Government Ministries / Departments / Public Sector Undertakings are to be made from MSEs.

Q. No.2: Is there any reservation for MSEs owned by SC/ST/ Women entrepreneurs?

Ans. Yes, out of 25% target of annual procurement from MSEs (Not in the specific tender), a sub-target of 4% of annual procurement from MSEs is earmarked for procurement from MSEs owned by Scheduled Caste (SC) / Scheduled Tribe (ST) entrepreneurs and 3% of annual procurement from MSEs is earmarked for procurement from MSEs owned by women entrepreneur. However, in event of failure of such MSEs to participate in tender process or meet tender requirements and L1 price, 4% sub-target for procurement earmarked for MSEs owned by SC/ST entrepreneurs and 3% earmarked to women entrepreneur will also be met from other MSEs.

Q No.3: Who is eligible for availing the benefits under the Public Procurement Policy?

Ans. As mentioned in Section 7(4) of Ministry of MSME's Notification No. S.O2119(E) dated. 26th June 2020, an enterprise registered with any other organization under the Ministry of MSME shall register itself under Udyam Registration. With effect from 01.07.2020, MSEs registered under Udyam Registration are eligible to avail the benefits under the Policy. MSEs registered under Udyog Aadhaar Memorandum (UAM), validity of which is till 31.03.2022, are also eligible to avail the benefits under the Policy.

Q.No.4: What is the date of implementation of the policy?

Ans. The policy is applicable with effect from 1.4.2012 and became mandatory with effect from 1.4.2015 onwards.

Q.No.5: Is the Policy transparent, competitive, and cost effective?

Ans. The Policy rests upon core principles of competitiveness, adhering to sound procurement practices and execution of orders for supply of goods and services in accordance with a system which is fair, equitable, transparent, competitive, and cost effective.

Q.No.6: Is the policy implemented in parts or fully from its inception?

⁶² https://www.dcmsme.gov.in/FAQs-PPP_25032022.pdf

Ans. As per Gazette Notification (S.O. 5670(E) dated 8th November 2018, it is mandatory for all Central Government Ministries / Departments/ CPSEs to procure at least 25% of their annual procurement from MSEs including 4% from MSEs owned by SC/ST entrepreneur and 3% from MSEs owned by women entrepreneur.

Q.No.7: Is there any monitoring system for assessing the Government procurement from MSEs?

Ans. To monitor the progress of procurement by Central Government Ministries/ Departments and CPSEs from MSEs, Ministry of MSME has launched the MSME Sambandh Portal on 8th December 2017 for uploading procurement details by all CPSEs on a monthly and an annual basis which is regularly monitored by the Ministry.

Q.No.8: Is there a price matching facility for procurement from MSEs over large scale?

Ans. (i) Price quotation in tenders: In tender, participating Micro and Small Enterprises, quoting price within price band of L1+15 percent shall also be allowed to supply a portion of requirement by bringing down their price to L1 price in a situation where L1 price is from someone other than a Micro and Small Enterprise and such MSE shall be allowed to supply up to 25 per cent of total tender value.

(ii) In case of more than one such Micro and Small Enterprise, the supply shall be shared proportionately (to tendered quantity).

Q.No.9: What steps are to be taken by the Central Government Ministries/ Departments/ CPSEs to develop MSE Vendors to achieve their targets for MSEs procurement?

Ans. The Central Government Ministries/ Departments/ Public Sector Undertakings shall take necessary steps to develop appropriate vendors by organizing Vendor Development Programmes (VDPs) or Buyer-Seller Meets focused on developing MSEs for procurement through the GeM Portal. To develop vendors belonging to MSEs for Public Procurement Policy, the Ministry of MSME is regularly organizing State Level VDPs and National Level VDPs under the Procurement and Marketing Support Scheme.

Q.No.10: What steps are to be taken by the Central Government Ministries/ Departments/ CPSEs to develop vendors from MSEs owned by SC/ST/Women entrepreneurs?

Ans. For enhancing the participation of MSEs owned by SCs / STs/ Women in Government procurement, Central Government Ministries / Departments / CPSEs must take the following steps:

i. Special Vendor Development Programmes/ Buyer-Seller Meets would be conducted by Departments/ CPSEs for SC/STs and Women.

ii. Outreach programmes will be conducted by National Small Industries Corporation (NSIC) to cover more and more MSEs from SC/STs under its schemes of consortia formation; and

iii. NSIC would open a special window for SCs/ STs under its Single Point Registration Scheme (SPRS). iv. A National SC/ST hub scheme was launched in October 2016, for

providing handholding support to SC/ST entrepreneur which is being coordinated / implemented by the NSIC under this Ministry.

Q.No.11: What are the other benefits /facilities available to the MSEs under the policy?

Ans. To reduce transaction cost of doing business, MSEs will be facilitated by providing them tender sets free of cost, exempting MSEs from payment of earnest money deposit, adopting e-procurement to bring in transparency in tender process. However, exemption from paying of Performance Bank Guarantee is not covered under the policy. MSEs may also be given relaxation in prior turnover and prior experience criteria during the tender process.

Q.No.12: Is there any review mechanism for monitoring and reviewing of the policy?

Ans. A Review Committee has been constituted under the Chairmanship of Secretary, Ministry of MSME for monitoring and reviewing of Public Procurement Policy for MSEs. M/O MSME will review and/or modify the composition of the Committee as and when required. This Committee will, inter alia, review the list of 358 items reserved for exclusive purchase from MSEs on a continuous basis, consider requests from Central Government Departments, CPSEs for exemption from 25% target on a case-to-case basis and monitor achievements under the Policy.

Q. No.13: What is the grievance redressal mechanism in case of non-compliance of the Policy by any Government Department?

Ans. To redress the grievances of MSEs related to non-compliance of the Policy a Grievance Cell named "CHAMPION Portal" has been set up in the Ministry of MSME.

Q. No.14: Whether there is any kind of purchase that has been kept out of the purview of procurement under the Policy? If yes, how is the monitoring of the set goal done?

Ans. Given their unique nature, Defence armament imports will not be included in computing 25% goal for M/o Defence. In addition, Defence Equipments like weapon systems, missiles, etc. will remain out of purview of such policy of reservation. Monitoring of goals set under the policy will be done, in so far as they relate to the Defence sector, by Ministry of Defence itself in accordance with suitable procedures to be established by them.

Q.No.15: From where can the details of the Policy be obtained?

Ans. Policy details are available on the website of this office at www.dcmsme.gov.in.

Q.No.16: Is this policy mandatory under any Act?

Ans. Yes, the Policy is mandatory and notified under the MSME Act, 2006.

Q.No.17: How many items are reserved for exclusive purchase from MSEs?

Ans. There are 358 items reserved for exclusive purchase from MSE Sector.

Q.No.18: Whether this policy is applicable for works/ trading activities also?

Ans. Policy is meant for procurement of only goods produced and services rendered by MSEs. However, traders/ distributors/ sole agent/ Works Contract are excluded from the purview of Public Procurement Policy for MSEs Order,2012.

Q.No.19: Whether the Policy is applicable for MSEs registered with NSIC?

Ans. The Policy is applicable for all MSEs registered under Udyam Registration and Udyog Aadhar Memorandum (valid till 31.03.2022).

Q.No.20: Whether the Policy provides benefits for exemption from Security Deposit/ Performance Bank Guarantee to MSEs?

Ans. No, there is no exemption on Security Deposit/ Performance Bank Guarantee under the Policy.

Q.No.21: Can MSEs quoting a price within the band L1+15% be given complete supply to tender in case tender item cannot be split /divided?

Ans. In case of tender item cannot be split or divided, etc. the MSE quoting a price within the band L1+15% may be awarded for full/ complete supply of total tendered value to MSE, considering the spirit of the Policy for enhancing Govt. Procurement from MSEs.

Q.No.22: Which are the MSEs owned by SC/ST enterprises?

Ans. The definition of MSEs owned by SC/ ST is as given under:

- (a) In case of proprietary MSE, proprietor(s) shall be SC /ST.
- (b) In case of partnership MSE, the SC / ST partners shall be holding at least 51% shares in the unit.
- (c) In case of Private Limited Companies, at least 51% share shall be held by SC/ST promoters.

Q.No.23: Can the Central Government Ministries/ Departments/ CPSEs who have a meagre value of total procurement be exempted from the Policy?

Ans. The Policy is applicable to all the Central Government Ministries / Departments / CPSEs, irrespective of the volume and nature of procurement.

Q.No.24: Does the Policy have a provision for exemption from 25% procurement target?

Ans. The Review Committee may consider any request of Ministries / Departments / CPSEs for exemption from the present 25% procurement targets on a case-to-case basis.

Q.No.25: Does laminated paper Gr. I, II and III fall under the paper conversion product (SI.No.202) and is a reserved item for exclusive procurement from MSEs?

Ans. As per Policy Circular No. 21(6)/2016-MA dt. 26th May 2016, it is clarified that only paper bags, envelopes, ice-cream cups, paper cups and saucers and paper plates are covered under the head "Paper Conversion products" at SI. No. 202 of the list of reserved items under the Public Procurement Policy for MSEs Order-2012. Accordingly, the description of SI. No. 202 as indicated in the English version of the Reserved List will be applicable.

Q.No.26: Are MSEs having Udyam Registration Certificate eligible for availing benefits under the PP Policy?

Ans. Yes, Udyog Aadhar has been replaced with Udyam Registration Certificate w.e.f. 01.07.2020. Udyam Registered MSMEs can avail the benefits under the Public Procurement Policy. The UAM will also remain valid till 31.03.2022.

Q.No.27: Does the Ministry give any certificate for MSEs having Udyam Registration?

Ans. The Erstwhile Udyog Aadhaar Memorandum (UAM valid till 31.03.2022) has been replaced by Udyam Registration Certificate (w.e.f. 01.07.2020). As part of ease of doing business, Udyam Registration Certificate (URC) has been introduced through a dedicated portal on self-certification basis. An acknowledgement of URC is generated online instantly which is accepted by all Central Government Ministries / Departments / CPSEs and State Govts.

Q.No.28: Is the Public Procurement Policy applicable to State Governments/ State Departments/ State PSUs?

Ans. The Public Procurement Policy for MSEs Order, 2012 is applicable to Central Government Ministries/ Departments and CPSEs. This Policy is not applicable to State Government Ministries/ Departments/ PSUs.

Q.No.29: Are the benefits of Public Procurement Policy applicable to MSEs who are not registered for the tendered items?

Ans. The benefits of PPP should be given to all eligible MSEs irrespective of relevance of product Category and as per Sl. No. 3 of FAQ.

Q.No.30: Can the relaxation of norms for start-ups and MSEs in Public Procurement Policy in prior experience and prior turnover criteria be given to all MSEs?

Ans. It is clarified that all Central Government Ministries/ Departments/ Central Public Sector Undertakings may relax conditions of prior turnover and prior experience with respect to Micro and Small Enterprises in all public procurement, subject to meeting of quality and technical specifications (In exercise of Para 16 of Public Procurement Policy for Micro and Small Enterprises, Order 2012).

However, there may be circumstances (like procurement of items related to public safety, health, critical security operations and equipment, etc.) where procuring entity may prefer the vendor to have prior experience rather than giving orders to new entities (O.M.No.F.20/2/2014PPD(Pt.) dated 20.09.2016 issued by DoE).

Q.No.31: Has the Ministry clarified the sub target of procurement from SC/STs/Women entrepreneurs under amended Public Procurement Policy for MSEs, Order 2012?

Ans. It is clarified that sub-targets of 4% (within 25% of annual procurement target) and 3% (within 25% of annual procurement target) have been earmarked for procurement from MSEs owned by SC&ST and Women entrepreneurs, respectively under the amended Public Procurement Policy for MSEs Order, 2012.

Q.No.32: Are Works Contracts a part of Services? What is the difference between Works and Services?

Ans. Works Contracts are not covered under the purview of Public Procurement Policy for MSEs. The definition is available in GFR Rules 130, 143, 177 & 197.

Q.No.33: Is there any provision to take action against the defaulting MSEs under the Policy?

Ans. There is no such provision under the Policy. The procuring entity may take appropriate action as per terms and conditions (T&C) of the tender documents and/or as per GFR Rules.

Q.No.34: Are financial institutions/ autonomous bodies included in the PP Policy?

Ans. The Policy is applicable for all Central Government Ministries/ Departments and CPSEs.

Q.No.35: Can the Ministry take action against the procuring agency for Delay in return of the Security Deposit of the MSEs?

Ans. There is no such provision under the Policy. The matter can be referred to the department concerned for taking appropriate action in the interest of the MSE complainant.

Q.No.36: Is it mandatory for MSEs to disclose their status as SC/ST/Women in Udyam Registration Certificate (URC)?

Ans. Yes, it is mandatory to disclose the status as SC/ST/Women for in Udyam Registration.

Q.No.37: Have the State Governments been asked to frame a Public Procurement Policy for MSEs?

Ans. Yes, all the State Governments have been requested to frame the Public Procurement Policy on similar lines.

Q.No.38: Have all the CPSEs been uploading their monthly and annual procurement details, on MSME SAMBANDH Portal?

Ans. Most of the CPSEs are uploading their procurement details on the portal.

Q.No.39: Is there any provision to take action against the procuring agency for noncompliance of PPP-MSE under the Policy?

Ans. No, there is no such provision in the Policy.

Q.No.40: What is the objective of the Policy?

Ans. The objective of the Policy is to promote Micro and Small Enterprises (MSEs) by improving their market access and competitiveness through: - Increased participation in Government purchase.

- Encouraging relationship (including product development) between MSEs and Public Sector Undertaking (PSUs).
- Increased share of supplies of MSEs to Central Government Ministries/ Departments and CPSEs.
- Increased share of supplies of MSEs to Central Government Ministries/ Departments and CPSEs.

Q.No.41: What are the items or goods which can be procured from MSEs to achieve the target of 25% from MSEs?

Ans. To achieve the target Government / CPSEs they can procure.

- i. The items from the list of 358 items reserved for procurement from MSEs.
- ii. Items which are being manufactured by MSEs, besides reserved items.

Q.No.42: How is the status of Enterprises as MSEs be verified?

Ans. The status of enterprises as MSEs can be verified through their Udyam Registration Certificate or UAM certificate, which is valid till 31st March, 2022. As per notification No. S.O. 2119(E) dated 26.06.2020, in case of any discrepancy or complaint, the General Manager of the District Industries Centre of the District concerned shall undertake an inquiry for verification of the details of Udyam Registration/UAM submitted by the enterprise and thereafter forward the matter with necessary remarks to the Director or Commissioner or Industry Secretary concerned of the State Government who after issuing a notice to the enterprise and after giving an opportunity to present its case and based on the findings, may

amend the details or recommend to the Ministry of MSME, Government of India, for cancellation of the Udyam Registration Certificate/UAM.

Q.No.43: Can sub-contracting be considered under the procurement target from MSE?

Ans. Yes, if subcontract is given to MSEs, it will be considered as procurement from MSEs.

Q.No.44: If MSEs participate in tender but the procuring agency denies providing benefits under the Policy, how can the problem be addressed?

Ans. The problem can be resolved through the Grievance Cell constituted to tackle such situations and the matter may be referred to the procuring agency concerned to redress the problem.

Q.No.45 What are the steps taken by the Ministry of MSME to promote marketing through GeM portal for supply of Goods or rendering services from MSEs to Government Departments and CPSEs?

Ans. CEO, GeM has been requested to make a provision in the GeM portal for procurement of goods and services from MSEs through linking URC.

- Udyam Registration Portal has a facility through which an entrepreneur can opt for linking itself with Government e-market (GeM) place by selecting an option on Udyam Portal. The enterprise will be linked to GeM portal and flow of information will start between these two portals. With this facility, MSEs can link themselves with the Government's procurement system and can participate in Government's mandatory procurement programme from MSEs.
- All CPSEs have been requested to procure goods and services from MSEs, through GeM portal only.
- The Ministry of MSME has signed an MOU with CEO, GeM, for mobilizing MSEs for onboarding themselves on the GeM portal for supply of goods & services from MSEs.
- All UAM holders had been requested to register themselves on GeM portal for supply of goods and services through GeM portal.

Q.No.46: What is the difference between PPP-MII Order, 2017 and PPP-MSE Order, 2012?

Ans. The Public Procurement Policy for MSEs Order, 2012 is a delegated legislation deriving authority from the Act of Parliament. PPP-MII, Order, 2017 is an executive Order.

Q.No.47: Can Joint Ventures take the benefits of the Public Procurement Policy for MSEs Order, 2012?

Ans. No, Under Udyam Registration (and earlier under UAM), there is no provision of registration of Joint Ventures. As mentioned in S. No. 3 above, benefits of the Public Procurement Policy for MSEs Order, 2012 can be availed by those MSEs which are registered on the Udyam Registration portal.

Q.No.48: Can Consortiums with Foreign Company takes the benefits of the Public Procurement Policy for MSEs Order, 2012?

Ans. No, Under Udyam Registration (and earlier under UAM), there is no provision of registration of Consortium. As mentioned in S. No. 3 above, benefits of the Public Procurement Policy for MSEs Order, 2012 can be availed by those MSEs which are registered on the Udyam Registration portal.

Q.No.49: Can trader benefits from Public Procurement Policy, for MSEs Order, 2012?

Ans. No, as mentioned in O.M. No. 5/2(2)/2021-E/P & G/Policy dated 02.07.2021, Retail and Wholesale traders can register on Udyam Registration Portal for the purpose of Priority Sector Lending (PSL) only.

Treasury receipts of EMD and SD shall be deposited in office within the stipulated time limit as above.

This notification concludes the legally binding contract between you and the Government of India, till issue of a formal contract.

Yours truly,

[Authorised Officer]

Enclosure: Agreement Form along with the schedule of delivery

Annexure 22: Proposal for Extension of Delivery Period

(Refer Para 10.4.2-1, 10.4.4)

Proposal for Extension of Delivery Period

Department		Office	
Description		Contract value	
Contract No:		Date:	
Variations applicable	PVC/ ERV/ Statutory Variations	Type of contractor	Govt. Dept. / PSU/ MSE
Contractor & Regn. No.:		Quantity on order	
Quantity already supplied		Quantity remaining	
Details of earlier extensions granted		Is it a contract:	Development/ Indigenisation
Reference and date of request for extension		Reasons cited for extension	
Original/extended delivery period/ date		Proposed extension of period/ date	
Signature of Procuring Officer		Date	

Remarks of Indentor:

Regarding the proposed extension of delivery period/date, the following remarks are given regarding loss and inconvenience due to delay:

Loss: (strike out options not applicable): No loss would be incurred/ loss is incurred but cannot be quantified/ loss to the extent of Rs. ----- would be incurred

Inconvenience: (strike out what is not applicable): No inconvenience would be incurred/inconvenience would be incurred

Proposed extension in delivery is recommended with above remarks.

Signature of Indenting Officer and Date

Proposal by Procuring Entity

It is certified that:

- a) That a higher rate in the original tender was not accepted against other lower quotations in consideration of the earlier delivery;

Annexure 22: Proposal for Extension of Delivery Period

- b) That there is no falling trend in prices for this item as evidenced from the fact that in the intervening period neither orders have been placed at rates lower than this contract nor any tender has been opened where such rates have been received even though tender is not yet decided.

It is proposed to grant extension of delivery period/date up to _____, (strike out options not applicable) with recovery of liquidated damages/ with recovery of token liquidated damages/ without any liquidated damages and with/without denial clause, in view of justifications recorded below:

In view of value of the contract and proposal regarding liquidated damages, this would require approval of ----- (competent authority). This would/ would not require financial concurrence.

Signature of Procuring Officer and Date

Head of Office recommendations/approval

Signature of Superintending Engineer/date

Performance Notice

(Refer Para 10.4.2-4) and 10.4.3)

Name of the Procuring Entity _____

Extension of Delivery Period/Performance Notice

To M/s (name and address of form)

Sub: Contract No ----- **dated** -----**for the supply of** -----

--

Ref: Your letter no. ----- **dated:** -----

Dear Sir,

1. You have failed to deliver {the (fill in qty.) of Stores/ the entire quantity of Stores} within the contract delivery period [as last extended up to] (fill in date). In your letter under reply you have asked for [further] extension of time for delivery. In view of the circumstances stated in your said letter, the time for delivery is extended from (fill in date) to (fill in date)
2. Please note that notwithstanding the grant of this extension in terms of Clause (fill in clause number) of the subject contract an amount equivalent to.....% (.....per cent) of the delivered price of the delayed goods for each week of delay or part thereof (subject to the ceiling as provided in the aforesaid clause) beyond the original contract delivery date/the last unconditionally re-fixed delivery date (as & if applicable), viz., (fill in date) will be recovered from you as liquidated damages. You may now tender the Stores for inspection [balance of the Stores] in terms of this letter. Stores if any already tendered by you for inspection but not inspected will be now inspected accordingly.
3. You are also required to extend the validity period of the performance guarantee for the subject contract from (fill in present validity date) to (fill in required extended date) within 15 (fifteen) days of issue of this amendment letter.
4. The above extension of delivery date will also be subject to the following Denial Clause.
 - 1) That no increases in price on account of any statutory increase in or fresh Imposition of customs duty, excise duty, Sales Tax, CST, VAT or on account of any other taxes/duty, including custom duty), leviable in respect of the Stores specified in the said contract which takes place after (insert the original delivery date) shall be admissible on such of the said Stores, as are delivered after the said date; and.
 - 2) That notwithstanding any stipulation in the contract for increase in price on any other ground including foreign exchange rate variation, no such increase which takes place after (insert the original delivery date) shall be admissible on such of the said Stores as are delivered after the said date.
 - 3) But nevertheless, the purchaser shall be entitled to the benefit of any decrease in price on account of reduction in or remission of customs duty, excise duty, Sales Tax, VAT/ CST or on account of any other Tax or duty or on any other ground as stipulated in the price

Annexure 23: Format for Extension of Delivery Period/ Performance Notice

variation clause or foreign exchange rate variation which takes place after the expiry of the above mentioned date namely (insert the original delivery date)

5. All other terms and conditions of the contract remain unaltered. This is without any prejudice to purchasers' rights under the terms and conditions of the subject contract.
6. Please intimate your unconditional acceptance of this amendment letter within 10 (ten) days of the issue of this letter failing which the contract will be cancelled at your risk and expense without any further reference to you.

Yours faithfully,

(Authorised Officer)

Duly authorised, for and on behalf of

The President of India

Note: Select one option within { } brackets; delete portion within [] brackets, if not applicable; fill in () brackets. Brackets and this note are not to be typed.

Substitute following first para instead of first para in format above, for issuing a performance notice.

1. You have failed to deliver {the (fill in qty.) of Stores/ the entire quantity of Stores} within the contract delivery period [as last extended up to] (fill in date). In spite of the fact that the time of delivery of the goods stipulated in the contract is deemed to be of the essence of the contract, it appears that (fill in the outstanding quantity) are still outstanding even though the date of delivery has expired. Although not bound to do so, the time for delivery is extended from (fill in date) to (fill in date) and you are requested to note that in the event of your failure to deliver the goods within the delivery period as hereby extended, the contract shall be cancelled for the outstanding goods at your risk and cost.

Annexure 26: Guidelines for Evaluation of Concurrent Application of the MSE and MII Preferences

(Refer Para 8.5.7)

1. The concurrent application of the two procurement orders i.e., MSE Procurement Order of 2012 and PPP-MII Order may create confusion to the procuring entities on how to evaluate the bidders falling within the purview of both policies. To bring predictability both to the procuring entities as well as bidders, guidelines were issued by DoE. These guidelines are explained below. Examples to illustrate the application of these guidelines are given in the Annex to this Annexure.
2. The Class-I local suppliers, under PPP-MII Order, participating in any government tender, may or may not be MSEs, as defined under the MSME Act. Similarly, MSEs participating in any government tender, may or may not be Class-I local suppliers. Suppliers may be categorised in following four broad categories for consideration or applicability of purchase preference:

Category: If Supplier is:	Terminology: Supplier	Acronym for this Para
both MSE & Class-I local supplier	"MSE Class-I local"	M-C1
MSE but not Class-I local supplier	"MSE but non-Class-I local"	M-NC1
not MSE but is Class-I local supplier	"Non-MSE but Class-I local"	NM-C1
Supplier is neither MSE nor Class-I local	"Non-MSE non-Class-I local"	NM-NC1

3. The applicability of PPP-MSE Order and PPP-MII Order in various scenarios, involving simultaneous purchase preference to MSEs and Class-I local suppliers under PPP-MSE Order and PPP-MII Order respectively, shall be as under:
 - a) **Scenario-1:** Items for which Nodal Ministry has notified sufficient local capacity and competition (*para 1.9.2-2a) of this manual*): For these items, only Class-I local suppliers are eligible to bid irrespective of purchase value. Hence, Class-II local suppliers or Non-local suppliers, including MSEs which are Class-II local suppliers/ Non-local suppliers, are not eligible to bid. Possible scenarios can be as under:
 - i) L-1 is "MSE Class-I local supplier" - 100% of the tendered quantity is to be awarded to L-1.
 - ii) L-1 is "Non-MSE but Class-I local supplier" - Purchase preference is given to MSEs as per PPP-MSE Order. Balance quantity is to be awarded to the L-1 bidder.
 - b) **Scenario 2:** Items reserved exclusively for procurement from MSEs as per PPP-MSE Order: These items are reserved exclusively for purchase from MSEs. Hence,

non-MSEs are not eligible to bid for these items. Possible scenarios can be as under:

- i) L-1 is "MSE Class-I local supplier" - 100% of the tendered quantity is to be awarded to L-1
 - ii) L-1 is "MSE non-Class-I local supplier" - Purchase preference is to be given to "MSE Class-I local supplier" if any, as per PPP-MII Order. Balance quantity is to be awarded to L-1 bidder.
- c) If items are neither notified for sufficient local capacity nor reserved for MSEs, then the process will be as follows:
- i) **Scenario 3:** Items covered under (para 1.9.2-2)b) of this manual) which are divisible items and both MSEs as well as Class-I local suppliers are eligible for purchase preference. Possible scenarios can be as under:
 - 1) L-1 is "MSE Class-I local supplier" - 100% of the tendered quantity is to be awarded to L-1.
 - 2) L-1 is "Non-MSE but Class-I local supplier" - Purchase preference is to be given to "MSE Non-Class-I Local Supplier", if any if eligible, as per PPP-MSE Order. Balance quantity is to be awarded to L-1 bidder.
 - 3) L-1 is "MSE but non-Class-I local supplier" - Purchase preference is to be given to "Non-MSE Class-I local supplier", if any if eligible, as per PPP-MII Order. Balance quantity is to be awarded to L-1 bidder.
 - 4) L-1 is "Non-MSE non-Class-I local supplier" - Purchase preference is to be given to MSEs as per PPP-MSE Order. Thereafter, purchase preference is to be given to Class-I local suppliers for "50% of the tendered quantity minus quantity allotted to MSEs above" as per PPP- MII Order. For the balance quantity, contract is to be awarded to L-1 bidder. (Kindly refer to the illustrative example in the annex to this annexure).
 - ii) **Scenario 4:** Items covered under (para 1.9.2-2)b) of this manual) which are non-divisible items and both MSEs as well as Class-I local suppliers are eligible for purchase preference. Possible scenarios can be as under:
 - 1) L-1 is "MSE Class-I local supplier" - Contract is awarded to L-1.
 - 2) L-1 is not "MSE Class-I local supplier" but the "MSE Class-I local supplier" falls within 15% margin of purchase preference Purchase preference is to be given to lowest quoting "MSE Class-I local supplier". If the lowest quoting "MSE Class-I local supplier" does not accept the L-1 rates, the next higher "MSE Class-I local supplier" falling within 15% margin of purchase preference is to be given purchase preference and so on.
 - 3) If conditions mentioned in sub paras 1) and 2) above are not met i.e., L-1 is neither "MSE Class-I local supplier" nor "MSE Class-I local supplier" is eligible to take benefit of purchase preference, the contract is to be awarded/ purchase preference to be given in different possible scenarios as under:
 - a) L-1 is "MSE but non-Class-I local supplier" or "Non-MSE but Class-I local supplier" — Contract is to be awarded to L-1.
 - b) L-2 is "Non-MSE non-Class-I local supplier" - First purchase preference to be given to MSE as per PPP-MSE Order. If MSE is not eligible/ does not accept - purchase preference to be given to Class-

I Local supplier as per PPP-MII Order. If Class-I Local supplier also not eligible/ does not accept — contract to be awarded to L-1.

- d) **Scenario 5:** Items reserved for both MSEs and Class-I local suppliers: These items are reserved exclusively for purchase from MSEs as well as Class-I local suppliers. Hence, only "MSE Class-I local supplier" are eligible to bid for these items. Non-MSEs/ Class-II local suppliers/ Non-local suppliers cannot bid for these items. Hence the question of purchase preference does not arise.
- e) **Scenario 6:** Non-local suppliers, including MSEs falling in the category of Non-local suppliers, shall be eligible to bid only against Global Tender Enquiry..

Annex to Annexure 26: Examples of Evaluation of Concurrent Application of the MSE and MII Preferences

(Refer Annexure 26)

1. Given below are the examples to explain the different scenarios that may arise during the concurrent evaluation of MSE and Class-I local suppliers. The scenarios are further divided into the various sub-scenarios considered as 'Distribution (D)' to provide clarity on the quantity distribution, which shall take place among the MSE and Class-I local suppliers. Please note the following acronyms, in table in para 7.4.3-2).
 2. Example explaining applicability in scenario explained in Scenario 3 in Annexure 26 (: Divisible items, both MSEs as well as Class-I local suppliers eligible for purchase preference.) Item — Desktop computer, Qty — 100 Nos.
- i) **L-1 is 'Non-MSE but Class-I Local Supplier' (NM-C1)** [Scenario 3 -2) in Annexure 26]
Details of bids received:

S.#	Bidder	Rates quoted (INR)	Rank	Status of bidder	D-1	D-2	D-3	D-4
1.	A	100	L1	NM-C1	74 (L1)	75 (L1)	75 (L1)	100 (L1)
2.	B	110	L2	M-NC1	Accepts 13 (MSE)	Accepts 25 (MSE)	Does not accept	Does not accept
3.	C	112	L3	NM-NC1	Not Eligible	Not Eligible	Not Eligible	Not Eligible
4.	D	115	L4	M-NC1	Accepts 13 (MSE)	Does not accept	Accepts 25 (MSE)	Does not accept
5.	E	118	L5	NM-C1	Not Eligible	Not Eligible	Not Eligible	Not Eligible
6.	F	120	L6	MC1	Not Eligible	Not Eligible	Not Eligible	Not Eligible

- a) First purchase preference is to be given to MSEs as per PPP-MSE Order.
- b) MSE bidders to be invited for placement of 25% of tendered quantity of 100 Nos. i.e., 25 Nos.
- c) Those MSE bidders are to be invited whose quoted rates falls within 15% margin of purchase preference, to match the L1 price.
- d) Accordingly, the following distributions may happen:

A. Distribution-1 (D-1)

- 1) MSE bidders B (L2) and D (L4) are invited to match L1 price i.e., INR 100/-.

- 2) Both bidders B and D agree to match the L1 price.
- 3) The quantity of 25 nos. is distributed equally among bidders B and D i.e., $25/2=12.5$ nos. (say 13 nos.)
- 4) Bidders B and D are awarded the quantity of 13 nos. of computers each (i.e., a total of 26 nos. of computers placed on MSE bidders)
- 5) The remaining quantity of 74 nos. of computers [100-26] is placed on the L1 bidder.

B. Distribution-2 (D-2)/ Distribution-3 (D-3)

- 1) Either bidder B or bidder D agrees to match the L1 price.
- 2) 25 nos. quantity (25% of 100 nos.) is placed on the bidder (B or D).
- 3) The balance quantity of 75 nos. computers (100-25) is placed on the L1 bidder.

C. Distribution-4 (D-4)

- 1) None of the MSE bidders agree to match the L1 price. No MSE preference given.
- 2) Entire quantity of 100 nos. computers is placed on the L1 bidder i.e., Bidder "A", being a Class I bidder.

- ii) **L-1 is "MSE but non-Class-I Local Supplier (M-NC1)** [Scenario 3 -3] in Annexure 26].
Details of bids received:

S.#	Bidder	Rates quoted (INR)	Rank	Status of bidder	D-1	D-2	D-3	D-4
1.	A	100	L1	M-NC1	50 (L1)	50 (L1)	50 (L1)	100 (L1)
2.	B	110	L2	NM-NC1	Not Eligible	Not Eligible	Not Eligible	Not Eligible
3.	C	112	L3	NM-C1	Accepts 50 (MII)	Does not accept	Does not accept	Does not accept
4.	D	115	L4	M-NC1	Not Eligible	Not Eligible	Not Eligible	Not Eligible
5.	E	118	L5	NM-C1	Not Eligible	Accepts 50 (MII)	Does not accept	Does not accept
6.	F	120	L6	MC1	Not Eligible	Not Eligible	Accepts 50 (MII)	Does not accept

- a) First purchase preference is to be given to Class-I local supplier as per PPP-MII Order, for placement of 50% of tendered quantity of 100 Nos. i.e., 50 Nos.
- b) The Class-I local supplier is to be invited whose quoted rates falls within 20% margin of purchase preference, to match the L1 price.
- c) Accordingly, the following distributions may happen:

A. Distribution-1 (D-1)

- 1) Class-I bidder C (L3) is invited to match L1 price i.e., INR 100/-.

Annex to Annexure 26: Examples of Evaluation of Concurrent Application of the MSE and MII Preferences

- 2) Bidders C agrees to match the L1 price.
- 3) Bidder C is awarded the quantity of 50 nos.
- 4) The balance quantity of 50 nos. of computers [100-50] is placed on the L1 bidder.

B. Distribution-2 (D-2)/ Distribution-3 (D-3)

- 1) The bidder C does not agree to match the L1 price, then the next Class-I bidder i.e., Bidder E is invited to match the L1 price.
- 2) Bidder E agrees to match the L1 price, and the 50 nos. quantity is awarded on Bidder E.
- 3) The balance quantity of 50 nos. computers (100-50) is placed on the L1 bidder 'A'.
- 4) In case, Bidder E does not agree to match the L1 price, the next Class-I bidder is invited which is Bidder 'F'.
- 5) Bidder F agrees to match the L1 price, then the 50 nos. of quantity are awarded to Bidder F, while the balance quantity of 50 nos. computers is placed on the L1 bidder 'A'.

C. Distribution-4 (D-4)

- 1) None of the Class-I local suppliers agree to match the L1 price. No MII preference given.
- 2) Entire quantity of 100 nos. computers is placed on the L1 bidder i.e., Bidder 'A'.

iii) **L-1 is "Non-MSE non-Class-I local supplier" (NM-NC1)** [Scenario 3 -4] in Annexure 26]. **Details of bids received:**

S.#	Bidder	Rates quoted (INR)	Rank	Bidder Status	D-1	D-2	D-3	D-4	D-5	D-6	D-7
1.	A	100	L1	NM-NC1	37 (L1)	37 (L1)	37 (L1)	37 (L1)	37 (L1)	50 (L1)	75 (L1)
2.	B	110	L2	NM-C1	Accepts 37 (MII)	Accepts 38 (MII)	Does not accept	Does not accept	Does not accept	Accepts 50 (MII)	Does not accept
3.	C	112	L3	M-NC1	Accepts 13 (MSE)	Accepts 25 (MSE)	Does not accept	Accepts 13 (MSE)	Accepts 25 (MSE)	Does not accept	Accepts 25 (MSE)
4.	D	115	L4	MC1	Accepts 13 (MSE)	Does not accept	Accepts 25 (MSE) + 38 (MII)	Accepts 13 (MSE) + 37 (MII)	Does not accept	Does not accept	Does not accept

5.	E	118	L5	NM-C1	Not Eligible	Not Eligible	Not Eligible	Not Eligible	Does not accept	Not Eligible	Does not accept
6.	F	120	L6	MC1	Not Eligible	Not Eligible	Not Eligible	Not Eligible	Accepts 38 (MII)	Not Eligible	Does not accept
7	G	120	L7	M-NC1	Not Eligible	Not Eligible	Not Eligible				

- a) First purchase preference is to be given to MSEs as per PPP-MSE Order.
- b) MSE bidders having their quoted rates within 15% margin of purchase preference to be invited for placement of 25% of tendered quantity, subject to matching the L1 price.
- c) The next purchase preference is to be given to Class-I local supplier as per PPP-MII Order, whose quoted rates falls within 20% margin of purchase preference, to match the L1 price.
- d) Post these purchase preferences, the balance quantity is placed on the L1 bidder who is Non-MSE non-Class-I local supplier.
- e) Accordingly, the following distributions may happen:

A. Distribution-1 (D-1)

- 1) MSE bidders C and D are invited to match L1 price i.e., INR 100/-. Bidder F and G, being the MSE bidders are not invited since their quoted prices falls beyond the margin of preference of 15%.
- 2) Both bidders C and D agree to match the L1 price.
- 3) The quantity of 25 nos. is distributed equally among bidders B and D i.e., $25/2=12.5$ nos. (say 13 nos.)
- 4) Bidders C and D are awarded the quantity of 13 nos. of computers each (i.e., a total of 26 nos. of computers placed on MSE bidders)
- 5) The balance quantity remaining is 74 nos. (100-26). Next, purchase preference shall be given as per MII Order for the placement of 50% of the balance quantity, i.e., for 37 nos. of computers (50% of 74).
- 6) Bidder B, being a Class-I local supplier, is invited to match the L1 price, since its quoted rate falls within margin of purchase preference of 20%.
- 7) Bidder B agrees to match the L1 price. The quantity of 37 nos. of computers is awarded to bidder 'B'.
- 8) The balance quantity of 37 nos. of computers [100-26-37], is placed on the L1 bidder 'A'.

B. Distribution-2 (D-2)

- 1) MSE bidder C and D are invited to match L1 price i.e., INR 100/-.
- 2) MSE bidder C agrees to match the L1 price, but MSE bidder D does not agree to match the L1 price.
- 3) The quantity of 25 nos. (25% of 100 nos.) is placed on the MSE bidder C.
- 4) The balance quantity remaining is 75 nos. (100-25). Next, purchase preference shall be given as per MII Order for the placement of 50% of the balance quantity, i.e., for 37.5 or say, 38 nos. of computers.

- 5) Bidder B, being the Class-I local supplier, is invited to match the L1 price, since its quoted rate falls within margin of purchase preference of 20%.
- 6) Bidder B agrees to match the L1 price. The quantity of 38 nos. of computers is awarded to bidder 'B'.
- 7) The balance quantity of 37 nos. of computers [100-25-38], is placed on the L1 bidder 'A'.

C. Distribution-3 (D-3)

- 1) MSE bidder C and D are invited to match L1 price i.e., INR 100/-.
- 2) MSE bidders C does not agrees to match the L1 price, but MSE bidder D agrees.
- 3) The quantity of 25 nos. (25% of 100 nos.) is placed on the MSE bidder D.
- 4) The balance quantity remaining is 75 nos. (100-25). Next, purchase preference shall be given as per MII Order for the placement of 50% of the balance quantity, i.e., for 37.5 or say, 38 nos. of computers.
- 5) Bidder B, being the Class-I local supplier is invited to match the L1 price, since its quoted rate falls within margin of purchase preference of 20%.
- 6) Bidder B does not agree to match the L1 price. Hence, the next Class-I local supplier, bidder 'D' is invited to match the L1 price. Bidder D agrees and the quantity of 38 nos. of computers is awarded to bidder 'D'.
- 7) The balance quantity of 37 nos. of computers [100-25-38], is placed on the L1 bidder 'A'.

D. Distribution-4 (D-4)

- 1) MSE bidder C and D are invited to match L1 price i.e., INR 100/-.
- 2) MSE bidders C and D agree to match the L1 price. The quantity of 25 nos. is distributed equally among bidders B and D i.e., $25/2=12.5$ nos. (say 13 nos.) each.
- 3) The balance quantity remaining is 74 nos. (100-26). Next, purchase preference shall be given as per MII Order for the placement of 50% of the balance quantity, i.e., for 37 nos. of computers.
- 4) Bidder B, being the Class-I local supplier is invited to match the L1 price, since its quoted rate falls within margin of purchase preference of 20%.
- 5) Bidder B does not agree to match the L1 price. Hence, the next Class-I local supplier, bidder 'D' is invited to match the L1 price. Bidder D agrees and the quantity of 37 nos. of computers is awarded to bidder 'D'.
- 6) The balance quantity of 37 nos. of computers [100-26-37], is placed on the L1 bidder 'A'.

E. Distribution-5 (D-5)

- 1) MSE bidder C and D are invited to match L1 price i.e., INR 100/-.
- 2) MSE bidders C agrees to match the L1 price, however, bidder D does not agree. Hence, the 25% of 100 nos. of computers i.e., 25 nos. are awarded to MSE bidder C.
- 3) The balance quantity remaining is 75 nos. (100-25). Next, purchase preference shall be given as per MII Order for the placement of 50% of the balance quantity, i.e., for 37.5, say 38 nos. of computers.
- 4) Bidder B, being the Class-I local supplier is invited to match the L1 price, since its quoted rate falls within margin of purchase preference of 20%.
- 5) Bidder B does not agree to match the L1 price. Hence, the next Class-I local supplier, bidder 'D' is invited to match the L1 price. Bidder D also does not

agree to match the L1 price. The next class-I local supplier 'E' is invited that does not agree either. The next class-I local supplier 'F' is invited (who happens to be a MSE bidder as well, however, since the quoted price of bidder 'F' in case of MSE preference was beyond 15% margin of preference, hence it was not invited to match the L1 price while going for MSE preference). For MII preference, the price quoted is within the margin of 20%. The bidder 'F' agrees to match the L1 price. The quantity of 38 nos. of computers is placed on bidder 'F'.

- 6) The balance quantity of 37 nos. of computers [100-25-38], is placed on the L1 bidder 'A'.

F. Distribution-6 (D-6)

- 1) MSE bidder C and D are invited to match L1 price i.e., INR 100/-.
- 2) Neither of the MSE bidders (C and D) agrees to match the L1 price. Hence, no MSE purchase preference is given.
- 3) The next purchase preference is given to Class-I local supplier as per the MII Order for the 50% of the tendered quantity i.e., for 50 nos. of computers. Bidder 'B' being the lowest quoting Class-I local supplier with its quoted price falling within the margin of purchase preference of 20% is invited to match the L1 price.
- 4) Bidder 'B' agrees to match the L1 price. The quantity of 50 nos. of computers is awarded on bidder 'B'.
- 5) The balance quantity of 50 nos. of computers [100-50] is placed on the L1 bidder 'A'.

G. Distribution-7 (D-7)

- 1) MSE bidder C and D are invited to match L1 price i.e., INR 100/-.
 - 2) MSE bidder 'C' agrees to match the L1 price only. Hence, 25% of the total tendered quantity i.e., 25 nos. of computers are awarded on the MSE bidder 'C'.
 - 3) The next purchase preference is to be given to Class-I local supplier as per the MII Order for the 50% of the balance quantity of 75 nos. i.e., for 37.5 or say 38 nos. of computers. First Class-I bidder invited is bidder 'B' to match the L1 price. Bidder 'B' does not agree to match the price. Subsequently, bidders 'D,' 'E' and 'F' are invited one by one, after each of the bidder does not agree to match the L1 price.
 - 4) None of the Class-I local suppliers agree to match the L1 price. Hence, no purchase preference under MII order is given.
 - 5) The balance quantity obtained, after the placement of 25 nos. quantity of computers on MSE bidders, is placed on bidder 'A' the L1 bidder for 75 nos. computers.
3. Example explaining applicability in Scenario 4 in Annexure 26 (Non-Divisible items, both MSEs as well as Class-I local suppliers eligible for purchase preference.). Item — Software License, Unit — 100 Nos..
 - i) **L-1 is “Non-MSE but Class-I Local Supplier”** [Scenario 4 -2) in Annexure 26]. Details of bids received:

Annex to Annexure 26: Examples of Evaluation of Concurrent Application of the MSE and MII Preferences

Sr. No.	Name of bidder	Rates quoted	Price Ranking	Status of bidder
1.	A	100	L1	"Non-MSE but Class-I local supplier"
2.	B	110	L2	"MSE but non- Class-I local supplier"
3.	C	112	L3	"MSE Class-I local supplier"
4.	D	115	L4	"MSE Class-I local supplier"
5.	E	118	L5	"Non MSE non-Class-I local supplier"
6.	F	120	L6	"MSE Class-I local supplier"

- a) Here, purchase preference is to be given to the lowest quoting 'MSE Class-I local supplier,' provided its rate falls within the purchase preference of 15%.
- b) Bidder 'C' is MSE Class-I local supplier with price within the 15% margin of preference. Bidder C is invited to match the price of L1. If agreed, the entire order (100 nos. of software licenses) is to be placed on Bidder C.
- c) If lowest quoting 'MSE Class-I local supplier' (Bidder 'C') does not agree to match the L1 price, the next higher 'MSE Class-I local supplier' i.e., bidder 'D' is invited to match the L1 price. If agreed, the entire order is to be placed on bidder 'D.'
- d) Bidder 'F' though MSE Class-I local supplier, cannot be considered since its price falls beyond the 15% margin of preference.

ii) **L-1 is "MSE but non-Class-I Local Supplier"** [Scenario 4 -1) in Annexure 26]:
The approach explained in example 2. (i) above to be followed.

iii) **L-1 is neither "MSE Class-I Local Supplier" nor "MSE Class-I Local Supplier" is eligible** [Scenario 4 -3) in Annexure 26], then:

- 1) L-1 is MSE but non-Class-I local supplier: Entire quantity [100 nos. of software license] is to be placed on the L-1; or
 - 2) L-1 is Non-MSE but Class-I local supplier: Entire quantity [100 nos. of software license] to be placed on the L-1.
- iv) L-1 is "Non-MSE non-Class-I Local Supplier". Details of bids received:

Sr. No.	Name of bidder	Rates quoted	Price Ranking	Status of bidder
1.	A	100	L1	"Non-MSE non-Class-I local supplier"
2.	B	110	L2	"MSE but non- Class-I local supplier"
3.	C	112	L3	"Non MSE but Class-I local supplier"
4.	D	115	L4	"MSE but non- Class-I local supplier"

5.	E	118	L5	"Non MSE but Class-I local supplier "
6.	F	120	L6	"MSE but non- Class-I local supplier"
7.	G	125	L7	"MSE Class-I local supplier"

- 1) First, MSE preference shall be exercised. Hence, lowest quoting MSE but non-Class-I local supplier is invited to match the price of L-1. Bidder 'B' has quoted the price that falls within the purchase preference of 15%. If Bidder 'B' agrees, the entire order is to be placed on bidder 'B.'
- 2) If bidder 'B' does not agree, bidder 'D' shall be invited (price falling within the purchase preference of 15%), to match the L-1 price. If agreed, entire order to be placed on bidder 'D.'
- 3) If bidder 'D' also does not agree, now, purchase preference to Class-I local supplier shall be provided. Bidder 'F' cannot be considered since the quoted price is beyond the margin of preference of 15%.
- 4) Bidder 'C' is invited to match the L-1 price [quoted price within the purchase preference of 20%, as per the PPP-MII Order]. If bidder 'C' agrees, the entire order is to be placed on 'C.'
- 5) If bidder 'C' does not agree, bidder 'E' to be invited, as the quoted price is within the purchase preference of 20%. If bidder 'E' agrees, the entire order is to be placed on bidder 'E.'

If the non MSE but Class-I local supplier, bidder 'E' also does not agree to match the L-1 price, then the entire order is to be placed on the L-1 i.e., bidder 'A'.
